All-

I read the documents on the new planned Hospital and wanted to be a part of the official record and say that the proper studies have not been completed and approving this Hospital without them is a mistake. This Hospital will significantly impact West Hills. There has been no traffic study done on West Hills. The MPC is doing an injustice for a Hospital we really don't need. There is a Hospital 10 minutes in each direction that has virtually no wait. Truly ridiculous.
