

KNOXVILLE/KNOX COUNTY METROPOLITAN PLANNING COMMISSION PLAN AMENDMENT REPORT

► FILE #: 10-B-16-SP	AGENDA ITEM #: 28
POSTPONEMENT(S):	10/13/2016 AGENDA DATE: 11/10/2016
APPLICANT:	TOM WEISS
OWNER(S):	Tom Weiss
TAX ID NUMBER:	109 K D 010 109KF005-007 View map on KGIS
JURISDICTION:	Council District 1
STREET ADDRESS:	
► LOCATION:	Northwest and southeast sides Sevier Heights Rd., south side Wallace Dr., east side Lancaster Dr.
APPX. SIZE OF TRACT:	4.4 acres
SECTOR PLAN:	South City
GROWTH POLICY PLAN:	Urban Growth Area (Inside City Limits)
ACCESSIBILITY:	Access is via Sevier Heights Rd., a local street with 15' of pavement width within 30' of right-of-way, Lancaster Dr., a minor collector street with 20' of pavement width within 50' of right-of-way, or Wallace Dr., a local street with 16' of pavement width within 40' of right-of-way.
UTILITIES:	Water Source: Knoxville Utilities Board
	Sewer Source: Knoxville Utilities Board
WATERSHED:	Baker Creek
PRESENT PLAN AND ZONING DESIGNATION:	OS (Open Space) / R-1 (Low Density Residential)
PROPOSED PLAN DESIGNATION:	GC (General Commercial)
EXISTING LAND USE:	Vacant land and former church
PROPOSED USE:	Mixed use development
EXTENSION OF PLAN DESIGNATION:	No
HISTORY OF REQUESTS:	None noted
SURROUNDING LAND USE	North: Wallace Dr., houses / LDR
AND PLAN DESIGNATION:	South: Vacant land / LDR
	East: Houses / LDR
	West: Lancaster Dr., houses / LDR
NEIGHBORHOOD CONTEXT	A now closed church is located on the subject property, which is surrounded by a detached residential neighborhood, zoned R-1.

STAFF RECOMMENDATION:

ADOPT RESOLUTION #10-B-16-SP, amending the South City Sector Plan to GC (General Commercial) and recommend that City Council also approve the sector plan amendment, to make it operative. (See

resolution, Exhibit A.)

The subject property is approximately 4.4 acres and has the former buildings for a large church, which is now unused. Despite the fact that the property is surrounded by residential uses, allowing some commercial uses will allow the buildings to be reused for a reasonable use, rather than being torn down or remaining vacant. The large buildings are already in place along with sufficient parking for commercial uses.

COMMENTS:

SECTOR PLAN REQUIREMENTS FROM GENERAL PLAN (May meet any one of these):

CHANGES OF CONDITIONS WARRANTING AMENDMENT OF THE LAND USE PLAN:

INTRODUCTION OF SIGNIFICANT NEW ROADS OR UTILITIES THAT WERE NOT ANTICIPATED IN THE PLAN AND MAKE DEVELOPMENT MORE FEASIBLE:

No known improvements have been recently made to either of the access streets., but it is adequate to serve the recommended commercial uses. Public water and sewer utilities are available to serve the site. South Knoxville's Urban Wilderness is located in the area, including the large Baker Creek Preserve to the south, which has a nearby trailhead. Allowing a mix of uses at this site will provide future commercial goods, services and entertainment to residents and visitors in the area recreating in the Urban Wilderness.

AN OBVIOUS OR SIGNIFICANT ERROR OR OMISSION IN THE PLAN:

There are no apparent errors in the plan. The current plan proposes OS (Open Space) uses for the site, which was a common land use designation placed on churches in Knoxville. The plan did not anticipate the closure of the church, leaving the property vacant.

CHANGES IN GOVERNMENT POLICY, SUCH AS A DECISION TO CONCENTRATE DEVELOPMENT IN CERTAIN AREAS:

Staff is recommending approval of this plan amendment, which will be a change in public policy for development in this area. Final approval of the recommended GC plan designation will serve as the change in public policy that is unanticipated by the plan.

TRENDS IN DEVELOPMENT, POPULATION OR TRAFFIC THAT WARRANT RECONSIDERATION OF THE ORIGINAL PLAN PROPOSAL:

MPC staff generally supports the development plan proposed by the applicant, as long as a public review of plans is required and stipulations can be made to minimize the impact on surrounding residential uses. Staff is of the opinion that the commercial redevelopment of this site is warranted and desirable because of the growing popularity of the Urban Wilderness in the area and the need to serve those users.

