Gordy,

See below for information we discussed.

Regards,

Mark

Subject: Info for Gordy
Importance: High

Connie,

Gordy needs to confirm the following:

- 1) Number of employees at the lab, per shift. Answer: 50 on first shift, 20 on second shift, 20 on third shift. We run 24 hours (3 x 8 hour shifts) 6 days a week.
- 2) Number of visitors to the lab per day or per week. Answer: about 6 per week.
- 3) Number of trucks accessing the site per day or per week. Answer: about 5 per day.

Can you please advise based on today's operation. Approximate figures are OK.

Thanks,

Mark
