Mr. Mike Brusseau, AICP, Senior Planner  
Knoxville-Knox County Metropolitan Planning Commission  
City-County Building, Suite 403  
Knoxville, Tennessee 37902

SUBJECT: MPC File Numbers 7-A-13-AC, 7-A-13-SC, 7-B-13-SC  
Proposed Closures of Unnamed Alley, Sid St, and Highland Drive  
City Block 26370

Mr. Brusseau:

The City Engineering Department has no objections to close the above described right-of-way areas provided the following conditions, subject to City Engineering approval, are met:

1. Owner must complete the platting process to consolidate closed right-of-way areas and existing lots of record, as indexed on the City Ward Map, into an acceptable subdivision plan that eliminates any landlocked property conditions and meets the Knox-Knox County Minimum Subdivision Regulations.
2. Upon final approval by City Council, the owner shall have one (1) year to complete these conditions. If the conditions are not met in the allotted time, this closure shall be deemed null and void and of no effect.
3. The closing ordinance shall state that this closure shall become effective only after the Engineering Department has provided written verification, to the City Recorder, that conditions have been satisfactorily met.
4. Should this right-of-way be closed, the City will reserve easements for all drainage facilities and utilities, if any, located in or within five (5) feet of the property described herein.

Sincerely,

*Benjamin D. Davidson*

Dear Mr. Brusseau:

**Re: Right-of-Way Closure Request 7-A-13-AC  
Block No. 26370  
CLT No. 95  
Parcel No. 1.03**

We have reviewed our records and find that we have existing utility facilities located within the subject right-of-way. The approximate location of these facilities is indicated on the enclosed prints. However, KUB does not release and hereby retains all easements and rights for existing utility facilities, whether or not shown on these prints.

Should this right-of-way be closed, KUB will require the following permanent easement for its utility facility.

Electric -- 10 feet on each side of the centerline of the electric line, 20 feet total width

So long as these conditions are met, KUB has no objection to the closure of this right-of-way. If you have any questions regarding this matter, please call me at (865) 558-2291.

