I'm against the Right of being closed om Tillery road at the Monday property. The reason is when the city worked on the intersection of Wilson and Tillery they curved Tillery towards Wilson. This causes full size pickup trucks and bigger to have to wait some times to make a right hand turn onto Tillery if there is a vehicle waiting to turn right onto Wilson or left onto Tillery.

The City of Knoxville engineers agreed they made a mistake when the intersection was re-done a few years ago. The intersection needs to be fixed and closing the right of way would just increase the cost to the city and therefore to the tax payers.
