Dear Mr. Pruitt,

This is a request by Arnold G. Cohen, Trustee, to close Chester Avenue "from Dailey Street easterly to the westerly bank of Williams Creek." This public road right-of-way is bounded on the southeast by Lot 56 and on the northwest by Lot 57 of Biddle Heights 2<sup>nd</sup> Addition.

This right-of-way is needed for accessing and maintaining Williams Creek. Therefore, City Engineering does not support this request.

If you have any questions, please call. You can reach me at 215-2148.

Sincerely,

Dear Mr. Pruitt:

Re: Right-of-Way Closure Request 10-A-05-SC

We have reviewed our records and, as far as we have been able to determine, KUB has no existing utility facilities located within the subject right-of-way and we have no objection to the requested closure. However, KUB does not release and hereby retains all easements and rights for existing utility facilities, whether or not identified in our research.

If you have any questions regarding this matter, please call me at 558-2735.

Sincerely,

A handwritten signature in cursive script that reads 'Pat Patterson'.
