RE: 6-K-06-UR Request by Tracy Robinson for Use-On-Review Approval on Tillery Road

To all MPC Commissioners:

The Norwood Homeowners Association strongly opposes this request to locate a day-care business inside a residential neighborhood for the following reasons:

1. This proposed new business will create a traffic nuisance for neighbors as well as for others driving on Tillery Road.
2. There are more appropriate places in the Norwood community to locate a new day-care business.
3. Allowing a business to locate on this residential street will devalue the property of adjoining homeowners.

We ask you not to damage our neighborhood by allowing this business to locate in a residential area.

Sincerely,

A handwritten signature in black ink, appearing to read "Lynn Redmon". The signature is written in a cursive style with a horizontal line underneath.

June 5, 2006

Dear MPC members,

My home on Tillery Road is next door to the requested day-care business you will consider on June 8.

I am opposed to this request. My neighborhood is a residential area and is not the place to locate a business.

This request if approved will leapfrog commercial business into my neighborhood and will harm the value of my property.

Sincerely yours,

A handwritten signature in cursive script that reads "Bobby Williams".

Bobby Williams
