STAFF RECOMMENDATION:

ADOPT RESOLUTION #9-A-12-SP, amending the Northeast County Sector Plan to RC (Rural Commercial) for a portion of the site and recommend the Knox County Commission also approve the

sector plan amendment, to make it operative. (See resolution, Exhibit A.)

Staff recommends approval of the RC sector plan designation for a portion of the site (see attached MPC staff recommendation map). The remaining, easternmost portion of the site, which is recommended to be excluded from the plan amendment, is too narrow for viable rural commercial development and is too close to an existing residence to the north to allow for adequate building setbacks and landscape buffering, as required in the CR zone.

► **RECOMMEND that County Commission APPROVE CR (Rural Commercial) zoning on the recommended portion of the site (See attached MPC recommendation map).**

For this site, CR is the most appropriate commercial zone that is permitted within the Rural Area of the Growth Policy Plan. A large portion of the subject parcel is already zoned CA and developed with a business, part of which is in an RB zoned area. The sector plan already proposes neighborhood commercial uses for the portion of the site that is recommended for approval of CR zoning.

COMMENTS:

SECTOR PLAN REQUIREMENTS FROM GENERAL PLAN (May meet any one of these):

CHANGES OF CONDITIONS WARRANTING AMENDMENT OF THE LAND USE PLAN:

INTRODUCTION OF SIGNIFICANT NEW ROADS OR UTILITIES THAT WERE NOT ANTICIPATED IN THE PLAN AND MAKE DEVELOPMENT MORE FEASIBLE:

No known improvements have been made to Tillett Ln. or Corryton Rd. in the vicinity of this site.

AN OBVIOUS OR SIGNIFICANT ERROR OR OMISSION IN THE PLAN:

The Northeast County Sector Plan proposes NC (Neighborhood Commercial) uses for most of this subject property and for a stretch of land to the west, on the north side of Corryton Rd. The requested RC designation is similar in intensity to NC and is equally as appropriate in this primarily rural area. The Growth Policy Plan designates this area as Rural Area. CN and CR are two of the three commercial zones that may be considered in the Rural Area.

CHANGES IN GOVERNMENT POLICY, SUCH AS A DECISION TO CONCENTRATE DEVELOPMENT IN CERTAIN AREAS:

No changes in government policy impact this proposal. The CA zoned area to the west of this site has been in place for many years, despite the fact that it is not consistent with the current sector plan or Growth Plan proposals for the area. The precedent for commercial in this area has been set, and this minor extension of it is acceptable, as it is already designated for NC uses, which are of similar intensity as RC uses.

TRENDS IN DEVELOPMENT, POPULATION OR TRAFFIC THAT WARRANT RECONSIDERATION OF THE ORIGINAL PLAN PROPOSAL:

The remainder of the site to the west, zoned CA, is developed with a business. This proposal is an extension of that use to the entire parcel. Staff is recommending approval of RC uses on the entire parcel except for the approximately 70' wide panhandle in the easternmost portion of the site.

REZONING REQUIREMENTS FROM ZONING ORDINANCES (must meet all of these):

THE PROPOSED AMENDMENT SHALL BE NECESSARY BECAUSE OF SUBSTANTIALLY CHANGED OR CHANGING CONDITIONS IN THE AREA AND DISTRICTS AFFECTED, OR IN THE CITY/COUNTY GENERALLY:

1. CR is the most appropriate commercial zone that can be considered for this site, which is located within the Rural Area designation on the Growth Policy Plan, limiting eligible commercial zones.
2. CR zoning will allow expansion of the existing commercial use onto the subject property.
3. CR zoning is not recommended to be extended onto the approximately 70' wide panhandle that makes up the easternmost portion of the site. That width is not large enough to allow for commercial development, in addition to the screening that will be required between it and the adjacent residential zones. There is a residence that is located about 60' north of the panhandle portion of the site. The CR zone requires substantial landscape screening along its perimeter.

THE PROPOSED AMENDMENT SHALL BE CONSISTENT WITH THE INTENT AND PURPOSE OF THE APPLICABLE ZONING ORDINANCE:

1. The requested CR zoning district provides the opportunity to locate limited retail and service uses in a manner convenient to outlying rural areas. It is intended to provide for the recurring shopping and personal service needs of nearby rural residential areas. The range of permitted uses is limited to those which are generally patronized on a frequent basis by area residents. Development performance standards are included to maximize compatibility between commercial uses and surrounding rural areas, and to maintain the rural

character of these areas.

2. Based on the above description, the recommended portion of the site is appropriate for CR zoning.

THE PROPOSED AMENDMENT SHALL NOT ADVERSELY AFFECT ANY OTHER PART OF THE COUNTY, NOR SHALL ANY DIRECT OR INDIRECT ADVERSE EFFECTS RESULT FROM SUCH AMENDMENT:

1. Public water is available to serve the site. Sanitary sewer is not currently available in the area, but could be extended, if necessary, to serve this site.
2. The proposal will have no impact on schools, and the traffic impact will depend on the type of uses that are proposed.
3. CR zoning is compatible with surrounding development and should have a minimal impact on adjacent properties.

