

Agenda Item # 5

MEMORANDUM

TO: Metropolitan Planning Commission
FROM: Buz Johnson
DATE: August 1, 2012
SUBJECT: Amendments to the Knox County Zoning Ordinance proposing editing, clarification, and other minor changes to the *Knox County Zoning Ordinance*, consistent with Article 6, Section 6.30.04 – 8-A-12-OA

REQUEST

The Knox County Department of Code Administration has proposed a series of minor changes to the Knox County Zoning Ordinance, consistent with Article 6, Section 6.30.04 of the *Knox County Zoning Ordinance*. These changes constitute the first phase of a two-phase process to update the ordinance and make it a more usable, readable and effective regulatory document.

The changes proposed will have little or no impact on the substance of the ordinance, but will deal primarily with organization, titles, terminology, and format. Phase two changes will deal more with regulatory changes that will require more public scrutiny and discussion prior to their adoption.

ANAYSIS

The original draft as prepared by Code Administration staff contained over 700 proposals. The MPC staff reviewed these proposals, identified several modifications and prepared the version that will be considered at the August 9th Planning Commission meeting. This version contains most of the changes proposed by Codes Administration.

A pdf version of the MPC recommended draft can be accessed online through the agenda at the following link <http://agenda.knoxmpc.org/2012/aug2012/8-A-12-OA.pdf> . The staff determined that the draft was too large to reproduce as a paper document, so a digital file was prepared for your consideration. Two paper copies will be available in the office for inspection by the general public.

SUMMARY OF CHANGES

The following is a summary of the changes that are proposed in the staff recommended version:

- **Format**

The changes to the zoning ordinance reflect a more consistent use of indentation, letters and numbers, sentence and paragraph spacing, and type face to provide a document that is easier to understand and to read.

- **Unnecessary text**

The current ordinance includes several examples of text that add nothing to an understanding to the related requirement or regulation. The following is one such example:

5.22.02 *Uses Permitted*

~~*In any A, Agricultural Zone, no building or premises shall be used and no building shall hereafter be erected or structurally altered, unless otherwise provided in this resolution, except for one or more of the following uses:*~~

A. *Houses and duplexes.*

It is assumed that the uses listed under permitted uses in the A, Agricultural Zone are, in fact, “permitted”, which should require no further explanation.

- **Word and numerical values for requirements and standards**

One of the more glaring problems with the ordinance was the inconsistent use of words or numbers as values for a requirement or standard. For clarity, the ordinance should be amended to include both text and numbers in such situations. The following is an example as taken from draft:

5.11.02(L)(3)

3. *A fenced play area of not less than **two thousand five hundred (2,500)** square feet shall be provided. No portion of the fenced play area shall be closer than **thirty-five (35)** feet to any public right-of-way. The minimum height of the fence shall be **four (4)** feet.*

- **Substantive changes**

The following are the four changes that could be considered substantive, even though they will have little or no impact on the ordinance:

4.101.01 (A)(2)(d)

In converting to a consistent format, the following was revised to result in a series of items, any one of which would satisfy the address requirement:

- d. *Members of the household have the same address for purposes of voter registration, drivers licenses, motor vehicular registration, or the filing of taxes.*

5.22.01

The A, Agricultural zone did not include a general description statement, as do all the other zones. The following was added:

5.22.01 General Description

This zone provides for a wide range of agricultural and related uses as well as residential uses with low population densities and other compatible uses which generally require large areas or open spaces.

5.33.02

The following use was added to the PC and several other zones. This type of demolition landfill is permitted in all zones except the F, Floodway Zone:

5.33.02 *Demolition landfills less than one (1) acre in size subject to Article 4, "Supplementary Regulations", Section 4.80.01(A), "Demolition Landfills" (on site generated waste), shall also be permitted.*

5.51.04 (C) (5)

The following phrase was added to what appears to be an incomplete statement. The policy follows standard practice regarding landscape installation:

5. *The Department of Code Administration shall verify the installation of landscaping as shown on the approved landscaping plan prior to the issuance of a certificate of occupancy. Installation of planting materials may be delayed until the next planting season, in the event that literal compliance with the above standard would require plants to be installed at a time when they would not survive. In such cases, a certificate of occupancy can be issued prior to the installation of landscaping with the posting of a bond with the Knox County Department of Engineering and Public Works to guarantee such installation.*

STAFF RECOMMENDATION

Staff recommends that the Planning Commission recommend to County Commission approval of the proposed amendments to the *Knox County Zoning Ordinance* as prepared, modified and presented.

Zoning Ordinance for Knox County, Tennessee

As Amended through 2012 Update

Phase One

As per Section 6.30.04 “Errors or Oversights” The following amendments are proposed:

Editorial, Clarifications and Other Minor Changes Which Have Little or No Impact on Regulations

Underlined text changes have already been made in the *Code of Knox County, Tennessee* published and edited by the Municipal Code Corporation available online at http://www.municode.com/library/TN/Knox_County

1.20 AUTHORITY FOR RESOLUTION

WHEREAS, Authority has been conferred by the State Legislature in Chapter 33 of the Public Acts of the State of Tennessee for 1935 and Chapter 86 of the Public Acts of 1941, an amendment to the County Zoning Act, to provide for the establishment of districts or zones in portions of the county which lie outside the limits of the municipal corporations of Knoxville and Farragut, and for the location, height, and size of buildings and structures, the percentage of lot occupancy, the required open spaces, the density and distribution of population, and the uses of lands, buildings, and structures, and

WHEREAS, The Metropolitan Planning Commission of Knoxville and Knox County, after a comprehensive study and mapping of present land uses, development, and development trends, has prepared, adopted, and recommended zones and appropriate regulations to be enforced therein, and public hearings have been held, at which all owners of property affected were given ample opportunity, after public notice as required by law, to file their protests or criticisms thereon, if any.

NOW, THEREFORE, BE IT RESOLVED BY THE KNOX COUNTY BOARD OF COMMISSIONERS as follows:

1-1.20-1

1.30 GENERAL PURPOSE

In order to provide for the public health, safety, morals, and general welfare and to secure for the citizens of Knox County, outside the municipal corporations of Knoxville and Farragut, the social and economic advantages resulting from an orderly planned use of the land resources within the county; to regulate and restrict the location and use of buildings, structures, and land for residence, trade, industry, and other purposes, the height, number of stories and size of buildings and other structures, and the size of yards, courts, and other open spaces on the lot or tract; to provide definite official land use plans for property publicly and privately owned in Knox County outside the municipal corporations of Knoxville and Farragut; to guide, control and regulate the future growth and development of said county in accordance with said plan; and to provide for the administration and otherwise carrying out of said plan, there is hereby adopted and established an official zoning plan for Knox County, Tennessee.

- TC Town Center Zone**

3.11 BOUNDARIES

- 3.11.01 The boundaries of the aforesaid zones are hereby established upon the map which is designated as the Zoning Map of Knox County, Tennessee, and is on file in the office of the Metropolitan Planning Commission. Said Zoning Map of Knox County, Tennessee, consisting of a chart explaining symbols and indications which appear on said map, is hereby made a part of this resolution. After February 1, 1999, changes to the map resulting from rezonings shall be recorded on maps maintained on the Knoxville-Knox County Geographic Information System or its successor.
- 3.11.02 The boundaries of the various zones, as shown on the map, shall be determined by use of the scale shown on said map, unless the actual dimensions are noted. Scale and field measurements and map dimensions shall be figured from the road right-of-way line. Where zone boundaries are approximately parallel to a road the distance of such boundaries from the road line shall be two hundred feet unless otherwise shown by dimension.
- 3.11.03 All the unincorporated area of Knox County which is not designated on the Zoning Map of Knox County as being in any other zone is hereby declared and established as being in an Unclassified Zone.
- 3.11.04 In cases of final uncertainty the Board of Zoning Appeals shall interpret the zoning map to fix the exact location of boundaries.
- 3.11.05 The bBoard may allow the extension of a zone where the boundary line thereof divides a lot in one ownership at the time of passage of this resolution, but such extension shall not exceed one hundred feet.

3.12 LOTS AND BUILDINGS AFFECTED

- 3.12.01 Except as hereinafter provided no building or structure shall be erected or altered, or shall any building or premises be used, for any purpose other than a use permitted **or use permitted on review** by this resolution in the zone in which such building or premises is located.
- 3.12.02 No lot may be so reduced in area that yards or other open spaces will be smaller than prescribed by this resolution, and no building shall be occupied by more households than hereinafter prescribed for the zone in which it is located with the following exceptions:
- A. When a dedication of right-of-way is required and approved under the provisions of the *Knoxville-Knox County Minimum Subdivision Regulations*, and this dedication makes a lot, building or structure nonconforming with requirements for minimum yards, building setbacks, building coverage, lot area, lot width or lot depth, a final plat may be approved which results in no other new **nonconformity** ~~non-conformity~~ and no other increase in the extent of any existing **nonconformity** ~~non-conformity~~.
 - B. When a legal, ~~non-conforming~~ **nonconforming** structure exists on the property being subdivided and this structure is non-conforming with requirements for minimum yards, building setback or height, a final plat may be approved which results in no new **nonconformity** ~~non-conformity~~ and no increase in the extent of any existing **nonconformity** ~~non-conformity~~.
 - C. Subsections "A" and "B" above shall also apply to one-lot subdivisions, as defined in the *Knoxville-Knox County Minimum Subdivision Regulations*, which combine two or more existing lots into one lot or where an adjustment is made to one lot line between two existing recorded lots.
 - D. When a dedication of land for the purpose of establishing open space for greenways, trails, sidewalks, slope protection, or stream protection makes a lot, building or structure nonconforming with requirements for minimum yards, building setbacks, building coverage, lot area, lot width, lot depth, or required off-street parking, and this dedication results in no other new **nonconformity** ~~non-conformity~~ and no other

increase in the extent of an existing **nonconformity** ~~non-conformity~~, a use-on-review development plan, subdivision concept plan, subdivision plat or building permit may be approved.

3.20 GENERAL EXCEPTIONS**3.20.01 ~~Lot of Record LOT OF RECORD.~~**

Where the owner of a lot whose deed and map is of official record at the time of the adoption of this resolution does not own sufficient land to enable ~~him~~ **them** to conform to the yard and other requirements of this resolution, such lot may be used as a building site by the same or subsequent owner provided that the yard space and other requirements shall conform as closely as possible, in the opinion of the Building Inspector, to the requirements for the zone in which it is located.

3.20.02 ~~Projections Into Yard Areas PROJECTIONS INTO YARD.~~

Porches, porticos, porte-cocheres, and similar permanently unenclosed ground-story projections not more than twelve feet in height above the first-floor level may extend into a required yard not more than ten feet.

3.20.03 ~~Height HEIGHT.~~

The following requirements are intended to provide exceptions or qualify and supplement, as the case may be, the specific zone regulations set forth herein:-

- A. In measuring heights, a habitable basement or attic shall be counted as a story.
- B. The following structures or parts thereof are hereby exempt from the height limitations set forth in the zoning districts:
 1. Agricultural buildings, barn, silo, windmill, but not including dwellings.
 2. Chimneys, smokestacks, penthouse, spires, flagpoles, ventilators, skylights, derricks, conveyors, and cooling towers.
 3. Radio, television and telephone antennae, observation towers, and power transmission towers.
 4. Commercial telecommunications towers, subject to the standards set forth in Article 4, **“Supplementary Regulations”**, Section 4.92, **“Standards for Commercial**

Telecommunications Towers”, and related sections of this ordinance.

3.20.04 **Visibility Triangle** ~~VISIBILITY TRIANGLE.~~

The following regulations provide for the maximum safety of persons using sidewalks and streets, and for the maximum enjoyment of the use of property.

- A. On any corner lot where front and side yards are required, no wall, fence, sign, structure, plant growth or any other object whether movable or stationary, which obstructs the vision at elevations between two and one-half feet and ten feet above the crown of the adjacent roadway shall be placed or maintained within a visibility triangle, as shown on the sketch below.

- B. In any required front yard, except as provided in **“A.”** above, no fence, wall, hedge or yard ornament shall be permitted which materially impedes vision across such yard above the height of three and one-half feet.

3.30 ~~SET BACK~~ **SETBACK LINES**

3.30.01 A. For principal and accessory structures on corner lots adjacent to a key lot, the minimum width of the side yard next to the side road shall be the same as the minimum required front yard for the key lot.

3.30.02 B. For principal and accessory structures on corners lots not adjacent to a key lot, the minimum width of the side yard next to the side road shall be ~~one~~ half the minimum width of the front yard.

3.30.03 Where there is no established road line the ~~set back~~ **setback** line shall be twenty feet from the centerline of the road plus the ~~set back~~ **setback** requirements of the zone in which it is located.

3.30.04 Where a road is in the process of being relocated or altered the ~~set back~~ **setback** line shall be from the proposed road line.

3.40 NUMBER AND LOCATION OF BUILDINGS ON LOT

3.40.01 On subdivided land where the map is of official record in the Register's office of Knox County, Tennessee, only one dwelling structure may be erected on a lot, unless more are permitted by the particular zoning district in which the lot is located.

3.40.02 No building shall be erected on a lot which does not have access to a public road, as prescribed in the ~~Knoxville/Knox County Minimum Subdivision Regulations~~ ***Knoxville-Knox County Minimum Subdivision Regulations.***

3.50 OFF-STREET PARKING REQUIREMENTS

In all zones there shall be provided at such time any building or structure is erected or enlarged or increased in capacity, off-street parking spaces for automobiles in accordance with the following requirements:

- 3.50.01 Off-Street parking for other than residential use shall be either on the same lot or within two hundred **(200)** feet of the building it is intended to serve measured from the nearest point of the building to the nearest point of the off-street parking lot, without crossing any major thoroughfare; provided, however, churches may establish joint parking facilities not to exceed fifty **(50)** percent of the required spaces, with institutions and agencies that do not have a time conflict in parking demand. The joint parking facilities shall be located not to exceed four hundred **(400)** feet from the church sanctuary.
- 3.50.02 Residential off-street parking space shall consist of a parking lot, driveway, garage, or combination thereof and shall be located on the same lot with the residence, or residences, it is intended to serve.
- 3.50.03 For uses not specifically mentioned herein, off-street parking requirements shall be interpreted by the Board of Zoning Appeals.
- 3.50.04 Any area once designated as required off-street parking shall not be changed to any other use unless and until equal facilities are provided elsewhere.
- 3.50.05 Off-street parking existing at the effective date of these regulations in connection with the operation of an existing building or use shall not be reduced to an amount less than hereinafter required for a similar new building or use.
- 3.50.06 Two or more buildings or uses may collectively provide the required off-street parking in which case the required number of parking spaces shall be not less than the sum of the requirements for the several individual uses computed separately.
- 3.50.07 All required off-street parking:
- A. Shall be a Class "A" facility as defined in **Section Article 2, "Definitions"**, of these regulations except as hereinafter provided.

B. Shall be located on land owned by, or under long-term lease to, the owner or owners of the principal use it is intended to serve. Where a long-term lease is involved such lease shall be approved by the County Law Director prior to approval of parking plans and issuance of building or occupancy permit. The storage of merchandise, motor vehicles for sale, or the repair of vehicles on required off-street parking facilities is prohibited. No variance of the requirements of this Section shall be granted.

3.50.08 Every company car, truck, tractor and trailer normally stored at the plant site shall be provided with off-street parking space in an area reserved for their use.

3.50.09 In cases of dual functioning of off-street parking where operating hours do not overlap, the Board of Zoning Appeals may grant an exception.

3.50.10 The minimum number of off-street parking spaces shall be determined in accordance with the following:

3.51 OFF-STREET PARKING LOT LAYOUT, CONSTRUCTION AND MAINTENANCE

Whenever the required off-street parking requires the building of a parking lot, and wherever a parking lot is built, such parking lot shall be laid out, constructed, and maintained in accordance with the following regulations:

3.51.01 **Backing Into Street**

Except for parcels of land devoted to houses, attached houses and duplexes, all areas devoted to off-street parking shall be so designed and be of such size that no vehicle is required to back into a public street to obtain egress.

3.51.02 Parking Stalls

A. Each parking space shall be not less than two hundred **(200)** square feet in area and shall be a definitely designated stall adequate for one **(1)** motor vehicle. Such stalls shall be designated by painted lines or curb markers.

B. Exception to ~~Minimize~~ **Minimum** Size:

Where all cars are parked and returned to driver by **an** attendant ~~x~~ each parking space may be not less than one hundred fifty **(150)** square feet in area; provided attendant is a full-time paid employee and is on duty throughout the normal hours of operation of the parking lot.

3.51.03 Minimum Width of Driveways

Minimum width of driveways providing maneuvering space within a parking lot for ingress to and egress from parking stalls shall be as follows:

- A. ~~90~~ **Ninety (90)**-degree parking ~~x~~ : **twenty-five (25)** feet
- B. ~~60~~ **Sixty (60)**-degree parking ~~x~~ : **twenty (20)** feet
- C. ~~45~~ **Forty-five (45)**-degree parking ~~x~~ : **twenty (20)** feet
- D. ~~30~~ **Thirty (30)**-degree parking ~~x~~ : **twelve (12)** feet
- E. Other ~~x~~ : to be determined on basis of above.

3.51.04 **Calculations Resulting in Fractional Space**

In any determination of parking requirements as set forth in this section, where the resultant figure contains a fraction, any fraction less than one-half may be dropped and any fraction **of** one-half or more shall be counted as one parking space.

3.51.05

Driveways

Clearly defined driveways shall be provided for ingress and egress to the parking lot which shall meet the following requirements:

- A. Maximum width of driveway opening at the property line:

Residential uses: Twenty-five **(25)** feet.

Gasoline service stations, freight and trucking terminals, or other commercial and industrial uses customarily having a large volume of tractor-trailer vehicle traffic: Forty **(40)** feet, or as recommended by Tennessee State Highway Department and/or the Director of Highways and Public Works for Knox County.

All other ~~non-residential~~ **nonresidential** uses: Thirty-five feet **(35)**, or as recommended by the Tennessee State Highway Department and/or the Director of Highways and Public Works for Knox County.

- B. Minimum distance from an adjoining interior lot line and a driveway opening **X** at the street right-of-way line:

Residential uses: Five **(5)** feet.

~~Non-residential~~ **Nonresidential** uses: Twelve and one-half **(12 ½)** feet, or as recommended by the Tennessee State Highway Department and/or the Director of Highways and Public Works for Knox County.

- C. Minimum distance from the intersection of street right-of-way lines on a corner lot and a driveway opening at the **street** right-of-way line:

Residential uses: Twenty-five **(25)** feet.

~~Non-residential~~ **Nonresidential** uses: Twenty-five **(25)** feet.

- D. Minimum distance between two driveways serving the same property and which provide access to the same street ~~X~~, measured at property lines:

Residential uses: Twenty-five **(25)** feet.

~~Non-residential~~ **Nonresidential** uses: Twenty-five **(25)** feet, or as recommended by the Director of Highways and Public Works for Knox County.

All uses on a state highway: Twenty-five **(25)** feet or the same width as the widest driveway, whichever is greater, or as recommended by the Tennessee State Highway Department and the Director of Highways and Public Works for Knox County.

- E. Radius of curb return: The curb return radius shall meet the following requirements, provided, however, that no such radius shall exceed the distance between the driveway opening at the property line and the adjoining property line or one-half the distance to an adjacent driveway:

Residential uses: Five **(5)** feet minimum, fifteen **(15)** feet maximum.

~~Non-residential~~ **Nonresidential** uses: Five **(5)** feet minimum, twenty **(20)** feet maximum.

3.51.06 Paving

All areas devoted to permanent off-street parking as required under this section shall be of a sealed-surface construction such as plant mix asphalt, penetrating asphalt or concrete paving, and maintained in such a manner that no dust will result from continuous use.

3.51.07 Drainage

The parking lot shall be drained to eliminate surface water.

3.51.08 Parking Lot ~~Set Backs~~ **Setbacks**

- A. Where the parking lot abuts side lot lines of a residential zone, there shall be established a ~~set back~~ **setback** line ten **(10)** feet from such side lot lines.
- B. Where the parking lot is located in a ~~non-residential~~ **nonresidential** zone but is contiguous to a residential zone which has common frontage in the same block with the parking lot, there shall be established a minimum ~~set back~~ **setback** from the street lot line for the parking lot which is the same as is required in the contiguous residential zone.
- C. Where the parking lot abuts rear property lines of a residential zone, there shall be established a ~~set back~~ **setback** line five **(5)** feet from the rear lot line.
- D. Where parking is to be provided in the front yard of a multiple-dwelling structure or development, there shall be established a ~~set back~~ **setback** line ten **(10)** feet from the street lot line. The land between the ~~set back~~ **setback** line and the lot line in a parking lot is for the purpose of these regulations called a buffer strip. The ground in the front buffer strip shall be prepared and shall be planted with trees, shrubs and grass.

3.51.09 Parking Lot Entrance on Street

Wherever a parking layout plan is required by this section no building permit shall be issued prior to approval of entrance to affected streets and/or state highways by the appropriate county and/or state official.

3.51.10 Parking in a More Restrictive Zone

The Planning Commission shall have the authority to approve off-street parking as a Use-on-Review in any zone which is more restrictive than that required for the major land use it is intended to serve subject to the preceding conditions. The following conditions shall also apply:

- A. The parking lot shall not have access from the more restrictive ~~district~~ **zone**.
- B. All sides of the lot, except those openings for ingress and egress, shall be enclosed with an opaque ornamental fence, wall or dense

evergreen hedge having a height of not less than five **(5)** feet nor more than six **(6)** feet. Such fence, wall or hedge shall be maintained in good condition. Bumper stops shall be provided so as to prevent any vehicle from projecting over the buffer strip.

3.52 STORAGE AND PARKING OF RECREATIONAL AND COMMERCIAL VEHICLES AND TRAILERS IN RESIDENTIAL DISTRICTS ZONES

3.52.01 General Description

The provisions in this section apply to commercial and recreational vehicles and trailers of all types (including travel, boat, camping, and hauling), that are parked or stored on any lot occupied by a dwelling in any residential **district zone**. On lots not occupied by a dwelling within residential **districts zones**, such storage is not accessory to a residential use and shall not be permitted.

3.52.02 Commercial Vehicles

One (1) commercial vehicle shall be permitted per household living on the premises (which may be a school bus, or other vehicle not exceeding one and one-half tons rated capacity). Those vehicles used for hauling explosives, gasoline, liquefied petroleum products, or other hazardous material not ordinarily found in the home, shall not be permitted.

3.52.03 Recreational Vehicles and Trailers

One (1) camping or travel trailer, recreational vehicle, hauling trailer, and/or boat trailer not exceeding forty (40) feet in length or ten (10) feet in width shall be permitted per household living on the premises. These vehicles shall be stored behind the front building line and shall not be occupied on the site.

3.53 STORAGE OF INOPERABLE VEHICLES

3.53.01 General Provisions

The provisions in this section apply to inoperable vehicles of all types. The outdoor storage of more than one inoperable vehicle will not be permitted, unless the storage takes place on land zoned I, Industrial, where such storage may be permitted as a Use-on-Review, or on the site of a properly zoned car repair or towing establishment.

3.54 STORAGE OF SCHOOL BUSES

3.54.01 General Provisions

The provisions in this section apply to storage of school buses under contract to a public or private school system. Any school bus storage facility that was established prior to November 25, 1991 is hereby exempt from meeting the following requirements:

- A. For locations requiring ~~Use-on-~~Review approval by MPC, the total number of buses permitted shall not exceed **eight** (8) per facility. Total buses at a facility includes operable and inoperable buses.
- B. The storage area shall have direct access from a collector or arterial street.
- C. If there is a dwelling unit on the property, the bus storage area shall be located to the rear of the dwelling.
- D. The bus storage area shall be screened from view from public streets and abutting residential properties by a dense evergreen screen or other screening material. Existing vegetation, earth berms, existing buildings or existing topographic features other than those described above may be used to meet the requirements of these regulations. Evergreens planted to meet this requirement shall include evergreens planted at intervals of not less than ten (10) feet for trees and five (5) feet for shrubs, which are capable of reaching a height of eight (8) feet within two (2) years after planting. Such screen shall be maintained in good condition at all times.
- E. The bus storage area shall be ~~setback~~ **set back** from all adjacent property lines a minimum of twenty-five (25) feet. No buses or drivers' personal vehicles shall be parked within the ~~set back~~ **setback** area.
- F. A site plan reflecting the requirements included in this section shall be approved by MPC through Use-on-Review procedures. Such a site plan shall show a design for the parking area that avoids traffic conflicts, including buses backing into streets, and minimizes the amount of dust, exhaust fumes, noise, and other pollutants that could adversely impact adjacent properties, as well as showing

specifics that meet the screening requirements specified in 3.54.01(D) of this section. Any proposed school bus storage area or an expansion of any existing bus storage facility in the **A, aAgricultural zZone** or on a property adjacent to a residential **district zone** must obtain Use-on-Review approval.

- G. The school bus storage area shall also comply with provisions contained in Article 4, **“Supplementary Regulations”**, Section 1, ~~(“Performance Standards for Commercial and Industrial Uses”)~~ and Article 4, **“Supplementary Regulations”**, Section 2, ~~(“Development Standards for Uses Permitted on Review”)~~ of the ~~*Knox County Zoning Ordinance*~~ ***Zoning Ordinance for Knox County, Tennessee***.
- H. In an **A, aAgricultural zZone**, or when the subject property is adjacent to a residential or agricultural **district zone**, no repairs or maintenance shall be performed outside of a fully enclosed building, except for routine service functions, such as tire changing, changing fluids, or similar maintenance tasks.
- I. Any lot in the **A, aAgricultural zZone**, or on a property adjacent to a residential **district zone** to be used for a bus storage facility shall be a minimum of one (1) acre. The lot must be at least **one hundred twenty five (125)** feet wide at the property line fronting the access road and must also be **two hundred (200)** feet or more in depth.
- J. Storage of tires, parts, or portions of any old school buses shall be placed out of the sight of adjacent properties. Unusable tires or parts must be removed from the premises so as not to create landfill or unsightly nuisance on the storage area.
- K. The provisions of section 3.52.02, **“Commercial Vehicles”**, of the ~~*Knox County Zoning Ordinance*~~ ***Zoning Ordinance for Knox County, Tennessee*** are not replaced by this section.

3.60 ~~NON-CONFORMING~~ NONCONFORMING USES

~~3.61~~ **3.60.01** Any lawful use of buildings or land existing at the time of the passage of this resolution, or whenever a zone shall be changed by amendment to this resolution, may be continued, although such use does not conform to the regulations of the zone ~~of in~~ which it is located, and such use may be extended throughout the building or land provided no structural alteration may be made except those required by law or those which are approved by the Director of Highways and Public Works for Knox County; if such ~~non-conforming~~ **nonconforming** use is discontinued for a period of six **(6)** months, future use of said premises shall be in conformity with the regulations of the zone in which it is located.

~~3.62~~ **3.60.02** If no structural alterations are made a ~~non-conforming~~ **nonconforming** use of a building or land may be changed to another ~~non-conforming~~ **nonconforming** use of the same or more restricted classification.

~~3.63~~ **3.60.03** Nothing in this resolution shall be taken to prevent the restoration of a building destroyed to the extent of not more than fifty **(50)** percent of its reasonable value, by fire, explosion or other casualty, or act of God, or the public enemy, nor the continued occupancy or use of such building or part thereof which existed at the time of such partial destruction.

~~3.64~~ **3.60.04** ~~REMOVAL OF~~ **Removal of NON-CONFORMING Nonconforming Uses** ~~USES~~

Regardless of any other provisions of this resolution, certain ~~non-conforming~~ **nonconforming** uses of land shall be regulated as follows:

~~3.64.01~~ **A.** The following regulations shall apply to any automobile wrecking, junk, or salvage yard, building material storage yard, contractor's **storage** yard, or any similar use of land when located as a ~~non-conforming~~ **nonconforming** use in any residential zone.

~~3.64.02~~ **B.** The following regulations shall apply to any ~~non-conforming~~ **nonconforming** automobile wrecking, junk, or salvage yard or similar use of land in any ~~non-residential~~ **nonresidential** zone:

- ~~A~~ 1. Any such use shall be abated, removed, or changed to a conforming use within three **(3)** years after ~~the~~ date of adoption of this resolution.
- ~~B~~ 2. Whenever any zone is changed to a ~~non-residential~~ **nonresidential** zone, the date of abatement, removal, or change of any such ~~non-conforming~~ **nonconforming** use existing therein shall be within three **(3)** years after the effective date of change of such zone.

~~3.64.03~~

- ~~C~~. Any other ~~non-conforming~~ **nonconforming** use of land, where the aggregate value of all permanent buildings or structures is less than one thousand **(1,000)** dollars, existing at the time of adoption of this resolution, may be continued for a period of not more than three **(3)** years therefrom, provided that:
 - ~~A~~ 1. Such ~~non-conforming~~ **nonconforming** use may not be extended or expanded.
 - ~~B~~ 2. If said ~~non-conforming~~ **nonconforming** use or any portion thereof is discontinued for a period of six **(6)** months, or changed to a conforming use, any future use of such land shall be in conformity with the provisions of the zone in which said land is located.

3.70 FLOOD FRINGE AREA REQUIREMENTS

For the purpose of this ordinance land lying outside the **F**, Floodway Zones, and below the elevation of the following stream reaches as published in the ~~1983 Flood Insurance Study~~ **1983 Flood Insurance Study** by the Federal Emergency Management Agency shall be considered subject to flood:

3.72 3.70.02 REGULATIONS Regulations for Flood Fringe Areas

Areas lying outside the **F**, Floodway Zones, as shown on the Zoning Map of Knox County, Tennessee, but subject to flood as defined above, shall be subject to the following regulations:

- A. No building or structure shall be erected and no existing building or structure shall be extended or moved unless the main floor of said building or structure is placed one **(1)** foot above the elevation subject to flood. No basement floor or other floor shall be constructed below or at a lower elevation than the main floor. Foundations of all structures shall be designed and constructed to withstand flood conditions at the site.
- B. Land may be filled within these floodway fringe areas provided such fill extends twenty-five **(25)** feet beyond the limits of any structure erected thereon.
- C. Any structure proposed to be located outside the **F**, Floodway Zone, but within one hundred feet of any main drainage channel or stream, must be approved by the Knox County Engineer. The Knox County Engineer shall determine on the basis of the area of the watershed and the probable runoff the openings needed for the stream in order to assure adequate space for the flow of floodwater, provided, however, no building shall be permitted within ten **(10)** feet of the top of the bank of any stream.

3.90 SIGNS, BILLBOARDS, AND OTHER ADVERTISING STRUCTURES**3.90.01 GENERAL DESCRIPTION General Description:**

These conditions are established as a reasonable and impartial method of regulating advertising and business sign structures and display surface area permitted, in order to insure safe construction, to insure light, air, and open space, to reduce hazards, to prevent the accumulation of trash, and to protect property values of the entire community.

The regulations for signs, billboards, and other advertising structures are indicated below. The interpretation of nomenclature in this section shall be as defined in Article 2, **“Definitions”**.

3.90.02 GENERAL REGULATIONS General Regulations:

In any zone the following general regulations shall apply:

- A. No sign shall be erected or maintained at any location where by reason of its position, wording, illumination, size, shape, or color it may obstruct, impair, obscure, interfere with the view of, or be confused with, an authorized traffic control sign, signal, or device.
- B. No sign shall contain or make use of any word, phrase, symbol, shape, form, or character in such manner as to interfere with, mislead, or confuse traffic.
- C. No sign having flashing intermittent or animated illumination or moving parts shall be permitted except electronically operated message boards which shall display no more than time and temperature.
- D. No illuminated sign shall be permitted within three hundred feet of property zoned RA, **Low Density Residential**, RAE, **Exclusive Residential**, PR, **Planned Residential**, RB, **General Residential**, A, **Agricultural**, and E, **Estates**, unless such sign is so designed that it does not shine or reflect its own illumination rays onto such property.
- E. No ground sign shall be erected to exceed a height of fifty **(50)** feet except where located within five hundred **(500)** feet of the right-of-way of an interstate or state primary highway in which case the height limit may be extended so the bottom of the sign face shall not be more

than twenty **(20)** feet above the surface of the interstate or state primary highway.

- F. No sign shall be placed in any public right-of-way except publicly owned signs and those signs approved by the Knox County Highway Department.
- G. No portable sign shall be permitted in Knox County.
- H. The following signs may be erected without securing a building permit:
 - 1. Signs not exceeding nine **(9)** square feet in area in a residential zone, and twenty-four **(24)** square feet in area in all other zones, pertaining only to the prospective sale or lease of the premises upon which displayed.
 - 2. Signs not exceeding six **(6)** square feet in area displaying the name only of the property or premises upon which displayed or of the owner or lessee thereof.
 - 3. Signs not over twenty-four **(24)** square feet in area advertising the sale of a subdivision and located therein or adjacent thereto.
 - 4. Directional or informational signs, not over twenty-four **(24)** square feet in area, of a public nature, erected and maintained by an official or civic body.
 - 5. Highway and traffic signs.
 - 6. Temporary sign advertising a political candidate. Such sign shall not be over thirty-two **(32)** square feet in size, shall not be displayed for more than thirty **(30)** days and shall be removed within five **(5)** days of the election.
- I. Abandoned signs shall be removed by the owner or lessee of the premises upon which the sign is located within sixty **(60)** days of written notification by the building official.
- J. The total area of a sign is the surface devoted to the conveying of the message exclusive of the structure to support it properly, trim and framing device and any appurtenances required by the building code. A sign designed to be viewed from two **(2)** different directions shall be considered as one **(1)** sign provided that the two **(2)** sign faces shall not be more than forty-two **(42)** inches apart if parallel nor form an angle of more than ninety **(90)** degrees if angular.

- K. On site traffic directional signs three **(3)** square feet or less in size located on the property shall not be considered a ground sign under the terms of this resolution.
- L. No signs shall have red, green, yellow, amber or blue incandescent lights.
- M. No sign or billboard advertising an adult entertainment establishment as defined by the ~~Knox County Zoning Resolution~~ **Zoning Ordinance for Knox County, Tennessee** shall be larger than five **(5)** square feet in area.
- N. On any sign over thirty-two **(32)** square feet in surface area, or over twenty **(20)** feet high ~~(measured from the upper edge of the sign,)~~ a structural diagram of the sign and its validation that is stamped by a licensed Tennessee architect or engineer must be submitted. Relevant information on the dimensions of the foundation and its reinforcement should be noted, as well as structural details of the steel work in the sign. Two **(2)** copies must be submitted, a file copy for the Department of Code Administration and a contractor's copy, to be kept on site during all phases of construction.
- O. If construction is begun on any sign before a valid permit has been secured the applicable permit fee shall be doubled.
- P. Any park-type bench or other form of seating device displaying any form of advertising and located outside of the building shall be considered a portable sign and shall be illegal in Knox County.

3.90.03

~~ADVERTISING SIGNS~~ **Advertising Signs:**

- A. Advertising signs shall be placed on a unipole structure and shall not be double decked ~~(either one face above the other or side by side on the same structure).~~
- B. The total sign area per face shall not exceed seven hundred seventy-five **(775)** square feet on ~~arterial or primary and secondary arteries~~ **expressways, major arteries and minor arteries**, or three hundred **(300)** square feet on ~~two-lane collectors and minor collector streets~~ **major collectors and minor collectors** as designated by the currently adopted ~~Major Thoroughfare Plan~~ **Major Road Plan for Knoxville & Knox County, Tennessee.**

- C. No advertising sign shall be located within two thousand **(2,000)** feet of any road or highway in Knox County which is a designated part of State of Tennessee Scenic Highway System or Scenic Parkway System.
- D. **Spacing Requirements**
1. ~~Spacing Requirements - Primary and Secondary Arteries~~ **Major and Minor Arteries** No off-premise ~~(Outdoor Advertising)~~ **sign** structure shall be established within seven hundred fifty **750** feet of any other off-premise advertising **sign** structure. The minimum distance between **sign** structures shall be measured along a straight line and shall be made between the two nearest points of the **sign** structures. Official and on-premise business signs as well as any other sign which does not constitute an off-premise advertising **sign** structure as defined herein, shall not be counted nor shall measurements be made from them for the purpose of determining compliance with these spacing requirements. No **advertising** sign permit shall be issued closer than seven hundred fifty **750** feet from a valid outstanding **advertising sign** permit or structure.
 2. ~~Spacing Requirements - Interstate Arteries~~ **Expressways** No off-premise ~~(Outdoor Advertising)~~ **sign** structure shall be established within one thousand feet of any other off-premise advertising **sign** structure on the same side of the same ~~artery~~ **expressway**. The minimum distance between **sign** structures shall be measured along the nearest edge of the pavement at points directly opposite the center of the signs and located on the same side of the ~~artery~~ **expressway**. Official and on-premise business signs, as well as any other sign which does not constitute an off-premise advertising **sign** structure as defined herein, shall not be counted nor shall measurements be made from them for the purpose of determining compliance with these spacing requirements.
 3. All advertising sign structures, including billboards, shall be erected to be placed in conformity with the front, side, and rear yard requirements of the zone in which located. This shall be interpreted to mean that the face of the sign as well as the structure base shall comply with the minimum ~~set back~~ **setback**.

4. No advertising **sign** structure shall be located closer than one hundred **(100)** feet to a residence as measured along the street right-of-way.

3.90.04 ~~BUSINESS SIGNS~~ **Business Signs:**

- A. All business ground signs shall be set back ten **(10)** feet from a street right-of-way line or fifteen **(15)** feet from the edge of pavement, whichever is greater, unless such sign is at least ten **(10)** feet above the ground and vision under the sign is only incidentally obstructed by supporting members. However, in no case shall any business sign be permitted to extend over the right-of-way.
- B. All business ground signs shall be spaced from each other a minimum of one hundred **(100)** feet except that each lot of record may have one **(1)** ground sign if permitted by zone.
- C. All business ground signs shall be set back five **(5)** feet from all side and rear property lines.
- D. Business signs for home occupations shall not exceed two **(2)** square feet nor be located closer than twenty **(20)** feet to the street right-of-way line.
- E. Temporary business signs, if serviced by electrical power, shall conform to the latest adopted revision of the ~~National Electrical Code~~ **National Electric Code**.
- F. All business ground signs shall contain the street number of the business.
- G. Business signs shall not project from a building a greater distance than ten **(10)** feet and shall maintain a clear height of ten **(10)** feet. Where such signs project over public property they shall not extend closer than twenty **(20)** inches to the curb line.
- H. No business ground sign shall exceed a maximum of four hundred fifty **(450)** square feet in sign face area.

