I am protesting the rezoning of property at 4306 Wells Rd in South Knox. This property is in the middle of single family dwellings. As I understand it they want to put apartments for student housing on the property. I know the entrance will be on Edington, but with the recent construction or same such apartments both Cherokee Trail and Edington have more traffic than is safe now. Both roads are narrow, have blind hills and no shoulder. Does MPC not consider road conditions before allowing such construction? This neighborhood needs to stay a single family area.

Thank you

Leonars & Jane Wells  
4320 Wells Rd
