Subject: MPC Meeting Scheduled for November 12, 2009

TO WHOM IT MAY CONCERN:

We are OPPOSED to the rezoning requests regarding MPC Agenda Item #40 for the November 12, 2009, meeting. These requests to rezone to Neighborhood Commercial are not in keeping with the local community. This location is already the subject of traffic problems associated with schools and residents. Increased traffic caused by a commercial business would degrade the quality of life in our neighborhood and increase the endangerment of our school children.
