 2. Vertical curve variance at STA 0+80 from 225' to 135'

STAFF RECOMMENDATION:

▶ **WITHDRAW** the Concept Plan as requested by the applicant.

COMMENTS:

The applicant is proposing to subdivide this 28.52 acre tract located on the west side of West Gallaher Ferry Rd. into 7 lots. Six of the lots will be served by a Joint Permanent Easement. The larger lot that includes an existing house will have access by the existing driveway. The property which is zoned A (Agricultural) requires a minimum lot size of 1 acre. The smallest lot in the subdivision is 1.33 acres. All lots will be served by individual sewage disposal systems which will require approval from the Knox County Health Department. There is an existing telecommunications tower on the property.

MPC's approval or denial of this request is final, unless the action is appealed to Knox County Chancery Court. The date of the Knox County Chancery Court appeal hearing will depend on when the appeal application is filed.
