Subject: Agenda Item 62, May 14, 2009 (File 5-A-09-OB)

Re: Agenda Item 62 [Consideration of Use Determination that a self-storage facility be allowed the sale of supplies related to or associated with moving and storage to customers or prospective customers in the OB zone]

As a Knox County resident in an Ebenezer-bound subdivision, I am concerned about the ramifications of changing the original intent of Climate Storage. It did not ask to be a retail sales outlet originally and I don't believe anyone in this area would have supported it. On traffic considerations alone, this is a bad request. It is already difficult and sometimes dangerous for cars entering and leaving the facility because of the pace and volume of traffic at the intersection. Clearly, folks moving in and out of neighboring areas will go to the facility only for this retail element as they move in and out. I ask that MPC postpone this agenda item for 30 days.--Bill Schall, 1613 Clemente Ln, Knoxville 37922
