**Subject:** I Oppose the proposed Subdivision on Choto Road in Knox County

Please consider my vote against the proposed subdivision along Choto road in west Knox County just south of Northshore Drive. The area is currently being "Way" over built/developed not to mention the traffic is horrible out there. The bridge along Northshore is under construction and Evans Road is closed!!! The schools are overpopulated in fact we are up in arms that our kids may now have to be shipped twice as far as Farragut and attend the Harden Valley new school (this is the current situation for homeowners south of the railroad tracks). Please side with the current residents in this area.

Thank you  
Jeff Sims  
(Choto Bend resident)