3.90.05 ~~TEMPORARY SIGNS~~ **Temporary Signs:**

- A. Temporary signs shall not be erected or otherwise fixed to any pole, tree, stone, fence, building, structure or any object within the right-of-way of any street.
- B. No temporary sign shall be erected at the intersection of any street in such a manner as to obstruct free and clear vision, or be confused with any authorized traffic sign, signal, or device, or located in any required parking space.
- C. Each business may erect or post a temporary sign on two **(2)** occasions during each calendar year, provided that each such occurrence does not exceed thirty **(30)** days in duration. Any sign posted for a longer period must meet the requirements for a permanent sign.
- D. No temporary sign shall exceed ~~one hundred fifty~~ **150** square feet in area.
- E. A temporary sign shall not be suspended across public streets or public ~~places~~ without approval of County Commission.
- F. A portable sign shall not be considered or utilized as a temporary sign.
- G. No person shall install or maintain, cause to be installed or maintained or permit to be installed or maintained any portable sign in violation of this resolution. Any person who shall violate the provisions of this section shall be issued a citation and upon conviction be guilty of a misdemeanor, and shall be fined not more than Fifty Dollars (\$50) for each offense, with each day of violation constituting a separate offense.
- H. Any portable sign that continues to be maintained in violation of the provisions of this resolution after having been previously cited for a violation, shall be subject to removal from the premises if not brought into compliance within twenty-four **(24)** hours of notification to the owner or lessee, of any such sign or their representative.

3.90.06

~~AGRICULTURAL ZONES A, Agricultural Zones:~~

In any A, Agricultural Zone, the following regulations shall apply:

- A. There shall be permitted not more than two **(2) non-illuminated nonilluminated** signs with each sign not exceeding twelve **(12)** square feet or a total of twenty-four **(24) square** feet in area or eight feet **(8)** in height advertising the sale of farm products produced on the premises.
- B. Announcement of church, school, public buildings where permitted. - E. Permit shall become invalid six (6) months from date of issuance if sign structure is not completed unless otherwise extended by the Board of Zoning Appeals; and such permit shall not be transferable.

3.90.18 ~~PERMIT FEES~~ **Permit Fees**

Prior to issuing any permit for construction of signs, as provided herein, the applicant shall pay to Knox County a sign construction permit fee of \$50.00 for any permanent sign with a construction value of \$1,000.00 or more, plus an additional sum of \$3.00 per each \$1,000.00 of construction value ~~of~~ **or** any fraction thereof. For a value of less than \$1,000.00 the fee shall be \$25.00. All fees are assessed per structure and not per parcel or lot. Sign construction permit fees shall be assessed and collected prior to the approval of any application for construction or major renovation. Any work permitted ~~and as~~ major renovation can be conducted on an existing structure only. The original structure cannot be moved. Any work requiring substantial alterations to the original structure or movement of the original supporting member(s) must be permitted as new construction. Minor renovations, including changing of existing removable parts of signs that are designed to be changed, repainting of any existing display matter or replacing existing lettering or decoration are deemed to be maintenance work for which no fees are charged and no permit is required.

ARTICLE 4**SUPPLEMENTARY REGULATIONS****4.10 SUPPLEMENTARY REGULATIONS APPLYING TO A SPECIFIC,
TO SEVERAL, OR TO ALL ZONES**

These supplementary regulations are listed and described in this one article rather than repeated several times throughout the Ordinance as they are applicable to specific, several, or to all zones. The regulations pertain to certain specific uses, or relate to unusual conditions, thus warranting a more convenient placement than that which would be possible by placing them in Article 5, "Zone Regulations".

SECTION 1**PERFORMANCE STANDARDS FOR COMMERCIAL AND INDUSTRIAL USES**

The purpose of this subsection is to establish regulations and standards for the installation and operation of commercial and industrial uses based on consideration of the objectionable characteristics of such uses and the districts in which they are permitted. Further, this subsection prescribes the procedures and methods of measurement of industrial characteristics subject to the performance standards established hereunder:

4.10.01 Noise

- A. Principle. No person shall operate, cause to operate or allow to operate any source of sound in such a manner as to create a sound level at any point on or beyond the boundary of any lot or tract which exceeds the limits set forth in these standards. These standards shall not apply to noise not directly under control of the property user, noises resulting from the construction or maintenance of buildings or facilities including site preparation, the noise of safety signals, warning devices and railroads, noise lasting less than five (5) seconds provided that the noise is not repeated more than ten (10) times per hour, noise of mobile equipment operating near the boundary line provided the mobile equipment is not operated more than two (2) hours during any twenty-four hour period and noise from vehicles entering and leaving the premises provided the sound level of these vehicles does not exceed the sound level of other vehicles using the public street or highway.

- B. Standards. The sound pressure level resulting from any use or activity shall not exceed the maximum permitted decibel levels for the designated octave bands set forth in these standards.

Center Frequency in Hertz	Sound Pressure Level in Decibels (Re: 0.0002) *(microbar)
63	77
125	71
250	63
500	57
1,000	51
2,000	45
4,000	40
8,000	39**
Measurements must be made with a sound level meter which meets USASI Standards, S1.4-1961 set on slow meter response.	
* Rounded to the nearest whole dB.	
** Based upon the assumption that the level for the next highest octave band would also be 39 dB.	

4.10.02 Radiation Hazards

- A. Principle. No activities shall be permitted which emit dangerous radioactive radiation at any point on or beyond the boundary of any lot or tract.
- B. Standards. The handling of radioactive materials, the discharge of such materials into air and water, and the disposal of radioactive wastes, shall be in conformance with the applicable regulations of the U.S. Atomic Energy Commission set out in Chapter 1 of Title 10 of the Code of Federal Regulations **Chapter 1 of Title 10 of the Code of Federal Regulations** which apply to byproduct material, source

material and special nuclear material, as those terms are defined in section 11e., z., and aa. of the ~~Atomic Energy Act of 1954~~ **Atomic Energy Act of 1954**, as amended (42 U.S.C. 2014(e), (z) and (aa)).

4.10.03 Fire and Explosive Hazards

- A. Principle. All activities involving the use and/or storage and/or disposal of flammable or explosive material shall be provided with adequate safety and protective devices against hazards of fire and explosion as well as with adequate fire fighting and suppression equipment and devices standard to the industry involved.
- B. Standards. All explosive material shall be stored and used in accordance with the rules and regulations of the Bureau of Mines of the State Fire Marshall and Chapter 30, (“Fire Prevention and Protection”) of the ~~Knox County Code of Ordinances~~ **Knox County Code of Ordinances**.

4.10.04 Glare and Heat

- A. Principle. Any operation producing intense glare or heat shall be performed within an enclosure so as to completely obscure such operation from view from any point along the property line, except during the period of construction of the facilities to be used and occupied.
- B. Standards. Exposed sources of light shall be shielded so as not to be visible outside their premises.

4.10.05 Electromagnetic Radiation

- A. Principle. No activity, operation or use shall cause electromagnetic radiation interference that adversely affects persons or the operation of any equipment at any point on or beyond the boundary of any lot or tract.
- B. Standards. Activity, operations or uses causing electromagnetic radiation interference shall be in conformance with the regulations of the Federal Communications Commission.

4.10.06 Industrial Sewage and Waste

- A. Principle. No discharge shall be permitted at any point into the public sewers, private sewage disposal system, surface or subsurface waters so as to contaminate, pollute or harm such waters or cause floating or submerged debris, oil, scum, unsightliness or be harmful to human, animal, plant or aquatic life.
- B. Standards. A developer or builder shall obtain the written approval of the appropriate official of the State Water Pollution Control Board, of the State Health Department, and of the County Health Department; and it shall be filed with the Director of Code Administration and Enforcement prior to issuance of building permit.

4.10.07 Vibration

- A. Principle. No use, operation or activity shall cause or create earthborn vibrations which is transmitted through the ground and is discernable in excess of the standards below.
- B. Standards. At no point on or beyond the boundary of any lot or tract in a commercial or industrial zone shall the vibration produced by the activities conducted on such lot or tract be in excess of two **(2)** inches per second. Such vibration shall be measured in accordance with the provisions of ~~U.S. Bureau of Mines Publication No. 5968~~ **U.S. Bureau of Mines Publication No. 5968.**

4.10.08 Fly Ash, Dust, Fumes, Vapors, Gases, Odors, Smoke, and Other Forms of Air Pollution, Open Burning, Toxic and Noxious Matter.

- A. Principle. No person, use, operation or activity shall emit any particulate matter, fly ash, dust, fumes, vapors, gases, smoke or other forms of air pollution in such quantities so as to substantially contribute to exceeding local, state or federal air pollution standards.
- B. Standards. All persons, uses, operations and activities shall comply with the requirements and standards set forth in the ~~Knox County Air Pollution Control Regulations~~ **Knox County Air Quality Management Regulations.**

4.10.09 Odors.

- A. Principle. After the effective date of these regulations, no person shall cause, suffer, or allow any emissions of gases, vapors, or

"objectionable" odors beyond the property line from which such emissions occur to be in sufficient quantities and of such characteristics and duration as to be injurious, or tend to be injurious, to human health and welfare, plant or animal life, or to property, or which unreasonably interferes with the enjoyment of life or property.

- B. Standards. In accordance with ~~Knox County Air Quality Management Regulations~~ **Knox County Air Quality Management Regulations**, an odor shall be deemed "objectionable" when air occurring beyond the property line contains such odorous matter as may be detectable when diluted with seven or more volumes of odor-free air

4.10.10 Outdoor Lighting

- A. Principle. Lighting used for parking lots, outdoor storage, product display or security **shall** reduce the impacts of glare, light trespass and overlighting, promote safety and security and encourage energy conservation and shall not interfere with the operation of motor vehicles in the public right-of-way or adjacent uses of land.
- B. Standards. The light source shall be shielded and shall be arranged so that lighting is directed away from any boundary of the lot or tract adjacent to any property zoned to permit residential uses.

4.10.11 Landscape Screening

- A. Principle. Landscape screening shall mitigate the impacts of development on the enjoyment and values of the surrounding property, on sensitive areas, and on the primary road network. Any business or industrial use that is adjacent to property developed for residential use within the ~~Agricultural (A) zone~~ **A, Agricultural Zone** district or zoned for residential use (E, **Estates**, RAE, **Exclusive Residential**, RA, **Low Density Residential**, RB, **General Residential**, and PR, **Planned Residential**) shall provide screening along the boundary of the residential property. Parking and loading areas shall be screened from adjacent property developed for residential use within the ~~Agricultural (A) zone~~ **A, Agricultural Zone** district or zoned for residential ~~and~~ **or** office uses (E, **Estates**, RAE, **Exclusive Residential**, RA, **Low Density Residential**, RB, **General Residential**, PR, **Planned Residential**, OA, **Office Park**, OB, **Office, Medical and Related Services**, and OC, **Civic and Institutional**) and public streets.

B. Standards.

1. Any business or industrial use of property, except a parking or loading area, shall plant and maintain a Type “A” landscape screen, as provided by the MPC, within a landscape buffer strip a minimum of **fifteen (15)** feet in width adjacent to property developed for residential use within the ~~Agricultural (A) zone~~ **A, Agricultural Zone** district or zoned for residential ~~and or~~ office uses.
2. Any parking or loading area located on a lot or tract used for business or industrial purposes shall plant and maintain a Type “B” landscape screen, as provided by the MPC, within a landscape buffer strip a minimum of **twelve (12)** feet is width between the parking or loading area and any adjoining adjacent property developed for residential use within the Agricultural (A) zone district or zoned for residential ~~and or~~ office uses.
3. Any parking or loading area located on a lot or tract used for business or industrial purposes and adjoining a public right-of-way shall plant and maintain a Type “C” landscape screen, as provided by the MPC, within a landscape buffer strip a minimum of **eight (8)** feet in width.

4.10.12 Issuance of Permit

Before issuing a building permit for a commercial or industrial use, the Director of Code Administration and Enforcement shall be given information by the applicant sufficient to enable said Director of Code Administration and Enforcement to assure ~~himself~~ that all performance standards and site development standards set forth in these regulations and the ~~Knox County Air Quality Management Regulations~~ **Knox County Air Quality Management Regulations** can and will be complied with at all times.

4.10.13 Enforcement

Where in the opinion of the Director of Code Administration and Enforcement there is a probable violation of any provision of this Subsection, ~~he~~ **the director** is empowered to have a qualified technician perform such investigations, measurements, and analysis as may be necessary to

determine whether or not there is in fact a violation of these regulations. Upon confirmation of a violation, the offending industry or activity shall bear the cost incurred by Knox County in retaining the qualified technician.

SECTION 2

DEVELOPMENT STANDARDS FOR USES PERMITTED ON REVIEW

In order to accomplish the general purpose of this Ordinance, it is necessary to give special consideration to certain uses because they are unique in nature, require large land areas, are potentially incompatible with existing development, or because the effects of such uses cannot definitely be foreseen. The uses listed under the various zones herein as "Uses Permitted on Review" are so classified because they more intensely dominate the area in which they are located than do other uses permitted in the zone; however, the nature of such use makes it desirable that they be permitted to locate therein. Therefore, these uses must be specially placed into the development pattern which exists at the time of their arrival.

The following uses shall be subject to compliance with the regulations in this article and with the ~~"Procedure for Authorizing Uses Permitted on Review"~~ as set forth in Article 6, **"Administration, Enforcement and Interpretation", Section 6.50, "Procedure for Authorizing Uses Permitted on Review"**:

The Planning Commission, in the exercise of its administrative judgment, shall be guided by adopted plans and policies, including the ~~General Plan~~ **General Plan** and the following general standards:

- 4.10.14 The use is consistent with adopted plans and policies, including the ~~General Plan~~ **General Plan** and the ~~Sector Plans~~ **Sector Plans**.
- 4.10.15 The use is in harmony with the general purpose and intent of these zoning regulations.
- 4.10.16 The use is compatible with the character of the neighborhood where it is proposed, and with the size and locations of buildings in the vicinity.
- 4.10.17 The use will not significantly injure the value of adjacent property by noise, lights, fumes, odors, vibration, traffic congestion or other impacts which may detract from the immediate environment.
- 4.10.18 The use is not of a nature or so located as to draw substantial additional traffic through residential streets.
- 4.10.19 The nature of development in the surrounding area is not such as to pose a potential hazard to the proposed use or to create an undesirable environment for the proposed use.

4.20 MOBILE HOME PARKS**4.20.01 Property Development Standards**

The following property development standards shall apply for all Mobile Home Parks:

- A. No parcel of land containing less than two and one-half (**2 ½**) acres and less than fifteen (**15**) mobile home spaces, available at the time of first occupancy shall be used for a mobile home park, however, the plans submitted for approval as required in this section shall be designed for a minimum of twenty-five (**25**) mobile home units.
- B. The mobile home park shall be subject to the density provisions of the **district zone** in which it is located, provided, however, there shall be not less than three thousand (**3,000**) square feet of lot area for each space provided on the site for single-wide units and not less than five thousand square (**5,000**) feet for double-wide units.
- C. The mobile home park shall be located on a well drained site, properly graded to insure rapid drainage and freedom from stagnant pools of water.
- D. Yards
 - 1. Each mobile home park shall have a front yard of twenty-five feet (**25**) extending for the full width of the parcel devoted to said use.
 - 2. Each mobile home park shall have a rear yard and a side yard on both sides of the parcel devoted to said use of not less than ten (**10**) feet.
 - 3. Where a side or rear yard abuts a street, the yard shall be not less than twenty-five (**25**) feet and all yards shall be landscaped and maintained.
- E. No building or structure erected or stationed in this park shall have a height greater than one (**1**) story or fifteen (**15**) feet.

- F. A mobile home park shall be entirely enclosed, exclusive of driveways, at its external boundaries by a solid wall, fence or evergreen hedge not less than seven **(7)** feet in height, except that on any public street, such wall, fence, or hedge shall be twenty-five **(25)** feet from the street right-of-way line.
- G. Each mobile home park shall be permitted to display on each street frontage, one identifying sign of a maximum size of nine **(9)** square feet. Said sign shall contain thereon only the name and address of the mobile home park and may be lighted by indirect lighting only.

4.20.02 **Size of Mobile Home Spaces**

Each mobile home space shall be sufficient size that, in addition to the trailer, the following areas shall be provided:

- A. Each mobile home space for a single-wide unit shall be at least thirty-two **(32)** feet wide and such space shall be clearly defined by permanent markers. The minimum width of a space for a double-wide unit shall be fifty **(50)** feet.
- B. There shall be a front yard ~~set back~~ **setback** of ten **(10)** feet from all access roads within the mobile home park.
- C. Mobile homes shall be so harbored on each space so that there shall be at least a twenty **(20)** foot clearance between mobile homes, provided, however, with respect to mobile homes parked end-to-end, the end-to-end clearance shall be not less than fifteen **(15)** feet. No mobile home shall be located closer than twenty **(20)** feet from any building within the mobile home park.
- D. There shall be at least one **(1)** paved, off-street parking space for each trailer space, which shall be on the same site as the trailer served, and may be located in the rear or side yard of said trailer space.
- E. Each mobile home space shall be provided with a paved patio of at least two hundred **(200)** square feet and having a storage locker of at

least one hundred **(100)** cubic feet. Storage lockers may be located in locker compounds.

4.20.03 General Requirements

- A. There shall be established and maintained within each park an automobile parking area for the use of guests. The number of spaces within this area shall be equal to one **(1)** for every four **(4)** trailer sites.
- B. Access roads within a mobile home park shall be paved to a width of not less than twenty-four **(24)** feet. Where access roads are paved to a width of thirty-two **(32)** feet or more, the required guest parking area shall be waived.
- C. Mobile home spaces may abut upon a driveway of not less than twenty **(20)** feet in width, which shall have unobstructed access to the access road within the mobile home park. ~~he~~ **The** sole vehicular access shall not be by alley, and all dead-end driveways shall include adequate vehicular turning space or cul-de-sac.
- D. A minimum of six **(6)** inches of compacted gravel, or other suitable pavement material, shall be installed for each trailer space. Size of pads shall be ~~10' x 45'~~ **ten (10) feet by forty-five (45) feet** or larger.
- E. Walkways not less than two **(2)** feet wide shall be provided from the mobile home spaces to service buildings.
- F. Each mobile home space shall be provided with a connection to the sanitary sewer line or to a sewer system approved by the Health Department.
- G. There shall be provided a park and recreation area having a minimum of one hundred fifty **150** square feet for each mobile home space. Areas shall be consolidated into usable areas with minimum dimensions of not less than thirty **(30)** feet.
- H. Each mobile home park shall be provided with a management office and such service buildings as are necessary to provide facilities for

mail distribution, storage space for supplies and maintenance materials.

- I. Trailers, with or without toilet facilities, that cannot be connected to a sewer system approved by the Health Department shall not be permitted in a mobile home park.
- J. Cabanas and other similar enclosed structures are prohibited.
- K. Mobile homes shall not be used for ~~Commercial~~, ~~Industrial~~, or other ~~non-residential~~ **nonresidential** uses within the mobile home parks.

4.20.04 Plans and Schedules Required

- A. The following information shall be shown on the mobile home park development plan:
 - 1. The location and legal description of the proposed mobile home park.
 - 2. Plans and specifications of all buildings, improvements, and facilities constructed or to be constructed within the mobile home park.
 - 3. The proposed use of buildings shown on the site.
 - 4. The location and size of all mobile home spaces.
 - 5. The location of all points of entry and exit for motor vehicles and internal circulation pattern.
 - 6. The location of all landscaping to be provided.
 - 7. The location of all lighting standards to be provided.
 - 8. The location of all walls and fences and the indication of their height and the materials of their construction.
 - 9. The location of all off-street parking facilities.
 - 10. The location and size of park and recreation areas.
 - 11. The name and address of the applicant.
 - 12. Such other engineering and topographic data as may be required to permit the Planning Commission to determine if the provisions of these regulations are being complied with.

4.20.05 **Approval of Development Plan**

The development plan of the mobile home park shall be submitted to the Planning Commission for approval as a Use Permitted on Review.

4.20.06 **Changes to Development Plan**

A revised development plan shall be submitted to the Planning Commission for approval of any changes, alterations, amendments, or extensions to the development plan. Approval of such changes may be granted if, in the opinion of the Planning Commission, the requested changes would be in keeping with the intent and provisions of this resolution.

4.20.07 **Issuance of Building Permits**

No building permit shall be issued for construction of any building or location of any mobile home on the land until the Planning Commission has approved the development plan and a statement has been affixed.

4.20.08 **Revocation of Building Permit**

The building permit shall be revoked if construction of any part, or phase, of the development is not in compliance with the approved plans.

4.30 STANDARDS FOR MARINA AND BOAT LIVERY DEVELOPMENT

4.30.01 Purpose and Uses

- A. To encourage and insure the development of marinas and boat liveries and the safe operation of such development.
- B. Coincident uses include assembly buildings, caretakers residence, docks, fueling and supply facilities, house boats, launching and storage facilities, parking areas, boat sales and servicing facilities, restaurants, signs, supplementary recreational facilities, boat lifts, water taxi services, hotels, motels, boatels, boat charter service and incidental retail sales associated with the principal uses. All the proposed uses shall be identified in the development plan.

4.30.02 Access

- A. The tract of marina or boat livery development must have adequate access to thoroughfares.
- B. This adequacy is to be based on the relationship of the size of the facilities to the practical capacity of the thoroughfares.

4.30.03 Area Regulations

- A. Lot size: There is no minimum lot size; however, the site size shall be sufficient to assure space for the facilities proposed in the ~~u~~**Use-on-Review** application and shall meet all local, state, and federal regulations.
- B. Front Yard: The minimum depth of the front yard shall be the same as required in the ~~districts~~ **zones** where marinas or boat liveries are permitted as a ~~u~~**Use-on-Review**.
- C. Side Yard: Minimum side yards of one hundred **(100)** feet shall be provided between marina or boat livery facilities and adjacent tracts of land. Side yards can contain outdoor recreational uses subject to development plan approval. ~~Sideyards~~ **Side yards** can contain parking if the marina is not located next to a residential zone.

- D. The site shall be developed in such a way as to preserve its natural character, particularly in preserving natural vegetation adjacent to the normal summer pool elevation. A strip of mass plantings, either natural or commercially introduced, attaining at least six **(6)** feet in height shall be located between the marina or boat livery and each adjacent residential area, except, that no planting shall be required between marina or boat livery facilities and a public road. Yards may be used for parking but in no case shall parking be closer than fifteen **(15)** feet to any property line and no closer ~~that~~ **than fifty (50)** feet to the normal summer pool elevation.
- E. All docks, fuel and supply facilities, launching and lift facilities, boat sales and servicing areas, restaurants and hotels, motels, or boatels related to a marina must be a least three hundred **(300)** feet from any residence except that of the owner or operator. This provision does not apply to marinas which may be proposed as part of a development plan in a **PR, Planned Residential Zone** ~~planned residential zone.~~

4.30.04 Water Area and Control of Opposite Shoreline

- A. If a cove or embayment contains less than five **(5)** acres of water surface at normal pool, the applicant must own or control the total shoreline.
- B. For measuring purposes the embayment or cove begins where its outlet intersects the main river channel and all islands or floating structures are to be subtracted from the area of water as computed.
- C. The applicant must own or control the land area within two hundred **(200)** feet of all docks or other floating structures.
- D. The minimum water surface area required for each boat mooring, houseboat and boat for rent shall be five thousand **(5,000)** square feet.
- E. When the proposed marina or boat livery development is situated on a cove or embayment which is less than three hundred **(300)** feet in

width (at normal pool as defined by the Tennessee Valley Authority), the applicant must own or control the shoreline opposite such development inland at least **one hundred (100)** feet from the shoreline. However, the Metropolitan Planning Commission may waive this requirement if they find that the property opposite the proposed development site, because of topography and/or existing land use, is not adversely affected by the proposed development.

4.30.05 Off-~~Road~~ **Street** Parking

As regulated in Section 3.50, "**Off-Street Parking**" of these regulations.

4.30.06 Administrative Procedures for Marina or Boat Livery Development

A ~~Use-on-~~**Review** application for a marina or boat livery permit shall be filed with the Metropolitan Planning Commission. Each application shall be accompanied by a site plan drawn to scale, and prepared by a licensed engineer, surveyor or architect. Such site plan shall be reviewed by the Health Department, the County Engineer, and the Department of Codes Administration; and the comments of these departments shall be reported to the Planning Commission. The application shall meet the provisions of Section 6.50, "**Procedure for Authorizing Uses Permitted on Review**", and the following information shall be shown:

- A. The location and legal description of the proposed marina or boat livery development property.
- B. Plans and specifications of all buildings, improvements and facilities constructed or to be constructed within the development.
- C. The proposed use of buildings shown on the site.
- D. The location of all points of entry and exit for motor vehicles and internal circulation pattern.
- E. The location of all landscaping to be preserved or additionally provided.
- F. The location of all lighting standards to be provided.

- G. The location of all off-street parking facilities.
- H. The location of all pedestrian spaces, including sidewalks, pathways and, if applicable, greenway trails.
- I. The name and address of the applicant.
- J. The location of adjacent residential districts and existing houses.
- K. In the case of boat liveries, the location of the storage area for the rental boats and a statement of the types of boats to be rented.
- L. A time schedule for development shall be prepared, which shall demonstrate the applicant's readiness and ability to provide the proposed services.
- M. Such other architectural and engineering data as may be required to permit the Planning Commission, Health Department, and Department of Codes Administration, or other review agencies to determine if the provisions of this ordinance are being met.
- N. Use-on-~~r~~Review approval shall be contingent upon issuance of all required permits and approvals from federal, state and local authorities, including the Tennessee Valley Authority, U.S. Army Corps of Engineers, and Knox County.

4.40 STANDARDS FOR AUTOMOBILE, WRECKING, JUNK AND SALVAGE YARDS, AND SIMILAR USES

4.40.01 Because of the nature and character of their operations, automobile wrecking and salvage yards, junk yards, and similar uses of land can have a decidedly detrimental effect upon surrounding properties. Salvage and wrecking yards tend to create problems of noise, dust, traffic and health hazards, and may adversely affect property values by their general appearance. The following standards shall be used as a guide in evaluating whether proposed land uses, such as those outlined above, will have properly minimized their objectionable characteristics--:

- A. Location - Because of the tendency for salvage yards to promote the breeding of vermin, no such operation shall be permitted closer than three hundred **(300)** feet from any established residential zone.
- B. Screening - All outdoor storage of salvage and wrecking operations shall be conducted entirely within an enclosed opaque fence or wall, excepting driveway areas, from eight **(8)** to twelve **(12)** feet in height. Storage between the road or street and such fence or wall is expressly prohibited. Any fence or wall erected for screening purposes shall be properly painted or otherwise maintained in good condition.
- C. ~~Off-Road~~ **Street** Parking - As regulated in Section 3.50, "**Off-Street Parking**", of this resolution.

4.50 STANDARDS FOR MINING AND MINERAL EXTRACTION

Purpose. It is recognized that the extraction of minerals is a basic industry within the area subject to these regulations. It is further recognized that the location of underground mineral deposits will not necessarily coincide with the **district zone** boundaries established by this ordinance; therefore, the extraction of minerals is classified as a "Use Permitted on Review". However, it is further recognized that mineral extraction may involve differing processes and may seriously affect mined parcels and surrounding properties. Therefore, these standards are established for mineral extraction in Knox County.

4.50.01 Standards governing surface operations pertaining to underground mining and mineral extraction by drilling, deep shaft mining or processes which do not disturb the surface soil or ground.

- A. Prospecting by core drilling or similar methods may be permitted in any zone without approval as a Use Permitted on Review.
- B. Establishment of permanent accessories to the mining operations such as ventilating shafts or fans, hoisting shafts, elevators, substations or transformer banks or any building containing power driven or power producing equipment are permitted as indicated as uses on review subject to these regulations.
- C. Area Regulations
 - 1. Any front, side and rear yard for buildings subject to these regulations in any zone other than industrial or adjacent to property not zoned industrial shall be at least five hundred **(500)** feet.
 - 2. Any front, side or rear yard for buildings within an **industrial zone I, Industrial Zone**, shall comply with the regulations set forth in Section 5.61, "**Industrial Zone (I)**", of these regulations except as indicated in paragraph C.1 above.

D. Performance Standards

All performance standards for industrial operations as set forth in Subsection 4.10, **“Supplementary Regulations Applying to a Specific, to Several, or to All Zones”**, of these regulations shall be observed.

E. Hours of Operations

No surface power driven equipment except ventilating equipment required for the health and safety of employees shall be operated in a ~~non-industrial~~ **nonindustrial** zone except during the hours between 7:00 a.m. and 9:00 p.m.

F. Plans shall be furnished for Planning Commission approval as follows:

1. Screening. A landscaped screen shall be provided to obscure the mining buildings and machinery from adjacent ~~non-industrial~~ **nonindustrial** areas. For this purpose the operator will furnish the Metropolitan Planning Commission a landscape plan.
2. Roadways. All roadways on, and all vehicular entrances to and exits from the private properties on which such operations are conducted to any public roads shall be located to secure safety, to lessen congestion and to facilitate transportation and shall be so maintained as to eliminate any nuisance from dust to neighboring properties. A plan meeting these requirements shall be provided.
3. Traffic Control. A satisfactory plan for the routing of trucks, materials and equipment along public streets and roads from point of extraction to ~~permittees~~ **permittee's** processing operations shall be provided.
4. Restoration. A plan of removal of unsafe structures and equipment, sealing of shafts and other measures proposed for restoring land to a safe and usable condition upon abandonment of the project shall be provided.

4.50.02 Standards Governing Surface Mining and Mineral Extraction

- A. The following regulations shall apply to the operations of sand and gravel pits, quarries, surface mines, and to the removal of topsoil, sand, clay, shale, gravel or other earth for purposes other than those customarily involved in the grading of streets, highways, right-of-ways or for agricultural purposes, and such excavation necessary in preparing land for the construction of foundations, footing, cellars, or other structures below the natural grade.
- B. No premises or buildings shall be used for any purpose listed in the foregoing paragraph, until an application in writing is filed with and a conditional use permit has been approved by the Planning Commission and County Board of Commissioners and issued by the Director of Code Administration and Enforcement after a public hearing, and such operations shall be conducted in conformity with the following conditions:-:
1. All equipment, building and premises used for such purpose shall be constructed, maintained and operated in accordance with the performance standards of Knox County as set forth in Subsection 4.10, **“Supplementary Regulations applying to a Specific, to Several, or to All Zones”**, of these regulations.
 2. The excavations shall be confined to areas at least one hundred **(100)** feet from any property line within or adjacent to any residential, agricultural or commercial zone and shall be at least two hundred **(200)** feet from the property line of any dwelling or platted subdivisions, and further, no overburden, spoilbank or stockpile may be deposited within one hundred **(100)** feet of any such property lines except that such excavation may, with the written consent of the owners of the adjoining property, be conducted within such limits in order to reduce the elevation thereof to conform with the existing contour or average grade of the adjoining property or in order to provide for adequate drainage.
 3. In any ~~non-industrial~~ **nonindustrial** zone the excavations shall be confined to areas at least one hundred **(100)** feet from the right-of-way line of any existing or platted street, road or highway; except, that excavations may be conducted within such limits in order to reduce the elevation thereof to conform

to the existing or established elevation of the adjoining or platted street, road, or highway, or in order to provide for adequate drainage.

4. Any building containing power driven or power producing machinery or equipment in a ~~non-industrial~~ **nonindustrial district zone** shall be at least five hundred **(500)** feet from all adjacent property zoned residential, commercial, or agricultural and when located in a non-industrial zone such building or equipment shall be at least two hundred feet **(200)** from the right-of-way lines of any existing or platted street, road, or highway.
5. All roadways on, and all vehicular entrances to and exits from the private properties on which such operations are conducted to any public roads shall be located to secure safety, to lessen congestion and to facilitate transportation and shall be so maintained as to eliminate any nuisance from dust to neighboring properties.
6. A plan of operations shall be submitted for approval by the Planning Commission and Knox County Board of Commissioners which shall provide in all respects for the adequate safeguarding and protection of neighboring interests and the general public health and safety, and which shall include a satisfactory plan for the routing of trucks, materials and equipment from the points of excavation to the permittee's processing operations, a plan and program for the restoration of the land to minimize potential detrimental effects on the area by reducing, insofar as is reasonably possible, peaks and depressions and controlling erosion. Any such plan approved by the U.S. Federal Government or the State of Tennessee shall be sufficient to meet these requirements.
7. Whenever the permit issued by the Director of Code Administration and Enforcement has expired or whenever the operation of any gravel or sand pit quarry, or other excavation shall have been discontinued for any period exceeding twelve **(12)** consecutive months, then, except as may otherwise be permitted upon application to and after hearing by the Metropolitan Planning Commission, all plants, buildings, structures (except fences) and equipment shall be entirely removed from the property and the property shall be restored

in accordance with the approved plan and program for restoring land.

8. If the property to be used for such excavation is within one hundred **(100)** feet of any residential zone or platted subdivision it shall be enclosed along the exterior boundaries thereof as excavation progresses by a fence or landscape screen as prescribed by the Planning Commission.
 9. No excavation shall take place, or plant operated on any property in any ~~non-industrial~~ **nonindustrial** zone, except between the hours of 7:00 a.m. and 9:00 p.m., except whenever any reasonable or necessary repairs to equipment are required to be made. The provisions of paragraph (1) above shall also apply to this paragraph.
- C. Upon application in writing filed with the Planning Commission, the Planning Commission and the County Board of Commissioners may approve the issuance of an amended permit to alter the plan of operations theretofore approved by the Planning Commission and the County Board of Commissioners, or to extend the life of the permit when the duration of the mining operation was underestimated in the application for the original permit.

4.50.03 Enforcement

- A. Compliance with all of the applicable requirements set out in these regulations and approved plans shall be enforced under the provisions of Section 6.20, **"Enforcement"**, of these regulations.
- B. A bond equal to one hundred dollars per acre of land to be excavated during the permit period shall be filed with the County ~~Executive~~ **Mayor's** office to guarantee the proper restoration and reclamation of the land in accordance with the approved plan. However, proof of bond posted with the State of Tennessee in meeting requirements of the ~~Tennessee Strip Mine Law of 1967~~ **Tennessee Strip Mine Law of 1967** shall be acceptable in lieu of this requirement.

4.50.04 Permit

- A. The permit issued by the Director of Code Administration and Enforcement shall be for the duration of the mining operations in the approved plan of operation.
- B. Amended permits shall be issued by the Director of Code Administration and Enforcement when such permits have been approved as provided in paragraph 4.50.02(C) of these regulations.

4.50.05 ~~Non-Conforming~~ **Nonconforming** Uses

Notwithstanding any other requirements set forth in these regulations with respect to ~~non-conforming~~ **nonconforming** uses:

- A. Any mining or mineral extraction operations lawfully existing on December 1, 1969 may be continued provided that a plan of operations as required by the regulations be filed with the Metropolitan Planning Commission and the County Board of Commissioners within six months of passage of these regulations and further provided that if such ~~non-conforming~~ **nonconforming** use is discontinued for a period of twelve (12) months, future use of said premises for mining or mineral extraction operations (except as provided in paragraph 4.50.05C below) shall be in conformity with this Section 4.50, **“Standards for Mining and Mineral Extraction”**.
- B. Notwithstanding the provisions of the foregoing paragraph, any mining or mineral extraction operation existing at the time of the passage of the resolution adopting this Section 4.50, **“Standards for Mining and Mineral Extraction”** shall within three (3) years from the date of such passage comply with all of the applicable performance standards set forth in Section 4.10, **“Supplementary Regulations Applying to a Specific, to Several, or to All Zones”**, of these regulations; provided, however, that upon application made to it in writing the Planning Commission and the County Board of Commissioners may waive any such standards which are deemed unreasonable or arbitrary after giving full consideration to existing conditions.
- C. Any building or stationary equipment used in a mining or mineral extraction operation lawfully existing on December 1, 1969, but which

is not in conformance with the set back requirements of this subsection, may be continued and maintained. Such building or equipment, may be enlarged or added to provided no additional set backs are violated. Furthermore, any mining or mineral extraction operation may enlarge or expand the area of extractive operations provided, however, that any such expansion shall comply, insofar as reasonably possible, with provisions of this Subsection 4.50, **“Standards for Mining and Mineral Extraction”**. In reviewing plans for any such expanded extractive operation, the Metropolitan Planning Commission and County Board of Commissioners shall give full consideration to existing conditions and may waive any requirements of this section which are deemed unreasonable or arbitrary.

- D. Upon application made in writing the Planning Commission and County Board of Commissioners may grant indefinite stand-by status for a marble or other dimension stone quarry where it can be shown that such indefinite stand-by periods are customary and necessary to the industry and suitable safeguards for public safety are provided.
- E. Nothing herein shall be construed to authorize continuation of any ~~non-conforming~~ **nonconforming** use which was illegal prior to adoption of this subsection, nor shall anything herein be construed so as to permit a violation of the ~~Knox County Air Pollution Control Regulations~~ **Knox County Air Pollution Control Regulations**.

4.60 ADULT-ORIENTED ESTABLISHMENTS

4.60.01 Because adult-oriented establishments have a deteriorating effect on property values, create higher crime rates in the area, create traffic congestion, and depress nearby residential neighborhood conditions, these activities will only be permitted when minimum conditions can be met.

- A. The following minimum conditions must be complied with for a site to be approved for adult entertainment activities:
1. The site shall be not less than one thousand **(1,000)** feet from any residentially zoned property at the time of approval for an adult entertainment activity.
 2. The site shall be not less than one thousand **(1,000)** feet from the site of any public amusement or entertainment activity, including, but not limited to, the following: arcades, motion picture theaters, bowling alleys, marinas, golf courses, playgrounds, ice skating or roller skating rinks or arenas, zoos, community centers and similar amusements offered to the general public. "Amusement or entertainment activities" in this section shall not include adult-oriented establishments, and shall not reduce the distance requirements otherwise dictated by this section.
 3. The site shall be not less than one thousand **(1,000)** feet from any area devoted to public recreation activity.
 4. The site shall be not less than one thousand **(1,000)** feet from any school, library, day care center, park, church, mortuary or hospital.
 5. The site shall be not less than one-half **(1/2)** mile from any other adult entertainment business site.
 6. Measurement shall be made from the nearest recorded property line of the lot on which the adult-oriented establishment is situated to the nearest property line or boundary of the above mentioned uses, measuring a straight line on the Knox County Zoning Map.
 7. The site shall be located on a designated arterial or collector street facility.
 8. **Off-road Street Parking** - as regulated in **Section 3.50, "Off-Street Parking"**, of this resolution.

- B. Maps showing existing land use and zoning within one-half (**1/2**) mile of the proposed site should be submitted with an application for Use-on-Review approval along with site plans, surveys or other such special information as might reasonably be required by the Planning Commission for use in making a thorough evaluation of the proposal.

4.70 SANITARY LANDFILLS

4.70.01 Because the location and operation of a sanitary landfill ~~has~~ **have** characteristics which may impinge on neighboring activities, land uses, property values, public health and safety, and the transportation network, this activity will only be permitted when minimum conditions can be met.

