

Memorandum

To: Metropolitan Planning Commission
From: Michael A. Brusseau, Senior Planner
Date: December 30, 2008
File #: 1-A-09-OYP
Subject: One Year Plan Map - Rights of way redesignation

Staff Recommendation:

APPROVE the proposed amendments to the One Year Plan map.

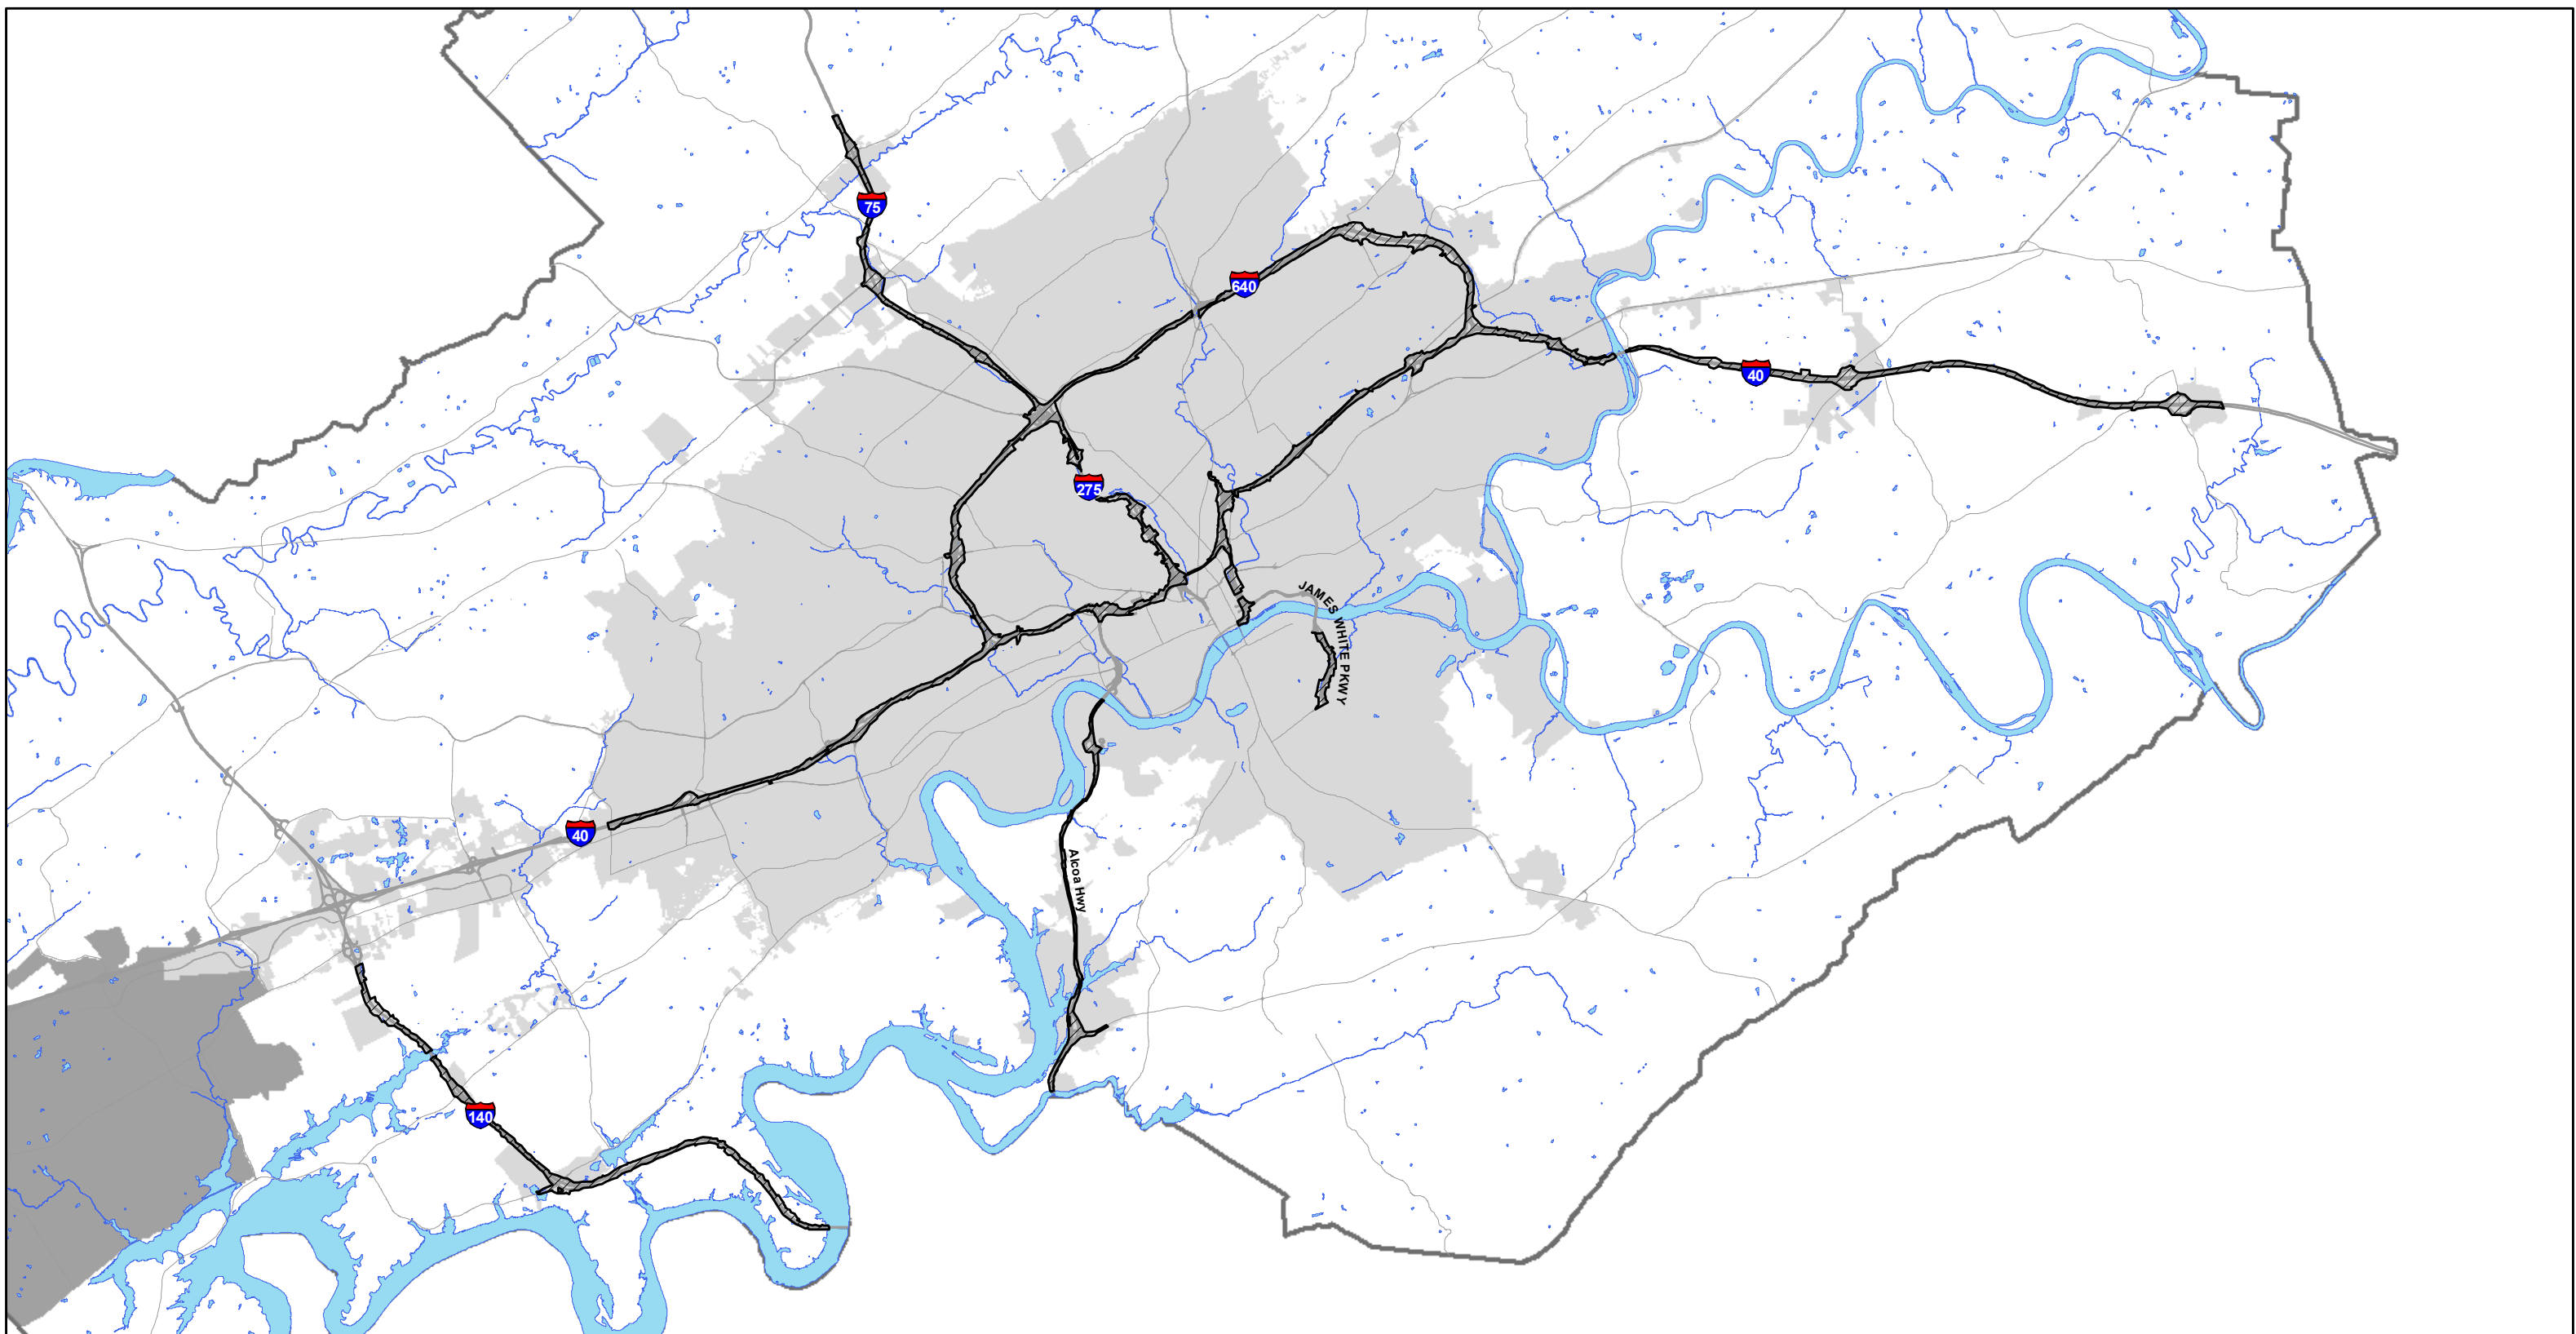

Comments:

As part of the 2008 One Year Plan Update, staff proposed to update the map to reflect a more appropriate designation for various major rights of way throughout the City. A new plan designation, called ROW (Major Rights of Way) was created as part of that update, which was to be assigned to appropriate areas.

This proposal is to redesignate certain rights of way on the One Year Plan map as ROW from their current designation, which is OS (Open Space). Clearly, ROW is a more appropriate designation for these major highways than OS. The rights of way proposed to be changed are all currently designated OS. They are shown generally on the attached map and are listed below:

- Sections of I-40/75 west of I-640 interchange
- Sections of I-40 east of I-640 interchange
- Sections of I-275 and I-75 north of downtown
- Sections of I-640
- Sections of I-140/Pellissippi Parkway
- Sections of Alcoa Highway/US-129 south of I-40
- Sections of James White Parkway

Please let me know if you have any questions about these proposed map amendments or any other issues related to the City of Knoxville One Year Plan.
