

PROPOSED
NEW DEFINITIONS

Added language

ARTICLE II DEFINITIONS

The following definitions will be added:

Drop Off Donation Center - Any building, ~~structure or premises~~ or portion of a building, where donations for non-profit organizations or institutions are collected, assessed, repaired, sorted and/or prepared for sale. Types of drop-off donation centers range from space within shopping centers to stand alone buildings and may include a drive-through or drive-up to facilitate the drop off operation. A center may be a principal use or accessory to another use, such as a retail store. Drop off donation centers shall not be considered a recycling center.

Drop Off Donation Facility – A free standing facility, such as a trailer or collection box, accessory to a principal use, where donations for non-profit organizations or institutions are collected. Drop off donation facilities shall not be considered a recycling center.