State law regarding amendments of the general plan (which include Sector Plan amendments) was changed with passage of Public Chapter 1150 by the Tennessee Legislature in 2008. The law now provides for two methods to amend the plan at TCA 13-3-304:

1. The Planning Commission may initiate an amendment by adopting a resolution and certifying the amendment to the Legislative Body. Once approved by majority vote of the Legislative Body, the amendment is operative.

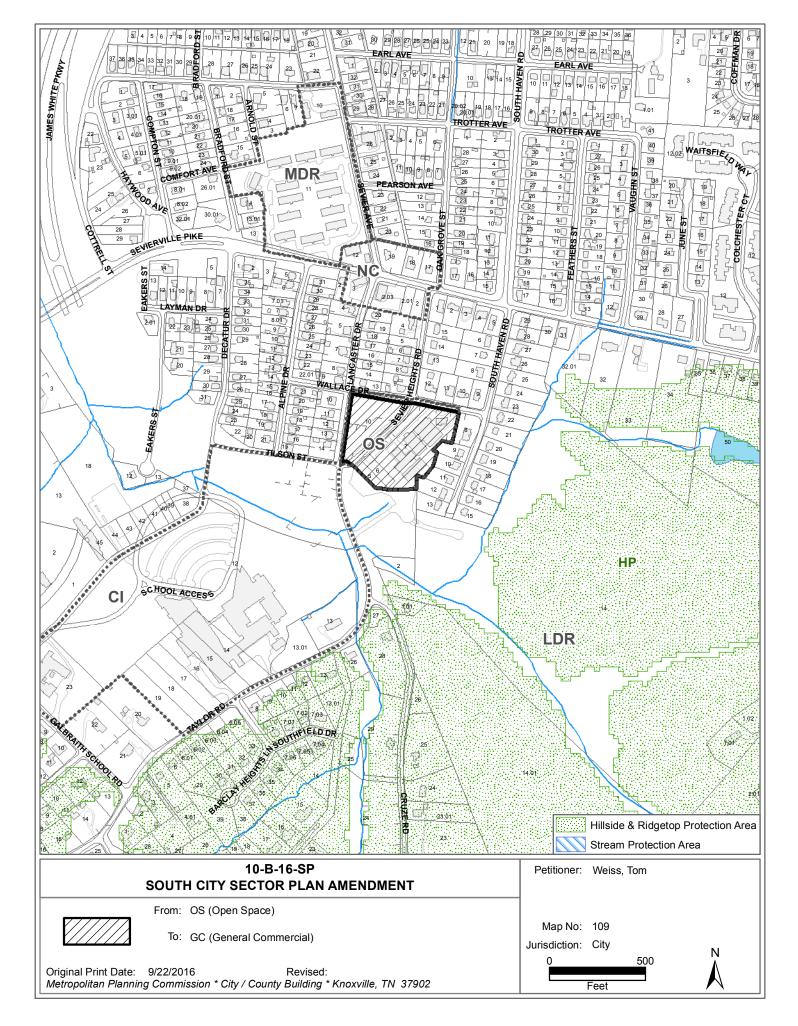

2. The Legislative Body may also initiate an amendment and transmit the amendment to the Planning Commission. Once the Planning Commission has considered the proposed amendment and approved, not approved, or taken no action, the Legislative Body may approve the amendment by majority vote and the amendment is operative.

ESTIMATED TRAFFIC IMPACT: Not required.

ESTIMATED STUDENT YIELD: Not applicable.

If approved, this item will be forwarded to Knoxville City Council for action on 12/6/2016 and 12/20/2016. If denied, MPC's action is final, unless the action to deny is appealed to Knoxville City Council. The date of the appeal hearing will depend on when the appeal application is filed. Appellants have 15 days to appeal an MPC decision in the City.

