Dear Commissioners,

I am writing today to express my opposition to the proposed rezoning in Karns for the planned business park. This is regarding MPC Case # 11-C-13-SP for the sector plan amendment and rezoning proposal 11-D-13-RZ.

As a Karns resident, I do not want businesses moving into this area that could potentially spew pollution over the area. We are currently working to clean up the Beaver Creek area to make it an attractive water way for outdoor enthusiasts. Putting a pollution-spewing business park in this area would damage those efforts.

In addition, as the parent of two children in the Karns schools, I DO NOT want my children going to school directly behind industrial buildings putting who-knows-what into the air. My children are athletes and must practice outside of the school every day. They DO NOT need to be breathing in toxic air!

I urge you to consider the health of our children and the quality of life in the Karns community. PLEASE do not pass the sector plan amendment and rezoning proposal!

Sincerely,
Wendy Dupes