THE PROPOSED AMENDMENT SHALL BE CONSISTENT WITH AND NOT IN CONFLICT WITH THE GENERAL PLAN OF KNOXVILLE AND KNOX COUNTY, INCLUDING ANY OF ITS ELEMENTS, MAJOR ROAD PLAN, LAND USE PLAN, COMMUNITY FACILITIES PLAN, AND OTHERS:

1. With the recommended amendment of the NC area to RC, CR zoning would be consistent with the Northeast County Sector Plan. Staff recommends that the panhandle in the eastern portion of the site, which is designated as Ag/RR on the sector plan and zoned RB, remain unchanged.
2. The site is located within the Rural Area on the Knoxville-Knox County-Farragut Growth Policy Plan map, which limits the types of commercial and other zones that can be proposed. CR is a zone that may be considered within the Rural Area.
3. The recommended zoning change does not present any apparent conflicts with any other adopted plans.

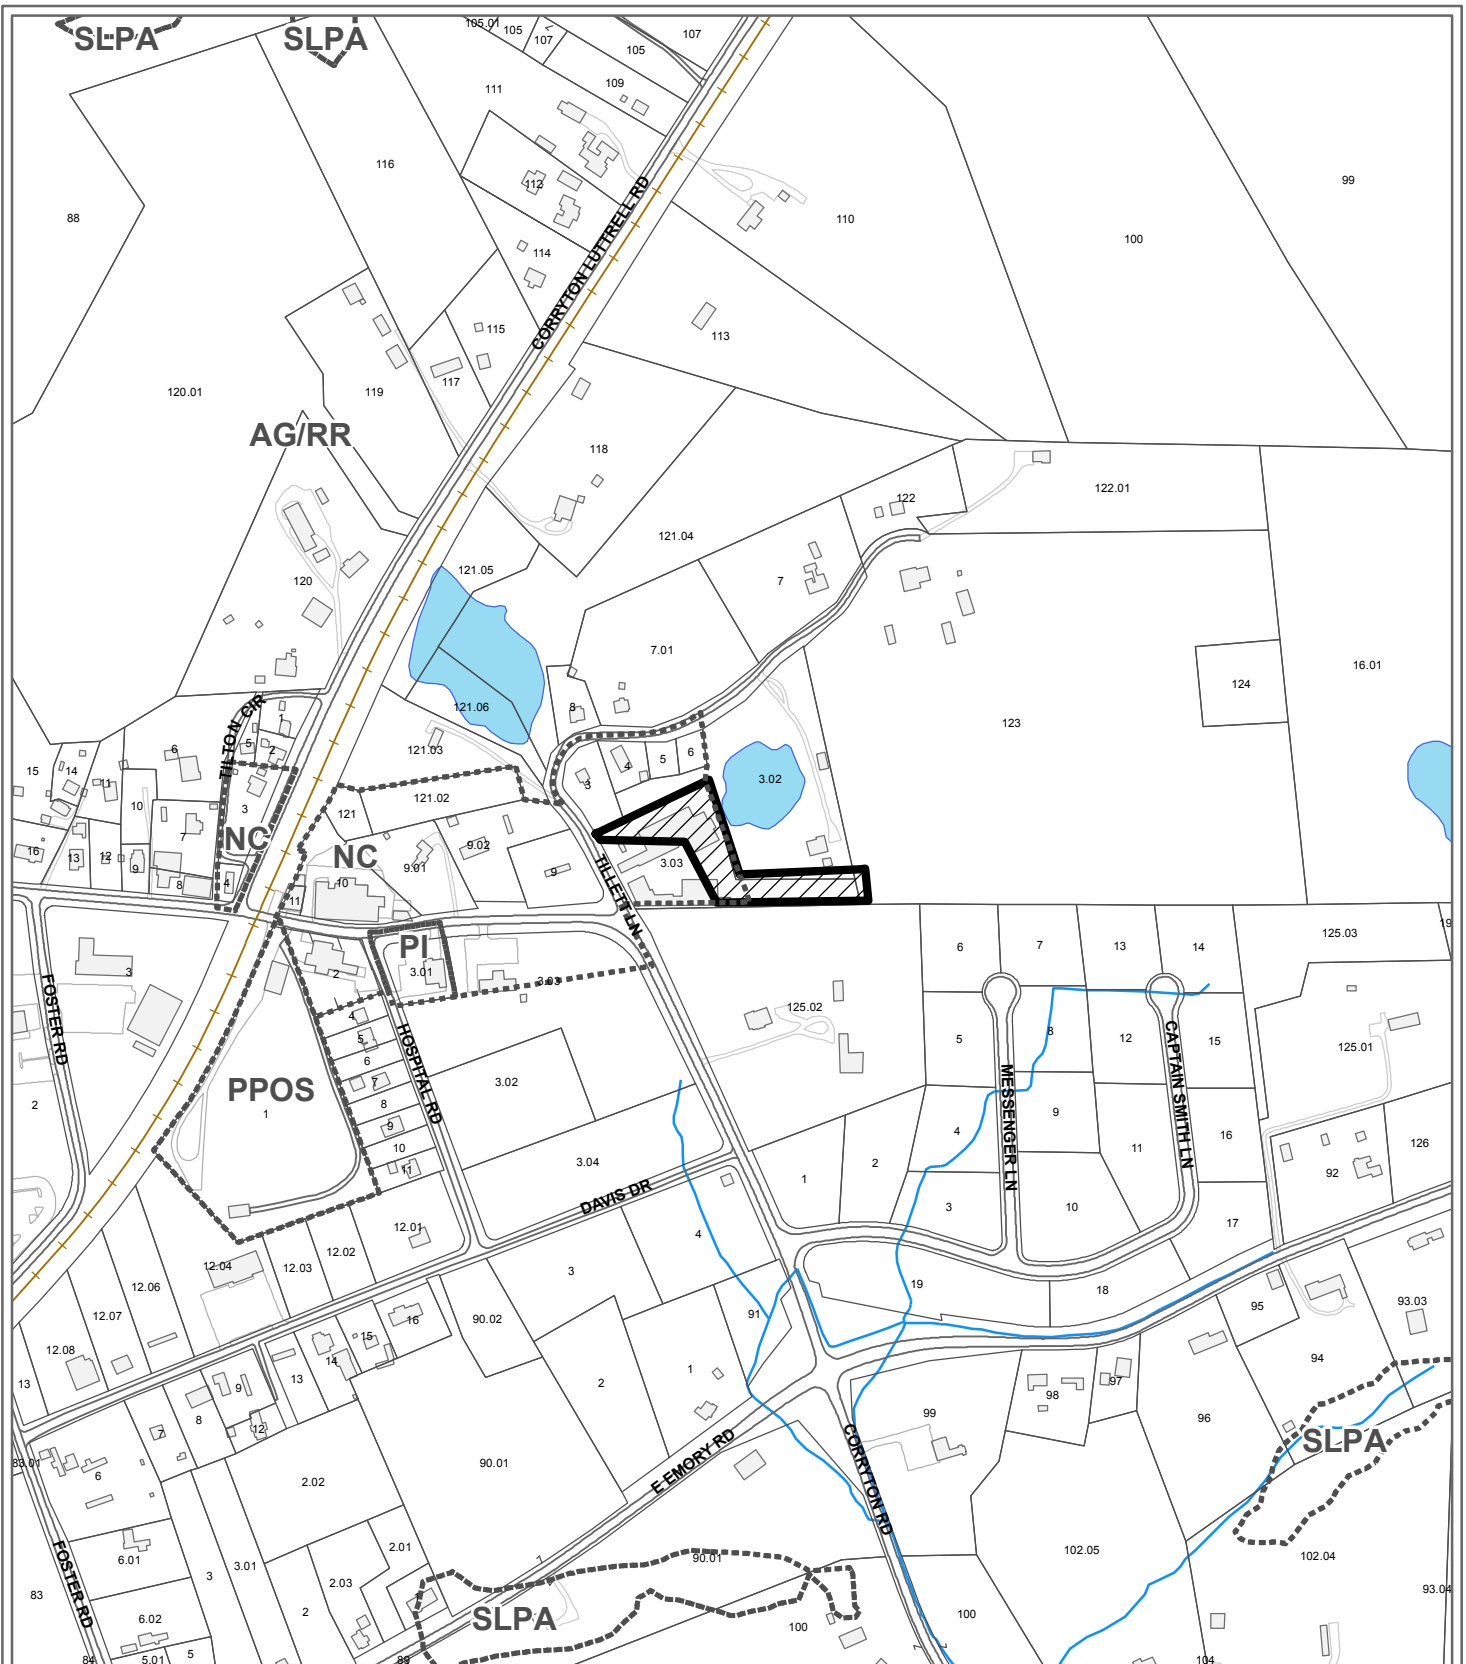

State law regarding amendments of the general plan (which include Sector Plan amendments) was changed with passage of Public Chapter 1150 by the Tennessee Legislature in 2008. The law now provides for two methods to amend the plan at TCA 13-3-304:

1. The Planning Commission may initiate an amendment by adopting a resolution and certifying the amendment to the Legislative Body. Once approved by majority vote of the Legislative Body, the amendment is operative.
2. The Legislative Body may also initiate an amendment and transmit the amendment to the Planning Commission. Once the Planning Commission has considered the proposed amendment and approved, not approved, or taken no action, the Legislative Body may approve the amendment by majority vote and the amendment is operative.

ESTIMATED TRAFFIC IMPACT: Not calculated.

ESTIMATED STUDENT YIELD: Not applicable.

If approved, this item will be forwarded to Knox County Commission for action on 10/22/2012. If denied, MPC's action is final, unless the action to deny is appealed to Knox County Commission. The date of the appeal hearing will depend on when the appeal application is filed. Appellants have 30 days to appeal an MPC decision in the County.
