**STAFF RECOMMENDATION:**

▶ **Deny Variance**  
**DENY Final Plat**

**COMMENTS:**

The easement was established in 1988 and approved with a variance to add one lot to the JPE as it existed then. Knox County Engineering and Public Works is not supporting the variance for lack of a sufficient hardship. There is also concern that the gated entrance does not have a Knox Key Box to allow access by emergency personell and equipment.

MPC staff received revised copies of this plat on corrections deadline. All corrections requested by staff were addressed. The applicant is requesting a variance "To reduce all requirements of the Minimum Subdivision Regulations section 64-24 to existing conditions" for the existing Joint Permanent Easement.

MPC's approval or denial of this request is final, unless the action is appealed to Knox County Chancery Court. The date of the Knox County Chancery Court appeal hearing will depend on when the appeal application is filed.