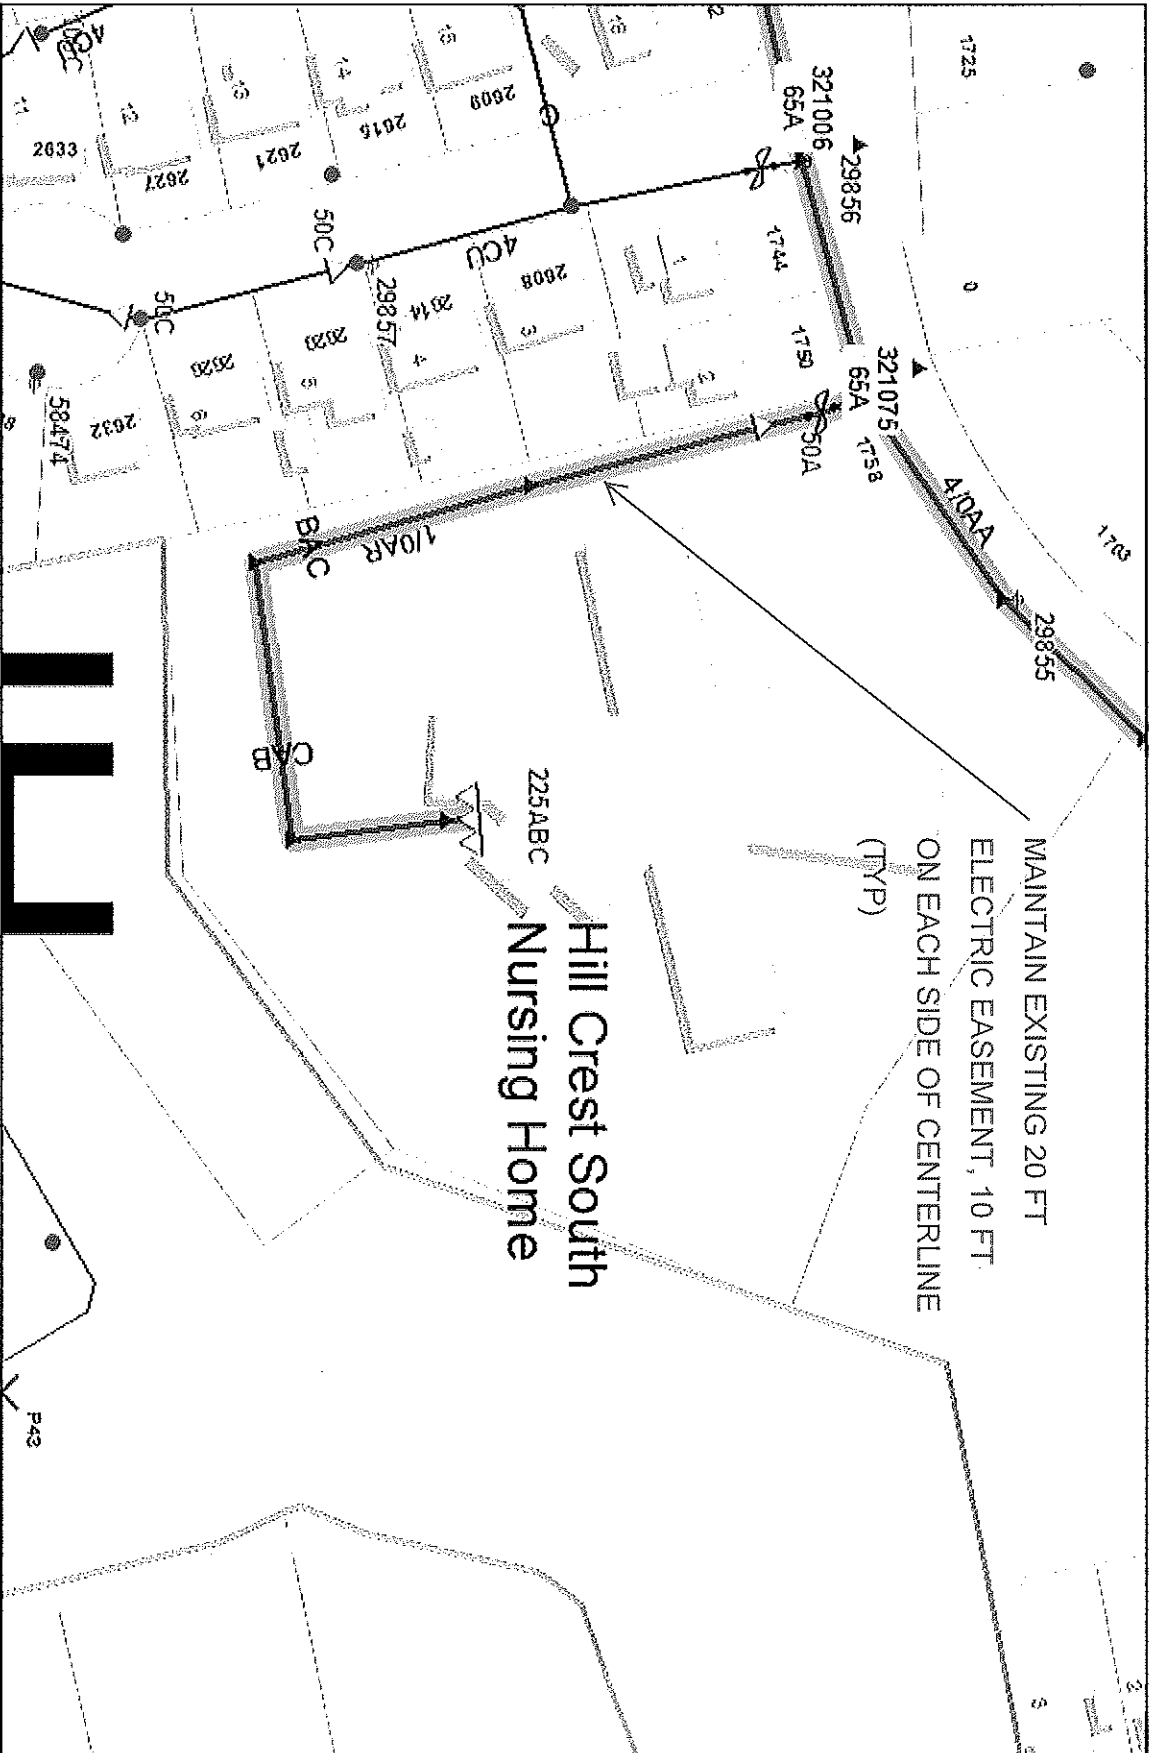

Sincerely,
