Knoxville / Knox County Metropolitan Planning Commission

To Whom It May Concern:

I am writing about the rezoning issue on Matlock Dr. wanting to rezone from A - 1 (Agricultural) to R - 1 (Residential):

My wife Janice and myself (Jerry) are against the rezoning issue. We live at 5716 Matlock Dr. where they are wanting to put houses in this bottom part of the land; it does flood when there are heavy rains. For the last few times that it has rained hard McKamey Road floods all the way down to Ball Camp road. Also Matlock already has an over abundance of traffic. The road is not set up to handle heavy traffic for this area. We have an abundance of people using this road to short cut over to Middlebrook Pike. This would put kids at more risk of people coming over the knolls of the hill on both ends of Matlock and could not see the children quick enough. I have two grandsons that live on this street and we cannot let them get near the road for the speeding of people in this area. And by adding more people here with kids you are putting them at a higher risk of getting injured by people trying to get in and out of this property and to catch school buses and such.

Thanks very much for listening. If you need to talk with me you can call me at 588-2686 (H) or 574-3313 (W).

I would have been at the meeting but we are short of people at work this week and I cannot get off as easy in the middle of the day.

Also against this is Sherrie Whittemore that lives at 5720 Matlock Dr. Also Michael and Jared Hill which are adults still living at 5716 Matlock Dr.

Thanks  
Jerry Hill