- A. The following minimum conditions must be complied with for a site to be approved for a sanitary landfill:
1. Meet all requirements of a permitted solid waste disposal facility as defined and regulated under the provisions of the ~~Solid Waste Disposal Act of Tennessee~~ **Solid Waste Disposal Act of Tennessee** and the ~~Rules of the Tennessee Department of Health and Environment~~ **Rules of the Tennessee Department of Health and Environment**.
 2. The site shall be not less than five hundred **(500)** feet from all residences, unless the owner(s) of the residential property agrees in writing to a shorter distance.
 3. The site shall be not less than one thousand **(1,000)** feet from a residentially zoned area (RAE, **Exclusive Residential**, RA, **Low Density Residential**, PR, **Planned Residential**, RB, **General Residential**) at the time the application for Use-on-Review is filed at the MPC office.
 4. The site shall be not less than **two thousand five hundred (2,500)** feet from existing public schools, public recreational areas, or public swimming pools. Public recreational areas shall include public parks, recreation centers, athletic fields, or similar areas available to the general public for recreational uses.
 5. The site shall be not less than one thousand feet **(1,000)** upgradient from all wells or springs used as a source of drinking water by humans or livestock.
 6. The site shall be not less than two hundred **(200)** feet from the normal boundaries of springs, streams, lakes or other bodies of water (other than those associated with the facility).
 7. The fill area shall be not less than one hundred **(200)** feet from all property lines, public roads, and the site boundary.

8. The fill area shall be entirely enclosed, exclusive of driveways, at its external boundaries by a wall or fence and an evergreen hedge not less than seven feet **(7)** in height. The wall or hedge shall not be constructed or planted within the required ~~set back~~ **setback**.
9. The Use-on-Review for landfills shall include a traffic impact statement concerning traffic flow and the structural reliability of the pavement of the existing transportation network most affected. ~~(From the site to an arterial street along the primary access route to the site.)~~ **The following additional requirements shall also be met:**
 - a. The traffic impact statement shall include a count of the existing traffic by vehicle type and size and a projection of traffic, for when the facility is in full operation, by vehicle type and size for that portion of transportation network most affected by this use.
 - b. An assessment of the pavement's structural reliability must be made. This must be followed by an assessment of how the change in the vehicle mix will affect the pavement reliability including the collector street. The site shall have not less than an uninterrupted five hundred **(500)** feet access along a street constructed to the standards of a collector street as defined in the ~~Knoxville-Knox County Subdivision Regulations~~ **Knoxville-Knox County Minimum Subdivision Regulations**.
 - c. Access to and from the site shall be restricted to a driveway to the collector which shall be located at a point to provide adequate site distance, safe traffic flow and safe turning movements to and from the site considering the traffic impact from the site.
 - d. Provision for traffic access to the site must be found to provide a safe access and without unreasonable adverse impact upon the transportation network based upon the information supplied and the requirements set forth herein.

10. The landfill shall meet all requirements of Section 4.10, **“Supplementary Regulations Applying to a Specific, to Several, or to All Zones”**, of the ~~Knox County Zoning Resolution~~ **Zoning Ordinance for Knox County, Tennessee**.
 11. The hours of operation of the landfill shall be limited. No landfilling shall be permitted before 6:00 a.m. or after 7:00 p.m., Monday - Saturday. *Sunday hours will be limited to 12:00 p.m. to 6:00 p.m. A convenience center shall be established for use while the landfill is closed.
 12. The applicant shall obtain a grading permit from the Knox County Hydrologist.
- B. The following materials and information shall be submitted with an application for ~~Use-on-Review~~ approval of a sanitary landfill:
1. A development plan of the site showing the use or uses, dimensions, locations of various uses including the proposed fill area, structures, roads, fencing, landscaping, and areas which will remain undisturbed.
 2. A map showing existing zoning, residences, wells, streams, public schools, **and** public recreational areas. This map shall be of sufficient size and scale to determine if the requirements of this section have been met.
 3. Any other special information as might reasonably be required by the MPC for use in making a thorough evaluation of the proposal.
- C. "Site" as used herein shall mean the area approved for use as a sanitary landfill and may be all or a portion of a lot or parcel of property and the area approved may not be identical to the property boundary line or tax parcel boundary.
- D. Measurements from the site to meet the required distances set forth shall be from the nearest point in a property line of a parcel containing a use, structure, or natural condition from which a minimum distance is required to the nearest point in the boundary of the site unless these regulations provide measurements to another point.

4.80 DEMOLITION LANDFILLS

4.80.01 Because ~~D~~demolition ~~L~~landfill activities may impinge on adjacent land use activities, property values, public health and safety and the transportation network, these activities are segregated into the following two categories and required to comply with the following regulations.

- A. On-site **generated waste** disposal of acceptable waste material in a demolition landfill, as defined in Article 2, "**Definitions**", with a cumulative fill area of less than one acre shall be permitted in any county zone other than ~~(F)~~ Floodway, subject to the following requirements:
1. Fill areas shall be a minimum of **fifty (50)** feet from any development or subdivision boundary and **ten (10)** feet from any interior lot boundary.
 2. Fill areas shall not occur in any natural drainage ways unless drainage pipe is installed which shall prevent drainage from passing into or through fill areas.
 3. Fill areas shall not occur within **one hundred (100)** feet of the edge of any sinkhole, or cave system.
 4. Fill areas shall not occur within the **one hundred (100)** year floodplain of any stream as determined by the Flood Hazard Boundary Maps for Knox County. The small streams provision of the ~~Flood Damage Prevention Resolution~~ **Flood Damage Prevention Resolution** shall be used on any perennial stream which is not identified by the Flood Hazard Boundary Map.
 5. Statement of the type of demolition material to be landfilled shall be shown on site plan.
 6. Evidence of review and approval of the proposal by the Knox County Health Department shall be filed with Knox County Code Administration Department prior to issuance of permit.
 7. Plan for closing facility shall be included with the application.
 8. Upon final closure of any demolition landfill, a subdivision plat must be recorded which accurately shows all fill locations.
 9. Any commercial or industrial use not consistent with or related to a demolition landfill that is proposed to be operated simultaneously on the demolition landfill site shall be considered on ~~Use-on-~~**Review**.

10. Meeting all requirements of the Tennessee Department of Health and Environment for the appropriate class of solid waste landfill.
 11. Final grades of borrow or fill areas shall not be greater than a **three (3)** to **one (1)** slope.
- B. Demolition ~~Landfill~~ ~~Operations~~ which propose to accept off-site generated waste materials may petition the Knoxville/Knox County Metropolitan Planning Commission for Use-on-Review approval within the A, ~~Agriculture~~ **Agricultural**, CB, Business and Manufacturing, LI, Light Industrial, and I, Industrial zones. MPC approval shall be based on compliance with the following standards:
1. The site shall have direct access to a collector or arterial street or shall be situated in such proximity to a collector or arterial street that no significant additional hazard to the public safety is created nor harm to **any** adjacent residential area. The following guidelines, though not all inclusive, shall be considered in making this determination:
 - a. The amount and type of traffic and use of the street necessary for access to the collector or arterial street from the site.
 - b. The difference in the effect which the use of the site would have on the property owners adjacent to the street used to gain access to the collector or arterial street as opposed to the effect that would normally be anticipated from the location of the site directly on the collector or arterial street.
 - c. The sufficiency of the road physically to bear the normal carriers of demolition landfill material.
 2. Submittal of a site plan prepared by a registered engineer showing:
 - a. General location and zoning of site and surrounding property.

- b. Survey information of site showing property lines and street frontage prepared by a licensed land surveyor.
 - c. Proposed fill area with internal access system capable of accommodating two-way traffic.
 - d. Staging and discharge areas for inspection of loads, removal and storage of unacceptable items. This portion of the operation shall not occur within ~~100~~ **one hundred** feet of the property lines when adjoining an RA, **Low Density Residential**, RB, **General Residential**, or PR, **Planned Residential**, Zone. In no case shall this portion of the operation occur within **fifty (50)** feet of the property lines.
 - e. Accessory structures located on site.
 - f. Existing topography, vegetation and drainage network, including streams, sinkholes, and wetlands with plans for protection of streams, sinkholes and wetlands.
 - g. Name, address and 24-hour phone number of a responsible person and/or business to operate facility.
 - h. Method of providing 24-hour secured access control to site to prevent unauthorized dumping and access by unauthorized citizens.
3. A plan for removal of unacceptable material. These materials shall be stored in containers. Each full container shall be removed on a daily basis. All materials which are defined as hazardous waste shall be removed from the site daily and disposed of at a facility properly permitted to accept such material.
 4. Statement of the type wastes to be landfilled and the hours of operation. Excessive hours and days of operation shall not be allowed.
 5. Method of ground water monitoring shall be shown where wells are located within **five hundred (500)** feet of the site.
 6. Fill areas shall be **one hundred (100)** feet from all property lines, edges of sinkholes or cave systems. Borrow areas, where fill material is obtained or cover material is stored, shall be **fifty (50)** feet from all property lines. This **fifty (50)** foot yard and all other required yards along property lines shall be maintained with their natural, undisturbed vegetation. The

- Planning Commission may require the installation of additional vegetation depending on the proposed scope and projected longevity of the project to create a suitable visual screen.
7. Evidence of review and approval of proposal by the Knox County Health Department and the Tennessee Division of Solid Waste Management.
 8. Plan for cover and final closure of the facility. The site shall be covered at least once every **fourteen (14)** days.
 9. Upon final closure of any demolition landfill, a subdivision plat must be recorded which accurately shows all fill locations.
 10. Posting of a guarantee or bond with the State of Tennessee Department of Health and Environment or with Knox County if not required by the State equal to **five thousand (5,000) dollars** per acre involved in the demolition landfill site to ensure closure compliance.
 11. Any commercial or industrial use not consistent with or related to a demolition landfill that is proposed to be operated simultaneously on site with a demolition landfill shall be considered on ~~Use-on-Review~~.
 12. A plan for buffering fill area from property lines by **six(6)-foot-high evergreen vegetation placed ten (10) feet apart or seven(7)-foot-high opaque fencing or seven(7)-foot-high berm** shall be provided if the existing vegetation is inadequate to provide a visual screen into the fill area.
 13. Meeting all requirements of the Tennessee Department of Health and Environment for the appropriate class of solid waste landfill.
 14. Fill areas shall not occur within the **one hundred (100)** year floodplain of any stream as determined by the Flood Hazard Boundary maps for Knox County. The small streams provision of the ~~Flood Damage Prevention Resolution~~ **Flood Damage Prevention Resolution** shall be used on any perennial stream which is not identified by the Flood Hazard Boundary Map.
 15. Submission of an environmental assessment which will sample soils and ground water for contaminants and provide baseline information for future assessments by an independent and qualified firm. No approval can be given for a site that requires remediation or removal of wastes until such time as same has been completed.

16. Final grades of borrow or fill areas shall not be greater than a **three (3)** to **one (1)** slope.

4.81 REQUIREMENTS FOR THE LOCATION AND DEVELOPMENT OF METHADONE TREATMENT CLINICS OR FACILITIES AS USES PERMITTED ON REVIEW IN THE OA, OFFICE PARK, AND OB, OFFICE, MEDICAL AND RELATED SERVICES, ZONES

This section prescribes the conditions under which methadone treatment clinics or facilities may be permitted as uses permitted on review in the OA, **Office Park**, and OB, **Office, Medical, and Related Services**, zones.

4.81.01 Minimum Requirements

- A. The approval by the Planning Commission of a methadone treatment clinic or facility shall be contingent upon the receipt of the appropriate license and certificate of need by the Tennessee Department of Health.
- B. Applicants seeking approval of a methadone treatment facility shall provide written documentation that the Knox County Sheriff's Department has been notified in writing regarding the facility's proposed location, hours of operation, programs and treatment methods offered, and staffing levels and qualifications. This same information shall be made available to the Planning Commission as part of the ~~u~~**Use-on-R**review application.
- C. The clinic or facility shall not be located within one thousand (1000) feet of any school, day care facility, park, church, residential use, pharmacy, or similar facility that sells or dispenses either prescription drugs or over the counter drugs, as measured from property line to property line.
- D. The clinic or facility shall not be located within one thousand (1000) feet of any establishment that sells alcoholic beverages, for either on- or off-premise consumption, measured from property line to property line.
- E. The facility shall be located on and have access to an arterial street as shown on the ~~Knox County Major Road Plan~~ **Major Road Plan for Knoxville & Knox County, Tennessee**.

- F. In reviewing each application, the Planning Commission may establish additional requirements or conditions of approval to further reduce the impact such a facility may have on surrounding properties.

4.82 REQUIREMENTS FOR THE LOCATION AND OPERATION OF PAIN MANAGEMENT CLINICS AS USES PERMITTED ON REVIEW

This section prescribes the locations and conditions under which pain management clinics may be operated as uses permitted on review in specified zone districts.

4.82.01 Minimum Requirements:

- A. Definition. For the purposes of this ordinance, a pain management clinic means a privately-owned facility in compliance with the requirements of TCA § 63-1-302 through § 63-1-311 in which a medical doctor, an osteopathic physician, an advanced practice nurse, and/or a physician assistant provides pain management services to patients, a majority of whom are issued a prescription for, or are dispensed, opioids, benzodiazepine, barbiturates, or carisoprodol, but not including suboxone, for more than ninety (90) days in a twelve-month period.
- B. This section does not apply to the following facilities as described at TCA § 63-1-302:
 - 1. A medical or dental school, an osteopathic medical school, a physician assistant program or an outpatient clinic associated with any of the foregoing schools or programs;
 - 2. A hospital as defined in TCA § 68-11-201, including any outpatient facility or clinic of a hospital;
 - 3. Hospice services as defined in TCA § 68-11-201;
 - 4. A nursing home as defined in TCA § 68-11-201;
 - 5. A facility maintained or operated by the State of Tennessee;
 - or
 - 6. A hospital or clinic maintained or operated by the federal government.
- C. Certification. Said facility shall maintain in good standing a certificate in compliance with TCA § 63-1-306 through § 63-1-309.
- D. Receipts. A pain management clinic, in conformity with TCA § 63-1-310 may accept only a check, credit card or money order in payment for services provided at the clinic, except that a payment

may be made in cash for a co-pay, coinsurance or deductible when the remainder of the charge for services is submitted to the patient's insurance plan for reimbursement.

- E. Off-Street Parking and Vehicular Operation. Off-street parking shall be provided for the facility at a rate of five (5) spaces per thousand square feet of clinic floor area and the clinic shall assure that all cuing of vehicles takes place on site and not in the public right-of-way.
- F. Location. The clinic shall not be located within one thousand (1,000) feet, as measured from property line to property line, of any school, day care facility, park, church, residential use, pharmacy or similar facility that sells or dispenses either prescription drugs or over the counter drugs; except that the Planning Commission may reduce this distance upon finding that such reduction of the distance is not detrimental to the health, safety and welfare of the citizens of the area.
- G. Access. The clinic shall be located on property that is adjacent to and has access to an arterial street as shown on the ~~Knoxville-Knox County Major Road Plan~~ **Major Road Plan for Knoxville & Knox County, Tennessee.** *(Correct name and consistent format for referenced document titles).*
- H. In reviewing each application, the Planning Commission may establish additional requirements or conditions of approval to further reduce the impact such facility may have on surrounding properties.

4.90 HOME OCCUPATIONS

This section defines home occupations and prescribes the conditions under which such occupations may be permitted. Knox County Department of Code Administration shall approve all home occupations prior to initiation of such activity.

4.90.01 Minimum Requirements :

Home occupation is a gainful occupation conducted in a dwelling unit and complying with the following:

- A. No person other than household members residing on the premises shall be engaged in such occupation.
- B. Not more than twenty-five **(25)** percent of the floor area of the dwelling unit shall be used in the conduct of the home occupation.
- C. There shall be no change in the outside appearance of the building or premises, nor outdoor storage of anything other than vehicles, or other visible evidence of the conduct of such home occupation with the exception of signs as permitted in Section 3.90, **“Signs, Billboards, and Other Advertising Structures”**.
- D. No home occupation shall be conducted in any accessory building.
- E. There shall be no sales in connection with such home occupation other than sales of services or sales of products produced on the premises.
- F. No traffic shall be generated by such home occupation in greater volumes than would normally be expected in a residential neighborhood, and any need for parking generated by the conduct of such home occupation shall be off the street and other than in a required front yard.
- G. No equipment or process shall be used in such home occupation that increases noise, vibration, glare, fumes, odors, or electrical interference detectable to the normal senses off the lot, if the

occupation is conducted in a house or attached house, or outside the dwelling unit if conducted in other than a house or attached house.

- H. No equipment or process shall be used which creates visual or audible interference in any radio or television receivers off the premises, or causes electrical fluctuations in the line voltage off the premises.

4.90.02 Permitted Home Occupations :

The following occupations, subject to the requirements of the above section, may be permitted as home occupations. :

- A. Artist, sculptor, author, craftsperson.
- B. Barber shop and beauty shop, limited to one barber's or beautician's station.
- C. Dressmaker, milliner, seamstress, tailor, interior decorator.
- D. Office of a lawyer, engineer, architect, accountant, broker or manufacturer's representative.
- E. Teaching, including tutoring, musical instruction or dancing, but limited to one pupil per teacher at any given time.
- F. Computer programming and word processing.
- G. Telephone answering service.
- H. Cooking and preserving.
- I. Contractor, subject to permitting by Knox County Codes Administration and Enforcement.
- J. Any other similar use, which the Planning Commission deems to be a home occupation.

4.91 REQUIREMENTS FOR CHILD DAY CARE CENTERS AND GROUP DAYCARE DAY CARE HOMES, WHEN CONSIDERED AS USES PERMITTED ON REVIEW

This section prescribes conditions under which child day care facilities and group day care homes, when considered as uses permitted on review, may be permitted.

4.91.01 Minimum Requirements

- A. The total lot area shall not be less than **ten thousand (10,000)** square feet.
- B. The building must provide **thirty (30)** square feet per child of usable indoor play space, not including halls, kitchen, or office space.
- C. A fenced play area of not less than **two thousand five hundred (2,500)** square feet for the first **twenty (20)** children shall be provided. For every additional child, an additional **one hundred (100)** square feet shall be provided. No portion of the fenced play area shall be closer than **thirty-five (35)** feet to any public right-of-way. The minimum height of the fence shall be **four (4)** feet.
- D. Off-street parking, as regulated in **Article Section 3.50, "Off-Street Parking Requirements"**. In addition, parking and loading areas shall be designed for safe off-street loading and unloading of children, as well as safe and convenient ingress and egress to and from the property. The off-street parking and circulation plan shall be designed to meet the requirements of the Department of Engineering and Public Works.
- E. When child day care centers are proposed in commercial or industrial areas, the Planning Commission shall consider the nature of the surrounding land use and zoning pattern with regard to traffic, noise, pollution, or other hazards that could endanger the health, safety, and welfare of the children.
- F. The Planning Commission shall consider the above requirements and other information about the site including the functional street

classification of the street accessing the site, and the character of surrounding development in determining whether to deny or approve a request. Any approval shall state the maximum number of children to be kept at the facility.

4.92 STANDARDS FOR COMMERCIAL TELECOMMUNICATIONS FACILITIES

This section establishes guidance for the siting and general appearance of commercial telecommunications facilities. The purpose of these regulations is to enable telecommunications providers to furnish comprehensive and efficient wireless communications service to the community, while minimizing the adverse impacts their facilities may have on neighboring properties. These regulations are also designed to assure safety; ensure compatibility with adjacent land uses; protect revitalization and redevelopment areas, historic districts and other like areas of considerable County investment; avoid adverse visual impacts to the County landscape; and discourage unnecessary proliferation of wireless facilities.

4.92.01 Statement of Preferred Locations

It is the expressed intent of this section that the construction of new communications towers be an option of last resort. To the extent feasible, collocation of antennae on existing towers and their attachment to building rooftops and other suitable structures should first be sought. However, where new tower construction is found absolutely necessary, compatible design measures, such as monopole towers at reduced heights, camouflaging techniques, and screening should be instituted to minimize detrimental effects on the community.

To further these goals, the following telecommunications uses may be approved administratively by the Director of the Department of Code Administration and Inspection when all applicable development standards are met:

Antennas located on existing structures, including existing telecommunications towers, so long as the antenna complies with all applicable FCC Federal Communications Commission and FAA Federal Aviation Authority regulations, and does not extend more than thirty (30) feet above the highest point of the structure. Such antennas and any other telecommunications installation not requiring Use-on-Review approval shall be reviewed by the MPC staff, with findings being forwarded to the Director of Code Administration and Inspection regarding compliance with this Ordinance. The MPC staff shall complete its review

of any such application within three (3) business days of its receipt of the application.

4.92.02 Development Standards

1A. ~~Co-Location~~ Collocation Requirements

The following regulations regarding ~~co-location~~ **collocation** of antennae shall apply:

- a1.** A new commercial telecommunications tower proposed for construction must accommodate a minimum of two antenna arrays if the tower is less than **one hundred thirty (130)** feet in height, and at least three antenna arrays if the tower is **one hundred thirty (130)** feet in height or greater.
- b2.** Applicants requesting a building permit or ~~Use-on-Review~~ approval for a new tower shall simultaneously file a letter of intent committing the tower owner and his/her successors to allow the shared use of the tower if an additional user agrees in writing to meet reasonable terms and conditions for shared use. However, this section shall not obligate the owner of an existing tower to ~~co-locate~~ **collocate** additional **antennas** on such tower, nor is it intended to limit the rights of parties to set rent or establish other terms and conditions for the shared use of a telecommunications tower or other structure.
- c3.** Applications for a building permit or ~~Use-on-Review~~ approval for a new tower shall include maps of the intended coverage area, the corresponding search radius for tower sites, and existing facilities within that search radius. Existing facilities shall include towers, buildings, and other structures of such height as to meet the engineering needs of the applicant. The applicant shall also provide written evidence that location on an existing structure is not feasible due to at least one of the following reasons:
 - (1a)** No suitable facilities exist that would allow service to be provided to the proposed coverage area.

- ~~(2b)~~ The planned equipment would exceed the capacity of existing and approved structures, considering existing and planned use of those structures. Applicants citing this reason shall provide certification by a licensed engineer qualified in the design and installation of wireless communications facilities.
 - ~~(3c)~~ The planned equipment would result in technical or physical interference with or from other existing or planned equipment, or would result in a violation of standards promulgated by the Federal Communications Commission.
 - ~~(4d)~~ Other reasons that make it impracticable to ~~co-locate~~ **collocate** the proposed antenna(e) on an existing facility, including, but not limited to, a failure to reach agreement with the owner of an existing facility on a rental amount or other material terms of a lease, after negotiating in good faith for a period of at least sixty (60) days. Said negotiation period shall commence on the date that the applicant submits his first written inquiry about ~~co-location~~ **collocation** to the owner of the existing facility.
 - ~~(5)~~ **(e)** Letters from owners of existing facilities or other evidence of good faith attempts to negotiate with said owners may be submitted to satisfy the certification requirements of 4.92.02 Part ~~1.e(4)~~ **(A)(3)(d)** of this ~~Section~~ **Section**. The submission of an affidavit by the applicant stating that the applicant and the owner of the existing facility have been unable to reach agreement during said sixty (60) day period, and stating the reasons they were unable to agree, shall be deemed sufficient written evidence to establish good faith negotiations as contemplated herein.
- ~~d4.~~ If the applicant is not a licensed provider of commercial telecommunications services, the application shall, in addition to meeting all the other requirements of this section, include at least one **(1)** letter from such a licensed provider indicating intent to locate on the proposed tower. The maps and written evidence required in 4.92.02 Part ~~1.e.~~ **(A)(3)** of

this ~~S~~section shall be based on the needs of the licensed provider(s) who furnishes said letter of intent.

- e5.** Plans and drawings submitted as part of a ~~U~~~~se-on-~~~~R~~Review application for a new tower site shall be certified by a licensed, professional engineer, or architect.
- f6.** The professional planning staff of the Metropolitan Planning Commission shall refer technical engineering aspects of the administration and enforcement of this section to a registered professional engineer qualified in the design and installation of wireless communications facilities to provide advice and assistance. Any ~~U~~~~se-on-~~~~R~~Review application for a new communications tower of sixty feet or more feet in height shall, at the discretion of the professional planning staff of the Metropolitan Planning Commission, be referred to the engineering consultant for review and report. Any reasonable costs not to exceed ~~One Thousand Five Hundred and No/100~~ **fifteen hundred D**dollars (\$1,500) incurred for the engineering consultant's review and recommendation shall be reimbursed by the applicant to the Metropolitan Planning Commission.

All such applications shall, in addition to any fee charged for the ~~U~~~~se-on-~~~~R~~Review application, include an escrow fee in the amount of five hundred dollars (\$500). Within thirty (30) days after a ~~U~~~~se-on-~~~~R~~Review determination has been made, the Metropolitan Planning Commission shall reimburse the applicant for any excess escrow amount or, where the escrow does not cover the full costs of the engineering consultant's review and report, the applicant shall reimburse the Metropolitan Planning Commission for the shortage before the Director of Code Administration and Inspection acts on a permit application. In no event shall an applicant be obligated to reimburse the Metropolitan Planning Commission more than fifteen hundred dollars (\$1,500) per application for the same proposal.

2B. Setbacks

- a1.** Except as otherwise noted in this section, all towers shall be set back from any ~~D~~~~welling~~ ~~U~~~~nit~~ located on all properties zoned A, **Agricultural**, E, **Estates**, RA, **Low Density**

Residential, RAE, **Exclusive Residential**, RB, **General Residential**, PR, **Planned Residential**, or TC, **Town Center**, any Dwelling Unit located on all properties with an HZ, **Historical Overlay Zone**, and any Dwelling Unit located on any residentially or agriculturally zoned property within the Town of Farragut or the City of Knoxville, a minimum distance equal to **one hundred ten (110) percent (110%)** of the height of the tower, or the minimum principal use setbacks of the zoning district in which the tower is located, whichever is greater. Guy wires for towers, and above ground supports for guy wires, shall be set back from side and rear property lines a minimum of ten (10) feet. No guy wire shall be located in a required front yard.

b2. The following setbacks shall apply to towers located on the site of a substation owned or leased by an electric utility company or district:

(4a) Towers located outside the existing security fence shall be set back consistent with the requirements of paragraph ~~2.a.~~ **(B)(1)** above.

(2b) Towers located within the existing security fence are not required to comply with the setbacks set forth in this Ordinance.

e3. Upon notarized written agreement between the commercial telecommunications tower applicant and all of the property owner(s) whose property lines fall within the setback specified under either ~~2.a.~~ **(B)(1)** or ~~2.b.~~ **(B)(2)** of this section, the minimum setback may be reduced to the principal use setback in the zoning district in which the tower is located, if approved by the Metropolitan Planning Commission as part of the ~~Use-~~**on-Review** application for the new tower.

d4. Setback requirements may be modified by the Board of Zoning Appeals (~~BZA~~), consistent with the requirements for the granting of a variance listed in Article 6, Section 6.60, **“Board of Zoning Appeals”**, of these regulations.

e5. If a tower is torn down and a replacement tower constructed, the replacement tower may be constructed at any place on the parcel, so long as it meets the setback requirements in effect at the time the original tower was constructed;

provided, however, if construction of such tower on the relevant parcel requires approval as a Use-on-Review, the replacement tower shall be permitted, so long as it is constructed within **two hundred (200)** feet of the original tower site.

3C. Height

- a1.** The height of a tower shall not be calculated to include any antennae erected in compliance with the applicable building regulations.
- b2.** An existing tower may be modified or rebuilt to a taller height, not to exceed thirty (30) feet over the tower's existing height, to accommodate the ~~co-location~~ **collocation** of an additional antenna or similar transmission equipment. No additional setbacks shall be required. This height change shall be permitted only one time per tower. However, if the proposed modification or replacement would cause the tower's height to equal or exceed **two hundred (200)** feet, it shall not be constructed without the approval of the Planning Commission as a Use-on-Review, except when the construction of such towers is a permitted use pursuant to this Ordinance.

4D. Landscaping

~~The following landscaping standards shall apply:~~

- a1.** For all towers, at least one row of evergreen trees or shrubs capable of forming a continuous hedge at least five feet in height and screening the base of the tower from public view within two years of planting shall be planted and maintained in healthy condition. A break in the hedge, not to exceed **twelve (12)** feet in width, shall be allowed for access for maintenance personnel and vehicles.
- b2.** New or existing vegetation, earth berms, existing topographic features, walls, fences, building and features other than those described above may be used to meet the requirements of these regulations if the code administrator

finds that they achieve the same degree of screening as ~~4.a (D)(1)~~.

~~3.~~ No screening shall be required if the base of the tower is not visible from adjoining property or is not otherwise visible from a dedicated public ~~right-of-way~~, **right-of-way** or if waiver of this requirement is necessary for the continued operation of agricultural or forestry uses.

~~4.~~ No screening shall be required when this screening is explicitly prohibited by Federal Communications Commission regulations.

~~5.~~ Any required new vegetation shall be in place within **thirty (30)** days of the completion of the installation of any tower and its appurtenances, except that this deadline shall be extended by the codes administrator if necessary to delay planting to the next planting season.

~~5E.~~ Security Fencing

The base of the tower, including any accessory structures, shall be enclosed by a minimum ~~6-ft.~~ **six (6) foot** high chain link fence. Any landscaping, as required under section 4.92.02, paragraph ~~4.(D)~~, shall be installed outside the fenced enclosure.

~~6F.~~ Exceptions

~~a~~A commercial telecommunications tower legally existing as of September 28, 1995 may be rebuilt on the same site without compliance with the height and setback requirements of this ~~S~~section.

4.92.03. Removal of Abandoned Towers

~~The following regulations shall apply to ensure the removal of abandoned towers:~~

~~1A.~~ The owner of any telecommunications tower shall provide written notification to the Director of the Department of Code Administration and Inspection within thirty (30) days of the occurrence of either or both of the following:

- a1. The tower has changed ownership.
- b2. Use of all telecommunications **antennas** on the tower has ceased.

2B. All towers permitted under the requirements of these regulations that are not operated for telecommunications purposes for a continuous twelve (12) month period shall be considered abandoned, and the owner of such tower shall remove same within **ninety (90)** days of receiving notice from the Director of the Department of Code Administration and Inspection. Failure to do so shall be deemed a violation of these regulations. The owner of the tower may appeal the decision of the Director of the Department of Code Administration and Inspection to the Board of Zoning Appeals. At such hearing the owner shall be required to show just cause why the tower should not be considered abandoned and subject to removal.

3C. At the time a request for a building permit is made, the applicant shall provide proof of the establishment of a financially secured and legally enforceable method of removing a telecommunications tower when it ceases to be used for a period of twelve (12) months. This may be in the form of a bond, a letter of credit or some other financial arrangement approved by the County Finance Director for financial adequacy and the County Law Director for legal enforceability. Such bond or other approved financial surety shall be maintained by the owner of the tower so long as the tower exists.

4.93 STANDARDS FOR SELF-SERVICE STORAGE FACILITIES

In addition to the requirements set forth in Article 5, "**Zone Regulations**", of the ~~Knox County Zoning Ordinance~~ **Zoning Ordinance for Knox County, Tennessee**, the following regulations shall apply to self-service storage facilities:

4.93.01 Minimum Requirements

- A. Access to the site shall be from a street identified as a major collector or arterial on the ~~Knox County Major Thoroughfare Plan~~ **Major Road Plan for Knoxville & Knox County, Tennessee**.
- B. Off-street parking, access and driveways must be provided as regulated in Article ~~4 3~~, "**General Provisions**". In addition, a minimum ~~26 ft.~~ **twenty-six (26) foot** parking/driveway lane shall be provided adjacent to all buildings when the buildings open only to one side of the lane and a minimum ~~30 ft.~~ **thirty (30) foot lane** when the buildings open to both sides of the lane. All parking/driveway lanes shall be paved.
- C. Maximum size for each individual storage unit shall be **six hundred (600)** square feet.
- D. Total lot area shall be not less than **two (2)** acres.
- E. All outdoor lights shall be shielded to direct light and glare only onto the self-service storage premises and may be of sufficient intensity to discourage vandalism and theft. Said lighting and glare shall be deflected, shaded, and focused away from all adjoining property.
- F. A minimum six (6) foot high opaque fence shall be provided and set back a minimum five (5) feet from any side or rear property line when the self-service storage facility site abuts a residential zone. The area between the property line and the opaque fence shall be landscaped with evergreen and/or deciduous plant material and suitable ground cover, such as grass, bark, ornamental gravel, or a combination thereof. In addition, in all cases landscaping shall be placed in the required front yard of the self-service storage facility.

- G. Any proposed outdoor storage areas shall be shown on a site plan for the facility. Outside storage of any materials will be governed by the specific requirements of the zone in which the facility is located. In no case shall parking areas or driveways be used for storage.

- H.** The following uses shall be prohibited on a self-service storage facility site:
 - 1. The operation of power tools, spray painting equipment, table saws, lathes, compressors, welding equipment, kilns or other similar equipment, except for purposes of construction and repair of the self-service storage facility.
 - 2. Any use that is noxious or offensive because of odors, dust, fumes, or vibrations.
 - 3. The storage of hazardous materials.

4.94 REQUIREMENTS FOR SPORTS PLAYING FIELDS

The following property standards shall apply when considering a sports playing field as a use permitted on review.

4.94.01 Minimum Requirements

- A. Multiple play fields shall be arranged in an orderly manner, where possible, and adequate spacing shall be provided between fields so as to avoid conflicts or dangerous conditions during simultaneous activities. Other arrangements may be approved where topographical constraints are evident.
- B. Main buildings or accessory structures must be directly associated with the primary use and must conform to the criteria set forth in this resolution. Concessions may be permitted in a ~~non-profit~~ **nonprofit** status in ~~districts~~ **zones** where commercial uses are not permitted and may provide service only during scheduled events.
- C. A peripheral boundary of not less than fifty **(50)** feet is required for sports playing fields, equipment, off-~~road~~ **street** parking, and accessory structures when the site abuts a residential ~~district~~ **zone** or a ~~district~~ **zone** permitting residential uses. The periphery is to be left as a natural buffer or landscaping may be required to provide a buffer. The Planning Commission may reduce this setback but not to less than that required of the zoning district.
- D. Off-street parking requirements shall be determined by the Planning Commission during the ~~Use-on-~~ **Review** process.
- E. The total lot area of the development shall not be less than that required to conform to criteria as set forth in this resolution.
- F. The site shall have suitable access to a street or roadway so that no significant hazard to the public safety is created nor harm to adjacent residential areas is a result.
- G. Where sports playing fields are already established in the county, plans for expansion or improvements to any structures or open areas

intended for use as, or associated with, a sports playing field shall be submitted to the Planning Commission for approval. Open areas where field sports may occur in an unorganized or impromptu manner, where no new improvements are necessary for these activities to occur, are exempt from these provisions.

4.95 STANDARDS FOR THE USE-ON-REVIEW APPROVAL OF SOLID WASTE PROCESSING FACILITIES

Solid waste processing facilities are permitted as uses on review in the I (Industrial) Zone. These facilities are subject to the requirements of Sections 4.10.1114 through 4.10.1619, (~~Development Standards for Uses Permitted on review~~) **“Development Standards for Uses Permitted on Review”**, and 6.50, (~~Procedure for Authorizing Uses Permitted on Review~~) **“Procedure for Authorizing Uses Permitted on Review”**. These facilities are also subject to the following standards and requirements:

4.95.01 Minimum Requirements

- A. The site for a solid waste processing facility shall be located on an arterial street, as defined by the ~~Major Road Plan~~ **Major Road Plan for Knoxville & Knox County, Tennessee**, or on a major collector street, as defined by the ~~Major Road Plan~~ **Major Road Plan for Knoxville & Knox County, Tennessee**, that has acceptable, direct access to an arterial street.
- B. A ~~Use-on-Review~~ application for a solid waste processing facility shall include the following:
 1. A scaled site plan, prepared by a registered engineer, that shows the following information:
 - a. Storage areas for materials before and after they are processed.
 - b. Location of all structures on the site.
 - c. Vehicular and pedestrian circulation, including points of access to the site, loading and unloading areas, and areas for employee and customer parking.
 - d. Proposed landscaping and buffer areas.
 - e. Existing topography, vegetation and drainage network, including streams, sinkholes and wetlands.
 2. A plan of operations that includes the following information:

- a. A detailed description of the types of materials that will be processed on the site and how these materials will be processed.
 - b. A description of the procedures needed to minimize any noise, litter, lighting, or odors created by the proposed facility that may have an adverse impact on nearby properties.
 - c. A description of the method for providing 24-hour secured access control to the site and a statement of the hours of operation.
 - d. A description of the methods for the protection from adverse impact of any streams, sinkholes and wetlands, as identified on the site.
- C. A solid waste processing facility shall also comply with the following requirements:
1. No structure or area where solid waste materials are to be processed or stored shall be located closer than **one hundred (100)** feet to the boundary of the proposed site. Within this setback, a landscape buffer shall be required where the proposed solid waste facility shares a common boundary with property zoned residential or agricultural. The landscape buffer shall be a minimum six-foot **(6)** high, continuous evergreen screen. The landscape buffer may be waived or reduced by the Planning Commission if they find that the screening is not needed.
 2. A fence shall enclose each site at its external boundaries. This fence shall be a minimum of **six (6)** feet in height. The fence may be located inside the property line to accommodate any required landscape screening.
 3. All access roads and parking areas are to be constructed so as to be accessible in all weather conditions.
 4. Except for composting facilities utilizing landscaping and land clearing wastes only, all waste handling, (including loading and unloading), at the facility shall be conducted on paved surfaces.

5. No storage of solid waste materials will be permitted except in containers, bins, lined pits or on paved surfaces designated for such storage.
6. Prior to the issuance of building permits, the site plan and plan of operations for the proposed solid waste processing facility shall be reviewed and approved by the Knox County Health Department, Tennessee Department of Environment and Conservation, Knox County ~~Air Pollution Control~~ **Air Quality Management** Department, and Knox County Solid Waste Division, consistent with their application and permitting procedures and regulations.

4.96 STANDARDS FOR THE USE-ON-REVIEW APPROVAL OF COMMERCIAL MULCHING OPERATIONS

Commercial mulching operations are permitted as uses on review in the ~~A (Agricultural) Zone and CA (General Business) Zone~~ **A, Agricultural, Zone and CA, General Business, Zone**. These operations are subject to the requirements of Sections ~~4.10.1414 through 4.10.1619, (Development Standards for Uses Permitted on Review)~~ **“Development Standards for Uses Permitted on Review”**, and ~~6.50 (Procedures for Authorizing Uses Permitted on Review)~~ **“Procedures for Authorizing Uses Permitted on Review”**. These facilities are also subject to the following standards and requirements:

4.96.01 Minimum Requirements

- A. The site for a commercial mulching operation shall be located on an arterial street, as defined by the ~~Major Road Plan~~ **Major Road Plan for Knoxville & Knox County, Tennessee**, or on a major collector street, as defined by the ~~Major Road Plan~~ **Major Road Plan for Knoxville & Knox County, Tennessee**, that has acceptable, direct access to an arterial street.
- B. A ~~Use-on-Review~~ application, or building permit application, for a commercial mulching operation shall include the following:
 1. A scaled site plan that shows the following information:
 - a. Storage areas for materials before and after they are processed.
 - b. Location of all permanent structures on the site.
 - c. Vehicular and pedestrian circulation, including points of access to the site, loading and unloading areas, and areas for employee and customer parking.
 - d. Proposed landscaping and buffer areas.
 2. A description of the procedures needed to minimize any noise, litter, lighting, or odors created by the proposed operation that may have an adverse impact on nearby properties.

