(2)

as the land is becoming saturated with horses

I've recently noticed a sign on Shm Lee Road that

another parcel is coming up for rezoning. I know that a development will probably occur but I am

hoping if you will consider the town 2.5 from you are notes of the 57mm

you are being asked. Thank you for your consideration

Sincerely,

Dee Clark

Knoxville TN 37932

Dear Members of the commission
I have been a resident of Union Valley since 1958
My family owns a farm on Union Valley Road and my husband and I built a home on Shm Lee Road in September 2007
I have watched as parcels of land have been developed up and down Union Valley & realize that you cannot stop progress but I am wondering what kind of planning is being done
