To whom it may concern,  
Objection to requested Rezoning File (4-G-13-RZ)

Living directly across the street from said property we have the following concerns and ask that the rezoning request be denied for the following reasons:

1. Increase in traffic..
2. We already have more than enough traffic for a two lane road.
3. More traffic means more noise pollution
4. It might also add more speeders to the road..
5. If you were to grant said zoning they may build another subdivision.
6. We already have enough of said subdivisions on our road.
7. More development means an increased demand on resources etc.
8. As I said earlier more traffic which means more pollution and allergens.

As a retired police SGT, I didn't move from Miami to once again be surrounded by subdivisions. We ask that you deny said request.

Thank you,
