Subject: Use on review Carpenter Road

To: bettyjo.mahan@knoxmpc.org

I just noticed the review sign on Carpenter Road and looked at your website to see there is a planned residential subdivision planned for this property. If you have not driven Carpenter Road please make sure the commissioners do so before they make a final decision on allowing this subdivision to be built. We were all under the impression the entrance would be from the other side of property and not Carpenter. If the road is not widened the Commission is assuring the current residents that our lives do not matter. The road was a farm road and was never meant to be utilized by the current traffic much less adding additional people from a subdivision. Unfortunately I am out of town or I would be at the meeting tomorrow to voice my strong opposition to the building of this subdivision unless the developer is **required** to widen the road from point of subdivision to Emory Road.

Please make sure the appropriate person receives this BEFORE the meeting tomorrow.

Sincerely
Betty Hatmaker
