To: whom it may concern,

I am writing in regards to the Earl Campbell estate that is scheduled to be up for final plat approval on May 12th, 2011. I came to the last scheduled meeting in April, But my appearance caused the approval to be postponed due to the attached letter that I caused a disturbance at April's MPC meeting, if you were at last months meeting you may not remember the incident. I am writing concerning the property being divided it is suppose to be divided by old house with 1 acre and remainder of property divided EQUALLY and per the MPC 2 dwellings were not allowed per acre. The attached picture shows that the blue house is a house not a storage building and currently up to present time resided in by Granddaughter Amy Coppedge. This home has been a residence since at least the early 80's when Carolyn Wynn also resided in the house. Also this is an estate plat why would it be listed as Carolyn Wynn & Earl Campbell estate would it not be listed as the owners of each divided lot?

Thanks,
Steve Campbell

Daniel F. McGehee

Steve Campbell went to the MPC meeting in April 2011 and caused a scene, which required a continuance of the MPC matter in regard to the survey and the exclusive joint permanent easement as drafted by Attorney Neal Keating. The approval has been reset for the May 12, 2011 agenda for approval of survey and easement. Carolyn Wynn expects the MPC to approve the plat and easement as submitted, and she will be there, so please advise Mr. Campbell to not appear.

I hope this letter is responsive to your April 18, 2011 letter.

Very truly yours,
