

Memorandum

To: Metropolitan Planning Commission
From: Michael A. Brusseau, Senior Planner
Date: March 6, 2014
File #: 3-A-14-OYP
Subject: Knoxville One Year Plan 2014 Update

Staff Recommendation:

RECOMMEND that City Council APPROVE the [2014 One Year Plan update](#).

RECOMMEND that City Council consider the attached list of potential areas for general rezonings (maps also included).

Comments:

The Knoxville City Charter requires that a One Year Plan be developed and adopted to tie the City of Knoxville's zoning districts to the Comprehensive Plan for the community. The Charter also requires the development of 15 year (Sector Plans) and 5 year (CIP) plans for policy and midrange guidance for the One Year Plan. The One Year Plan is used as the basis for rezoning decisions and short term public improvements within the City of Knoxville.

Staff mailed out 240 postcards to various members of the community, inviting them to participate in the annual update. Four of these postcards were returned with invalid addresses. Three public meetings were held throughout the City during February to present and discuss this year's update. Approximately 35-40 people in total attended the meetings.

Pursuant to the requirements of the City Charter, the staff has completed the annual update of the One Year Plan, which is included separately with your agenda package. Highlights of the 2014 update include the following:

- The staff is recommending five general plan amendments. All of the proposed staff recommended changes are shown by sector on maps located in Chapter 4 and are labeled as 'Staff Amendments.' These changes will bring the proposed areas of the One Year Plan into conformity with the Sector Plan, as called for by the City Charter.

MPC Agenda Item # 11

- There were no properties annexed into the City Limits of Knoxville since the 2013 update. Therefore, there are no properties that require plan designations as a result of being annexed.
- Appendix B lists ten individual quarterly plan amendments that were approved since the 2012 One Year Plan update.
- Staff is presenting several areas that may be appropriate for general rezonings, based on recommendations from either the 'General Rezonings' section of the One Year Plan, or from recommendations of adopted sector plans. Staff is requesting that MPC recommend that City Council consider these potential areas for general rezonings, which would give MPC staff the go-ahead to initiate the formal applications to begin the process. General rezonings, since they are neither initiated by the owners of the subject properties nor result from the annexation of property into the City Limits, need to be authorized by City Council before being initiated.

Please let me know if you have any questions about specific plan recommendations, this year's update process or any other issues related to the One Year Plan.

POTENTIAL GENERAL REZONINGS LIST

1. SOUTH – 1st Council district – GR-7 from OYP – SW of Stone Rd and Wise Hills Rd.- Currently zoned I-4 - OYP and SP propose LDR - surrounded by LDR and a park - Rezone to R-1, R-1A or RP-1 at less than 6 du/ac
2. SOUTH – 1st Council district – GR-1 from OYP – SW side Aberdeen Ln., E side Gilbert Ln.-Currently zoned R-2- OYP and SP propose LDR- surrounded by LDR- Rezone to R-1, R-1A or RP-1 at less than 6 du/ac
3. SOUTH – 1st Council district – GR-29 from OYP – E side Colonial Dr., N side Easton Rd., S of Chapman Hwy. - Currently zoned C-3- OYP and SP propose LDR- undeveloped under C-3 since rezoning in 1989 - Rezone to R-1, R-1A or RP-1 at less than 6 du/ac
4. SOUTH – 1st Council district – GR-2 from OYP – E and W sides E. Red Bud Rd., S side Panorama Dr. - Currently zoned R-2 - OYP and SP propose LDR - surrounded by LDR, park and some condos on E. Red Bud Rd. - Rezone to R-1, R-1A or RP-1 at less than 6 du/ac
5. SOUTH – 1st Council district – specific South City Sector Plan recommendation – South Haven neighborhood - E side James White Pkwy., N of Sevierville Pike - Currently zoned R-2 - OYP and SP propose LDR - surrounded by LDR - Rezone to R-1, R-1A or RP-1 at less than 6 du/ac
