Subject: Case 10A-09-UR

MS. Mahan,

I currently reside at 1328 Amburn Lane and wish to voice my objection to the proposed towers in the vicinity of Amburn Lane. A tower would ruin this very small but beautiful neighborhood. Case 10A-09-UR is scheduled for a hearing on Oct 8 and I cannot be present because I will on travel to Russia in support of a Department of Energy program in Oak Ridge.

Thank you for your consideration in this matter.

Please respond to this e mail so I can be assured it was received.

Sincerely,

Jim Henkel