- C. A commercial mulching operation shall also comply with the following requirements:
1. No structure or area where mulch materials are to be processed or stored shall be located closer than **fifty (50)** feet to the boundary of the proposed site. Within this setback, a landscape buffer shall be required where the proposed commercial mulching operation shares a common boundary with property zoned residential or agricultural. The landscape buffer shall be a minimum six-foot **(6)** high, continuous evergreen screen. The landscape buffer may be waived or reduced by the Planning Commission, or by the Director of Code Administration and Enforcement, if they find that the screening is not needed.
 2. All access roads and parking areas are to be constructed so as to be accessible in all weather conditions.
 3. Prior to the issuance of building permits, the plan for the proposed commercial mulching operation shall be reviewed and approved by the Knox County Health Department and the Knox County Solid Waste Division, consistent with their application and permitting procedures.

4.97 STANDARDS FOR THE APPROVAL OF INDOOR AND OUTDOOR PAINTBALL RANGES

Indoor paintball ranges are permitted uses in the CA, (General Business), CB, (Business & Manufacturing), and I, (Industrial,) zones, and subject to the requirements of Section 4.97.01 (C.) below. Outdoor paintball ranges are permitted as uses on review in the A, (Agricultural), CB, (Business and Manufacturing), and I, (Industrial) Zones, and subject to the requirements of Sections 4.10.1414 through 4.10.1619, (“Development Standards for Uses Permitted on Review”), and 6.50, (“Procedures for Authorizing Uses Permitted on Review”). Outdoor paintball ranges are also subject to the standards and requirements of Sections 4.97.01 (A.) and (B.) below.

4.97.01 Minimum Requirements

- A. A ~~Use-on-Review~~ application for an outdoor paintball range shall include the following:
1. A site plan drawn to scale that shows the following information:
 - a. Location of any permanent structures on the site and designation of areas for playing, staging, tune-up, and spectators.
 - b. Vehicular and pedestrian circulation, including points of access to the site, loading and unloading areas, and areas for employee and customer parking.
 - c. Proposed landscaping and buffer areas.
 - d. Location and description of signs used for directing participants, employees and spectators for the protection of their safety and welfare.
 2. A plan of operations which shall specify the following:
 - a. Days and hours of operation.
 - b. Procedures needed for the safety and protection of participants, employees and spectators, including a description of any safety equipment that will be required to be worn by participants, employees and spectators.

- c. Procedures needed to minimize any noise, litter, lighting, traffic, or other forms of pollution created by the proposed operation that may have an adverse impact on the proposed paintball range, as well as surrounding properties. This shall include the proper storage, maintenance and use of CO2 and other compressed air fuel stations based on standards adopted by the Tennessee Department of Transportation.
 - d. Number of employees per workday shift which shall be a minimum of one (1) employee for every fifteen (15) participants.
 - e. Description of the type of paintball guns that will be allowed to be used on the paintball range.
 3. Prior to the issuance of any building permits, the site plan and plan of operations shall be reviewed and approved by the Knox County Sheriff's Department, the Knox County Health Department, and the Tennessee Department of Transportation.
- B. An outdoor paintball range shall also comply with the following requirements:
 1. No outdoor paintball range shall be located within **five hundred (500)** feet of an existing residential district, place of worship, school or day care facility. This distance shall be measured from the property line of the outdoor paintball range to the affected building or structure.
 2. No outdoor storage shall be allowed.
 3. Any outdoor public address system shall be limited to announcements regarding the beginning and ending of each paintball competition, as well as announcements related to the maintenance of on-site safety procedures and regulations.
 4. No outdoor lighting shall be allowed other than for building access, parking area and signs. Nighttime use of a paintball range may be permitted if in the opinion of the Planning Commission such use will not be disruptive to the

- surrounding area. In these cases, playing, staging, tune-up and spectator areas will be required to be lighted.
5. A minimum ~~200-ft.~~ **two hundred (200) foot.** buffer zone between the property line of the outdoor paintball range and the playing, staging, tune-up, and spectator areas shall be maintained.
 6. A ~~20 ft.~~ **twenty (20) foot** high, nylon mesh screen shall be installed to separate the playing, staging, tune-up and spectator areas from the ~~200-ft.~~ **two hundred (200) foot.** buffer zone. This screen shall be anchored at the bottom and secured by a non-stretchable cable at the top and bottom. Two such screens shall be installed a minimum of five **(5)** feet apart to separate the spectator area from the playing area.
 7. The minimum lot size for each outdoor paintball range shall be **ten (10)** acres.
- C. An indoor paintball range shall comply with the following requirements:
1. The minimum size for an indoor paintball range shall be **twenty-five thousand (25,000) sq.-ft square feet.**
 2. Prior to the issuance of any building permits, a plan of operations shall be submitted for review and approval to the Director of Codes Enforcement and Administration. The plan of operations shall also be submitted for review and approval to the Knox County Sheriff's department, the Knox County Health Department, and the Tennessee Department of Transportation. The plan shall include the following information:
 - a. An interior floor plan designating areas for playing, staging, tune-up, and spectators.
 - b. A description of signs used for directing participants, employees and spectators for the protection of their safety and welfare. The location of these signs shall be shown on the interior floor plan.
 - c. Days and hours of operations.
 - d. Procedures needed for the safety and protection of participants, employees and spectators, including a

description of any safety equipment that will be required to be worn by participants, employees and spectators.

- e. Procedures for the proper storage, maintenance and use of CO2 and other compressed air fuel stations based on standards adopted by the Tennessee Department of Transportation.
- f. Number of employees per workday shift which shall be a minimum of one (1) employee for every fifteen (15) participants.
- g. Description of the type of paintball guns that will be allowed to be used on the paintball range.

4.98 REQUIREMENTS FOR ADULT DAY CARE CENTERS, WHEN CONSIDERED AS USES PERMITTED ON REVIEW

This section prescribes conditions under which adult day care facilities, when considered as uses permitted on review, may be permitted.

4.98.01 Minimum Requirements

- A. The total lot area shall not be less than **ten thousand (10,000)** square feet.
- B. The building must provide **forty (40)** square feet per client of indoor activity space, not including bathrooms, storage areas, or office space.
- C. Off-street parking, as regulated in **Article Section 3.50, "Off-Street Parking Requirements"**. In addition, parking and loading areas shall be designed for safe off-street loading and unloading of clients, as well as safe and convenient ingress and egress to and from the property. The off-street parking and circulation plan shall be designed to meet the requirements of the Department of Engineering and Public Works.
- D. When an adult day care facility is proposed in commercial or industrial areas, the Planning Commission shall consider the nature of the surrounding land use and zoning pattern with regard to traffic, noise, pollution, or other hazards that could endanger the health, safety, and welfare of the clientele.
- E. The Planning Commission shall consider the above requirements and other information about the site including the functional street classification of the street accessing the site, and the character of surrounding development in determining whether to deny or approve a request. Any approval shall state the maximum number of clients to be kept at the facility.
- F. If applicable, the adult day care facility must be licensed by the State of Tennessee Department of Human Services.

4.99 REQUIREMENTS FOR CERTAIN AGRICULTURAL USES, WHEN CONSIDERED AS USES PERMITTED ON REVIEW IN CA, GENERAL BUSINESS, AND CB, BUSINESS AND MANUFACTURING, ZONES

This section prescribes conditions under which certain agricultural uses may be permitted as uses on review in the CA, **General Business**, and CB, **Business and Manufacturing**, zones.

4.99.01 Minimum Requirements:

- A. There shall be a minimum lot size of **twenty (20)** acres.
- B. There shall be a minimum setback of **one hundred (100)** feet when the use adjoins a residential, office or commercial zone.
- C. A landscape screen, or similar opaque screen, as may be approved by the Planning Commission, shall be provided along all side and rear property lines.
- D. Uses shall comply with the commercial performance standards of Article 4, Section 1, **“Performance Standards for Commercial and Industrial Uses”**, of the zoning ordinance.
- E. Uses shall comply with all applicable requirements of the Knox County Health Department.

4.100 RESIDENTIAL OCCUPANCY STANDARDS

4.100.01 General Standards

- A.** Residential dwelling units may be occupied by a family, a “functional family” consistent with the criteria established by this ordinance, or any one of the following groups or persons, where one or more of whom is not related by blood, marriage, adoption, or guardianship, including foster children:
- ~~(1.)~~ Two **(2)** ~~Unrelated~~ persons and any of their children by blood, marriage, guardianship, including foster children, or adoption;
 - ~~(2.)~~ Up to three **(3)** persons in the A, **Agricultural, E, Estates, RA, Low Density Residential, R-AE RAE, Exclusive Residential,** zone districts and in houses, attached houses, and duplexes within any RB, **General Residential, TC, Town Center,** or PR, **Planned Residential,** zone districts;
 - ~~(3.)~~ Up to four **(4)** persons in condominium multi-dwelling structures within any RB, **General Residential, TC, Town Center,** or PR, **Planned Residential,** zone districts and any other zone district that allows residential uses, according to the following schedule
 - a. Up to two **(2)** people in one **(1)** or two **(2)** bedroom dwelling units,
 - b. Up to three **(3)** people in a three **(3)** bedroom dwelling unit, and
 - c. Up to four **(4)** people in a four **(4)** or more bedroom dwelling unit; or
 - ~~(4.)~~ Up to five **(5)** persons in multi-dwelling structures or developments except condominium multi-dwelling structures) within the RB, TC or PR zone districts and any other zone district that allows residential uses.
- B.** Any nonconforming use created by the adoption of these standards which was a legal use at the time of adoption shall be permitted to continue through July 31, 2007. After which date, the use of such dwelling shall be in compliance herewith. Any use established prior to or subsequent to the adoption of these standards, which use did

violate and continues to violate the standards of this chapter, is illegal,
6.20, (“Enforcement”).

4.101 CRITERIA FOR FUNCTIONAL FAMILY DETERMINATION

4.101.01 A. A functional family may be up to five (5) persons, one or more of whom are unrelated by blood, marriage, adoption, or guardianship, including foster children, who are living as a household, (and any domestic employees thereof), in all zone districts allowing residential uses, and must meet the following criteria:

- 1. The occupants must share the entire dwelling unit. A dwelling unit in which the various occupants act as separate roomers cannot be deemed to be occupied by a functional family.
- 2. The household must have stability with respect to the purpose of this section. Evidence of stability includes the following:

(The following section was changed from bullet formatting to letter formatting.)

- a. Extended family or minor dependent children reside in the household, and school age children are enrolled in local schools and /or in compliance with compulsory education laws.
- b. Proof of the sharing of expenses for food, rent or ownership costs, utilities and other household expenses and sharing in the preparation, storage and consumption of food.
- c. Members of the household are not legally dependent on others not part of the household.
- d. Members of the household have the same address for purposes of voter registration, drivers licenses, motor vehicular registration, or the filing of taxes.
- e. Common ownership of the dwelling unit or furnishings among members of the household.
- f. Employment of householders in the local area.
- g. Members of the household share a strong common bond or commitment (e.g. religious group or organization).
- h. Any other factor reasonably related to whether or not the group of persons is the functional equivalent of a family.

3. Two off-street parking spaces must be provided. Additional parking spaces may be required if any of the following conditions are evident:

(The following section was changed from bullet formatting to letter formatting.)

- a. The property is located more than **three hundred (300)** feet from access to public transportation.
 - b. Street parking available for visitor parking is limited.
 - c. The petitioner intends to park more than **two (2)** vehicles regularly on the site and there is limited area available for tandem parking in a driveway. In order to determine if adequate parking will be provided, the petitioner must submit a plan indicating the location of proposed off- street parking and an analysis of public parking and transit facilities provided within a **three hundred (300)** foot radius of the parcel.
4. Functional family does not include any society, club, fraternity, sorority, association, lodge, organization, groups of students, or other individuals where the common living arrangement or basis for the establishment of the household is temporary, or any group of individuals who are in a group living arrangement as a result of criminal offenses.
 5. Determination of functional family status shall be made annually by the appropriate permitting official. The burden will rest upon the individuals claiming functional family status to submit information to the office to substantiate their claim. Any person aggrieved by any administrator's determination may appeal as provided in this **Code ordinance**.

4.102 STANDARDS FOR THE USE-ON-REVIEW APPROVAL OF CONTRACTOR'S STORAGE YARDS

Contractor's storage yards are allowed as a Use-on-Review in the CR, (Rural Commercial), and CA, (General Business), zones. Contractor's storage yards are subject to the requirements of Sections 4.10.14 through 4.10.19, ("Development Standards for Uses Permitted on Review"), and 6.50, ("Procedures for Authorizing Uses Permitted on Review").

Contractor's storage yards are also subject to the following standards and requirements:

4.102.01 Minimum Required Information:

A Use-on-Review application, or a building permit application for an approved Use-on-Review, for a contractor's storage yard in the Rural Commercial (CR) or General Business (CA) zone shall include the following:

- A. A scaled site plan that shows the following information:
 1. Storage areas for materials and equipment.
 2. Parking and maintenance areas for business vehicles.
 3. Location of **a all** buildings and structures on the site.
 4. Vehicular and pedestrian circulation on the site, including points of access to the site from a public road, loading and unloading areas, and areas for employee and customer parking.
 5. Required or proposed landscaping and buffer areas.
 6. Required or proposed screening and fencing of storage yards.
 7. Proposed lighting plan, including location and specifications of light standards, lighting fixtures and lighting directions.
 8. Any other information as might reasonably be required by MPC for use in making a thorough evaluation of the proposal.
- B. A description of all vehicles, trailers, and equipment stored, maintained or used by the business on the property.
- C. A description of all fuel, chemicals or commodities and the amount of each that will be stored on site.
- D. The range of number of employees throughout the year and the average number of employees at any time.

4.102.02 Minimum Development Requirements

- A. Road Access. The site shall be located on an arterial or collector road, as defined by the ~~Knoxville-Knox County Major Road Plan~~ **Major Road Plan for Knoxville & Knox County, Tennessee**, provided that the Knox County Department of Engineering may certify alternative access.
- B. Minimum parcel size. The minimum area of the parcel must be **one (1)** acre.
- C. Maximum storage area size. The maximum size of the contractor's storage yard, as shown on the site plan, is **forty (40)** percent of the parcel area.
- D. Relationship to floodplain. The storage yard shall be located completely outside the **one hundred (100)** year floodplain, as described by the KGIS FIRM map.
- E. Setback of storage areas. All storage areas associated with the contractor storage yard shall be no less than **twenty-five (25)** feet from any property line.
- F. Storage yard screening and fencing. Equipment, parking facilities and material storage areas must be screened from adjoining properties as established on the site plan.
- G. Lighting, noise and other impacts. The site shall meet the performance standards described at 4.10.01 through 4.10.11, **Supplemental Regulations Applying to a Specific, to Several or to All Zones**, of this ordinance (~~Supplemental Regulations applying to a specific, to several or to all zones~~). For purposes of these standards, a contractor's storage yard is not the same as a parking or loading area.
- H. Other approvals. Prior to issuance of building permits, the approved ~~Use-on-Review~~ site plan and conditions for the proposed contractor's storage yard shall be reviewed and approved by the Knox County Codes Administration and Inspections Department, **Knox County** Health Department and **Knox County** Solid Waste

~~Department~~ **Division**, consistent with their application and permitting procedures.

4.102.03 Other Review Criteria:

- A. Scale of operation. The Planning Commission may limit the scale of proposed operations so as to prevent adverse impacts on adjoining parcels. A contractor's storage yard in the **CR**, Rural Commercial, zone should be of a scale so that the proposed storage yard is compatible with existing or proposed uses on adjacent parcels or in the immediate vicinity. Adequate setbacks and buffers must be provided so as to prevent adverse impacts on adjoining parcels.
- B. Number of Employees. The Planning Commission may limit the number of employees so as to prevent adverse impacts on adjoining parcels. Adequate parking must be provided on site so as to prevent adverse impacts on adjoining parcels.
- C. Hours of operation. The Planning Commission may limit hours of operation and other on-site activities so as to prevent adverse impacts on adjoining parcels. A larger site with greater setbacks and buffering may allow greater activity.
- D. Size of Vehicles and Equipment. The Planning Commission may limit the number and size of **vehicles and** equipment so as to prevent adverse impacts on adjoining parcels. A larger site with greater setbacks and buffering may allow greater activity.
- E. Traffic on and ~~off-site~~ **off-site**. The Planning Commission may limit the traffic generated by the operation so as to prevent adverse impacts on adjoining parcels. A larger site with greater setbacks and buffering and a site that is in close proximity to adequate roads may allow greater activity. The Planning Commission may stipulate the driveway surface or buffering area so as to prevent adverse impacts on adjoining parcels.
- F. Materials stored on site. The Planning Commission may limit the type and quantity of materials stored on site so as to prevent adverse impacts on adjoining parcels and surrounding environs.

- G. Superseding **Article 3, "General Provisions"**. In approving a **Use-**
on **Review** under these standards the Planning Commission may
supersede the provisions of Article 3, **"General Provisions"**.

4.103 LOCATION REGULATIONS FOR PRIVATE SWIMMING POOLS AS AN ACCESSORY STRUCTURE

4.103.01 Purpose:

The purpose of these regulations is to provide adequate space for the installation of private swimming pools as an accessory structure on a lot and to provide adequate space and separation from other features of the property.

4.103.02 Accessory Structure:

A private swimming pool shall be considered an accessory structure if it is in connection with, incidental to, and located on the same lot with a principal use or structure that is permitted within a zone district.

4.103.03 Location in Yards:

- A. As an accessory structure to a residential building, a swimming pool is permitted in the side or rear yards of the principal building; except on lots greater than one acre, where pools may be located in the front, side or rear yards of the principal building, but not within the minimum required front yard.
- B. As an accessory structure to a nonresidential principal building, a swimming pool is permitted in the front, side or rear yards of the principal building, but not within the minimum required front yard.
- C. As an accessory structure, the edge of a private swimming pool shall be located so as to maintain the minimum required side and rear yards for an accessory building or structure, as determined by the zone district within which the lot is located. The edge of the water of an in-ground swimming pool and the outside edge of the vertical wall of an aboveground or on-ground swimming pool will be considered the edge of the structure.

4.103.04 Location With Respect to Easements:

As an accessory structure, a swimming pool and any impervious apron around the swimming pool shall not be located within any utility or storm water drainage easements.

4.103.05 Location With Respect to Other Regulations.

The location of a swimming pool shall meet the requirements of all other appropriate regulations, including but not limited to, the regulations of the Knox County Codes Administration and Inspections Department, the Knox County Health Department, and the State of Tennessee.

ARTICLE 5

ZONE REGULATIONS

5.10 **RAE EXCLUSIVE RESIDENTIAL ZONE (RAE)**

5.10.01 General Description

This zone provides only for residential areas with low population densities. These areas are intended to be defined and protected from the encroachment of uses not performing a function necessary to the low density residential environment.

5.10.02 Uses Permitted

~~In any **RAE**, Exclusive Residential, (RAE) Zone no building or premises shall be used and no building shall hereafter be erected or structurally altered, unless otherwise provided in this resolution, except for one or more of the following uses:~~

- A. Houses.
- B. Accessory uses and buildings.
- C. Gardening and horticulture, but not on a commercial basis.
- D. Public utilities, such as transmission lines, substations, railroad lines, bus loading or waiting platforms, dams, water treatment plants, including water filtration and storage facilities, fire stations, and other similar public service uses and buildings, and also such other buildings and structures, as are used by utility and sanitary districts in the performance of services in which they are authorized to engage.
- E. Demolition landfills less than one (1) acre in size subject to Article 4, **“Supplementary Regulations”**, Section 4.80.01(A), **“Demolition Landfills” (on site generated waste)**.
- F. Yard sales and rummage sales.

5.10.03 Uses Permitted on Review

- A. Commercial telecommunications towers.

5.10.04 Area Regulations

All buildings shall be set back from street or road right-of-way lines and lot lines to comply with the following yard requirements.

5.10.05 Front Yard

A. For dwellings the minimum depth of the front yard shall be thirty-five **(35)** feet and in no case shall an accessory building be located to extend into the front yard.

5.10.06 Side Yard

- A. For single story dwellings, located on interior lots, side yards shall be not less than eight **(8)** feet in width.
- B. For dwellings of more than one story there shall be side yards of not less than twelve **(12)** feet each.
- C. For unattached buildings of accessory use there shall be a side yard of not less than eight **(8)** feet; provided, however, that unattached ~~one story~~ **one-story** buildings of accessory use shall not be required to set back more than five **(5)** feet from an interior side lot line when all parts of the accessory building are located more than ninety **(90)** feet behind the front property line.

5.10.08 Rear Yard

- A. For main buildings there shall be a rear yard of not less than twenty-five **(25)** feet.
- B. Unattached buildings of accessory use shall not be located closer to any rear lot line than five **(5)** feet.

5.10.09 Lot Width

- A. Where dwellings are served by a sanitary sewer system there shall be a minimum lot width of seventy-five **(75)** feet at the front building line.

- B. Where dwellings are not served by a sanitary sewer system there shall be a minimum lot width of one hundred **(100)** feet at the front building line.

5.10.10 Intensity of Use

- A. Not more than one house shall be permitted on any lot.
- B. For each **dwelling, and buildings accessory thereto**, served by a sanitary sewer system there shall be a lot area of not less than ten thousand **(10,000)** square feet.
- C. For each **dwelling and buildings accessory thereto**, not served by a sanitary sewer system, there shall be a minimum lot area of twenty thousand **(20,000)** square feet; however, a greater lot area may be required based on recommendations by the **Knox County** Health Department.
- D. For those **dwellings and buildings accessory thereto** not served by a public water supply a minimum lot area as prescribed in the Knoxville-Knox County **Minimum** Subdivision Regulations, shall be provided.

5.10.11 Maximum Lot Coverage

Main and accessory buildings shall cover not more than thirty **(30)** percent of the lot area.

5.10.12 Height Regulations

No main building shall exceed three **(3)** stories or thirty-five **(35)** feet in height. Accessory buildings shall not exceed eighteen **(18)** feet in height; provided, however, the eighteen **(18)** feet height limitation may be exceeded to conform the pitch of the accessory building roof to the pitch of the roof of the principal use. In no case shall the bottom chord of the roof truss or the bottom of the ceiling joist of an accessory building exceed eighteen **(18)** feet in height.

5.10.13 Off-Street Parking

As regulated in Section 3.50, **“Off-Street Parking Requirements”**, of these regulations.

5.11 RA LOW DENSITY RESIDENTIAL ZONE (RA)

5.11.01 General Description

This residential zone provides for residential areas with low population densities. These areas are intended to be defined and protected from encroachment of uses not performing a function necessary to the residential environment.

5.11.02 Uses Permitted

~~In any Residential A RA, Low Density Residential Zone, no building or premises shall be used and no building shall hereafter be erected or structurally altered, unless otherwise provided in this resolution, except for one or more of the following uses:~~

- A. Houses.
- B. Accessory buildings.
- C. Churches, schools, libraries, and museums.
- D. (Deleted August 17, 1971)
- E. Gardening and horticulture.

5.11.04 Area Regulations

All buildings shall be set back from street or road right-of-way lines and lot lines to comply with the following yard requirements.

5.11.05 Front Yard

- A. For dwellings the minimum depth of the front yard shall be thirty-five **(35)** feet and in no case shall an accessory building be located to extend into the front yard.
- B. Churches and other main and accessory buildings, other than dwellings, shall have a front yard set back of thirty-five **(35)** feet.

5.11.06 Side Yard

- A. For single story dwellings, located on interior lots, side yards shall be not less than eight **(8)** feet in width.
- B.** For dwellings of more than one story there shall be side yards of not less than twelve **(12)** feet each.

CB. For unattached buildings of accessory use there shall be a side yard of not less than eight **(8)** feet; provided, however, that unattached ~~one story~~ **one-story** buildings of accessory use shall not be required to set back more than five **(5)** feet from an interior side lot line when all parts of the accessory building are located more than ninety **(90)** feet behind the front property line.

DC. Churches and other main and accessory buildings, other than dwellings, and buildings accessory to dwellings, shall set back from all side lot lines a distance of not less than twenty-five **(25)** feet.

5.11.07 Rear Yard

A. For main buildings, other than garage apartments, there shall be a rear yard of not less than twenty-five **(25)** feet.

B. A garage apartment may be located in the rear yard of houses, but shall not be closer than ten feet **(10)** to the rear lot line. Unattached buildings of accessory use shall not be located closer to any rear lot line than five **(5)** feet.

5.11.08 Lot Width

A. Where dwellings are served by a sanitary sewer system there shall be a minimum lot width of seventy-five **(75)** feet at the front building line.

B. Where dwellings are not served by a sanitary sewer system there shall be a minimum lot width of one hundred **(100)** feet at the front building line.

5.11.09 Intensity of Use

A. Not more than one dwelling unit shall be permitted on any lot except as provided in Section 5.11.03, **"Uses Permitted on Review"**, of these regulations and not more than two **(2)** dwelling units shall be permitted on any lot under the provisions of this subsection.

B. For each house, and building accessory thereto, served by a sanitary sewer system, there shall be a lot area of not less than ten thousand **(10,000)** square feet.

- C. Where two dwelling units and buildings accessory thereto are located on the same lot served by a sanitary sewer system, there shall be a lot area of not less than twelve thousand **(12,000)** square feet.
- D. There shall be a lot area of not less than twelve thousand **(12,000)** square feet where a garage apartment is located on the same lot with a house served by a sanitary sewer.
- E. For each house and buildings accessory thereto, not served by a sanitary sewer system, there shall be a minimum lot area of twenty thousand **(20,000)** square feet; however, a greater area may be required based on recommendations by the Health Department.
- F. There shall be a lot area of not less than twenty thousand **(20,000)** square feet where a garage apartment is located on the same lot with a house not served by a sanitary sewer system. However, a greater area may be required based on recommendations of the Health Department.
- G. Where two dwelling units and buildings accessory thereto are located on the same lot not served by a sanitary sewer system, there shall be a minimum lot area of twenty thousand **(20,000)** square feet; however, a greater area may be required based on recommendation by the Health Department.
- H. For those dwellings and buildings accessory thereto not served by a public water supply, there shall be a minimum lot area as prescribed in the Knox County **Minimum** Subdivision Regulations.
- I. For churches and other main and accessory buildings, other than dwellings and buildings accessory to dwellings, the lot area shall be adequate to provide the yard areas required by this section and the ~~off-road~~ **street** parking areas required in Section 3.50, **Off-Street Parking Requirements**", of these regulations; provided, however, that the lot area for a church shall not be less than thirty thousand **(30,000)** square feet.

5.11.10 Maximum Lot Coverage

Main and accessory buildings shall cover not more than thirty **(30)** percent of the lot area.

5.11.11 Height Regulations

No main building shall exceed three **(3)** stories or thirty-five **(35)** feet in height. Accessory buildings shall not exceed eighteen **(18)** feet in height; provided, however, the eighteen **(18)** feet height limitation may be exceeded to conform the pitch of the accessory building roof to the pitch of the roof of the principal use. In no case shall the bottom chord of the roof truss or the bottom of the ceiling joist of an accessory building exceed eighteen **(18)** feet in height.

5.11.12 Off-Street Parking

As regulated in Section 3.50, **“Off-street Parking Requirements”**, of these regulations.

5.11.13 Signs

As permitted by Section 3.90.

5.12 RB GENERAL RESIDENTIAL ZONE (RB)

5.12.01 General Description

This residential zone provides for medium population density. The principal uses of land may range from houses to multi-dwelling structures or developments. Certain uses which are more compatible functionally with intensive residential uses than with commercial uses are permitted. Other related uses in keeping with the residential character of the zone may be permitted on review by the Planning Commission.

5.12.02 Uses Permitted

~~In any RB, General Residential Zones, no building or premises shall be used and no building shall hereafter be erected or structurally altered, unless otherwise provided in this resolution, except for one or more of the following uses:~~

- A. Accessory buildings.
- B. Churches, schools, libraries, and museums.
- C. Garage apartments.
- D. Gardening and horticulture, but not on a commercial basis.
- E. ~~Non-profit~~ **Nonprofit** public golf courses, public parks and playgrounds; swimming pools, and other associated recreational facilities, none of which shall be used for commercial purposes.
- F. Mobile homes.
- G. Multi-dwelling structures or developments, provided that the development density shall be less than twelve dwelling units per acre.
- H. Nurseries and greenhouses for the propagating and cultivating of plants, but not on a commercial basis.
- I. Public utilities, such as transmission lines, substations, railroad lines, bus loading or waiting platforms, dams, water treatment plants,

including water filtration and storage facilities, fire stations, and other similar public service uses and buildings, and also such other buildings and structures, as are used by utility and sanitary districts in the performing of the services in which they are authorized to engage.

- J. Houses and duplexes.
- K. Uses customarily ~~incident~~ **incidental** to any of the above uses including home occupation subject to Section 4.90, **“Home Occupations”**.
- L. Demolition landfills less than one (1) acre in size subject to Article 4, **“Supplementary Regulations”**, Section 4.80.01(A), **“Demolition Landfills” (on site generated waste)**.
- M. Yard sales and rummage sales.
- N. Day care homes and group day care homes, if the provider lives on site, subject to the following conditions:
 - 1. The total lot area shall not be less than **ten thousand (10,000)** square feet.
 - 2. The building must provide **thirty (30)** square feet per child of usable indoor play space, not including halls, kitchen, or office space.
 - 3. A fenced play area of not less than **two thousand five hundred (2,500)** square feet shall be provided. No portion of the fenced play area shall be closer than **thirty-five (35)** feet to any public right-of-way. The minimum height of the fence shall be **four (4)** feet.
 - 4. Off-street parking, as regulated in ~~Article~~ **Section** 3.50, **“Off-Street Parking Requirements”**. In addition, parking and loading areas shall be designed for safe off-street loading and unloading of children, as well as safe and convenient ingress and egress to and from the site. The off-street parking and circulation plan shall be designed to meet the requirements of the Department of Engineering and Public Works.

5.12.03 Uses Permitted on Review

- A. Multi-dwelling structures and developments at a density of twelve **(12)** to twenty-four **(24)** dwelling units per acre, provided they meet the administrative requirements of Section 5.13.44**15**, **“Administrative Procedure for a Planned Residential Development”** (~~PR-Planned Residential Zone~~), and the requirements of Sections 4.10.44**14** through 4.10.46**19**, (~~“Development Standards for Uses Permitted on Review”~~), and 6.50, (~~“Procedures for Authorizing Uses Permitted on Review”~~).
- B. Mobile Home Parks and Mobile Home Subdivisions subject to all requirements set forth in Sections 4.20, **“Mobile Home Parks”**, and 6.50, **Procedures for Authorizing Uses Permitted on Review”**, of these regulations.
- C. Retail business or service establishments may be permitted within multi-dwelling structures and developments only as a Use-on-Review in accordance with the provisions of Section 6.50, **Procedures for Authorizing Uses Permitted on Review”**, of these regulations, and subject to the following requirements:
1. There shall be no entrance to such place of business except from inside the building.
 2. There shall be no show window, sign, or other advertising matter visible from outside the building, ~~except as regulated in Section 3.20.04 of these regulations.~~
 3. Such uses shall be conducted for the convenience of the occupants of the building only and shall not cater to outside trade.
 4. The Metropolitan Planning Commission shall determine the compatibility of such establishments based on the nature, size and number proposed with respect to the number of dwelling units to be served and the availability of similar services in the vicinity.
 5. Detailed plans shall be submitted with the application for Use-on-Review giving the nature, exact size and location of each such use within the building, the location of all entrances to such use and the exact location of all building ground floor entrances and exits.

- D. Group day care homes, if the provider does not live on site, provided they meet the requirements of ~~Article~~ **Section 4.91, “Requirements for Child Day Care Centers and Group Day Care Homes When Considered as Uses Permitted On Review”**, and child day care centers, provided they meet the requirements of ~~Article~~ **Section 4.91, “Requirements for Child Day Care Centers and Group Day Care Homes When Considered as Uses Permitted On Review”**.
- E. Commercial telecommunications towers.
- F. Private golf courses, swimming clubs, country clubs, and tennis clubs.
- G. Assisted living facilities.
- H. Hospitals and sanitariums.
- I. Private or ~~non-profit~~ **nonprofit** sports playing fields, none of which shall be used for commercial purposes.
- J. Adult day care centers, provided they meet the requirements of ~~Article~~ **Section 4.98, “Requirements for Adult Day Care Centers, When Considered as Uses Permitted on Review”** .

5.12.04 Area Regulations

All buildings shall be set back from street or road right-of-way and lot lines to comply with the following yard requirements.

5.12.05 Front Yard

- A. For houses, duplexes and multi-dwelling structures and developments the minimum depth of the front yard shall be thirty-five **(35)** feet and in no case shall an accessory building be located to extend into the front yard. The Planning Commission may approve a reduction of the front yard if it finds such reduction consistent with **Section 6.50, “Procedures for Authorizing Uses Permitted on Review”**, the ~~Procedures for Authorizing Uses Permitted on Review (Section 6.50)~~ and the administrative standards for approval.

- B. Churches and other main and accessory buildings, other than dwellings, shall have a front yard set back of thirty-five **(35)** feet .

5.12.06 Side Yard

- A. For single story dwellings, located on interior lots, side yards shall be not less than eight **(8)** feet in width.
- B. For two- and three-story dwellings there shall be side yards of not less than twelve **(12)** feet each.
- C. For buildings more than three **(3)** stories in height, one **(1)** foot additional side yard on each side of the main building shall be added for each additional two **(2)** feet in excess of **thirty-six (36)** feet in height.
- D. For unattached buildings of accessory use there shall be a side yard of not less than eight **(8)** feet; provided, however, that unattached one-story buildings of accessory use shall not be required to set back more than five **(5)** feet from an interior side lot line when all parts of the accessory building are located more than ninety **(90)** feet behind the front property line.
- E. Churches and other main and accessory buildings, other than dwellings, and buildings accessory to dwellings, shall set back from all side lot lines a distance of not less than twenty-five **(25)** feet.

5.12.07 Rear Yard

- A. For main buildings of three stories in height and less, other than garage apartments, there shall be a rear yard of not less than twenty-five **(25)** feet.
- B. For all main buildings more than three stories in height, there shall be a rear yard of not less than thirty **(30)** feet.
- C. A garage apartment may be located in the rear yard of another dwelling, but shall not be located closer than ten **(10)** feet to the rear

lot line. Unattached buildings of accessory use shall not be located closer to any rear lot line than five **(5)** feet.

5.12.08 Lot Width

- A. For houses and duplexes served by a sanitary sewer system there shall be a minimum lot width of seventy-five **(75)** feet at the front building line. For houses and duplexes not served by a sanitary sewer system there shall be a minimum lot width of one hundred **(100)** feet at the front building line.
- B. For multi-dwelling structures and developments there shall be a minimum lot width of one hundred **(100)** feet at the front building line.

5.12.09 Intensity of Use

- A. The appropriate development density of each multi-dwelling structure or development project having a density of twelve **(12)** dwelling units or more per acre shall be determined by the Planning Commission, but shall not exceed twenty-four **(24)** dwelling units per acre.
- B. For each house, and buildings accessory thereto, served by a sanitary sewer system there shall be a lot area of not less than ten thousand **(10,000)** square feet.
- C. For each duplex served by a sanitary sewer system there shall be a lot area of not less than twelve thousand **(12,000)** square feet.
- D. For multi-dwelling structures **and developments** of one and two stories served by a sanitary sewer system, the lot area requirements shall be not less than nine thousand **(9,000)** square feet plus an additional one thousand five hundred **(1,500)** square feet for each dwelling unit.
- E. For those residential structures exceeding two stories served by a sanitary sewer system, the minimum lot area requirements shall be as follows:

<u>Multi-Dwelling Structure</u>	<u>Lot Area Requirement</u>
3-5 story	12,000 square feet plus 1,200 square feet per dwelling unit.
6-8 story	12,000 square feet plus 1,050 square feet per dwelling unit.
9-12 story	12,000 square feet plus 1,000 square feet per dwelling unit.
13 story & over	12,000 square feet plus 900 square feet per dwelling unit.

For those structures which provide off-street parking within the main building, the lot area requirement may be reduced two hundred square **(200)** feet per such parking space.

- F. Usable open space areas and recreation uses for multi-dwelling developments and structures may include a community center, a golf course, a swimming pool, or parks, playgrounds or other public recreational uses. Any structures involved in such uses, including lighted tennis courts and swimming pools, shall have a thirty-five **(35)** foot setback from all periphery boundary lines. For developments with a density of twelve dwelling units per acre or more, the amount of land set aside for usable open space and recreational uses shall not be less than fifteen **(15)** percent of the gross development area for a multi-dwelling structure or development occupying twenty **(20)** or more acres, or ten **(10)** percent for a multi-dwelling structure or development occupying more than eight **(8)** but less than twenty **(20)** acres.

- G. There shall be a lot area of not less than twelve thousand **(12,000)** square feet where a garage apartment is located on the same lot with a house served by a sanitary sewer. Where a garage apartment is located in the rear yard of a duplex or multi-dwelling structure or

development served by a sanitary sewer, the lot area shall not be less than one thousand five hundred **(1,500)** square feet more than is required for the duplex or multi-dwelling structure or development.

- H. There shall be a lot area of not less than twenty thousand **(20,000)** square feet where a garage apartment is located on the same lot with a house not served by a sanitary sewer system. When a garage apartment is located in the rear yard of a duplex or multi-dwelling structure or development, not served by a sanitary sewer system, the lot area shall not be less than five thousand **(5,000)** square feet more than is required for the duplex or multi-dwelling structure or development.
- I. For those houses and buildings accessory thereto, not served by a sanitary sewer system, there shall be a minimum lot area of twenty thousand **(20,000)** square feet; however, a greater area may be required based on recommendations by the Health Department.
- J. For duplexes and buildings accessory thereto, not served by a sanitary sewer system, there shall be a minimum lot area of twenty thousand **(20,000)** square feet; however, a greater area may be required based on recommendations by the Health Department.
- K. For multi-dwelling structures and developments not served by a sanitary sewer system, there shall be a lot area of not less than twenty thousand square feet for the first two units, plus two thousand five hundred **(2500)** square feet for each additional dwelling unit. Where off-street parking is provided within the main structure the lot area requirement may be reduced one hundred fifty **(150)** square feet per such parking space. However, in any case a greater lot area than herein specified may be required based on recommendations by the Health Department.
- L. For those dwellings and buildings accessory thereto not served by a public water supply there shall be a minimum lot area as prescribed in the ~~Knox County Subdivision Regulations~~ ***Minimum Subdivision Regulations for Knoxville & Knox County, Tennessee.***
- M. For churches and other main and accessory buildings, other than dwellings and buildings accessory to dwellings, the lot area shall be

adequate to provide the yard areas required by this section and the off-street parking areas required in Section 3.50, **“Off-Street Parking Requirements”**, of these regulations; provided, however, that the lot area for a church shall not be less than thirty thousand **(30,000)** square feet.

