To Whom it may concern:

Please be aware that we are against the proposed apartment complex. Wallace Road is heavily traveled now due to being a "cut-through" for Nubbin Ridge Road and Northshore Drive. If you place additional traffic on this road, it may very well become hazardous to the current residents. Many people currently speed on this short road and adding more traffic will not help this already dangerous situation.

My husband and I currently own 3 pieces of property on Wallace Road and 1 of the residences was designed to back out of the driveway; but that is so dangerous that we have to attempt to turn around in an area that isn't actually part of the driveway, so that we may pull onto Wallace rather than back out.

Thank you for your time,

Kelly and Rocky Stooksbury  
1114 Wallace Road  
(865) 531-4098
