

QUALITY SENIOR LIVING IN A HOME-LIKE SETTINGSM

The Next Best Place to HomeSM

Let us introduce ourselves. BeeHive Homes is an assisted living facility which provides care to seniors who need some assistance with the activities of daily life. Our homes are designed and sited to blend in with surrounding homes and offer a residential feel, which makes it a desirable addition to existing neighborhoods.

We are a family owned franchise company that was founded in 1987 in Meridian, ID. We are currently in over 16 states across the nation. We are in the business of creating smiles and memories. We believe our last memories are just as important as the first. We provide 24-hour care, nutritious meals, laundry services, and social activities.

We pride ourselves on being different from the larger institutional facilities, where high resident to staff ratios impact the quality of care. We strive to improve and re-define care for our residents, by creating a quality living experience in a home-like setting. We believe BeeHive Homes is "their home".

You are welcome to drop by any time. We look forward to meeting you and answering any questions you may have.