5.12.10 Maximum Lot Coverage

The maximum lot area which may be covered by main buildings shall be as follows:

<u>Multi-Dwelling Structure</u>	<u>Maximum Net Building Coverage</u>
2 story or less	30%
3-5 story	30%
6-8 story	25%
9-12 story	20%
13 story and over	17%

5.12.11 Height Regulations

Houses and duplexes shall not exceed **thirty-six (36)** feet in height. The height of multi-dwelling structures approved as a Use-on-Review by the Metropolitan Planning Commission shall be determined by the Planning Commission. The height of other main buildings shall be unlimited. Accessory buildings shall not exceed **eighteen (18)** feet in height; provided, however, the **eighteen (18)** feet height limitation may be exceeded to conform the pitch of the accessory building roof to the pitch of the roof of the principal use. In no case shall the bottom chord of the roof truss or the bottom of the ceiling joist of an accessory building exceed **eighteen (18)** feet in height.

5.12.12 Off-Street Parking

As regulated in Section 3.50, **“Off-Street Parking Requirements”**, of these regulations, except as provided for in Section 5.12.09, **“Intensity of Use”**, above.

5.12.13 Signs

As permitted by Section 33.90.

5.13 PR PLANNED RESIDENTIAL ZONE (PR)

5.13.01 General Description

The regulations established in this zone are intended to provide optional methods of land development which encourage more imaginative solutions to environmental design problems. Residential areas thus established would be characterized by a unified building and site development program, open space for recreation and provision for commercial, religious, educational, and cultural facilities which are integrated with the total project by unified architectural and open space treatment.

Each planned unit development shall be compatible with the surrounding or adjacent zones. Such compatibility shall be determined by the Planning Commission by review of the development plans.

A planned unit development occupying not less than twenty acres may contain commercial uses as hereinafter provided.

5.13.02 Permitted Uses

- A. The following dwelling units are permitted:
1. Houses and attached houses, not including mobile homes.
 2. Duplexes.
 3. Multi-dwelling structures and developments.
- B. Accessory uses, buildings and structures.
- C. Commercial uses ~~in a~~ ~~(Planned unit development occupying not less than twenty acres only.)~~ Commercial uses shall include marinas and boat liveries, provided they meet the requirements of Section 4.30, **“Standards for Marina and Boat Livery Development”**, of these regulations. One **(1)** acre of commercial uses may be permitted for each one hundred **(100)** units in the project provided that twenty-five **(25)** percent of the total units proposed shall be ready for occupancy prior to any commercial building permit being issued. Such commercial uses shall conform with the use and parking requirements of the Shopping Center Zone as regulated in Section 5.34, **“Shopping Center Zone (SC)”**, of these regulations.

- D. Recreation uses. Recreation uses may include a community center, a golf course, a swimming pool, or parks, playground or other public recreational uses. Any structures involved in such uses, including lighted tennis courts, and swimming pools, shall have a thirty-five **(35)** foot set back from all periphery boundary lines. The amount of land set aside for usable open space and recreational use shall be not less than fifteen **(15)** percent of the gross development area for a planned unit development occupying twenty **(20)** or more acres or ten **(10)** percent for a planned unit development occupying more than eight **(8)** but less than twenty **(20)** acres.
- E. Education uses.
- F. Community facilities uses such as churches and other religious institutions and nonprofit clubs such as country clubs, swimming and/or tennis clubs.
- G. Other uses, deemed compatible with the proposed development by the Planning Commission, including home occupations subject to Section 4.90, **“Home Occupations”**.
- H. Demolition landfills less than one (1) acre in size subject to Article 4, **“Supplementary Regulations”**, Section 4.80.01(A), **“Demolition Landfills” (on site generated waste)**.
- I. Yard sales and rummage sales.
- J. Day care homes and group day care homes, if the provider lives on site, subject to the following conditions:
1. The total lot area shall not be less than **ten thousand (10,000)** square feet.
 2. The building must provide **thirty (30)** square feet per child of usable indoor play space, not including halls, kitchen, or office space.
 3. A fenced play area of not less than **two thousand five hundred (2,500)** square feet shall be provided. No portion of the fenced play area shall be closer than **thirty-five (35)** feet to any public right-of-way. The minimum height of the fence shall be **four (4)** feet.

4. Off-street parking, as regulated in **Article Section 3.50, "Off-Street Parking"**. In addition, parking and loading areas shall be designed for safe off-street loading and unloading of children, as well as safe and convenient ingress and egress to and from the site. The off-street parking and circulation plan shall be designed to meet the requirements of the Department of Engineering and Public Works.

5.13.03 Uses Permitted On Review

- A. Group day care homes, if the provider does not live on site, provided they meet the requirements of **Article Section 4.91, "Requirements for Child Day Care Centers and Group Day Care Homes, When Considered as Uses Permitted on Review"**, and child day care centers, provided they meet the requirements of **Article Section 4.91, "Requirements for Child Day Care Centers and Group Day Care Homes, When Considered as Uses Permitted on Review"**.
- B. Commercial telecommunications towers.
- C. Assisted living facilities.
- D. Adult day care centers, provided they meet the requirements of **Article Section 4.98, "Requirements for Adult Day Care Centers, When Considered as Uses Permitted on Review"**.

5.13.04 Area Regulations

All buildings and structures shall be set back from street or road right-of-way lines and from the periphery of the project to comply with the following requirements.

5.13.05 Front Yard

~~There shall be a minimum front yard set back~~ **setback** as follows:

- A. Houses, twenty (20) feet.
- B. All other as determined by the Planning Commission with the **setback** ~~set back~~ being increased in proportion to structure height, but not less than fifteen feet **(15)** from a street or road right-of-way.

5.13.06 Periphery Boundary

All buildings shall be set back from the periphery boundary not less than thirty-five **(35)** feet unless adjacent to A, ~~(Agricultural)~~, RA, ~~(Low Density Residential)~~, RB, ~~(General Residential)~~, RAE, ~~(Exclusive Residential)~~, PR, ~~(Planned Residential)~~, OS, ~~(Open Space)~~, E, ~~(Estates)~~, or TC, ~~(Town Center)~~ zone districts, where the Planning Commission may reduce this set back to not less than fifteen **(15)** feet.

5.13.07 Side Yard

~~Side yards shall be provided where buildings or structures are provided on individual lots as follows:~~

- A. As determined by the Planning Commission but not greater than fifteen **(15)** feet unless this ~~set back~~ **setback** is also the periphery boundary.
- B. Where side yards are reduced to zero **(0)** the development site plans and restrictive covenants which provide for the privacy of such units and the right of maintenance of exterior walls facing adjacent properties shall be submitted to MPC.

5.13.08 Rear Yard

- A. As determined by the Planning Commission but the Planning Commission may not require a ~~set back~~ **setback** greater than thirty-five **(35)** feet.

5.13.09 Default Minimum Setbacks

For situations when there are no building setbacks specified on approved development plans and when not controlled by a periphery boundary setback, the minimum setbacks for main structures will be as follows:

Front: Not less than twenty **(20)** feet.

Side: Not less than five **(5)** feet.

Rear: Not less than fifteen **(15)** feet.

Accessory structures, when not controlled by the periphery boundary

setback, shall be subject to the minimum accessory structure setbacks of the RA, **Low Density Residential**, zoning district.

5.13.10 Lot Area and Size

- A. Developments which subdivide and transfer property with the sale of individual units but which do not provide common open space controlled and maintained by a public body or a duly established homeowners association shall provide lot areas which are not less than three thousand **(3,000)** square feet in size and which shall average four thousand **(4,000)** square feet per lot for the entire development.
- B. Developments which subdivide and transfer property with the sale of individual units and which provide common open space controlled and maintained by a duly established home owners association in accordance with Tennessee State Law shall be permitted to create lots less than three thousand **(3,000)** square feet in size subject to Metropolitan Planning Commission approval of a site plan, consistent with the intent as stated in the general description of this section.

5.13.11 Maximum **Size Site** Coverage

- A. The maximum area which may be covered by buildings shall be fifty **(50)** percent of the gross acreage of the site.

5.13.12 Height Regulations

- A. Houses and duplexes shall not exceed three **(3)** stories.
- B. Height of all others shall be as determined by the Planning Commission.

5.13.13 Population Density

- A. The appropriate development density of each project shall be determined by the Planning Commission but shall not exceed twenty-four **(24)** dwelling units per acre excluding areas set aside for churches, schools, or commercial uses.

5.13.14 Off-~~Road~~ **Street** Parking

As regulated in Section 3.50, **“Off-Street Parking Requirements”**, of these regulations.

5.13.15 Administrative Procedure for a Planned Residential Development.

- A. The Planning Commission may recommend establishment of a **PR**, Planned Residential Zone or an application may be made to the Planning Commission for rezoning to **PR**, Planned Residential in accordance with the regulations set forth in Section 6.30, **“Amendments”**, of this resolution.
- B. No building permit shall be issued for development of any property within a **PR**, Planned Residential Zone until a written application for review and approval of the development plan has been filed with the Planning Commission. This same requirement shall apply to multi-dwelling structures and developments as required under the **RB**, General Residential Zone, when the density of the development is twelve dwelling units per acre or greater. Said application shall be made in conformity with Section 6.50, **“Procedure for Authorizing Uses Permitted on Review”**, of these regulations and shall be accompanied by the following information:
1. The application must be accompanied by an overall development plan showing the use or uses, dimensions and locations of proposed streets, parks, playgrounds, school sites, and other open spaces, with such other pertinent information as may be necessary to determine the contemplated arrangement or use which makes it desirable to apply regulations and requirements different from those ordinarily applicable under these regulations.
 2. The proposed development plan shall be prepared by and have the seal of an architect or engineer duly registered to practice in the State of Tennessee.
 3. The Planning Commission shall review the conformity of the proposed development and shall recognize principles of good civic design, land use planning and landscape architecture. The Planning Commission and County Board of Commissioners may impose conditions regarding layout, circulation, and performance of the proposed development and may require that appropriate deed restrictions be filed.

4. Applications considered under the planned residential zoning must be filed by the property owner or ~~his~~ **their** designated representative, by an appropriate governmental agency, or the County Board of Commissioners.

5.20 OS OPEN SPACE ZONE (OS)

5.20.03 Uses Permitted On Review

- A. Duplexes and multi-dwelling structures or developments at a gross density of not more than twelve **(12)** units per acre.
- B. Marinas and boat liveries, subject to the standards of Section 4.30, **“Standards for Marina and Boat Livery Development”**, of these regulations.

5.20.04 Area Regulations

All buildings shall be set back from the street right-of-way lines and property lines to comply with the following yard requirements:

5.20.05 Front Yard

The minimum depth of the front yard shall be fifty **(50)** feet.

5.20.06 Side Yard

For single story main and accessory structures side yards shall be not less than twenty **(20)** feet and an additional four **(4)** feet shall be provided on each

side yard for each additional story, or part thereof, for structures exceeding one **(1)** story.

5.20.07 Rear Yard

- A. There shall be a rear yard for main buildings of not less than fifty **(50)** feet.
- B. Unattached buildings of accessory use shall not be located closer to any rear lot line than twenty **(20)** feet.

5.20.08 Lot Width

No lot shall be less than two hundred **(200)** feet wide at the **front** building line.

5.20.09 Intensity of Use

No parcel of land shall be reduced in area to provide separate lots or building sites containing less than three **(3)** acres.

5.20.10 Maximum Lot Coverage

All manmade structures or features, excluding earthwork which has been seeded or otherwise returned to its natural condition, shall cover not more than five **(5)** percent of the lot area.

5.20.11 Height Regulations

No manmade structure or feature shall exceed two and one-half **(2 ½)** stories or thirty-five **(35)** feet in height, except as provided in Section 3.20.03, **“Height” (exceptions)**.

5.20.12 Off-Street Parking

As regulated in Section 3.50, **“Off-Street Parking Requirements”, of these regulations**.

5.20.13 Administration

Any request for development for other than one (1) house on the site shall require site plan approval by MPC through the Use-on-Review process.

5.21 E ESTATES ZONE (E)

5.21.01 General Description

This zone is for residential areas at very low population densities and for other uses compatible with the residential environment. These areas are intended to be defined and protected from encroachment of uses not compatible with residences.

5.21.02 Uses Permitted

~~In any E, Estates Zone, no building or premises shall be used and no building shall hereafter be erected or structurally altered, unless otherwise provided in this resolution, except for one or more of the following uses:~~

- K. Uses customarily incidental to any of the above uses, including parking of not more than two commercial vehicles and/or trailers used by the residents in their home occupation.
- L. Demolition landfills less than one (1) acre in size subject to Article 4, **“Supplementary Regulations”**, Section 4.80.01(A), **“Demolition Landfills” (on site generated waste)**.
- M. Yard sales and rummage sales.
- N. Day care homes and group day care homes, if the provider lives on site, subject to the following conditions:
 1. The total lot area shall not be less than **ten thousand (10,000)** square feet.
 2. The building must provide **thirty (30)** square feet per child of usable indoor play space, not including halls, kitchen, or office space.
 3. A fenced play area of not less than **two thousand five hundred (2,500)** square feet shall be provided. No portion of the fenced play area shall be closer than **thirty-five (35)** feet to any public right-of-way. The minimum height of the fence shall be **four (4)** feet.
 4. Off-street parking, as regulated in Article 3.50, **“Off-Street Parking Requirements”**. In addition, parking and loading areas shall be designed for safe off-street loading and unloading of children, as well as safe and convenient ingress and egress to and from the site. The off-street parking and circulation plan shall be designed to meet the requirements of the Department of Engineering and Public Works.

5.22.03 Uses Permitted On Review

~~In any A, a Agricultural zZone, the following uses may be permitted by the Metropolitan Planning Commission as a "Use-On-Review" in accordance~~

with the provisions contained in Section 6.50, "**Procedure for Authorizing Uses Permitted on Review**".

- A. Aircraft landing fields, hangars and equipment.
- 1.** The general intent of this subsection is to insure the development of aircraft landing fields, hangars, equipment and local traffic patterns in Agricultural Zones, which will also afford some protection to residences in the area and which will hereby promote the public health, safety, morals and general welfare of the citizens of Knox County.
 - 1.a.** Before a landing field can be located in an Agricultural Zone, plans for the run-ways, local traffic pattern, hangars and other incidental uses of the airport shall be submitted to the Planning Commission for approval.
 - 2b.** Where airport landing fields and hangars are already established in the county, plans for the expansion of additional buildings, run-ways, hangars, or where local traffic pattern has been changed because of expansion, or where additional uses are added such as the sale of planes, flight schools, or eating establishments (except vending machines) shall be submitted to the Planning Commission for approval.
 - 2.** The Planning Commission shall have the power to authorize the issuance of a permit after the plans have been approved and certified by the Knox County Board of Commissioners, and before a permit can be issued by the Director of the Code Administration and Enforcement Department for an addition to an existing operation or the location of a new airport, if the Planning Commission finds that the conditions are such that the location or expansion will not:
 - 1a.** Increase the hazard from planes flying over houses.
 - 2b.** Diminish value of land and buildings throughout the surrounding area within one thousand feet **(1,000)** of the airport.
 - 3c.** Increase the congestion or traffic hazards in the public streets and highways adjacent to the airport.

provided in Section 4.50, **Standards for Mining and Mineral Extraction**, of these regulations.

1. Mining and mineral extraction subject to all requirements set forth in Section 4.10, **Supplementary Regulations Applying to a Specific, to Several, or to All Zones**, and Section 4.50, **Standards for Mining and Mineral Extraction**, of these regulations.
- L. Demolition landfills, off-site, subject to Article 4, **“Supplementary Regulations”**, Section 4.80.01(B), **“Demolition Landfills”, (off-site generated waste)**.
- M. Veterinary clinics and animal hospitals meeting the following standards:
1. No animals shall be kept outdoors within one hundred **(100)** feet of any residence other than that of the owner or user of the property.
 2. The applicant shall demonstrate that the use of the property will not create nuisance conditions for adjoining properties due to noise, odor, or lack of adequate sanitation.
- N. Group day care homes, if the provider does not live on site, provided they meet the requirements of Article 4.91, **“Requirements for Child Day Care Centers and Group Day Care Homes, When Considered as Uses Permitted on Review”**, and child day care centers, provided they meet the requirements of Article 4.91, **“Requirements for Child Day Care Centers and Group Day Care Homes, When Considered as Uses Permitted on Review”**.
- O. Public parks and playgrounds and public, private and commercial sports playing fields.

- Q. Composting facility, consistent with the requirements of Sections 4.10.414 through 4.10.419, **“Development Standards for Uses Permitted on Review”**, 4.95, **“Standards for the Use-on-Review Approval of Solid Waste Processing Facilities”**, and 6.50, **“Procedure for Authorizing Uses Permitted on Review”**, of these regulations.
- R. Marinas, subject to the standards of Section 4.30, **Standards for Marina and Boat Livery Development**, of these regulations.
- S. Commercial telecommunications towers.
- T. Outdoor paintball ranges, subject to the requirements of Article 4, **“Supplementary Regulations”**, Section 4.97, **Standards for the Approval of Indoor and Outdoor Paintball Ranges**. ~~(Outdoor Paintball Ranges).~~
- U. Adult day care centers, provided they meet the requirements of ~~Article~~ **Section 4.98, Requirements for Adult Day Care Centers, when Considered as Uses Permitted on Review.**
- V. Storage of school buses under contract to a public or private school system. ~~(See Article 3, Section 3.54 for development criteria for school bus storage facilities.)~~ **See Article 3, “General Provisions”, Section 3.54, “Storage of School Buses” for facility development criteria.**
- W. Retail sales of agricultural products produced on the site, subject to the following restrictions:
1. Sales area and related facilities, including parking area shall not occupy more than **four (4)** acres of the property.
 2. The sales area shall be subordinate and incidental in scope and size to the principal agricultural use of the property.
 3. The majority of retail inventory must be grown on site. Items for sale must be limited to those produced through farming as described under 5.22.02 (C) above; nursery products such as trees, shrubs, flowers, bedding plants, and other plant stock; and mulch, compost, fertilizer, herbicides, and fungicides, not produced on site.
 4. The retail sales area shall be open to the public only between 7:00 AM and 9:00 PM.

5. Any proposed signage shall comply with Section 3.90.06, **“Agricultural Zones”**, of these regulations and shall be approved with the site plan.
6. The retail operation shall be screened from adjoining property by a landscaping screen as depicted in the ~~Landscaping Screening Design Guidelines~~ **Landscaping Screening Design Guidelines**, prepared by the MPC staff. The Planning Commission may approve alternate landscape screening based on a finding that the alternate screening is sufficient to protect adjoining properties from visual and noise impacts of the sales area.
7. The retail sales area, including the building layout, parking area, and signage, shall be designed to minimize its impact on the character of the surrounding area.

5.22.04 Area Regulations

All buildings shall be set back from street or road right-of-way lines and lot lines to comply with the following yard requirements.

A. Front Yard

1. For dwellings the minimum depth of the front yard shall be forty **(40)** feet and in no case shall an accessory building, other than accessory farm buildings, be located between the principal structure and the street.
2. Churches and other main and accessory buildings, other than dwellings, shall have a front yard ~~set back~~ **setback** of fifty **(50)** feet.

B. Side Yard

1. For single story dwellings, located on interior lots, side yards shall be not less than ten **(10)** feet in width.
2. For unattached buildings of accessory use there shall be a side yard of not less than ten **(10)** feet provided, however, that unattached ~~one-story~~ **one-story** buildings of accessory use shall not be required to set back more than eight **(8)** feet from an interior side lot line when all parts of the accessory building are located more than ninety **(90)** feet behind the front property line.

3. Churches and other main and accessory buildings, other than dwellings, and buildings accessory to dwellings, shall set back from all side lot lines a distance of not less than thirty-five **(35)** feet.

C. Rear Yard

1. For main buildings, other than garage apartments, there shall be a rear yard of not less than thirty-five **(35)** feet.
2. A garage apartment may be located in the rear yard of another dwelling, but shall not be located closer than fifteen **(15)** feet to the rear lot line. Unattached buildings of accessory use shall not be located closer to any rear lot line than eight **(8)** feet.

D. Lot Width

No lot shall be less than one hundred **(100)** feet wide at the building line.

E. Intensity of Use

1. For residential development, there shall be a lot area of not less than one **(1)** acre per dwelling, as follows:
 - a. For each house or mobile home, and buildings accessory thereto, there shall be a minimum lot area of not less than one **(1)** acre.
 - b. For each duplex, and buildings accessory thereto, there shall be a minimum lot area of not less than two **(2)** acres.
 - c. For each multi-dwelling development, and buildings accessory thereto, up to two **(2)** dwelling units (two houses or a house with a garage apartment) may be located on a recorded lot that is two **(2)** acres or more.
2. For uses other than residential development, the lot area shall be adequate to provide the yard areas required by this section and the off-street parking areas required in Section 3.50, **“Off-Street Parking Requirements”**, of these regulations; provided, however, that the lot area for a church shall not be less than one **(1)** acre.

F. Maximum Lot Coverage

Main and accessory buildings shall cover not more than thirty **(30)** percent of the lot area.

5.22.05 Height Regulations

No main building shall exceed three **(3)** stories or thirty-five **(35)** feet in height. Accessory buildings shall not exceed eighteen **(18)** feet in height; provided, however, the eighteen **(18)** feet height limitation may be exceeded to conform the pitch of the accessory building roof to the pitch of the roof of the principal use. In no case shall the bottom chord of the roof truss or the bottom of the ceiling joist of an accessory building exceed eighteen **(18)** feet in height.

5.22.06 Off-Street Parking

As regulated in Section 3.50, **“Off-Street Parking Requirements”**, of these regulations.

5.32.08 Rear Yard

There shall be a rear yard on every lot, which rear yard shall have a minimum depth of sixteen **(16)** feet for a one-story building, twenty **(20)** feet for a two-story building, and twenty-four **(24)** feet for a three-story building.

5.32.09 Off-Street Parking

As regulated by Section 3.50

5.33 PC PLANNED COMMERCIAL ZONE (PC)

5.33.01 General Description

The **PC**, Planned Commercial Zone, is intended for a unified grouping of commercial buildings which do not require or desire a central business district location. It is the objective of this zone to achieve the highest quality site design, building arrangement, landscaping and traffic circulation patterns possible.

5.33.02 Uses Permitted

It is not the intent of this zone to restrict potential development by limiting uses. In general, uses permitted shall include office, commercial services and light distribution centers. Child day care centers shall also be permitted, provided they meet the requirements of **Article Section 4.91, "Requirements for Child Day Care Centers and Group Day Care Homes, when Considered as Uses Permitted on Review"**. Marinas and boat liveries shall also be permitted, provided they meet the requirements of **Article Section 4.30, "Standards for Marina and Boat Livery Development"**, of these regulations. Since some permitted uses may be incompatible with others the developer of a planned commercial complex shall provide the Planning Commission with a list of uses permitted in **his the** development which shall be compatible with each other and neighboring uses as authorized under restrictive covenants; provided, however, that no establishment that allows the selling of beer for consumption on premises shall be located within five hundred **(500)** feet of any residential or agricultural zone unless such establishment holds a license from the State of Tennessee to sell liquor by the drink. **Demolition landfills less than one (1) acre in size subject to Article 4, "Supplementary Regulations", Section 4.80.01(A), "Demolition Landfills" (on site generated waste), shall also be permitted.**

5.33.03 Uses Permitted On Review

(None)

~~5.33.04~~ Area Regulations

5.33.054 Appropriate Size

The intent of the **PC**, Planned Commercial Zone, is to provide the best design and coordinated arrangement of commercial buildings. It is not likely therefore, that a planned commercial development would contain less than twenty **(20)** acres. However, if in the opinion of the Planning Commission the functional design of a building grouping meets the intent of these regulations the Commission may approve a planned commercial development of less than twenty **(20)** acres.

5.33.065 Periphery Boundary

All buildings shall be set back at least fifty **(50)** feet from any peripheral boundary of the project, or any public street or road existing prior to the ~~planned commercial district~~ **PC, Planned Commercial Zone**.

5.33.076 Lot Coverage

Any project divided into individual lots or building sites shall specify yard and lot coverage requirements in its protective covenants provided however, that no buildings shall cover more than fifty **(50)** percent of its lot at its ultimate expansion potential.

5.33.087 Height

In general, height shall be limited to forty-five **(45)** feet. However, to permit the greatest flexibility of design the Planning Commission may approve greater heights provided such height is an integral part of the building grouping and enhances the design of the entire project.

5.33.098 Parking and Loading

- A. Parking and loading requirements shall be specified in the restrictive covenants governing the development but in no case may they be less than the requirements specified in Section 3.50, **“Off-Street Parking Requirements”**, of these regulations.
- B. No parking shall be permitted in the front yard of any structure constructed on an individual lot unless such parking area is landscaped with trees, shrubs, and grass islands to prevent the appearance of **an** open parking lot.

5.33.109 Storage

Outdoor storage shall be prohibited unless fully screened on all sides by an opaque ornamental screen.

5.33.110 Landscaping

- A. A landscape plan for the entire development shall be prepared and presented to the Planning Commission for approval. This plan shall show the type and location of plantings, locate and show the purpose of visual screens and establish a means to insure the accomplishment of the landscape plan.
- B. The landscaping plan shall include but not be limited to approaches to building entrances, appropriate visual screens and any parking areas.

5.33.121 Access

Access to the planned commercial complex shall be designed to minimize conflicts in traffic. Insofar as possible all lots shall be designed to front on streets within the commercial development. Lots should not have direct access to existing streets, roads, or highways, except as may otherwise be approved by Metropolitan Planning Commission.

5.33.1312 Signs

As permitted by Section 3.90, **“Signs, Billboards and Other Advertising Structures”**, of this resolution.

5.33.1413 Administration

- A. A development plan for the planned commercial complex shall be submitted to the Planning Commission for approval as a **Use Permitted on Review use permitted on review**.
- B. Protective covenants. All development plans shall include protective covenants for the planned commercial development. These covenants shall indicate the use and design of structures in the planned complex as well as establishing measures to protect occupants of the development from incompatible uses and structures. These covenants shall include but not be limited to:

1. A statement of the purpose and function of the planned complex.
 2. A statement identifying the type of operations permitted listing uses permitted or performance standards required in the development. If performance standards are proposed as the criteria, a firm means of enforcing such standards must be included in the covenants.
 3. A list of uses prohibited in the commercial park, or a list of the type of uses or operations which would generally be considered to be incompatible with the purpose and function of the proposed development.
 4. Site requirements, including minimum lot size, maximum site coverage and any front, side and rear yard requirements for the development.
 5. Parking and loading requirements of the development insuring a standard at least equal to the minimum specified in Section 3.50, **“Off-Street Parking Requirements”**, of these regulations.
 6. Restrictions on outdoor storage.
 7. Landscaping requirements.
 8. Building construction and design standards which establish specific building standards, either by construction material or performance standards, and establish criteria as well as a means of enforcing the requirements. An architect or engineer for the development or an architectural review board should approve such designs and construction plans.
 9. Any other consideration which may be established to better insure that the development is in accordance with the stated purpose and intent of the development.
- C. The development plan shall show all streets and suggested lots. The plan shall meet all the requirements of the minimum regulations for the ~~S~~subdivision and ~~D~~development of land in Knox County, Tennessee. All streets in any planned commercial development shall have as a minimum standard, the standards for minor collectors.
- D. A revised development plan shall be submitted to the Planning Commission for approval of any changes, alterations, amendments, or extensions to the development plan. Approval of such changes may be granted if, in the opinion of the Planning Commission, the

requested changes would be in keeping with the intent and provisions of this resolution.

- E. No building permit shall be issued for construction of any building on the land until the Planning Commission has approved the development plan and a statement of approval has been affixed.
- F. The building permit shall be revoked if construction of any part, or phase, of the development is not in compliance with the approved plans.

5.34 SC SHOPPING CENTER ZONE (SC)

5.34.01 General Description

The general intent of this section is to encourage and insure the development of unified retail shopping centers which will promote the public health, safety, morals, and general welfare for the citizens of Knox County. The purposes of these subsections are:

- A. To promote safe and efficient movement of traffic within the site of the shopping center and in connection with adjacent access streets.
- B. To lessen the adverse effects which such shopping centers might have on the uses of adjacent land.
- C. To prohibit the development of uses of a heavy repair, wholesaling, industrial, and residential character in **SC, sShopping eCenter zZones**.

5.34.02 Uses Permitted

The list below specifies the uses which shall be permitted in **SC, sShopping eCenter zZones**. In addition to these uses, the Metropolitan Planning Commission may recommend the inclusion of other uses of a related nature, provided that the intent of this resolution is maintained, and provided that no establishment that allows the selling of beer for consumption on premises shall be located within five hundred **(500)** feet of any residential or agricultural zone unless such establishment holds a license from the State of Tennessee to sell liquor by the drink. 5.34.03 Uses Permitted On Review

- A. Adult-oriented establishments subject to meeting all requirements of Section 4.60, “**Adult-Oriented Establishments**”, of this resolution.
- B. Child day care centers, provided they meet the requirements of **Article Section 4.91, “Requirements for Child Day Care Centers and Group Day Care Homes, When Considered as Uses Permitted on Review”**.
- C. Adult day care centers, provided they meet the requirements of **Article Section 4.98, “Requirements for Adult Day Care Centers, When Considered as Uses Permitted on Review”**.

5.34.04 Height

No building shall exceed three **(3)** stories or forty **(40)** feet in height.

5.34.05 Yards

- A. Where the **SC, sShopping eCenter zZone**, abuts a lot which is residential in zoning classification no building shall be constructed less than fifty feet **(50)** from any lot line.

Where the **SC, sShopping eCenter zZone**, abuts any street right-of-way buildings shall be constructed not less than sixty **(60)** feet from such right-of-way.

- B. Buildings may be constructed less than fifty **(50)** feet from any lot line:
 1. Where the **SC, sShopping eCenter zZone**, abuts a lot which is ~~non-residential~~ **nonresidential** in zoning classification.
 2. Where the **SC, sShopping eCenter zZone**, abuts any street right-of-way when parking is not to be provided between the right-of-way of such street and buildings, in which case there shall be a minimum ~~set back~~ **setback** requirement of twenty **(20)** feet.
- C. On the sides of a **SC, sShopping eCenter zZone**, facing streets the development plan shall include ~~planted "parkways"~~ **parkways** of not less than ten **(10)** feet in width. The presence of these parkways will

aid in the integration of shopping centers into adjacent areas, and they will aid in keeping vehicular entrance and exit points to a minimum.

- D. On the sides of **SC, Shopping Center** Zones facing residential properties adequate screening shall be provided whereby the noise, light, and possible unsightliness of the developed center will be held to a minimum. A plan for screening shall be included as a part of the development plan for the shopping center.

5.34.06 Divided Zones

For the purpose of calculating the zone width, lot dimensions, floor area ratios, percentage of lot covered by building, yard requirements and parking ratios, a single shopping center cannot lie on two sides of a major public street. Any area designated as being zoned a **SC, Shopping Center** Zone, and lying on both sides of a public street shall be deemed to be two **SC, Shopping Center** Zones, and all minimum requirements shall be met by buildings on each side of said public street as separate zones. This requirement is included to prevent large movement of shoppers across a major street from parking areas to shopping areas.

5.34.07 Health Department Approval

The development plan shall not be approved until the Metropolitan Planning Commission has a statement from the Health Department that the disposal system for sewage abides by standards of the Health Department.

5.34.08 Signs

As permitted by Section 3.90, **“Signs, Billboards, and Other Advertising Structures”**, of this resolution.

5.34.09 Off-Street Parking

As regulated by Section 3.50, “Off-Street Parking Requirements”.

~~5.34.09~~**10 Administration**

- A. A development plan of the shopping center shall be submitted to the Planning Commission for approval as a ~~Use Permitted on Review~~ **use permitted on review.**
- B. A revised development plan shall be submitted to the Planning Commission for approval of any changes, alterations, amendments, or extensions to the development plan. Approval of such changes may be granted if, in the opinion of the Planning Commission, the requested changes would be in keeping with the intent and provisions of this resolution.
- C. No building permit shall be issued for construction of any building on the land until the Planning Commission has approved the development plan and a statement of approval has been affixed.
- D. The building permit shall be revoked if construction of any part, or phase, of the development is not in compliance with the approved plans.

5.35 CH HIGHWAY COMMERCIAL ZONE (CH)

5.35.01 General Description

The **CH**, Highway Commercial Zone, is established to provide areas in which the principal use of land is devoted to commercial establishments which cater specifically to the needs of the highway user or tourist. The intent here is to reserve lands which because of particular location and natural features are adapted for such uses, and to encourage the development of these locations with such uses and in such a manner as to minimize traffic hazards and interference with other uses in the vicinity.

5.35.02 Uses Permitted

The following uses shall be permitted in the **CH**, Highway Commercial Zone, provided, however, that no establishment that allows the selling of beer for consumption on premises shall be located within five hundred (**500**) feet of any residential or agricultural zone unless such establishment holds a license from the State of Tennessee to sell liquor by the drink:

- A. Hotels, motels and restaurants including lounge, but excluding all types of drive-in establishments serving food or drink outside the building or catering to take-out trade.
- B. Gasoline service stations and transient mobile home parks, provided that a solid wall, fence, or evergreen hedge, is erected and maintained between such use and any adjoining residential zone.
- C. Souvenir, curio, novelty and candy shops only when operated in conjunction within a motel, restaurant, or service station.
- D. Signs as permitted by Section 3.90, "**Signs, Billboards, and Other Advertising Structures**", of this resolution.
- E. Buildings, structures, and uses accessory and customarily incidental to any of the above uses when located on the same lot with **the** principal building.
- F. Clinics, professional buildings, and general business offices.

- G. Demolition landfills less than one (1) acre in size subject to Article 4, **“Supplementary Regulations”**, Section 4.80.01(A), **“Demolition Landfills” (on site generated waste)**.
- H. Yards sales, rummage sales and flea markets.
- I. Commercial telecommunications towers, if the proposed tower is located **five hundred (500)** feet or more from a residence or residential zone.

5.35.03 Uses Permitted On Review

- A. Sanitary landfill subject to meeting all requirements set forth in Section 4.70, **“Sanitary Landfills”**, and 6.50, **“Procedure for Authorizing Uses Permitted on Review”**, of these regulations.
- B. Adult-oriented establishments subject to meeting all requirements of Section 4.60, **“Adult-Oriented Establishments”**, of this resolution.
- C. Commercial telecommunications towers, if the proposed tower is located within **five hundred (500)** feet of a residence or residential zone.

5.35.04 Area Regulations

The following requirements shall apply to all uses permitted in this zone.

5.35.05 Lot Area

Lot area shall be sufficient to meet both minimum ~~set back~~ **setback** and yard requirements contained herein and County Health Department requirements for the proposed use.

5.35.06 Set Back

All buildings shall be set back from all road right-of-way lines not less than thirty-five **(35)** feet.

5.35.07 Side Yard

The width of any side yard which abuts a residential zone shall be not less than fifty **(50)** feet. In all other cases each side yard shall be not less than twelve **(12)** feet.

5.35.08 Rear Yard

The depth of any rear yard which abuts a residential zone shall be not less than fifty **(50)** feet. In all other cases the rear yard shall be not less than ten **(10)** feet.

5.35.09 Height Restrictions

No building or structure shall exceed forty-five **(45)** feet in height except as provided in Section 3.20, **“General Exceptions”**, of these regulations.

5.35.10 Off-Street Parking

As regulated in Section 3.50, **“Off-Street Parking Requirements”**, of these regulations.

5.36 T TRANSITION ZONE (T)

5.36.01 Intent

The general intent of this section is to insure the development of land adjacent to residential areas into a **T, Transition Zone,** between other types of commercial and residential classifications and which will promote the public health, safety, morals, and general welfare of the citizens of Knox County. The purpose of this section is:

- A. To allow types of commercial use which are not major traffic generators, and would not open the area to objectionable types of commercial uses.
- B. To have a **T, Transition Zone,** that will be compatible with adjacent residential areas.

5.36.02 Uses Permitted

The list below specifies the uses which shall be permitted in a **T, Transition Zone.** In addition to these uses the Metropolitan Planning Commission may recommend the inclusion of other uses of a related nature, provided the intent of this resolution is maintained. Uses permitted:

- A. Apartments.
- B. Accessory buildings.
- C. Churches, schools, libraries, and museums.
- D. Garage apartments.
- E. Gardening and horticulture, but not on a commercial basis.
- F. Public golf courses, public parks and playgrounds; swimming pools, and other associated recreational facilities, none of which shall be used for commercial purposes.
- G. Hospitals and sanitariums, but not for contagious diseases, nor for the care of epileptics or drug or alcoholic patients, nor for the care of the insane or feeble minded.

- H. Nurseries and greenhouses for the propagating and cultivating of plants, but not on a commercial basis.
- I. Public utilities, such as transmission lines, substations, railroad lines, bus loading or waiting platforms, dams, water treatment plants, including water filtration and storage facilities, fire stations, and other similar public service uses and buildings, and also such other buildings and structures, as are used by utility and sanitary districts in the performing of the services in which they are authorized to engage.
- J. Houses and duplexes.
- K. Tourist homes (as defined in **Section Article 2**).
- L. Clinics, professional buildings, general business offices, institutions of an educational or a philanthropic nature. Private clubs, fraternities, sororities, excepting those the chief activity of which is a service customarily carried on as a business. Accessory uses customarily incidental to any of the above uses when located in the same building.
- M. Demolition landfills less than one (1) acre in size subject to Article 4, **“Supplementary Regulations”**, Section 4.80.01(A), **“Demolition Landfills” (on site generated waste)**.
- N. Yard sales and rummage sales.

5.36.03 Uses Permitted On Review

- A. Child day care centers, provided they meet the requirements of **Article Section 4.91, “Requirements for Child Day Care Centers and Group Day Care Homes, When considered as Uses Permitted on Review”**.
- B. Private golf courses, swimming clubs, country clubs, and tennis clubs.
- C. Assisted living facilities.

- D. Marinas and boat liveries, subject to the standards of Section 4.30, **“Standards for Marina and Boat Livery Development”**, of these regulations.
- E. Adult day care centers, provided they meet the requirements of ~~Article~~ **Section 4.98, “Requirements for Adult Day Care Centers, When Considered as Uses Permitted on Review”**.

5.36.04 Height

No building or structure shall exceed forty-five **(45)** feet, except that the Planning Commission may approve a greater height during plan review where the following conditions are met:

- A. The petitioner can show that such increase in height is compatible with surrounding development and is clearly within the intent of this section.
- B. Required depth of all yards is increased one **(1)** foot for each foot of building height permitted in excess of forty-five **(45)** feet. No variance to this requirement shall be permitted.

5.36.05 Lot Area

Main and accessory buildings shall not occupy more than thirty **(30)** percent of the lot area.

5.36.06 Front Yards

No building shall be located closer than thirty-five **(35)** feet to the front property line and no tourist court shall be located closer than fifty **(50)** feet to the front property line ~~(except the office of the tourist court may be located within thirty-five **(35)** feet)~~, and no accessory buildings shall be located within or so as to project into the front yard. Planted parkways, with curbs, shall be provided between driveways in front of buildings and the street so that they will aid in keeping vehicular entrance and exit points to a minimum.

5.36.07 Side and Rear Yards

The side and rear yards of every main building shall have a minimum width of thirty feet **(35)** when adjoining a residentially zoned district, and fifteen **(15)**

feet when adjoining a commercial zone. On corner lots the building shall be located in accordance with Article 3, **“General Provisions”**, Section 3.30.01.

5.36.08 Health Department Approval

The development shall not be approved until the Metropolitan Planning Commission has a statement from the Health Department that the disposal system for sewage abides by standards of the Health Department.

5.36.09 Signs

As permitted by Section 3.90, **“Signs, Billboards, and Other Advertising Structures”**, of this resolution.

5.36.10 Parking

As regulated by Section 3.50

5.36.1011 Administration

- A. The developer of any property in a **T**, Transition Zone shall submit a development plan to the Planning Commission for approval as a **Use Permitted on Review** **use permitted on review**.
- B. A revised development plan shall be submitted to the Planning Commission for approval of any changes, alterations, amendments or extension of the development plan. Approval of such changes may be granted if, in the opinion of the Planning Commission, the requested changes would be in keeping with the intent and provisions of this resolution.
- C. No building permit shall be issued for construction of any building on the land until the Planning Commission has approved the development plan and a statement of approval has been affixed.
- D. The building permit shall be revoked if construction of any part, or phase, of the development is not in compliance with the approved plans.

5.37 CR RURAL COMMERCIAL ZONE (CR)

5.37.01 General Description

This commercial zoning district provides the opportunity to locate limited retail and service uses in a manner convenient to outlying rural areas. It is intended to provide for the recurring shopping and personal service needs of nearby rural residential areas. This zoning should be placed on properties that are located at or near intersections of arterial and/or collector streets in order to maximize accessibility from surrounding areas. The range of permitted uses is limited to those which are generally patronized on a frequent basis by area residents. Development performance standards are included to maximize compatibility between commercial uses and surrounding rural areas, and to maintain the rural character of these areas.

5.37.02 Uses Permitted

Only the following uses shall be permitted by right in the CR, **Rural Commercial**, zoning district. Where North American Industry Classification System (NAICS) codes are indicated after permitted uses, the businesses listed under that classification in the United States Office of Management and Budget *North American Industry Classification Manual, 1997 edition*, shall be permitted providing all other requirements of this ordinance are fulfilled. The area requirements for dwellings, and buildings accessory thereto, shall be the same as the area requirements for the ~~Residential B RB, General Residential~~ **Residential** Zone. The following requirements shall apply to all other uses permitted in this zone:

5.41.05 Front Yard

All buildings shall set back from the street right-of-way line to provide a front yard having not less than twenty-five **(25)** feet in depth.

5.41.06 Side Yard

Side yard requirements for residential uses shall be the same as in the ~~Residential B RB, General Residential~~ **Residential** Zone. Where a side yard is adjacent to a residential zone, no ~~non-residential~~ **nonresidential** building shall be located closer than twenty **(20)** feet to the side lot line. In all other cases no building shall be located closer than fifteen **(15)** feet to the side lot line.

5.41.07 Rear Yard

No building shall be located closer than twenty **(20)** feet to the rear lot line.

5.41.08 Maximum Lot Coverage

- A. The maximum lot area which may be covered by residential structures shall be the same as required in the ~~Residential B RB, General Residential~~ **Residential** Zone.

- B. Other main and accessory buildings shall cover not more than thirty-five **(35)** percent of the lot area.

5.41.09 Height Regulations

No building or structure shall exceed four **(4)** stories or forty-five **(45)** feet in height, except:

- A. As provided in Section 3.20 "General Exceptions".
- B. The Planning Commission may approve, as a ~~"Use Permitted on Review"~~ **use permitted on review**, an increase in height above forty-five **(45)** feet and may, as a condition of such approval, require an increase in set back and/or yard requirements where appropriate.

5.41.10 Off-Street Parking

As regulated in Section 3.50, **"Off-Street Parking Requirements"**, except that parking shall not be located in the required front yard.

5.42 OC CIVIC AND INSTITUTIONAL ZONE (OC)

5.42.01 General Description

The **OC**, Civic and Institutional, zoning district and regulations are intended to provide a zoning classification for specified religious, governmental, recreational, and institutional uses where a separate zoning district is appropriate. These regulations are intended to minimize any conflicts or adverse impacts on other properties, public roads or facilities. Locations for civic and institutional uses should be on arterial or major collector streets.

5.42.02 Uses Permitted

- A. Churches, synagogues, mosques, temples, and other similar places of worship, except as permitted under Section 5.42.03, {"Uses Permitted on Review"}.
- B. The following uses when they are accessory to the main uses listed above, subject to the conditions and requirements listed below: religious book stores and gift shops; health and fitness clubs, including those offering memberships to persons outside the congregation; denominational offices; food pantries; parish housing; and thrift shops and stores selling second-hand or used merchandise.
 - 1. Accessory uses shall occupy no more that **40% forty (40) percent** of the total developed floor space of the main use.
 - 2. Accessory structures and buildings shall be designed and constructed according to the regulations and requirements for area, landscaping, lighting, signage, and off-street parking described for civic and institutional uses.
- C. Public and private elementary and secondary schools, excluding residences.
- D. Private clubs, lodges, and fraternal organizations.
- E. Libraries, museums and art galleries.

- F. Local, state and federal government facilities, excluding correctional facilities.
- G. Public utilities.
- H. Philanthropic, charitable and service organizations.
- I. Public parks, playgrounds and recreation facilities.
- J. Demolition landfills less than one (1) acre in size subject to Article 4, "Supplementary Regulations", Section 4.80.01(A), "Demolition Landfills" (on site generated waste).**

5.42.03 Uses Permitted on Review

- A. Public and private elementary and secondary schools, with residences.
- B. Junior colleges, colleges, universities, and business and trade schools, including residences.
- C. Hospitals, sanitariums and nursing homes.
- D. Child day care centers, provided they meet the requirements of ~~Article~~ **Section 4.91, "Requirements for Child Day Care Centers and Group Day Care Homes, When Considered as Uses Permitted on Review"**.
- E. Adult day care centers, provided they meet the requirements of ~~Article~~ **Section 4.98, "Requirements for Adult Day Care Centers, When Considered as Uses Permitted on Review"**.
- F. Commercial telecommunications towers, provided they meet the requirements of ~~Article~~ **Section 4.92, "Standards for Commercial Telecommunications Facilities"**.
- G. Assisted living facilities.
- H. Developments requiring waivers as allowed under the following site

development standards:

1. Landscaping, Section 5.42.06, **“Landscaping Requirements”**.

5.42.04 Area Regulations

A. Height Regulations

1. No building shall be built to a height exceeding forty-five (45) feet at the minimum required setback line.
2. No building shall exceed a height of thirty-five (35) **ft. feet**, if located within **one hundred (100)** feet of a residential zone. However, for each additional foot of setback from the minimum setback line, the building height may be increased by one **(1)** foot to a maximum of forty-five (45) **ft feet**.

B. Setback Requirements

1. Front yard setback: a minimum of thirty-five (35) feet.
2. Side yard setback: a minimum of twenty-five (25) feet.
3. Rear yard setback: a minimum of twenty-five (25) feet.
4. Front, side or rear yard setback, when abutting a residential or agricultural zone: a minimum of fifty (50) feet.

5.42.05 Maximum Lot Coverage

Main and accessory buildings shall not cover more than fifty (50) percent of the lot area.

5.42.06 Landscaping Requirements

- A. A landscaping plan shall be submitted as a part of any application for administrative site plan approval. The following minimum standards shall apply:

1. Any required yard shall be landscaped with live vegetation of a nature normally found in residential areas.
- B. Parking ~~a~~**Areas**:
1. Parking areas shall contain one thousand (1,000) square feet of landscaping for every twenty thousand (20,000) square feet, or fraction thereof, of paved parking area.
 2. For every five thousand (5,000) square feet of parking area, a tree shall be provided that will obtain a minimum height of forty (40) feet at maturity.
- C. Buffer ~~y~~**Yards**:
1. Within the required building setback, a buffer yard shall be established along any property line that abuts a residential or agricultural zoning district. The Planning Commission may waive or reduce this requirement when there is no principal residential structure within **two hundred (200)** feet of said property line.
 2. The following standards shall apply in buffer yards:

Minimum width: **fifteen (15)** feet

Landscaping and screening: A screen, opaque to a height of six **(6)** feet and consisting of any combination of a fence, wall, evergreen plants, or earth berms shall be provided in the buffer yard.
- D. The Planning Commission may approve a landscaping plan that differs from the minimum standards if the Commission finds that such plan meets the intent of this section.
- E. The Department of Code Administration shall verify the installation of landscaping as shown on the approved landscaping plan prior to the issuance of a certificate of occupancy. Installation of planting materials may be delayed until the next planting season, in the

event that literal compliance with the above standard would require plants to be installed at a time when they would not survive. In such cases, a certificate of occupancy can be issued prior to the installation of landscaping with the posting of a bond with the Knox County Department of Engineering and Public Works to guarantee such installation.

5.42.07 Lighting

Lighting of all types shall be directed away from all residential or agricultural zoning districts, or any public rights-of-way.

5.42.08 Sign Regulations

Signage shall comply with the requirements of Section 3.90, **“Signs, Billboards, and Other Advertising Structures”**, including Subsection 3.90.08, **“Office and Transition Zones”**.

5.42.09 Off-Street Parking Regulations

Off-street parking shall comply with the requirements of Section 3.50, **“Off-Street Parking Requirements”**.

5.42.10 Administration

- A. For uses listed as permitted uses in the OC, ~~(Civic and Institutional)~~ zoning district, no building or structure shall be erected or altered until and unless a plan for such development has been filed with and approved by the Knox County Department of Code Administration. The plan shall be filed in accordance with the requirements of Article 6, **“Administration, Enforcement and Interpretation”**, Section 6.70, ~~(Administrative Site Plan Review)~~, of this zoning ordinance.
- B. In administratively reviewing plans for specific sites, the Department of Code Administration shall approve any site plan that complies with the above referenced design standards and the requirements of the Knox County zoning and subdivision regulations. Anyone aggrieved by a decision of the Department of

Code Administration may appeal such decision to the Board of Zoning Appeals, pursuant to Article 6, **“Administration, Enforcement and Interpretation”**, Section 6.60, **“Board of Zoning Appeals”**, of these regulations.

- C. The Metropolitan Planning Commission shall approve, approve with conditions, or deny applications for uses on review, as described in Section 4.42.03, **“Uses Permitted on Review”**, and in compliance with relevant Knox County zoning and subdivision regulations.

5.50 BP BUSINESS AND TECHNOLOGY PARK ZONE (BP)

5.50.01 General Description

This zoning district is intended to provide for a wide range of land uses which are generally categorized in business, industrial and/or office classifications of use, whether in the public or private sectors. The permitted land uses are intended to include those businesses which require building spaces characterized by offices, research and development, manufacturing, and/or combinations of such uses. The permitted uses include, but are not limited to, those which reflect particular emphasis on scientific and engineering applications in product and/or process. The on-site and off-site impacts of such uses are typically similar in kind and degree to such uses located within other zoning districts which allow such uses. Potential impacts are addressed within this district through site-specific planning and design, consistent with the regulations contained herein specific to, but not limited to: area requirements, maximum lot coverage and building height limits, landscaping, utilities, signs, and off-street parking regulations.

The intended and desired effect of the site regulations is to create an attractive park-like setting for the businesses which locate within the **Park park**. The planning and design for the **Park park** is intended to accomplish an aesthetic environment which is complementary to site features and the surrounding environment. Site features and infrastructure are to be consistent with the park-like design theme.

The BP, **Business and Technology Park**, zoning district shall be located only within the designated **TO, Technology Corridor Overlay District Zone**, subject to the jurisdiction and development review of the Tennessee Technology Corridor Development Authority or its successor, and the Metropolitan Planning Commission.

5.50.02 Minimum Size of Zone

In order to achieve the above intent an area of sufficient size to permit a spacious design and coordinated arrangement of buildings and facilities is necessary. Therefore, no BP Business and Technology Park Zone may be created which has an area of less than five acres.

5.50.03 Uses Permitted

The following uses may be permitted by approval of a development plan that indicates they are within the intent of this zone as described in paragraph 5.50.01, **“General Description”**, above, that they comply with the **Ddevelopment Pplan Sstandards** of Section 5.50.13, and that they will meet the **Pperformance Sstandards** of Section 4.10, **“Supplementary Regulations Applying to a Specific, to Several, or to All Zones”**. These performance standards, like all other provisions of this ordinance are continuing obligations and all uses must continue to operate in compliance with the standards. Where SIC codes are indicated after permitted uses, the businesses listed under that classification in the U.S. Department of Commerce *Standard Industrial Classification Manual, 1987 Edition*, shall be permitted, providing all other requirements of this ordinance are fulfilled.

All of the uses permitted under this section shall have their primary operations conducted entirely within enclosed buildings, and shall not emit any obnoxious dust or smoke, or noxious odor or fumes outside of the building housing the operation or produce any noise level occurring on the adjacent street. Operations shall cause no radiation or radioactivity at any exterior wall and no electrical radiation that affects any operation or equipment other than those of the creator of the radiation. All storage shall be confined to the interior of buildings.

 - q. ~~a~~**A**ccessory uses customarily incidental to any of the above uses, including recreational uses associated with and maintained primarily for the uses permitted above.
4. Retail commercial locations ~~s~~ **i**s within the development shall be approved as part of the overall development proposal.
5. Building permits for retail commercial development may not be issued until certificates of occupancy have been granted for non retail uses equal to **ten (10) percent** of the total floor area of the approved development.
6. No establishment that allows the selling of beer for consumption on premises shall be located within five hundred **(500)** feet of any residential or agricultural zone unless such

establishment holds a license from the State of Tennessee to sell liquor by the drink.

- T. Demolition landfills less than one (1) acre in size subject to Article 4, **“Supplementary Regulations”**, Section 4.80.01(A), **“Demolition Landfills” (on site generated waste)**.
- U. Yard sales and rummage sales).
- V. Churches).
- W. Utility ~~sub-stations~~ **substations**, easements, transportation rights-of-way, and alleys.
- X. Order processing centers for goods and services, including television home shopping networks, call centers and internet and catalog order processing centers, corporate and business offices, order fulfillment operations and related receiving, warehousing and distribution of goods for sale to customers and incidental on premises sales, subject to the following conditions.
 - 1. Floor areas devoted to on premises, over-the-counter sales to walk-in customers shall not exceed **ten (10) percent** of the total floor area of the approved development plan.
 - 2. On premises sales may be permitted at special events no more than five times during any calendar year.

5.50.04 Uses Permitted on Review

- A. Houses may be permitted by the Metropolitan Planning Commission as a ~~“Use on Review”~~ **Use-on-Review** in accordance with the provisions of Section 6.50, **“Procedure for Authorizing Uses Permitted on Review”**, of this resolution.
- B. Child day care centers, provided they meet the requirements of ~~Article Section 4.91~~, **“Requirements for Child Day Care Centers and Group Day Care Homes, When Considered as Uses Permitted on Review”**.
- C. Commercial telecommunications towers.

- D. Adult day care centers, provided they meet the requirements of **Article Section 4.98, "Requirements for Adult Day Care Centers, When Considered as Uses Permitted on Review"**.

5.50.05 ~~Non-conforming~~ **Nonconforming** ~~Uses~~ (Exception to Section 3.60, **"Nonconforming Uses"**, of the Knox County Zoning Ordinance)

~~Non-conforming~~ **Nonconforming** churches, houses, agricultural lots and structures existing immediately preceding a change of zoning to the BP, Business and Technology Park Zone, shall be allowed to continue, expand, construct or replace structures and other improvements to the property provided that the proposed improvement complies with the requirements of the **A**, Agricultural Zone.

5.50.06 Area Requirements

The following requirements shall apply to all parcels within **a BP**, Business and Technology Park Zone, and to all uses permitted in this zone:

A. Peripheral Boundary:

All buildings or structures shall be set back from the peripheral boundary of **a BP**, Business and Technology Park Zone, not less than fifty **(50)** feet. Where the peripheral boundary abuts a residential zone, all buildings and structures shall be set back from that residential zoning line not less than seventy-five **(75)** feet.

B. Front Yard

All buildings shall set back from all street right-of-way lines not less than fifty **(50)** feet.

C. Side Yard

No building shall be located closer than forty **(40)** feet to a side yard lot line.

D. Rear Yard

No building shall be located closer than thirty **(30)** feet to the rear lot line.

The depth of any rear yard which abuts a residential district shall be not less than fifty **(50)** feet, provided, however, that no rear yard is required where the lot abuts on an existing or proposed railroad right-of-way or spur.

E. Minimum Parcel Size

The minimum parcel size shall be one (1) acre and shall conform to the ~~Tennessee Technology Corridor Design Guidelines~~ **Tennessee Technology Corridor Design Guidelines** as ~~adapted~~ **adopted** by the Tennessee Technology Corridor Development Authority.

5.50.07 Maximum Lot Coverage and Height of Building

The maximum area of site permitted to be covered by structures shall be governed by a ground area coverage (GAC) ratio, and the height of structures shall be governed by a floor area ratio (FAR). The GAC is defined as the number of square feet of ground area covered by the building, divided by the square feet of lot area. The FAR is defined as the number of square feet of floor area in a building, divided by the square feet of lot area. The GAC and FAR for any area zoned BP, Business and Technology Zone, shall be established at the time of zoning or site plan review upon a recommendation of the Planning Commission that takes into account the topography, size, accessibility and surroundings of the site and planning policy for the area. In no case shall the GAC exceed **twenty-five (25) percent** nor shall the FAR exceed **thirty (30) percent**.

5.50.08 Landscaping Regulations

The following requirements shall apply in this zone:

A. Required Yard

Any required yard shall be landscaped with live vegetation of a nature normally found in residential areas. All yard areas required under this section and other yards and open spaces existing around buildings shall be landscaped and maintained in such a manner as to provide a park-like setting for the district.

B. Parking Areas

Parking areas shall contain five hundred **(500)** square feet of landscaping for every twenty thousand **(20,000)** square feet, or fraction thereof, of paved parking area.

Parking areas located closer than fifty **(50)** feet to public rights-of-way or adjacent property lines shall be screened by evergreen planting that will obtain a minimum height of five **(5)** feet at maturity.

For each five thousand **(4,000)** square feet of parking area a tree shall be provided that will obtain a minimum height of forty **(40)** feet at maturity.

5.50.09 Utilities

All utility transmission lines serving individual uses shall be placed underground.

5.50.10 Signs

As permitted by Section 3.90, **“Signs, Billboards, and Other Advertising Structures”**, of this resolution.

5.50.11 Off-Street Parking

As regulated in Section 3.50, **“Off-Street Parking Requirements”**, except that parking shall not be permitted in the required front yard, or the required side yards.

5.50.12 Application Procedures for Business and Technology Park Developments

Within the BP, Business and Technology Park Zone, no building or structure shall be erected or altered until and unless there shall have been filed with and approved by the Planning Commission a written application for approval of a plan for the contemplated development within said **district zone**. The application shall be accompanied with the following information:

- A. A description of all operations proposed in sufficient detail to show that the proposed uses are within the intent of the BP, Business and Technology Park Zone, as described in paragraph 5.50.01, **“General Description”**, and to indicate the effects of those operations in

production of excessive auto and traffic congestion or problems of noise, glare, odor, sewerage, air pollution, water pollution, fire or safety hazards, or other factors detrimental to the health, safety, and welfare of the area. ~~See Section 4.10 Performance Standards for Commercial and Industrial Uses~~ **See Section 1, “Performance Standards for Commercial and Industrial Uses”, in Section 4.10, “Supplementary Regulations Applying to a Specific, to Several, or to All Zones.**

- B. A development plan indicating the following: location of present and proposed buildings, loading docks, driveways, parking lots, other accessory uses, existing wooded areas, proposed landscaping, and trash disposal areas.
- C. Preliminary architectural plans for the proposed building or buildings.
- D. An estimate of the maximum number of employees contemplated for the proposed development and the number of employees per shift.
- E. A storm drainage plan which includes accurate existing and proposed water courses; the system of open channels, pipes, culverts, drains, inlets, ~~catchbasins~~ **catch basins**, and similar facilities designed to handle storm water in times of rainstorms, the calculations used in the design of such systems and the easements required in the construction and maintenance of the drainage system and meeting all requirements of Section 6.11, **“Grading Permit”**.
- F. Other engineering and architectural plans for the handling of any problems of the type outlined in paragraph 5.50.12A above, including a designation of sewers to be used and necessary plans for controlling smoke or other nuisances.
- G. Any other information the Planning Commission may need to adequately consider the effect that the proposed uses may have upon their environment and on the cost of providing public services to the area. All sewage disposal systems and land requirements for such systems must be approved before a building permit is issued.

5.50.13 The Metropolitan Planning Commission may approve an overall development plan for a business park comprising an area of twenty **(20)**

acres or more subject to administrative review and approval of plans for development of individual sites or parcels within the park by the MPC staff.

- A. In lieu of site specific plans as referenced in Subsections 5.50.12B and 5.50.12C, the overall development plan shall provide design standards for landscaping and architectural features in sufficient detail to allow the Planning Commission to determine that the development would comply with the intent of the BP **Business and Technology Park** zone.
- B. In administratively reviewing plans for specific sites, the staff shall approve any site plan that complies with the above-referenced design standards, the overall development plan approved by the Planning Commission, and the requirements of the Knox County zoning and subdivision regulations. MPC staff decisions may be appealed to the Planning Commission. Anyone aggrieved by a decision of the Planning Commission may appeal such decision to the Board of Zoning Appeals, pursuant to Article 6, **“Administration, Enforcement and Interpretation”**, Section 6.60, **Board of Zoning Appeals”**, of these regulations.

5.50.14 The Metropolitan Planning Commission shall approve, approve with conditions, or deny the development plan based on the following standards:

- A. Roads, driveways, parking lots and curb cuts are designed so as to promote safe and efficient movement of vehicular traffic.
- B. The development will comply with all applicable requirements of ~~the Performance Standards for Commercial and Industrial Uses (Section 1, 4.10)~~ **Section 1, “Performance Standards for Commercial and Industrial Uses”, in Section 4.10, “Supplementary Regulations Applying to a Specific, to Several, or to All Zones.**
- C. The development will comply with all dimensional and area requirements and requirements for landscaping, parking, signs and utilities contained in this Section.

5.51 EC EMPLOYMENT CENTER ZONE (EC)

5.51.15.51.01 General Description:

This zoning district is intended to encourage development of business parks and other employment centers that will contribute to the future economic well being of Knox County; to provide standards and procedures that will minimize any conflicts or adverse impacts of these developments with other properties, public roads or facilities; to provide a zoning district for use in areas meeting the locational standards for industrial parks and technology based development contained in the ~~Knoxville-Knox County General Plan~~ ***Knoxville-Knox County General Plan***; and to provide a zoning district for business and technology park development that requires site plan review and complies with the requirements of the ~~Farragut-Knoxville-Knox County Growth Policy Plan~~ ***Farragut-Knoxville-Knox County Growth Policy Plan***

 - f. Hotels and motels.
 - g. Accessory uses customarily incidental to any of the commercial uses listed in this section.
 3. The locations of commercial uses shall be integrated by means of access within the EC **Employment Center Zone** development.
 4. No establishment allowing the sale of beer for consumption on premises shall be located within five hundred (500) feet of any residential or agricultural zone unless such establishment holds a license from the State of Tennessee to sell liquor by the drink.
- P. Other uses of the same general character as those listed in this section as permitted uses and deemed appropriate by the Planning Commission.
- Q. Child day care centers, consistent with the requirements of Section 4.91, **“Requirements for Child Day Care Centers and Group Day Care Homes, When Considered as Uses Permitted on Review”**, of these regulations.

- R. Adult day care centers, consistent with the requirements of Section 4.98, **“Requirements for Adult Day Care Centers, When Considered as Uses Permitted on Review”**, of these regulations.
- S. Outdoor storage, subject to the following requirements:
1. Outdoor storage shall be fully screened on all sides by an opaque, ornamental or vegetative screen.
 2. Outdoor storage must be an accessory use to a principal use on the same site.
- T. **Demolition landfills less than one (1) acre in size subject to Article 4, “Supplementary Regulations”, Section 4.80.01(A), “Demolition Landfills” (on site generated waste).**

5.51.3 5.51.03 Area Regulations

The following requirements shall apply to all uses permitted in this zone:

- A. Minimum Size Requirements
1. Minimum size of an EC **Employment Center Zone** district: **five (5)** acres, providing that smaller areas may be rezoned when they directly abut EC **Employment Center** zoning, regardless of ownership.
 2. Minimum lot size: One (1) acre.
- B. Height Regulations
1. No building shall be built to a height exceeding forty-five (45) feet, at the minimum required ~~set back~~ **setback** line.
 2. No building shall exceed a height of thirty-five (35) feet, if located within **one hundred (100)** feet of a residential zone. However, for each additional foot of setback from the minimum setback line, the building height may be increased by one **(1)** foot to a maximum of forty-five (45) feet
- C. Setback Requirements
1. Front yard setback: a minimum of fifty (50) feet
 2. Side yard setback: a minimum of fifty (50) feet

3. Rear yard setback: a minimum of fifty (50) feet

D. Maximum Lot Coverage

Main and accessory building footprints and loading platforms shall not cover more than fifty (50) percent of the lot area.

5.51.45.51.04 Site Development Standards.

The following standards will guide development in the EC **Employment Center Zone** district:

A. Off-street Vehicle Parking, Bicycle Parking and Sidewalks

1. As a supplement to the off-street parking requirements of Section 3.50, **“Off-Street Parking Requirements”**, the following shall apply:

- a. No parking shall be located closer than fifty (50) feet from any public right-of-way, twenty-five (25) feet from any side property line, or twenty-five (25) feet from any rear property line. Parking for commercial uses as described in Section ~~5.51.2 (O)~~ **5.51.02(O)** may be located no closer than twenty-five (25) feet from any public right-of-way. The areas between roads and parking lots shall be landscaped with ground cover and one medium or large maturing tree for every **fifty (50)** feet of the length of the road or lot line. (Tree species lists are available through the Planning Commission.)
- b. The dimensions for required off-street parking spaces may be less than that required under Section 3.50, **“Off-Street Parking Requirements”**, provided that those dimensions are approved in the development plan and established through the variance process.
- c. Where the business is located within a one-quarter (1/4) mile walk via sidewalks of a Knoxville Area Transit (KAT) stop, the number of required parking spaces may be reduced by **fifteen (15)** percent.
- d. All other provisions of Section 3.50, **“Off-Street Parking Requirements”**, shall apply.

2. Bicycle parking spaces on bicycle racks or in bicycle lockers, as defined by the *Knoxville Regional Bicycle Plan*, shall be located near the entrances to all buildings within the park or development.
3. Any EC **Employment Center Zone** development that is accessed by interior streets or easements shall include at a minimum sidewalks along one **(1)** side of all streets or easements within the development.

B. Loading and Unloading Areas

1. All loading docks shall be located at the rear or side of buildings. Truck and trailer parking shall also be located at the rear or side of buildings. Where the size and/or shape of the building and property, or some physical characteristic of the property (i.e., topography, wetlands, sinkholes, etc.), make it infeasible to locate a loading dock at the rear of a building, the loading dock may be located at the side of a building providing that landscaping is used to screen the loading dock from neighboring properties and public rights-of-way.
2. ~~All~~**All** loading docks shall be set back and permanently screened, either by landscaping, berming or architectural screens, from neighboring properties and public view to minimize the effect of their appearance from neighboring building sites.
3. ~~Vehicle maneuvering for loading and unloading shall not be permitted on abutting rights-of-way.~~
Vehicle maneuvering for loading and unloading shall not be permitted on abutting rights-of-way.

C. Landscaping

1. A landscaping plan shall be submitted as a part of any application for ~~u~~**Use-on-R**view/development plan approval. The species lists for recommended trees are available at the Metropolitan Planning Commission, or on its website (www.knoxmpc.org). The following minimum standards shall apply:

- a. Any required yard shall be landscaped with various sizes of native trees. One **(1)** large maturing tree and one medium or small maturing tree shall be provided per acre of required yard spaces.
 - b. Grass or other natural ground cover shall be used in the required yard spaces. The majority of the area around buildings shall be landscaped with shrubs, and yards shall be maintained in such a manner as to provide a park-like setting for the district.
2. Parking areas:
- a. Parking areas shall contain one thousand (1,000) square feet of landscaping for every twenty thousand (20,000) square feet, or fraction thereof, of paved parking area.
 - b. For each five thousand (5,000) square feet of parking area, or fraction thereof, a tree shall be provided that will obtain a minimum height of forty (40) feet at maturity.
3. Buffer yards and other screening:
- a. Within the required building setback, a buffer yard shall be established along any property line that abuts a residential or agricultural zoning district. The Planning Commission may consider buffer yards in relation to other zones as the site plan is considered.
 - b. The following standards shall apply in buffer yards:

Minimum width: **One hundred (100)** feet ~~{adjacent to residential zones}~~ and **fifty (50)** feet ~~{adjacent to agricultural and open space zones}~~

Landscaping and screening: A combination of medium and large evergreen trees and evergreen shrubs, which will provide an **eighty (80)** percent screen at maturity from adjoining properties to a height of **forty-five (45)** feet, shall be planted in the buffer yard.

- c. Other sight obscuring screens shall be provided with the following minimum heights:

Refuse collection: One (1) foot height higher the refuse container

Loading areas: Eight (8) feet

Outdoor storage (where permitted): Six (6) feet

For these operations, adequate screening can be either natural or architectural material which obscures the line of sight from vehicles, pedestrians, and first story windows. Storage, loading and refuse container screening shall be of a material and design compatible with the overall architecture of the associated structure. The trees and shrubs shall cover a minimum of ~~50%~~ **fifty (50) percent** of the fence or architectural material in order to soften the screen.

- d. Berms, which have a minimum height of three (3) feet at any point, are strongly encouraged as a technique to screen on-site activities and to provide a buffer between those activities and adjacent properties. Berms should vary in height to provide interest. The plan materials previously identified should be used in landscaping berms.
- e. Existing trees that shall be conserved to create the buffer and other screening shall be identified on the landscaping plan.
4. The Planning Commission may approve a landscaping plan that differs from the minimum standards if the Commission finds that such plan meets the intent of this section.
5. The Department of Code Administration shall verify the installation of landscaping as shown on the approved landscaping plan prior to the issuance of a certificate of occupancy. Installation of planting materials may be delayed until the next planting season, in the event that literal

compliance with the above standard would require plants to be installed **at a time when they would not survive. In such cases, a certificate of occupancy can be issued prior to the installation of landscaping with the posting of a bond with the Knox County Department of Engineering and Public Works to guarantee such installation.**

D. Lighting

Lighting of all types shall be directed away from all residential or agricultural zoning districts, or any public rights-of-way. Locate lights to avoid glare or excessive light spillover on adjacent sites and direct exterior lighting away from adjacent properties. Cut-off luminaries shall be used for all parking, road and security lights to reduce the amount of glare and light spillover.

E. Signage

Signs shall comply with the requirements of Section 3.90.12, **“Employment Center Zones”**.

5.51.55.51.05 Administration

Within the EC (Employment Center) ~~z~~**Zone**, no building or structure shall be erected or altered until and unless a written application and development plan for the contemplated development within said district has been filed with and approved by the Planning Commission. The plan and application shall include the following:

- A. In consideration of the difference in the scale of potential uses and their impact on the environment and the surrounding area, a list of the permitted uses shall be approved by the Planning Commission and recorded with the Knox County Register of Deeds prior to the issuance of any permits for the approved EC **Employment Center Zone** development.
- B. Architectural, landscaping, lighting and signage plans for the proposed development. These plans may be in the form of a design guideline document that is approved with the development plan and is used, via covenants, in developing individual sites or parcels.

- C. A development plan indicating the following: location of present and proposed buildings, loading docks, driveways, parking lots, other accessory uses, existing wooded areas, proposed landscaping, building and free-standing signs, and trash disposal areas.
- D. An estimate of the maximum number of employees contemplated for the proposed development and the number of employees per shift.
- E. A storm drainage plan which includes accurate existing and proposed water courses; the system of open channels, pipes, culverts, drains, inlets, catch basins, and similar facilities designed to handle storm water in times of rainstorms; the calculations used in the design of such systems; and the easements required in the construction and maintenance of the drainage system, consistent with the requirements of Section 6.11, **“Grading Permit”**.
- F. Any other information the Planning Commission may need to adequately consider the effect that the proposed uses may have upon the environment and on the cost of providing services to the area.

5.51.65.51.06 Following the approval of a development plan by the Planning Commission, the Planning Commission staff may approve plans for individual sites or parcels. In administratively reviewing plans for specific sites or parcels, the staff shall approve any site plan that complies with the above referenced design guidelines document, the overall development plan approved by the Planning Commission, and the requirements of the Knox County zoning and subdivision regulations. MPC staff decisions may be appealed to the Planning Commission. Anyone aggrieved by a decision of the Planning Commission may appeal such decision to the Board of Zoning Appeals, pursuant to Article 6, **“Administration, Enforcement and Interpretation”**, Section 6.60, **“Board of Zoning Appeals”**, of these regulations.

5.51.75.51.07 The Metropolitan Planning Commission shall approve, approve with conditions, or deny applications for uses on review, as described in this section and in compliance with relevant Knox County zoning and subdivision regulations.

5.60 LI LIGHT INDUSTRIAL ZONE (LI)

5.60.01 General Description

The intent of this zone is to provide areas in which the principal use of land is for processing, storage, packaging, wholesaling, distribution, light manufacturing, and restricted retailing. In order to achieve compatibility in transition of property in the same or neighboring zones, performance standards are applied at lot lines. Landscaping and buffering requirements are intended to augment the transition of this zone with neighboring residential areas.

5.60.02 Uses Permitted

The following uses may be permitted in the **LI**, Light Industrial Zone, providing they can meet the performance standards set forth in Section 4.10, **“Supplementary Regulations Applying to a Specific, to Several, or to All Zones”**.

The primary operation of all uses permitted in this zone, except nurseries, shall be conducted within a completely enclosed building.

Any article or material used in the primary operation, or the finished product of any operation permitted in this zone may be stored outside provided such outside storage is screened from view from any public right-of-way. Such screening shall be located at or inside any required ~~set-backs~~ **setbacks**.

- A. Warehousing, ~~(provided all materials are stored indoors)~~.
- B. Manufacturing of products from previously prepared paper, metal, plastic, leather, wood, cloth, grains, food products, glass and similar products.
- C. Retail sales, ~~(provided that sales of products not produced on the site shall be indoors)~~.
- D. Processing of food products from previously slaughtered and dressed animals, fowl, and fish; or dairy products.
- E. Assembling or packaging of any products which can be manufactured on the site.

- F. Repair of any product which can be manufactured under the provisions of this zone.
- G. Wholesaling, {provided all materials are stored indoors}.
- H. Accessory buildings incidental to permitted uses and including residences for security personnel.
- I. Demolition landfills less than one (1) acre in size subject to Article 4, **“Supplementary Regulations”**, Section 4.80.01(A), **“Demolition Landfills” (on site generated waste)**.
- J. Yard sales and rummage sales.
- K. Commercial telecommunications towers, if the proposed tower is located **five hundred (500)** feet or more from a residence or residential zone.
- L. Self-service storage facilities.
- M. Commercial mulching operation, subject to the requirements of Article 4, **“Supplementary Regulations”**, Section 4.96.04, **“Standards for the Use-on-Review Approval of Commercial Mulching Operations”**.
- N. Storage of school buses under contract to a public or private school system. {See Article 3, **“General Provisions”**, Section 3.54, **“Storage of School Buses”**, for development criteria for school bus storage facilities.}
- O. Contractor’s Storage Yard.

5.60.03 Uses Permitted On Review

- A. Sanitary landfill subject to meeting all requirements set forth in Sections 4.70, **“Sanitary Landfills**, and 6.50, **“Procedure for Authorizing Uses Permitted on Review”** of these regulations.
- B. Demolition landfills, off-site, subject to Article 4, **“Supplementary Regulations”**, Section 4.80.01(B), **“Demolition Landfills”, (off-site generated waste)**.

- C. Child day care centers, provided they meet the requirements of Article 4.91, **“Requirements for Child Day Care Centers and Group Day Care Homes, When Considered as Uses Permitted on Review”**.
- D. Composting facility, consistent with the requirements of Sections 4.10.4414 through 4.10.4619, **Development Standards for Uses Permitted on Review**, 4.95, **“Standards for the Use-on-Review Approval of Solid Waste Processing Facilities”**, and 6.50, **“Procedure for Authorizing Uses Permitted on Review”**, of these regulations.
- E. Marinas and boat liveries, subject to the standards of Section 4.30, **“Standards for Marina and Boat Livery Development”**, of these regulations.
- F. Commercial telecommunications towers, if the proposed tower is located within **five hundred (500)** feet of a residence or residential zone.
- G. Adult day care centers, provided they meet the requirements of Article 4.98, **“Requirements for Adult Day Care Centers, When Considered as Uses Permitted on Review”**.

5.60.04 Height

No building shall be built to a height exceeding thirty-five **(35)** feet at the required ~~set back~~ **setback** line, however, for each additional foot of ~~set back~~ **setback** from the required distance the building height for that portion of the building may be increased by one **(1)** foot to a maximum of seventy-five **(75)** feet.

5.60.05 Lot Area

No minimum lot area shall be required **except as required in referenced sections**.

5.60.06 ~~Set Backs~~ **Setbacks**

No building shall be located closer than fifty **(50)** feet to any street right-of-way line or lot line which abuts a residential or agricultural zone. ~~Set backs~~ **setbacks** of buildings adjoining any other zoning district shall be equal to the adjoining district.

5.60.07 Maximum Lot Coverage

Main and accessory buildings and loading platforms shall not cover more than fifty **(50)** percent of the lot area.

5.60.08 Off-Street Parking

Off-street parking shall comply with the following requirements:

- A. All requirements set forth in Section 3.50, **“Off-Street Parking Requirements”**, of this resolution.
- B. No parking areas **shall be** located within any required set back.
- C. Parking areas shall contain five hundred **(500)** square feet of landscaping for every twenty thousand **(20,000)** square feet, or fraction thereof, of paved parking area.
- D. For each five thousand **(5,000)** square feet of parking area a tree shall be provided that will obtain a minimum height of forty **(40)** feet at maturity.

5.60.09 Landscaping

Ornamental vegetation shall be continually maintained in the required **setbacks** ~~set backs~~. In addition along all property lines adjacent to residential districts ~~ornamented~~ **ornamental** vegetation shall be provided which will reach a minimum height of fifteen **(15)** feet at maturity and provide cover to within one **(1)** foot of the ground.

5.60.10 Signs

As permitted by Section 3.90, **“Signs, Billboards, and Other Advertising Structures”**, of this resolution.

5.60.11 Exterior Lighting

Exterior lighting of any site shall be oriented in such a manner as not to cause direct lighting to be cast onto any residentially zoned property.

5.60.12 Utilities

All utility transmission lines serving individual uses shall be placed underground.

5.61 INDUSTRIAL ZONE (I)

5.61.01 General Description

This zone provides areas in which the principal use of land is for manufacturing, assembling, fabrication and for warehousing and other uses which have heavy impacts and adverse effects on surrounding property. These uses do not depend primarily on frequent personal visits of customers or clients, but usually require good accessibility to major rail, air, or street transportation routes. Such uses are not properly associated with, nor compatible with residential, institutional and retail commercial uses.

5.61.02 Uses Permitted

The following uses are permitted provided that they meet the Performance Standards of ~~Article~~ **Section 4.10, "Supplementary Regulations Applying to a Specific, to Several, or to All Zones"**. These performance standards, like all other provisions of this ordinance are obligations and all uses must operate in compliance with the standards. ~~The SIC code classifications are found within the U.S. Department of Commerce Standard Industrial Classification Manual, shall be permitted.~~ **Where North American Industry Classification System (NAICS) codes are indicated after permitted uses, the businesses listed under that classification in the United States Office of Management and Budget North American Industry Classification System Manual, 1997 edition, and any subsequent edition, may be permitted providing all other requirements of this ordinance are fulfilled.**

A. Construction related uses, including:

1. Contractor's storage yard.
2. Building, developing and general contracting (NAICS 233).
3. Construction and contracting.
4. Heavy construction (NAICS 234).
5. Special trades contractors (NAICS 235).

B. Finance related uses, including:

1. Administrative and support services (NAICS 561).
2. Credit intermediation and related activities (NAICS 522).
3. Educational services, excluding elementary and secondary schools (NAICS 611).

4. Finance and insurance, including funds, trusts and other financial vehicles, monetary authorities and banks (NAICS 521) (NAICS 525).

13. Space research and technology (NAICS 927).

C. Manufacturing and assembly uses, including:

1. Apparel manufacturing (NAICS 315).
2. Beverage and tobacco product manufacturing (NAICS 312).
3. Communications equipment manufacture, (NAICS 334).
Computer, office equipment and electronic product manufacturing (NAICS 334, 357)
4. **Computer, office equipment and electronic product manufacturing (NAICS 357).**
5. Electrical equipment, appliance and component manufacturing (NAICS 335).
6. Fabricated metal product manufacturing (NAICS 332).
7. Furniture and related product manufacturing (NAISC 337).
8. Food manufacturing (NAICS 311), excluding slaughter of animals and fat rendering.
9. Leather and allied product manufacturing (NAICS 316).
10. Machinery manufacturing (NAICS 333).
11. Motor vehicle parts and accessories including mechanical, electrical and electronic parts, components and subassemblies, such as braking systems, safety devices, pollution control mechanisms, and electronically controlled fuel systems manufacture, (NAICS 336).
12. Musical instruments manufacture (NAICS 339).
13. Measuring, analyzing, controlling, photographic, and optical instruments manufacture or assembly (NAICS 334).

14. Manufacturing (electrical) switchgear and switchboard apparatus (NAICS 335).
15. Manufacturing relays and industrial controls (NAICS 335314).
16. Manufacturing, compounding, assembling, or treatment of articles of merchandise from prepared materials.
17. Manufacturing, compounding, processing, packaging, treatment, or fabrication of ceramics, instruments, optical goods and pharmaceuticals.
18. Manufacturing, including miscellaneous manufacturing (NAICS 339).
19. Pharmaceutical and medicine manufacturing (NAICS 3254).
20. Plastics and rubber products manufacturing (NAICS 326).
21. Wood product manufacturing (NAICS 321).

D. Mining related uses, including:

1. Mining and mineral extraction subject to all requirements set forth in Section 4.10, **“Supplementary Regulations Applying to a Specific, to Several, or to All Zones”**, and 4.50, **“Standards for Mining and Mineral Extraction”**, of these regulations.
2. Support activities for mining (NAICS 213).
3. Support activities for agriculture and forestry (NAICS 115).

E. Warehouse and Distribution **uses, including:**

1. Air transportation, including landing fields, hangars, and equipment. (NAICS 481).
2. Broadcasting and telecommunications (NAICS 513).
3. Commercial telecommunications towers, if the proposed tower is located **five hundred (500)** feet or more from a residence or residential zone.
4. Couriers and messengers (NAICS 492).
5. Information services and data processing services (NAICS 514).
6. Motion picture production and allied services and sound recording industries (NAICS 512).
7. National security and international affairs (NAICS 928).
8. Order processing centers for goods and services, including television home shopping networks, call centers and internet and catalog order processing centers, corporate and business offices, order fulfillment operations and related

receiving, warehousing and distribution of goods for sale to customers and incidental on premises sales.

9. Pipeline transportation (NAICS 486).
10. Postal service (NAICS 491).
11. Printing and related support activities (NAICS 323).
12. Professional, scientific and technical services (NAICS 541).
13. Publishing industries (NAICS 511).
14. Research, development, experimental, or testing laboratories.
15. Retail commercial uses.

18. Support activities for transportation (NAICS 488).
19. Transit and ground passenger transportation (NAICS 485).
20. Transportation and warehousing, including transportation equipment manufacturing (NAICS 336).
21. Truck transportation (NAICS 484).
22. Utility ~~sub-stations~~ **substations**, easements, transportation rights-of-way, and alleys.
23. Water transportation, including marinas, subject to Article 4.30, **“Standards for Marina and Boat Livery Development”** (NAICS 483).

F. Waste handling uses, including:

1. Demolition landfills, off-site, subject to Article 4, **“Supplementary Regulations”**, Section 4.80.01B.
2. Solid or liquid waste transfer station.
3. Commercial mulching operation, subject to the requirements of Article 4, **“Supplementary Regulations”**, Section 4.96.01, **“Minimum Requirements”**.

G. Wholesale trade uses, including:

1. Warehousing and storage (NAICS 493).
2. Wholesale trade, including durable goods (NAICS 421) and non-durable goods (NAICS 422).
3. Textile mills (NAICS 313).
4. Textile product mills (NAICS 314).
5. Self-service storage facilities.

H. Indoor paintball ranges.

- I. Other uses of the same general character as those listed in this section as permitted uses and deemed appropriate by the Planning Commission.
- J. Demolition landfills less than one (1) acre in size subject to Article 4, "Supplementary Regulations", Section 4.80.01(A), "Demolition Landfills" (on site generated waste).**

5.61.03 Uses Permitted On Review

The following uses may be permitted, provided, that no such use shall be located nearer than three hundred **(300)** feet to a public park, school, church, hospital, sanitarium, residential zone, or subdivided land restricted to residential uses, except as otherwise provided in Section 4.50, **"Standards for Mining and Mineral Extraction"**, of these regulations.

- A. Adult day care centers, provided they meet the requirements of Article 4.98, **"Requirements for Adult Day Care Centers, When Considered as Uses Permitted on Review"**.
- B. Asphalt manufacture, refining or mixing plants.
- C. Automobile race tracks.
- D. Automobile wrecking, junk and salvage yards, as regulated above and in Section 4.40, **"Standards for Automobile, Wrecking, Junk and Salvage Yards, and Similar Uses"**, of this resolution.
- E. Cement, lime, plaster of paris, and gypsum manufacture.
- F. Child day care centers, provided they meet the requirements of Article 4.91, **"Requirements for Child Day Care Centers and Group Day Care Homes, When Considered as Uses Permitted on Review"**.
- G. Commercial telecommunications towers, if the proposed tower is located within **five hundred (500)** feet of a residence or residential zone.
- H. Manufacture or storage of explosives.
- I. Oil refining.
- J. Outdoor paintball ranges, subject to the requirements of Article 4,

Section 4.97, “Standards for the Approval of Indoor and Outdoor Paintball Ranges” (Outdoor Paintball Ranges).

- K. Sanitary landfill, subject to meeting all requirements set forth in Sections 4.70, **“Sanitary Landfills”**, and 6.50, **“Procedure for Authorizing Uses Permitted on Review”**, of these regulations.
- L. Slaughter houses or slaughtering of animals other than poultry.
- M. Solid waste processing facility and composting facility, consistent with the requirements of Sections 4.10.14 **14** through 4.10.16 **19**, **“Development Standards for Uses Permitted on Review”**, 4.95, **“Standards for the Use-on-Review Approval of Solid Waste Processing Facilities”**, and 6.50, **“Procedure for Authorizing Uses Permitted on Review”**, of these regulations.
- N. Stock yards.
- O. Sulfurous, sulfuric, nitric, or hydrochloric acid manufacture.
- P. **Demolition landfills, off-site, subject to Article 4, “Supplementary Regulations”, Section 4.80.01(B), “Demolition Landfills”, (off-site generated waste).**

5.61.04 Height

No building may be built to a height exceeding twice the width of the road upon which the building abuts. ~~B~~ Buildings may exceed this height limit providing the portion of the building higher than twice the width of the road is set back from every road and lot line one **(1)** foot for each three (3) feet of height in excess of twice the road width.

5.61.05 Lot Area

No minimum lot area shall be required except as required in referenced sections.

~~Requirements for lodging, and boarding houses. The minimum lot area shall be one acre, and in addition to the seven thousand five hundred square feet of lot area required for the owner or operator there shall be at least one thousand eight hundred square feet of lot area for each sleeping accommodation provided for guests of the lodging or boarding house, and the building area shall be not greater than fifty percent of the lot area.~~

5.61.06 Set Back

No building shall be located closer than twenty **(20)** feet to the road line. ~~No building or portion of a building used as a dwelling shall be located closer than twenty-five feet to the road line; and no lodging or boarding house shall be located closer than fifty feet to the road line.~~

5.61.07 Side Yards

There shall be a side yard on each side of every building or portion of a building which side yard shall have a minimum width of five **(5)** feet, increased by two **(2)** feet for each story above the first story.

5.61.08 Rear Yard

There shall be a rear yard on every lot, which rear yard shall have a minimum depth of sixteen **(16)** feet for a one-story building, twenty **(20)** feet for a two-story building, and twenty-four **(24)** feet for a three-story building.

5.61.09 Off-Street Parking

As regulated in Section 3.50 of these regulations.

5.61.10 Signs

Signs as permitted by Section 3.90 of this resolution.

5.70 F FLOODWAY ZONE (F)

5.70.01 General Description

The **F**, Floodway Zones, are established for the purpose of meeting the needs of the streams to carry floodwaters of a **five hundred (500)** year frequency flood and protecting the river, creek channels and floodplains from encroachment so that flood heights and flood damage will not be increased; to provide the necessary regulations for the protection of the public health and safety in areas subject to flooding; and to reduce the financial burdens imposed on the community by floods and the overflow of lands.

5.70.02~~(1)~~ Uses Permitted

The following open-type uses are permitted in the **F**, Floodway Zones, subject to approval of the Knox County Engineer and to such conditions the Knox County Engineer may specify to protect the public interest.

A. Adjacent to Agricultural, Residential, and Estate Zones:

1. Agricultural uses including crop, nursery stock, and tree farming, truck gardening, livestock grazing and other agricultural uses which are of the same or a closely similar nature.
2. Railroads, streets, bridges, and public utility wire and pipe lines for transmission and local distribution purposes.
3. Public parks and playgrounds, and outdoor private clubs including but not limited to country clubs, swimming clubs and tennis clubs, provided that no principal building is located in the floodway.
4. Recreational camp, campgrounds, and camp trailer parks, provided that restroom facilities shall be located and constructed in accordance with the Health Department requirements.
5. Commercial excavation of natural materials and improvements of a stream channel.
6. Yard sales and rummage sales.

~~7. Other similar uses accessory to those permitted in the adjoining districts subject to Planning Commission approval as a Use Permitted on Review.~~

B. Adjacent to Commercial and Shopping Center Zones:

1. Any of the above permitted uses.
2. Archery range, drive-in theaters, miniature golf courses, and golf driving ranges.
3. Loading and unloading areas, parking lots, used car lots.
- ~~4. Yard sales and rummage sales~~
- ~~5. Other similar uses accessory to those permitted in the adjoining district subject to Planning Commission approval as a Use Permitted on Review.~~

C. Adjacent to an Industrial Zone:

1. Agricultural uses including crop, nursery stock, and tree farming, truck gardening, livestock grazing, and other agricultural uses which are of the same or closely similar nature.
2. Storage yards for equipment and material not subject to major damage by flood, provided such use is accessory to a use permitted in an adjoining district.
3. Parking lots.
4. Railroads, streets, bridges, and utility lines.
5. Yard sales and rummage sales
- ~~6. Other similar uses accessory to those permitted in the adjoining district subject to Planning Commission approval as a Use Permitted on Review.~~

~~5.70.02(2)~~ **5.70.03** Uses Permitted on Review

A. Marinas and boat liveryes, subject to the standards of Section 4.30, **“Standards for Marina and Boat Livery Development”**, of these regulations.

B. Accessory uses similar to those permitted in the adjoining zones.

~~5.70.034~~ **5.70.034** Knox County Engineer Approval

A. No permit shall be issued for the construction of any building or structure including railroads, streets, bridges, and utility lines or for any use within a **F, Floodway Zone**, until the plans for such construction or use have been submitted to the Knox County Engineer and approval is given in writing for such construction or use.

B. In ~~his~~ **the** review of plans submitted, the Knox County Engineer shall be guided by the following standards, keeping in mind that the purpose of this **district zone** is to prevent encroachment into the floodway which will increase flood heights and endanger life and property.

1. Any structures or filling of land permitted shall be of a type not appreciably damaged by floodwaters, provided no structures for human habitation shall be permitted.

2. Any use permitted shall be in harmony with and not detrimental to the uses permitted in the adjoining zone.

3. Any permitted structures or the filling of land shall be designed, constructed, and placed on the lot so **a as** to offer the minimum obstruction to and effect upon the flow of water.

4. Any structure, equipment or material permitted shall be firmly anchored to prevent it from floating away and thus damaging other structures and threatening to restrict bridge openings and other restricted sections of the stream.

5. Where in the opinion of the Knox County Engineer topographic data, engineering, and other studies are needed to determine the effects of flooding on a proposed structure or fill on the flow of water, the Knox County Engineer may require the applicant

to submit such data or other studies prepared by competent engineers and other technical people.

6. The granting of approval of any structure or use shall not constitute a representation, guarantee, or warranty of any kind or nature by Knox County or by any officer or employee thereof, of the practicality or safety of any structure or use proposed and shall create no liability upon or cause action against such public body, officer, or employee for any damage that may result pursuant thereto.

5.70.0405 Limited Rezoning

Property in an **"F" F**, Floodway Zone, may be rezoned to any requested zoning classification; provided however, that such rezoning, if otherwise appropriate, shall be granted subject to all requirements, conditions and regulations relating to grading, filling, drainage and general site preparations established by and placed on said property by the Metropolitan Planning Commission, Knox County Engineer or the County Commission. The resolution approving such limited rezoning shall become effective when the above mentioned conditions and requirements have been fully satisfied and written approval of same is transmitted from the Executive Director of the Metropolitan Planning Commission to the Supervisor of the Knox County Department of Code Administration and Inspection. No building permits shall be issued for and no construction shall commence on any such rezoned property until all the conditions, requirements and regulations hereinabove mentioned have been fully and completely satisfied and the aforesaid written approval of the Executive Director of the Metropolitan Planning Commission has been received by the Supervisor of the Knox County Department of Code Administration and Inspection.

5.70.06 **Off-Street Parking**

As regulated in Section 3.50 of these regulations.

5.70.07 **Signs**

Signs as permitted by Section 3.90 of this resolution.

5.80 HZ HISTORICAL OVERLAY ZONE (HZ)

5.80.01 General Description

The **HZ, Historical and Cultural Overlay Zone**, designates areas and structures of sufficient historical and cultural significance to warrant public protection. It is the intent to preserve and protect such structures in their present location or to provide for their moving to a special **HZ, Historical Overlay Zone**, location, and to require that new construction, alteration or use shall be appropriate to their character. It is not intended that the use of these structures shall be regulated by this zone.

5.80.02 Uses Permitted

Property and buildings in an **HZ, Historical Overlay Zone**, shall be used for purposes permitted in the zone in effect at the time of historic zoning or subsequent general zone regulations legislatively approved for the property.

5.80.03 ~~Non-Conforming~~ **Nonconforming** Uses and Structures

The Historical Zoning Commission may permit the remodeling or rebuilding of a ~~non-conforming~~ **nonconforming** structure for the purpose of continuing a use which was lawfully existing at the time any **HZ, Historical Overlay Zone**, was created; provided, however, that any such remodeling or rebuilding shall be done in a manner so that the design and appearance of the remodeled or rebuilt structure is, in the opinion of the Historic **Zoning** Commission, in keeping with the historical and cultural character of the district.

5.80.04 ~~Area Regulations: Height Regulations and Off-Street Parking:~~ **Area Regulations, Height Regulations and Off-Street Parking**

To be in accordance with the zone requirements in effect at the time of historic classification, or subsequent amendments, and any recommendations of the Historic Zoning Commission, as set forth by general findings in the particular case.

5.80.05 Area Boundary

The Historic Zoning Commission may recommend establishing a zone boundary around structures warranting public protection which includes adjoining property having a conspicuous visual relationship to the historic

structure and which boundary may extend up to one-quarter mile from the property line of the land pertaining to any such historic structure.

5.80.06 Historic Zoning Commission: ~~Creation – Appointment of Members – Term of Office – Jurisdiction and Powers~~ **Creation; Appointment of Members; Term of Office; Jurisdiction and Powers**

For the purpose of enforcing the ~~H~~historic ~~Z~~zoning regulations, a Historic Zoning Commission is hereby established, and said Commission shall consist of five members, to be appointed by the Knox County Board of Commissioners.

The membership of the Commission shall consist of a representative of a local patriotic or historical organizations; an architect, if available; and the remainder shall come from the community in general. Each member shall serve for a term of five **(5)** years, except in constituting this body, four **(4)** members will serve terms from one to four years so that the term of one **(1)** member will expire each year, with their successors to serve a full term. All members shall serve without compensation. The Commission may adopt rules and regulations not inconsistent with Title 13 of Tennessee Code Annotated concerning public planning and housing.

5.80.07 Permits: ~~Procedure – Criteria~~ **Procedure; Criteria**

All applications for permits for construction, alterations, repair, moving or demolition to be carried on within the ~~HZ~~, ~~Historical~~ Overlay Zones, shall be referred by the Building Inspector to the Historic Zoning Commission who shall have broad powers to request detailed construction plans and related data pertinent to thorough review of the proposal. The Historic Zoning Commission shall within sixty **(60)** days following the availability of permit application, direct the granting of the permit with or without attached conditions, or direct the refusal of the permit, and shall state the grounds for refusal in writing. Upon review of the application for the permit, the Historic Zoning Commission shall give prime consideration to:

- A. Historical and/or architectural value of the present structure.
- B. The relationship of the exterior architectural features of such structure to the rest of the structure and to the surrounding area.
- C. The general compatibility of exterior design, arrangement, texture, and materials proposed to be used.

- D. And to any other factor, including aesthetic, which it deems to be pertinent.

Exclusive jurisdiction relating to historical matters is placed in the five member Historic Zoning Commission. Anyone who may be aggrieved by any final order or judgement of the Commission may have said order or judgement reviewed by courts by the procedure of statutory certiorari as is provided for in Tennessee Code Annotated 27-902 and 27-903.

5.90 TO TECHNOLOGY OVERLAY ZONE (TO)

5.90.01 General Description

The **TO**, Technology Overlay Zone, is established to provide for physical development review in the Tennessee Technology Corridor area of Knox County by the Tennessee Technology Corridor Development Authority (TTCDA). Within the **TO**, Technology Overlay Zone, no base zoning may be changed, no variance from the provision of the zoning ordinance may be granted and no building or grading permit may be issued prior to the issuance of a Certificate of Appropriateness by the TTCDA (except for a residential or agricultural use or any use within the Town of Farragut or City of Knoxville defined by the jurisdictional boundaries at the time of enactment of Private Chapter No. 148, Senate Bill No. 1230 of the Private Acts of 1983, hereafter referred to as the Act) unless otherwise set forth below.

5.90.02 Permitted Uses

Property and buildings in the **TO**, Technology Overlay Zone, shall be used for purposes permitted by the base zoning in effect at the time of **TO**, **Technology** Overlay zoning, or as permitted by subsequent base zones approved by the Knox County Commission.

5.90.03 Area Regulations, Height Regulations, Signs, Landscaping, Parking and Other Requirements

Unless set forth below, requirements for yards, set backs, lot area, maximum lot coverage, height of structures, signs, landscaping, parking, exterior lighting, utilities, loading, storage and all other requirements are to be in accordance with any recommendation of the TTCDA pursuant to its adopted design guidelines and with base zoning district requirements in effect at the time of **TO**, Technology Overlay zoning or as subsequently amended.

5.90.04 Prohibited Uses and Structures

Junk yards, billboards and movable or portable advertising or business signs including signs mounted upon trailers, not securely affixed to the ground or to any building are prohibited in the **TO**, Technology Overlay Zone.

5.90.05 Pellissippi Parkway Access

Access to properties fronting on Pellissippi Parkway shall be from an existing roadway or from a new public road constructed according to the officially adopted ~~Tennessee Technology Corridor Comprehensive Development Plan~~

Tennessee Technology Corridor Comprehensive Development Plan, or from a private road constructed according to that plan or a development plan approved by the TTCDA according to this ordinance. No new median cuts shall be provided.

5.90.06 Minimum Parcel Size

- A. Minimum parcel size for areas within ~~non-residential~~ **nonresidential** zones shall be one (1) acre, except as permitted by an approved development plan. Floor area ratios (FAR) shall not exceed **thirty (30) percent** and ground area coverage (GAC) shall not exceed **twenty-five (25) percent**. Parcels zoned BP, Business and Technology Park, that are smaller than five (**5**) acres shall be treated as substandard parcels by the Tennessee Technology Corridor Design Guidelines ~~Tennessee Technology Corridor Design Guidelines~~ **Tennessee Technology Corridor Design Guidelines**.
- B. Minimum parcel size for residential zones shall be regulated by the regulations of each base zone.

5.90.07 Signs

As permitted by Section 3.90, **“Signs, Billboards, and Other Advertising Structures”**, of this Ordinance.

5.90.08 Certificate of Appropriateness

A. Certificate Required

No rezoning or variance to zoning provisions shall be granted, nor shall construction, alteration, repair, rehabilitation or relocation of any building, structure or other improvement to real property situated within the **TO**, Technology Overlay Zone, be performed without the issuance of a Certificate of Appropriateness by the TTCDA. No building permit issuing authority in Knox County shall issue any such permit for **a** new structure or improvements within the **TO**, Technology Overlay Zone, without issuance of a Certificate of Appropriateness by the TTCDA or by the Knox County Commission on appeal.

B. Excluded Areas

The structures, facilities and land uses identified herein shall not be required to apply for a Certificate of Appropriateness from the TTCDA.

1. Agricultural uses and structures or appurtenances located in an ~~A, a~~ **Agricultural z**Zone, and used solely for the production of products for sale to wholesale or retail markets and not part of or functionally related to manufacturing, commercial, or industrial enterprises within the ~~TO,~~ **Technology Overlay Zone**.
2. Residential structures when such structures are located within subdivisions approved by local planning commissions or otherwise permitted by the general law. Medium and high density residential developments, as defined by the ~~Knoxville-Knox County General Plan~~ **Knoxville-Knox County General Plan**, or its successors, shall not be exempt.
3. All uses within incorporated areas of Farragut and Knoxville defined by the jurisdictional boundaries at the time of enactment of the Act. Areas annexed by any municipality subsequent to enactment of the Act shall not be exempt.

5.90.09 Application Procedures

All applications for rezoning, variance, and building or grading permit shall be reviewed by the TTCDA or TTCDA staff for compliance with the adopted ~~Technology Corridor Comprehensive Development Plan and Design Guidelines~~ **Tennessee Technology Corridor Comprehensive Development Plan and Tennessee Technology Corridor Design Guidelines**. The TTCDA shall within a reasonable time period, but in no case more than sixty days following initial consideration of an application by the authority meeting in regular session, grant a Certificate of Appropriateness with or without attached conditions, or deny the Certificate, and shall state in writing its reason for approval or denial. Failure by the TTCDA to act upon an application within the required time period shall constitute approval of the Certificate, unless an extension is granted by request of the applicant. Approval of a Certificate of Appropriateness for rezoning does not constitute an amendment of the zoning. Approval of a Certificate of Appropriateness for a variance does not constitute approval of the variance. Approval of a Certificate of Appropriateness for a building permit does not constitute issuance of a building permit.

A. Minimum Data Requirements

1. Rezoning - The minimum submission for a Certificate of Appropriateness for zoning shall be a copy of the application for rezoning submitted to MPC.

2. Variance - The minimum submission for a Certificate of Appropriateness for a variance is all information needed to show that the variance is necessary, due to unique circumstances not created by the applicant, to relieve the applicant of undue hardship created by the requirements of the **TO**, Technology Overlay Zone, or the base zoning district; that the variance is the minimum necessary to allow the use of the land in **the** same way as other land in the same zone; and that the relief sought may be granted without substantially impairing the intent of the **TO**, Technology Overlay Zone, the base zone or the ~~Technology Corridor Comprehensive Development Plan~~ **Tennessee Technology Corridor Comprehensive Development Plan**.
3. Building permit or grading permit -A development plan for an entire parcel, (even when development phasing is being considered,) must be submitted to the TTCDA for approval prior to the TTCDA issuance of a Certificate of Appropriateness for a building or grading permit. The development plan shall meet all the requirements of the ~~Minimum Regulations for the Subdivision of Land~~ **minimum regulations for the subdivision of land** in Knox County and shall be accompanied with information required by the adopted procedures of TTCDA.

B. Supplemental Data

Dependent upon the nature of the development proposal, supplemental data, as described below, may be required by the TTCDA. For all planned zones, **including (PR**, Planned Residential, **PC**, Planned Commercial, **BP**, Business and Technology Park., ~~(change period to comma)~~ **SC**, Shopping Center, **T**, Transition, and **OS**, Open Space), the same data and the same guidelines used by the TTCDA will be applied by MPC in addition to MPC's data and guidelines, which shall also be applied. All plans must be prepared by a registered engineer or architect.

1. A description of all operations proposed in sufficient detail to indicate the effects of those operations in production of excessive auto and traffic congestion or problems of noise, glare, odor, sewerage, smoke, air pollution, water pollution, fire or safety hazards, or other factors detrimental to the health, safety, and welfare of the area. See Section 4.10, **“Supplementary Regulations Applying to a Specific, to**

Several, or to All Zones”, Section 1, “Performance Standards for Commercial and Industrial Uses”.

2. A plot plan indicating the location of present and proposed buildings, driveways, parking lots, landscaping and signs, other necessary uses, and any development phasing.
3. Preliminary architectural plans showing elevations, areas, height, materials and other information necessary to evaluate proposed building(s).
4. An estimate of the maximum number of employees contemplated for the proposed development and the number of employees per shift.
5. A storm drainage plan which includes accurate existing and proposed water courses; the system of open channels, pipes, culverts, drains, inlets, ~~catchbasins~~ **catch basins**, and similar facilities designed to handle storm water in times of rainstorms, the calculations used in the design of such systems and the easements required in the construction and maintenance of the drainage system. Erosion and sediment control measures suggested in the ~~Knox County Erosion and Sediment Control Handbook~~ **Knox County Erosion and Sediment Control Handbook**, 1981, or subsequent editions, shall be utilized.
6. Other engineering and architectural plans including a designation of sewers to be used and plans for abating any effects described in paragraph **A 1**, above, or any other nuisances. All sewage disposal systems and land requirements for such systems must be approved by the Knox County Health Department before a Certificate of Appropriateness can be issued.
7. Any other information the TTCDA may need to adequately consider the effect that the proposed uses may have upon their environment and on the cost of providing public services to the area.

5.90.10 Stop Order

A stop order will be issued if construction of any part, or phase, of the development is not in compliance with the approved plans.

5.90.11 Revisions of Development Plans

A revised development plan shall be submitted to the TTCDA for approval of any changes, or extensions to the development plan. This shall include previously approved Certificates of Appropriateness for building, grading or sign permits. TTCDA may approve revised development plans which are

consistent with this resolution and with ~~TTCDA adopted Design Guidelines~~ **Tennessee Technology Corridor Design Guidelines**. Minor revisions to development plans may be approved by the TTCDA Executive Director, or designee, provided such changes:

- A. Do not alter the basic relationship of the proposed development to adjacent property or streets and roads.
- B. Do not alter the uses permitted.
- C. Do not increase the area of development by more than ~~5%~~ **five (5) percent** of the previously approved square footage.
- D. Do not require the approval of a waiver to the ~~TTCDA Tennessee Technology Corridor Design Guidelines~~, or a variance to ~~the Knox County Zoning Ordinance~~ **Zoning Ordinance for Knox County, Tennessee**.

5.90.12 Appeal of Authority Actions

Any interested party who is aggrieved by any action of the TTCDA including the approval or denial of a Certificate of Appropriateness may appeal its decision to the Knox County Board of Commission by filing an appeal on the designated form and paying such filing fees as may be required within thirty **(30)** days of the action of the TTCDA. The action that is appealed may be overruled by an affirmative majority vote of the Knox County Board of Commission. All appeals shall be heard within sixty **(60)** days of filing of application for appeal. Appeal from the action of the Knox County Board of Commission shall be by Writ of Certiorari as provided in the general law and shall be filed within thirty days of such action.

5.91 TC ~~Town Center~~ District TOWN CENTER ZONE (TC)

5.91.01 General Description

The purpose of the **TC, Town Center district Zone**, is to encourage the creation of pedestrian-oriented, mixed-use developments, providing shopping, employment, housing and business and personal services. These developments are intended to promote an efficient, compact land use pattern; encourage use of public transportation; reduce reliance on private automobiles; promote a more functional and attractive community through use of recognized principles of urban design; **and to** preserve historic structures and allow developers considerable flexibility in land use and site design. As an incentive, this **district zone** offers flexible land use and development standards. A high level of attention to site and building design is required to promote attractive, functional development that is more compatible with residential and office uses than conventional commercial development.

These regulations are intended to prohibit excessive impacts of large-scale development on the district, which depends upon walkability and viable mixed-use development to enhance air and water quality, reduce traffic congestion, promote safety from traffic accidents, and enhance a pedestrian-oriented land use plan. The regulations regarding height and front entrance orientation to a sidewalk and street necessitate that large retail enterprises be creatively designed. Considerations for such design include a height of two (2) or more stories, breaking up the façades of large retail space with other uses that are predominantly two (2) or more stories and maintaining larger retail space within the confines of the block dimensions that are required in this **district zone**.

5.91.02 General Requirements

It is necessary that a development plan be approved by the Planning Commission in order to pursue the development of a **TC, Town Center District Zone**. The **district zone** shall be established adjacent to an arterial or collector street. The **district zone** shall contain a core area and a peripheral area. The general requirements for these areas are:

The Core Area. Pedestrian-oriented uses are required on the ground floor. Upper-story uses can include dwellings, offices, studios or other permitted uses identified in subsection 5.91.03, **“Uses Permitted”**. The minimum area shall be **two (2)** acres. The core area should be created

along a main street or public square (see as shown in the following examples).

The Peripheral Area. This area can include a mix of uses on the various floors of buildings or a mix of single-purpose buildings, such as attached houses, apartments and office buildings. Subsection 5.91.03, “Uses Permitted”, provides a list of permitted uses. The maximum extension from the core area shall be **twelve hundred (1,200)** feet.

The intensity of uses in the core and peripheral areas may be limited by the Planning Commission, based upon adopted plans, surrounding land use, transportation and environmental impacts or other factors that the Commission finds to be relevant.

5.91.03 Uses Permitted

Only the following uses shall be permitted in the TC, Town Center **District Zone**:

5.91.04 Uses Permitted on Review and Regulations Regarding Those Uses

A. Private day nurseries and kindergartens, subject to the following standards:

1. Total building area shall equal seventy (70) square feet of usable play area per child. At least thirty-five (35) square feet of this area per child shall be designated for large motor skill activities.
2. There shall be a minimum of fifty (50) square feet of usable outdoor play area for each child on the playground at one time **with the** (maximum number of children to be permitted on the playground at one time to be established by the Tennessee Department of Human Services at the time of licensing).

3. As an alternative to 1. and 2. above, the following minimum requirements may be used:
 - a. The total lot area shall not be less than **ten thousand (10,000)** square feet.
 - b. The building must provide **thirty (30)** square feet per child of usable indoor play space, not including halls, kitchen, or office space.
 - c. A fenced play area of not less than **twenty-five hundred (2,500)** square feet for the first **twenty (20)** children shall be provided. For every additional child, an additional **one hundred (100)** square feet shall be provided.
 4. The outdoor play area shall be fenced to a minimum height of four (4) feet.
 5. The fenced play area shall be thirty-five (35) feet from any public street. Where the thirty-five (35) foot setback cannot be met, the applicant may have the option of installing a vehicle barrier that will meet the objectives of separation and safety. The barrier alternative shall be subject to approval by the Department of Engineering and Public Works.
 6. Asphalt, concrete, and other non-resilient surfaces shall be prohibited under and around outdoor play equipment where children could possibly fall more than one (1) foot. This includes:
 - a. At least two (2) feet around any climbing apparatus.
 - b. At least four (4) feet beyond the end of any slide.
 - c. At least two (2) feet beyond the end of the arc of any swing.
- B. Marinas, subject to the standards in **Article Section 4.30, "Standards for Marina and Boat Livery Development"**.
- C. Parking structures, provided that retail, office or other ~~non-residential~~ **nonresidential** uses are established at ground level along **seventy (70)** percent of street-oriented facades.
- D. Drive-through facilities:

1. Banks, each of which may have two (2) drive-through lanes;
2. Pharmacies, each of which may have one (1) drive-through lane.
3. All drive-through facilities must be designed in similar architectural style to the main building and be located to the rear of the bank or ~~drug store~~ **pharmacy**. They should be separated from parking areas with at least six (6) feet of continuous landscaped space, planted with similar trees and shrubbery that is used in other portions of the parking lot; the exit from the drive-through shall be back to the alley or parking area exit to minimize vehicle/pedestrian conflicts. Landscaping should not block sight distance to driveways, alley or streets.

5.91.05 Prohibited Uses and Structures

All uses and structures not of a nature specifically permitted herein are prohibited in the TC Town Center ~~District~~ **Zone**.

5.91.06 Area Regulations

A. Minimum size of a TC ~~district~~ **Town Center Zone**:

1. Four acres when adjacent to an existing, medium density residential development of **four (4)** or more acres, which includes pedestrian connections to the town center;
2. Otherwise, **eight (8)** acres with a minimum core area of **two (2)** acres.

The ~~district zone~~ shall include the area of streets, alleys, squares and other public places.

B. Maximum size of a TC, ~~district~~ **Town Center Zone**: the edge of the peripheral area shall not exceed a distance of **twelve hundred (1,200)** feet from the core area.

C. Area regulations for houses, attached houses, and duplexes are as follows:

REGULATION	HOUSE	DUPLEX	ATTACHED HOUSE
Minimum Lot Size	5,000 square ft. feet 5,500 square ft. feet on corner lot	7,000	2,000 square ft. feet 2,500 square ft. feet on corner lot
Maximum Lot Size	None	None	4,000 square ft. feet
Minimum Lot Width	40', 45' on corner lot, 50' if a driveway is provided from the front of the property	50'	20', 25' on corner lot
Maximum Height (a)	2-1/2 stories/35'	2-1/2 stories/ 35'	2-1/2 stories/ 35'
Maximum Front Yard Setback (b)	25' to habitable portion of the house	25' to habitable portion of the units	10'
Minimum Front Yard Setback (c)	20' to habitable portion of the house	20' to habitable portion of the units	5'
Minimum Street Side Yard Setback	10'	10'	5'
Minimum Interior Side Yard Setback	5'	5'	0'
Minimum Rear Yard Setbacks: Main Building/ Accessory Buildings (d)	25'/5'	25'/5'	25'/5'
Maximum Building Coverage	55%	55%	70%
Maximum Impervious Cover	65%	65%	90%

(a) The minimum number of stories in an attached house shall be two.

(b) The ~~minimum~~ **maximum** front yard setback may be extended to **forty (40) feet** for all houses on a block to address such constraints as topography, utility easements and tree conservation, provided that the concepts and the need for the greater setbacks are set forth in the development plan.

(c) Outdoor porches may extend **ten (10) feet** into the front yard space. Porch steps may extend up to an additional **eight (8)** feet into the front yard setback. For privacy, the ground level of attached houses should be at least **eighteen (18) inches** above sidewalks.

(d) Garages shall be located behind houses, attached houses, and duplexes. When access is provided from alleys, there shall be at least **ten (10)** feet of separation between the alley pavement and the garage. The garage shall be separated from the residence with a yard or patio area that has a minimum length of **eighteen (18)** feet.

D. Area regulations for other uses are as follows:

1. Front yard: to be determined by the Planning Commission through approval of a master development plan.
2. Minimum side yard:
 - a. Exterior lots: same as abutting zoning district.
 - b. Corner lots: same as Article 3, "**General Provisions**", Section 3.30.01.
 - c. Interior lots: none.
3. Minimum rear yard: to be determined by the Planning Commission through approval of a master development plan.
4. The maximum site coverage is:
 - a. With all parking under the building, **ninety (90) percent**.
 - b. With a parking structure of two or more levels on the same lot, **seventy-five (75) percent**.
 - c. With surface parking on the same lot, **fifty (50) percent**.
5. The maximum length of a block is **three (300) hundred** feet unless buildings on the block are separated by a pedestrian plaza or similar outdoor space that has a minimum of width of **thirty (30)** feet (in such a **which** case the length of the block shall not exceed **six hundred (600)** feet). A minor portion of the pedestrian space can be covered as in the case of such features as an entrance gate or clock tower.

E. Build-to lines: to be determined by the Planning Commission through approval of a master development plan.

5.91.07 Building Height and Number of Stories in the Core Area:

- A. Minimum. ~~Two-story~~ **Two (2) stories**, with the following exceptions and limitations:
1. One (1) ~~-story~~ and one and one-half story construction is acceptable for new buildings with a ground floor of seven thousand (7,000) square feet or less.
 2. One (1) ~~-story~~ grocery stores, not to exceed ~~(thirty thousand)~~ **(30,000)** square feet. One-story grocery stores that exceed thirty thousand (30,000) square feet must have two-story liner buildings, with a use on each floor, that face the most prominent adjacent street(s) as determined in the development plan approval process.
 3. Theatres, churches and other places of worship, and such public facilities as auditoriums may be based on ~~one-story~~ construction, which the Planning Commission finds to be compatible in height with other buildings on the street.
 4. Other one (1) ~~-story~~ retail uses provided that each block face that contains those buildings has a majority of multi-story buildings. Two (2) or greater story liner buildings, **as defined in Article 2, "Definitions"**, may be used to meet this requirement. ~~(see definitions, Article 2).~~
 5. The ground floor area of all one (1) ~~-story~~ buildings and one and one-half (1 ½) story buildings shall not exceed twenty-five (25) percent of the total ground floor area of all buildings in the development plan or in any phase of the development plan.
- B. Maximum to be determined by the Planning Commission through approval of a development plan ~~(see as required in~~ subsection 5.91.12, **"Development Plan and Standards"**), with the following exceptions:
1. Buildings at the edge of a TC **Town Center district Zone** shall not exceed two and one-half stories ~~(and thirty-five (35) feet)~~ when abutting a low density residential area ~~(as identified in the applicable sector plan).~~
 2. The overall density of residential development in the peripheral area shall not exceed **twelve (12)** dwelling units per acre.

5.91.08 Parking:

Off-street, surface parking in the core area shall be located behind buildings, with the exception of one (1) aisle as outlined in subsection 5.91.13, **“Standards for Specific Improvements”**. Off-street parking for **nonresidential** ~~non-residential~~ uses in the peripheral area shall be located behind or to the side of buildings.

On-street parking is to be provided. The number of on-street parking spaces that are created adjacent to the street frontage of a building shall be subtracted from the number of required off-street parking spaces. The Planning Commission may prohibit on-street parking on arterial or collector streets or on existing streets that cannot, as determined by the Director of the Department of Engineering and Public Works, be reasonably reconstructed to include on-street parking.

Off-street surface parking for retail uses shall be based on a minimum of seventy (70) percent and a maximum of ninety (90) percent of the required spaces in **Article Section** 3.50.10. There is no maximum for parking spaces when the off-street parking is contained in a parking structure.

Off-street surface parking for other uses shall be based on providing a maximum of ninety (90) percent of the required spaces in **Article Section** 3.50.10, with the following exceptions:

- A. When the core area of the TC **Town Center** ~~district~~ **Zone** is within a one-quarter **(1/4)** mile walk via sidewalks of a Knoxville Area Transit stop, an additional reduction may be requested of or may be required by the Planning Commission.
- B. Residential off-street parking shall be provided as follows:
 1. One space for each house or attached house; two spaces for each duplex.
 2. One space for each efficiency or one-bedroom unit in an apartment.
 3. **One and one-half (1 ½)** spaces for the first **twenty (20)** dwelling units of two or more bedrooms in an apartment building and one space for each dwelling unit exceeding **twenty (20)** units.

Other than houses, attached houses, and duplexes, the number of off-street, surface parking spaces cannot exceed the preceding requirements. All off-street residential parking is to be located off alleys unless the Planning Commission finds that the extent of existing development or topographic conditions limit such access provisions.

- C. Shared parking arrangements are encouraged and shall be identified in the development plan. An agreement for the use of shared parking shall be submitted with the development plan.
- D. Parking structures that are constructed within the **district zone** may be used to meet the preceding requirements, provided that the development plan identifies the number of spaces that are to be created and the land uses that are to be served by the structure.

5.91.09 Loading and Storage of Refuse

- A. Loading: loading space shall be accommodated to the rear of buildings and shall not include alley or driveway areas.
- B. Storage of refuse: commercial units shall maintain a separate refuse storage container from that used by residents. It shall be clearly marked for commercial use only and use by residential tenants is prohibited. Refuse storage containers shall be screened on all sides from ground-level view and shall be of the same finishing material used on the principal building.

5.91.10 Landscaping

- A. Native shade trees that grow to a minimum height of **forty (40)** feet at maturity shall be planted along all streets at a maximum average spacing of **forty (40)** feet on center. ~~(note: For the purposes of this requirement, alleys and unimproved rights-of-way are not to be considered streets).~~
- B. Parking lots containing more than **five thousand (5,000)** square feet shall be designed and landscaped as follows:
 - 1. To foster attractive community appearance and to provide for orderly, safe, and systematic circulation within parking

areas, off-street parking areas constructed on grade shall meet the following site improvement standards:

- ~~(a)~~a. Perimeter landscaped buffers shall be provided between the parking lot and alleys, buildings, sidewalks, and other edges of the parking area.
 - ~~(b)~~b. Interior landscaped areas and parking aisles shall be arranged so as to channel traffic and minimize vehicular and pedestrian conflicts within parking areas. The maximum distance between perimeter landscaped buffers and interior landscaped aisles shall be **(one hundred twenty)** 120 feet.
 - ~~(c)~~c. Terminal islands shall be provided at the end of all parking aisles and an interior landscaped island shall be provided for every **ten (10)** parking spaces.
 - ~~(d)~~d. The width of landscaped buffers, aisles and islands shall be a minimum of **seven (7)** feet. A combination of native shade, evergreen and under-story trees and shrubbery shall be planted in the landscaped areas.
- C. For monument or ground-mounted shingle signs: appropriately sized shrubbery or flowers shall be planted around the base of the sign.
- D. Along building foundations: for those buildings with front, side or rear yard space, **eighty (80)** percent of the exterior wall ~~(exclusive of doors, loading docks and similar entrances to a building)~~ shall be landscaped with shrubbery. This provision does not apply to the front of buildings that meet a sidewalk.

5.91.11 Signs

- A. A master signage plan shall be part of the development plan. After approval of a master signage plan by the Planning Commission, the MPC staff may approve minor changes to the signage plan administratively. For the purpose of these regulations, minor changes include:
1. An increase in the size of any sign by up to **40% ten (10) percent** provided this does not exceed the maximum sizes permitted below.

2. Changing the text, message, design or material of any sign shall not require approval by MPC or MPC staff, providing that the sign is consistent with the standards contained in the master signage plan.
- B. Types of signs permitted, subject to approval of master signage plan:
1. Monument signs: surface area not to exceed **twenty (20)** square feet on lots with a frontage of **one hundred (100)** feet or less and **thirty (30)** square feet on other lots within the **district zone**. Monument signs that are used at entrances to identify the overall **district zone** may be up to **one hundred (100)** square feet. Monument signs may have two **(2)** sides.
 2. Shingle signs: surface area not to exceed **twelve (12)** square feet on lots with a frontage of **one hundred (100)** feet or less and **eighteen (18)** square feet on other lots within the **district zone**. Height shall not exceed **six (6)** feet.
 3. Directional signs.
 4. Wall signs including projected and face mounted signs.
 5. Window signs, not exceeding ten (10) percent of that window space.
- C. Advertising signs, billboards, and ground signs, with the exception of monument signs, are prohibited.

5.91.12 Development Plan and Standards

The purpose of the development plan and standards is to create buildings that are of varied design yet complementary to each other. Consistency is expected in establishing setbacks, sidewalks, landscaping, lighting and related features. The development plan must address the features that are outlined below. Design guidelines already approved for a **HZ, Historical Overlay district Zone** may be accepted in fulfillment of this requirement to the extent that the features listed below are addressed.

If the development plan does not include the entire area of the conceptual site plan that was approved at the time of rezoning, then a phasing plan must be submitted for **Planning Commission** approval. A phasing plan must include the minimum and maximum square feet and minimum and

maximum height of the proposed uses, as well as the projected open space, pedestrian and road systems.

A. Architectural Features

1. Building type (for example, slot commercial buildings constructed to sidewalk, attached houses)
2. Building facade
3. Exterior features
4. Building height, set backs and ~~built-to-line~~ **build-to line** standards
5. Roofs and rooftops
6. Exterior materials
7. Exterior colors
8. Permitted signs
9. Prohibited signs
10. Sign design standards

B. On-Site and Off-Site Improvements

1. Fences and walls
2. Main street, square or plaza
3. Landscaping
4. Special pavement and sidewalk treatments
 - (a) Sidewalks
 - (b) Accent patterns at street intersections
5. Setbacks and sidewalk easements
6. Street lighting
7. Street furniture
8. Parking standards
9. Refuse storage
10. Utilities: all utility lines shall be placed underground with the exception of redevelopment areas in which this provision may be waived by the Planning Commission.

A plan for the maintenance of the preceding improvements, including appropriate agreements, may be required by the Planning Commission.

5.91.13 Standards for Specific Improvements

- A. Where public transit is available: loading/unloading space and appropriate shelter shall be provided when the Planning Commission finds that the **district zone** is large enough to warrant such a facility.
- B. Sidewalks are to be established throughout the **district zone** as follows:
1. Core area ~~{minimum standards}~~:
 - ~~a.(a)~~ Ten-foot-wide sidewalks ~~{with street trees in tree wells}~~, when one and one-half story and/or two-story buildings compose the area. A yard space may be established between the buildings and the sidewalk.
 - ~~b.(b)~~ Twelve-foot-wide sidewalks for two-story buildings, constructed to the edge of the sidewalk **with** ~~{street trees to be established in tree wells}~~.
 - ~~c.(c)~~ Fourteen-foot-wide sidewalks for buildings higher than two stories, constructed to the edge of the sidewalk **with** ~~{street trees to be established in tree wells}~~.
 2. Peripheral area ~~{minimum standards}~~:
 - (a) Five-foot-wide sidewalks with a seven-foot planting strip ~~{measured from the street-side edge of the curb}~~ when at least **five (5)** feet of yard space is provided between buildings and sidewalks.
 - (b) Twelve-foot-wide sidewalks when buildings are established to the edge of the sidewalk **with** ~~{street trees to be established in tree wells}~~.
- The Planning Commission may approve different sidewalk configurations if it finds that the intent of preceding standards **which is** ~~{safe, comfortable pedestrian circulation}~~ can be realized through another design. The Commission may waive the preceding dimensional requirements in areas with preexisting sidewalks.
- C. The provision of public open space, including squares, plazas, greens and parks shall be required by the Planning Commission. The amount of required open space(s) shall not exceed **ten (10)** percent of **the** area within the **district zone**. Yards, planting strips

and landscaped road medians are not to be considered in fulfilling this requirement.

- D. Provisions for block size, building orientation and functional entrances:
1. Each side of a block shall be no longer than three hundred (300) feet in the core area, unless broken by a pedestrian corridor.
 2. All buildings and liner buildings must front on and have front entrances that are oriented to a street with the exception in ~~section D.3~~ **Section 5.91.13(D)(3)** below.
 3. One (1) aisle of **off-street** parking ~~with~~ (two (2) rows **of parking with drive aisle**) may be considered in front of buildings that are not in the mixed use, "main street" portion of the core area **which is the retail mixed use "main street core"; this would allow, for instance, a location for parking that would not compete with a natural feature that is on the site such as parking between a water body and a building.** ~~(i.e., the retail mixed use "main street core"; this would allow, for instance, a location for parking that would not compete with a natural feature that is on the site such as parking between a water body and a building.)~~
 4. Functioning entry door(s) shall be provided along ground story facades at intervals not greater than fifty (50) linear feet for retail uses.

5.91.14 Administrative Procedures:

A TC, Town Center ~~district~~ **Zone** shall be established through a two-step procedure:

- A. Rezoning, including a conceptual site plan, depicting (1) the configuration of streets, public spaces, core area and, if applicable, peripheral area; and (2) the general location, intensity and mix of uses.
- B. Approval of a development plan, subject to the requirements of ~~Article~~ **Section** 6.50, "Procedures for Authorizing Uses **Permitted on Review**"; ~~Article~~ **Section** 4.10, "**Supplementary Regulations**

Applying to a Specific, to Several, or to All Zones", Section 2, "Development Standards for Uses Permitted on Review", and the additional requirements of this section. The development plan shall include:

1. A site plan showing compliance with the requirements of the **zoning ordinance** and other applicable Knox County ordinances.
2. A landscaping plan
3. A master signage plan
4. Architectural design guidelines for new development and any changes to the exterior of buildings visible from public roads. Architectural elevation drawings drawn to scale and showing materials to be used may be substituted for architectural design guidelines.
5. A schedule of permitted uses, including the proposed residential densities. The applicant may ask for approval for all uses listed in Section 5.91.03, **"Uses Permitted"**, above, or the schedule of permitted uses may exclude some of the uses listed in Section 5.91.03, **"Uses Permitted"**. The schedule may also limit the size of individual buildings.
6. Specific operational standards for permitted hours of operation for any business, delivery of stock in trade or supplies for any business, permitted levels of noise, including amplified sound, from any business or entertainment event, and other such operating restrictions needed to promote compatible coexistence of mixed uses in the development.
7. If a certificate of appropriateness for the design of buildings, signs, landscaping or parking lots has been approved by the Historic Zoning Commission or their designee, then the Planning Commission may accept this approval in lieu of a development plan for these project elements.
8. As part of the development plan, the owner or owners of property within the **district zone** may voluntarily establish a design review committee and enter into covenants or binding agreements to enforce design standards and provide for design review. Documents outlining the committee's responsibilities and review procedures shall be filed with the development plan.

- C. Alternative compliance may be permitted under ~~Use-on-Review~~ by the Planning Commission. The purpose of alternative compliance is to foster innovative, high quality, environmentally - sustainable development that meets the intent of this pedestrian-oriented, mixed use ~~district zone~~ that would not otherwise be allowed by a strict interpretation of the ~~district zone~~ regulations.
- D. After consideration of the development plan, the Planning Commission may approve, deny, or approve the plan subject to conditions or modifications.
- E. It is the intention of these TC, **Town Center district Zone** regulations that after approval of a development plan, new construction, changes of tenants or land uses, and changes in signage, landscaping or parking layout may be approved administratively by MPC staff, providing that the Executive Director certifies that these changes comply with the standards of this ordinance and the approved development plan.

ARTICLE 6**ADMINISTRATION, ENFORCEMENT AND INTERPRETATION****6.10 PERMITS**

- 6.10.01 Except as hereinbefore provided, a written building permit shall be obtained from the Department of Code Administration and Inspections before starting or proceeding with the erection, structural alteration, or moving of any building or structure, or changing the use of any building or land, except that no permit shall be required for maintenance or installation of interior finishes in houses, attached houses or duplexes, agricultural uses and accessory farm buildings, or for home gardening or similar uses in any zone.
- 6.10.02 Each permit issued for a main building shall cover all accessory buildings constructed at the same time; otherwise, each accessory or other building or structure, including billboards and signs, shall require a separate permit.
- 6.10.03 A fee shall be set by the Board of Commission and shall be charged for issuance of each permit, which fee shall be collected by the Department of Code Administration and Inspection. Fees shall be doubled if construction of a building is started prior to obtainment of the necessary building permit. A record shall be kept of all fees collected and these fees shall be placed in the County treasury.
- 6.10.04 Whenever the use of a building or land is changed to a use of the same or more restricted classification a "Use and Occupancy" permit shall be obtained from the Department of Code Administration and Inspection.
- 6.10.05 Whenever application for a building permit is made, the provisions of the ~~Knox County Access Control and Driveway Design Policy~~ **Knox County Access Control and Driveway Design Policy** shall be followed.
- 6.10.06 A permit shall become invalid six **(6)** months from date of issuance if ~~foundation walls of a structure have~~ **the work authorized by the permit has** not been started, unless otherwise extended by the Board of Zoning Appeals; and such permit shall not be transferable.
- 6.10.07 It shall be the duty of the Director of the Department of Code Administration and Inspection, among other things, to administer the provisions of this

resolution pertaining to the issuance or withholding of permits for the erection, alteration, and use of buildings, signboards, structures, and land as described in the foregoing sections. The Director of the Department of Code Administration and Inspection shall issue or withhold any permit, in any form as directed by the Board of Zoning Appeals; failure to do so shall be a misdemeanor with penalties as provided by this resolution. The Department of Code Administration and Inspection shall not be liable for legal action for the issuance of any such permit by direction of the board.

6.11 GRADING PERMIT

6.11.01 Purpose

Within Knox County, soil erosion and stormwater from construction sites contribute to the impairment of the floodplain, increased road maintenance costs, clogging of storm sewers, degradation of land surfaces and streams, flooding and dusty conditions. A Grading Permit procedure is hereby established to reduce both erosion and sediment problems resulting from the development process and the increase of urban runoff from developed land.

6.11.02 Application

An application for a Grading Permit shall be submitted to the Supervisor of Knox County Codes Administration and Enforcement prior to the beginning of any grading, clearing, excavating, filling or other disturbance of natural terrain. The application shall contain the applicant's name and address and other relevant information requested on the application forms. It shall also contain proposed grading plans including the information and calculations required as published standard policy of Knox County. The application shall be signed by the owner of the property or ~~his~~ **their** representative. Except for construction of houses and attached houses, bond will be required based on a review of the proposed improvement.

6.11.03 Bonds

No clearing, grading, excavating, filling or other disturbance of natural terrain shall be permitted until a bond, letter of credit, or cash deposit is posted adequate to complete the drainage facilities and erosion control measures for stabilizing the site. The Division of Engineering and Hydrology shall set the amount and time of the bond, based on the estimated construction costs of drainage facilities. Construction of houses and attached houses within an approved subdivision and in conformance with an approved grading plan, or other construction activities determined by the County Engineer to have no significant potential of erosion or drainage problems, shall not require the posting of bond.

6.11.04 Restoration of graded areas.

- A. On any land which has been graded pursuant to a grading permit granted under ~~to~~ this section, where vegetation and soil have been disturbed or removed and not replaced by any permanent structure, a permanent ground-cover sufficient to restrain erosion shall be planted or otherwise provided within **one hundred twenty (120)** working days on that portion of the tract upon which further active construction is not being undertaken, including the watershed and drainage basin of a functioning sediment control basin. During winter and summer seasons, temporary cover shall be provided within **one hundred twenty (120)** working days and properly maintained until the beginning of the next spring or fall seeding season, when permanent cover shall be planted. Such restoration shall be done in accordance with the ~~Knox County Policy for Control of Erosion and Stormwater Control Handbook~~ **Knox County Policy for Control of Erosion and Stormwater Control Handbook** and the guidelines outlined in the ~~Knox County Erosion and Sediment Control Handbook~~ **Knox County Erosion and Sediment Control Handbook**. (1981).
- B. The division of Engineering and Hydrology shall not release the bond required by ~~s~~Section 6.11.03, **“Bonds”**, of this section until it certifies that the requirements of this paragraph have been met.

6.11.05 Appeals

(Correct capitalization)

- A. Any person aggrieved by requirements of the ~~G~~grading ~~P~~permit may appeal from any order, requirement, decision or determination to the Board of Zoning Appeals.
- B. The ~~B~~board is authorized, by the provisions of Section 6.60, **“Board of Zoning Appeals”**, of this resolution, to grant a variance and exception to the requirements of a ~~G~~grading ~~P~~permit where documentation is presented which indicates no significant potential of erosion or drainage problems. The documentation presented shall be made part of the ~~B~~board record.

6.11.06 Enforcement

Compliance with the requirements set forth in this resolution, and the accompanying ~~Policy for Control of Erosion and Stormwater~~ **Policy for Control of Erosion and Stormwater** and its subsequent revisions, shall be enforced under the provisions of Section 6.20, **"Enforcement"**, of this resolution.

6.20 ENFORCEMENT

6.20.01 It shall be the duty of the Sheriff of Knox County, and of all officers of said county otherwise charged with the enforcement of the law, to enforce this resolution and all the provisions of the same.

6.20.02 A. The provisions of this resolution shall be administered and enforced by the ~~directors~~ **director** of the ~~departments~~ **Department** of ~~e~~**C**ode ~~a~~**A**dministration and ~~e~~**E**nforcement. Any person, firm, association, or corporation who violates, disobeys, omits, neglects, or refuses to comply with or resists the enforcement of any of the provisions of this resolution shall be subject to a civil penalty of not less than ~~\$10.00~~ **ten dollars** nor more than ~~\$500.00~~ **five hundred dollars**, to be assessed by the ~~e~~**D**epartment of ~~e~~**C**ode ~~a~~**A**dministration and ~~e~~**E**nforcement. Each and every day of violation shall constitute a separate offense. Any person, firm, association or corporation aggrieved by a determination of violation or the assessment of a civil penalty may appeal such determination or assessment to the Board of Zoning Appeals as provided in section 6.60.05, **“Cases Before the Board”**.

B. Compliance with this resolution may also be enforced by injunction at the suit of the county or the owner or owners of real estate within the zone affected by the regulations of this resolution.

6.20.03 Any building or structure erected, altered, or used, and any use of property, contrary to the provisions of this resolution shall be and the same are hereby declared unlawful and a public nuisance; and the district attorney of Knox County shall, upon order of the Board of Zoning Appeals, immediately commence action for the abatement, removal, and enjoinder thereof in the manner provided by law, and shall apply to such courts as have jurisdiction to grant such relief as will remove such building, structure, or use, and restrain and enjoin any such building or structure, or using any property contrary to the provisions of this resolution.

6.30 AMENDMENTS

The regulations, restrictions, boundaries and options set forth in this resolution may, upon proper application by the property owner or **his their** designated representative, by an appropriate governmental agency, or the County Board of Commissioners, be amended, supplemented, revised or repealed from time to time as conditions warrant, as hereinafter set forth.

6.31.016.30.01 Standards for Amendments

~~A proposed amendment shall be considered on its own merits using the following criteria as a guide.~~

~~Text or Map Amendments~~

The following conditions shall be met for all **text and map** amendments:

- A. The proposed amendment shall be necessary because of substantially changed or changing conditions in the area and zones affected, or in the Ccounty generally.
- B. The proposed amendment shall be consistent with the intent and purposes of this resolution.
- C. The proposed amendment shall not adversely affect any other part of the Ccounty nor shall any direct or indirect adverse effects result from such an amendment.
- D. The proposed amendment shall be consistent with and not in conflict with the ~~General Plan of Knoxville and Knox County including any of its elements, Major Road Plan, Land Use Plan, Community Facilities Plan~~ **General Plan of Knoxville and Knox County including any of its elements, Major Road Plan for Knoxville & Knox County, Tennessee, Land Use Plan, Community Facilities Plan**, and others.

6.30.02 Application

Amendments shall be initiated by filing an application with the Metropolitan Planning Commission on forms available in the Metropolitan Planning Commission Ooffice.

6.30.03 Public Hearing

Upon receipt of such application, the Planning Commission shall schedule a public hearing. The Planning Commission shall consider and make recommendations on all such proposed amendments, taking into account the testimony at the hearing, a site inspection of the property in question, recommendations from the Health Department, the Planning Commission Staff or other official bodies, and the standards provided for amendments.

- A. Prior to holding such public hearing, the Planning Commission shall have first given not less than twelve **(12)** days notice of such hearing by one publication in a daily paper of general circulation.
- B. The Planning Commission shall notify all property owners whose property would be rezoned and who were not a party to the petition for rezoning. Such notification shall be by certified mail to the last known address of the property owner not less than twelve **(12)** days prior to the public hearing. Notification by mail shall not be required in cases of general amendments to the zoning map or amendments to the text of the zoning resolution.

6.30.04 Errors or Oversights

Errors or oversights as may be found in the resolution as originally adopted shall be corrected under the normal amendment procedure.

6.40 COUNTY COMMISSION REVIEW

The Metropolitan Planning Commission shall make a report to the County Commission upon all such applications approved by it, but before the enactment of any amendment to the zoning resolution the County Commission shall hold a public hearing thereon, at least fifteen days notice of the time and place of which shall be published once in a daily newspaper of general circulation in Knox County.

6.40.01 Any person, firm, or corporation aggrieved by any decision of the Metropolitan Planning Commission that would not normally be considered by the County Commission may petition the County Commission to consider the same. Such petition shall be in writing and shall state with particularity:

- A. The MPC file number and the name of the owner of the subject property, if applicable.
- B. A description of the matter being appealed, including the county property map number and parcel or lot number, if applicable.
- C. A statement of the petitioner's interest in the matter, including a description of affected property owned by petitioner where petitioner is not the owner of the subject property, if applicable.
- D. A statement of the use or zone desired or opposed, including a summary of the zoning of all property located within three hundred feet of the subject property, if applicable.

6.40.02 The petition shall be filed with the Metropolitan Planning Commission not more than thirty **(30)** days from the date of the Planning Commission decision to be considered and shall be scheduled for public hearing before County Commission at the earliest date possible consistent with these regulations. **All such petitions shall be submitted on forms available in the Planning Commission office.**

- ~~A. All such petitions shall be submitted on forms available in the Planning Commission office.~~

6.40.03 County Commission shall consider such petition in public hearing and may either affirm or overrule the action of the Planning Commission. Prior to holding such public hearing:

- A. At least fifteen **(15)** days notice of time and place of said hearing shall first have been published once in a daily newspaper or general circulation in Knox County. Such notice shall meet the following requirements:
1. It shall be placed in the "Want Ads" section of the newspaper before the "Legal Notices" classification.
 2. The caption shall be all capital letters no smaller than two line type and shall contain the words "PUBLIC NOTICE-APPEAL OF (action to be appealed)".
 3. The body copy shall be no smaller than the standard one line type used generally throughout the "Want Ads" section.

6.50 PROCEDURE FOR AUTHORIZING USES PERMITTED ON REVIEW

In addition to uses permitted by right in various zones, specified uses may be established and maintained only with the approval of the Metropolitan Planning Commission. This review and approval process is intended (1) to provide for uses which are beneficial to the community but that may involve a potential hazard to the development of an area unless appropriate provisions are made for their impacts; and (2) to integrate properly the uses permitted on review with other uses located in the district.

These development plans and uses permitted on review shall be reviewed by the Planning Commission and approved, approved with conditions or denied under the following procedure:

6.50.01 Application

An application shall be filed with the Planning Commission for review. Said application shall show the location and intended uses of the site, and shall be accompanied by five copies of a plot plan of proposed development which has been approved by the County Health Department, together with any other material pertinent to the request which the Planning Commission may require.

6.50.02 Public Hearing

Upon application, the Planning Commission shall give a twelve day notification of a public hearing. Such notice of time and place of such hearing shall be published in a daily paper of general circulation.

6.50.03 Restrictions

In the exercise of its approval, the Planning Commission may impose such conditions regarding the location, character, or other features of the proposed use of land or buildings as it may deem advisable in the furtherance of the general purpose of these regulations.

6.50.04 Validity of Plans

All approved plans, conditions, restrictions, and rules made a part of the approval of the Planning Commission shall constitute certification on the part

of the applicant that the proposed uses shall conform to such regulations at all times.

6.50.05 Effective Date of Approval - Issuance of Permit

- A. Planning Commission approval shall become effective thirty days from the date of the public hearing at which approval is granted.
- B. No building permit shall be issued prior to the effective date of approval.
- C. The building permit shall be issued subject to all conditions and requirements stipulated by the Planning Commission.

6.50.06 Approval or Denial

The Planning Commission may approve a development plan or use permitted on review where it can be shown that the proposed plan or use is in harmony with the general purpose and intent of the zoning Ordinance and with the General Plan and Sector Plan and is reasonably necessary for the convenience and welfare of the community.

The Planning Commission may deny a development plan or use permitted on review where the above cannot be shown or where it can be shown that approval would have an adverse impact on the character of the neighborhood in which the site is located.

Whereas a use may be appropriate in one location and inappropriate in another location in the same zoning district, the Planning Commission shall be guided by the policies of the General Plan, the Sector Plans and the general and specific standards contained in Article 4, **“Supplementary Regulations”**, of this Ordinance in the exercise of its administrative judgment about the location and appropriateness of uses permitted on review.

The rationale for Planning Commission approval, conditions or denial shall be included in the minutes of the Planning Commission meeting where decisions are made.

6.50.07 Board of Zoning Appeals Review of Action of Commission

Any person, firm or corporation aggrieved by any decision of the Metropolitan Planning Commission relative to Uses Permitted on Rreview may petition the Board of Zoning Appeals to consider the same.

- A. The petition shall be filed with the Office of Code Administration not more than **thirty (30)** days from the date of the Planning Commission decision, and shall be scheduled for public hearing before the Board of Zoning Appeals at the earliest date possible consistent with these regulations.
- B. The Board of Zoning Appeals shall consider de novo in public hearing and may affirm, modify, impose restrictions as provided by Article 6, **“Administration, Enforcement and Interpretation”, Section 6.50.03, “Restrictions”**, or overrule the action of the Planning Commission.
- C. No building permit shall be issued until ~~the 31st day~~ **thirty-one (31) days** after action by the Metropolitan Planning Commission. If the action of the Metropolitan Planning Commission is appealed to the Board of Zoning Appeals no building permit shall be issued until the Board has acted on appeal.

6.60 BOARD OF ZONING APPEALS**6.60.01 Establishment; membership; terms of office**

The establishment of a Board of Zoning Appeals to be known as the Knox County Board of Zoning Appeals and hereafter referred to by the word, "Board," is hereby authorized. Such Board shall consist of nine ~~(9)~~ members appointed by the County Commission. The members of the Board of Zoning Appeals shall occupy seats hereinafter denominated as ~~1-9~~ **one through nine**, with each member residing in one of the nine ~~(9)~~ Knox County Commission districts that they represent, such that no district will have more than one Board member. The term of office shall be for two ~~(2)~~ years. The terms of those members representing the ~~1st, 3rd, 5th, 7th and 9th~~ **first, third, fifth, seventh and ninth** districts shall expire on September 30th, 2010, and shall be refilled by act of the Knox County Commission during its regular September meeting. Thereafter, the terms of the members representing the **second, fourth, sixth and eighth** ~~2nd, 4th, 6th, and 8th~~ districts shall expire on the following September 30th and shall be refilled by the Knox County Commission during the regular September meeting. All new terms of office shall begin on October **first** ~~1st~~. Members of the Board serving as of the effective date of this ordinance shall continue to serve until their terms are affected by these requirements. Members of the Board of Zoning Appeals shall hold no other appointed or elected public office in Knox County. The Knox County Commission may remove any member for cause upon written charges and after a public hearing.

6.60.02 Meetings; minutes; records

The Board shall meet at the call of the chairman, and at such other times as the Board may determine, at a fixed time and place. All meetings of the Board shall be open to the public. The Board shall keep minutes of its proceedings showing **the** vote of each member upon each question, or, if absent or failing to vote, indicating such fact, and other official actions, all of which shall be immediately filed in the office of the Board and shall be a public record. It shall have power to call on any other county department for assistance as may be reasonably required. In the case of all appeals,

The Board shall call upon the Metropolitan Planning Commission for all information pertinent to the decision appealed from.

6.60.03

~~POWERS OF THE BOARD OF ZONING APPEALS~~ **Powers of the Board of Zoning Appeals**

- A. The Board shall have the power to hear and decide appeals where it is alleged there is an error in any order, requirement, decision or determination made by an administrative official.
- B. Where there are practical difficulties or unnecessary hardships in the way of carrying out the strict letter of this ordinance, the Board shall have the power, in passing upon appeals, to authorize such variance from the terms of this ordinance as will not be contrary to the public interest in conforming with the standards set forth in Section 6.60.04, **“Variances”**, of this article.
- C. To hear and decide in accordance with the provisions of Article 4, **“Supplementary Regulations”**, Section 2, **“Development Standards for Uses Permitted on Review”**, and Article 6, **“Administration, Enforcement and Interpretation”**, Section 6.50, **“Procedure for Authorizing Uses Permitted on Review”**, of this ordinance, appeals from the Metropolitan Planning Commission of decisions regarding Use-on-Reviews.
- D. To hear and decide, in accordance with the provisions of Article 3, **“General Provisions”**, Section 3.11.04 of this ordinance, requests for interpretation of the zoning map.
- E. To call on any department for assistance in its duties; and it shall be the duty of such department to render all such assistance as may reasonably be required.
- F. To compel attendance of witnesses at hearings and to administer oaths.
- G. To hold at least one (1) scheduled meeting per month and give notice of such meeting as required by law.

6.60.04 ~~VARIANCES~~ **Variances**

The purpose of the variance is to modify the strict application of the specific requirements of this ordinance in the case of exceptionally irregular, narrow, shallow, or steep lots, or other exceptional physical conditions, whereby such strict application would result in practical difficulty or unnecessary hardship which would deprive an owner of the reasonable use of ~~his~~ **their** land. The variance shall be used only where necessary to overcome some obstacle which is preventing an owner from using ~~his~~ **their** property as the Zoning Ordinance intended.

A. ~~STANDARDS FOR VARIANCES~~ **Standards for Variances**

In granting a variance, the Board shall ascertain that the following criteria are met:

1. Variances shall be granted only where special circumstances or conditions (such as exceptional narrowness, topography, or siting) fully described in the findings of the Board, do not apply generally in the district.
2. Variances shall not be granted to allow a use otherwise excluded from the particular ~~district~~ **zone** in which requested.
3. For reasons fully set forth in the findings of the Board, the aforesaid circumstances or conditions are such that the strict application of the provisions of this ordinance would deprive the applicant of any reasonable use of ~~his~~ **their** land. Mere loss in value shall not justify a variance; there must be a deprivation of beneficial use of land.
4. Any variance granted under the provisions of this section shall be the minimum adjustment necessary for the reasonable use of the land.
5. The granting of any variance is in harmony with the general purposes and intent of this ordinance and will not be injurious to the neighborhood, detrimental to the public welfare, or in conflict with the comprehensive plan for development.

B. ~~REQUIREMENTS FOR THE GRANTING OF A VARIANCE~~
Requirements for Granting a Variance

Before the Board shall have the authority to grant a variance, the person claiming the variance has the burden of showing:

1. That the granting of the ~~permit~~ **variance** will not be contrary to the public interest.
2. That the literal enforcement of the ~~O~~rdinance will result in unnecessary hardship.
3. That by granting the ~~permit~~ **variance** contrary to the provisions of the ordinance the spirit of the ordinance will be observed.
4. That by granting the ~~permit~~ **variance**, substantial justice will be done.

6.60.05

~~CASES BEFORE THE BOARD~~ **Cases Before the Board**

- A. Every appeal or application shall be made to the Board on a form which may be secured at the Office of Code Administration. The procedure for appeals shall be as follows:
 1. A written appeal shall be filed with the Board through the Office of Code Administration by the party aggrieved by any order or decision of the Building Inspector or Metropolitan Planning Commission. Said appeal shall be accompanied by accurate plans and specifications of the proposed work showing also the plot of land to be built upon, together with the placement of proposed building(s) and all other existing or proposed structures.
 2. Every appeal shall be taken within thirty days from the date of the action causing such appeal.
 3. A fee, to be established by the Board, due and payable at the time of appeal, shall be paid to the Office of Code Administration, as agent for the Board, to cover the cost of notices and other expenses incidental to the hearing.
 4. At the public hearing of the case before the Board, the appellant shall appear in ~~his~~ **their** own behalf or be represented by counsel or agent. The appellant's side of the case shall be heard first and those in opposition shall follow.
- B. Upon receipt in proper form of any such appeal or application, the Board shall post such appeal or application, together with maps and the accompanying data in its office for public inspection, for a period

of not less than one week, and shall hold a public hearing thereon. The Board may also adopt regulations requiring notice by personal service or registered mail by the Building Inspector to property owners within any reasonable radius of the proposed development that the Board may determine.

6.60.06

~~COURT REVIEW OF BOARD~~ **Court Review of the Board**

- A. Any person, firm or corporation aggrieved by any decision of the Board may present to a court of competent jurisdiction a petition fully verified, setting forth that such decision is illegal, in whole or in part, and specifying the grounds of illegality.
- B. Such petition shall be presented to the court within thirty days after the filing of the decision in the office of the Board. Such petition shall not be filed with respect to the decision of the Office of Code Administration or any administrative officer without recourse to the Board of Zoning Appeals.

6.70 ADMINISTRATIVE SITE PLAN REVIEW

6.70.01 INTENT Intent

The purpose of the administrative site plan review is to ensure that the requirements and intent of this ~~z~~Zoning ~~e~~Ordinance and other applicable ~~C~~County ordinances are met prior to the issuance of building permits.

6.70.02 APPLICABILITY Applicability

This review will apply for uses listed under “Uses Permitted” in the EC, ~~(~~Employment Center), CN, ~~(~~Neighborhood Commercial) and CR, ~~(~~Rural Commercial) zoning districts. Uses requiring ~~u~~Use-on-~~r~~Review approval will be considered by the Metropolitan Planning Commission prior to administrative site plan review. No review shall be required for houses, attached houses or duplexes, or buildings or structures accessory to houses, attached houses or duplexes.

6.70.03 SUBMITTAL Submittal

Three copies of a ~~one inch equals forty feet or less~~ scaled ~~(1"= 40' or less)~~ site plan shall be submitted to the Knox County Department of Code Administration, or its successor, for review. It must include the following information:

G. Parking spaces and dimensions;

6.70.04 PLAN REVIEW Plan Review

- A. The Department of Code Administration will review the plan within ten (10) business days of its receipt, excluding holidays, and issue an approval, provisional approval or denial of the plan.
- B. Approval shall be granted to a plan which meets the requirements of the ~~Knox County Zoning Ordinance~~ **Knox County Zoning Ordinance**, ~~Knoxville-Knox County Minimum Subdivision Requirements~~ **Knoxville-Knox County Minimum Subdivision Regulations**, ~~Knox County Flood Hazard Ordinance~~ **Knox County Flood Hazard Ordinance**, ~~Knox County Stormwater Ordinance~~ **Knox County Stormwater Ordinance** and the requirements of any ~~Use-on-Review~~ or subdivision concept plan of the Metropolitan Planning Commission.
- C. A plan may be granted provisional approval. Provisional approvals may stipulate that certain site development requirements, such as landscaping, may be met by posting a bond or other security acceptable to the ~~County~~ **County**. The provisional approval shall include a schedule for completion of such improvements.
- D. If the plan is denied, a form will be attached listing the deficiencies and citing the specific requirement that has not been met. The applicant must then address the deficiencies and resubmit **three (3) copies of** the plan ~~(3 copies)~~ along with the deficiency form.

6.70.05 PLAN CERTIFICATION Plan Certification

Upon approval, the plans will be certified. The Department of Code Administration will retain one copy of the plan, one copy will be sent to the Metropolitan Planning Commission, and one copy will be returned to the applicant.