	AGENDA ITEM #: 28	FILE #: 10-B-16-SP	11/2/2016 02:57 PM	MICHAEL BRUSSEAU	PAGE #:	28-2
--	-------------------	--------------------	--------------------	------------------	---------	------

KNOXVILLE-KNOX COUNTY METROPOLITAN PLANNING COMMISSION A RESOLUTION AMENDING THE SOUTH CITY SECTOR PLAN

WHEREAS, the Knoxville-Knox County Metropolitan Planning Commission, a regional planning commission established pursuant to state statute, has the duty to make, adopt and amend plans for the physical development of Knoxville and Knox County; and

WHEREAS, the Metropolitan Planning Commission pursuant to state statute has prepared and adopted the Knoxville-Knox County General Plan 2033, as the official comprehensive plan for Knoxville and Knox County; and

WHEREAS, the Council of the City of Knoxville and the Commission of Knox County have adopted the Knoxville Knox County General Plan 2033, as the official comprehensive plan for Knoxville and Knox County; and

WHEREAS, the Metropolitan Planning Commission has prepared the Knox County Future Land Use Map, a portion of which is contained within the South City Sector Plan, consistent with the requirements of the General Plan; and

WHEREAS, the Knoxville-Knox County General Plan 2033, provides criteria for periodic updates and amendments of the land use maps contained within plans initiated by the Planning Commission or in response to applications from property owners; and

WHEREAS, Tom Weiss has submitted an application to amend the Sector Plan from Open Space to General Commercial, for property described in the application; and

WHEREAS, the Metropolitan Planning Commission staff recommends approval of a revised amendment to the South City Sector Plan, consistent with General Plan requirements that such amendment represents either a logical extension of a development pattern, or is warranted because of changing conditions in the sector as enumerated in the Plan; and

WHEREAS, the Metropolitan Planning Commission, at its regularly scheduled public hearing on November 10, 2016, after consideration of the staff recommendation and testimony from those persons in support and opposed to the plan amendment, approved the amendment for the subject property, as requested, and/or amended.

NOW, THEREFORE, BE IT RESOLVED BY THE KNOXVILLE-KNOX COUNTY METROPOLITAN PLANNING COMMISSION:

SECTION 1: The Planning Commission hereby adopts the revised amendment to the South City Sector Plan, with its accompanying staff report and map, file #10-B-16-SP.

SECTION 2: This Resolution shall take effect upon its approval.

SECTION 3: The Planning Commission further recommends that Knoxville City Council likewise consider this revised amendment to the General Plan 2033.

STAFF RECOMMENDATION:

RECOMMEND that City Council APPROVE GC (General Commercial) One Year Plan designation.

The subject property is approximately 4.4 acres and has the former buildings for a large church, which is now unused. Despite the fact that the property is surrounded by residential uses, allowing some commercial uses will allow the buildings to be reused for a reasonable use, rather than being torn down or remaining vacant. The large buildings are already in place along with sufficient parking for commercial uses.

RECOMMEND that City Council APPROVE C-3 (General Commercial) zoning, subject to one condition.

1. A use on review development plan must be reviewed and approved by MPC prior to the issues of any occupancy permits for the project.

With the recommended condition to address access and other site concerns, staff is of the opinion that C-3 zoning will give the opportunity to reuse the existing buildings and parking on site, as well as provide amenities for surrounding residents and visitors to the area. However, without review of a development plan by MPC, staff can not support any type of commercial development of this site. Without the recommended zoning condition, the staff recommendation would be to deny.

COMMENTS:

ONE YEAR PLAN AMENDMENT REQUIREMENTS:

CHANGES OF CONDITIONS WARRANTING AMENDMENT OF THE LAND USE PLAN (May meet any one of these.)

A. AN ERROR IN THE PLAN - There are no apparent errors in the plan. The current plan proposes OS (Open Space) uses for the site, which was a common land use designation placed on churches in Knoxville. The plan did not anticipate the closure of the church, leaving the property vacant.

B. A SIGNIFICANT CHANGE IN THE DEVELOPMENT PATTERN, OR THE COMPLETION OF A PUBLIC IMPROVEMENT (ROAD, PARK, SEWER), WHICH CHANGES THE BASIS ON WHICH THE PLAN WAS DEVELOPED FOR AN AREA - No known improvements have been recently made to either of the access streets., but it is adequate to serve the recommended commercial uses. Public water and sewer utilities are available to serve the site. South Knoxville's Urban Wilderness is located in the area, including the large Baker Creek Preserve to the south, which has a nearby trailhead. Allowing a mix of uses at this site will provide future commercial goods, services and entertainment to residents and visitors in the area recreating in the Urban Wilderness.

C. A CHANGE IN PUBLIC POLICY, UNANTICIPATED BY THE PLAN - Staff is recommending approval of this plan amendment, which will be a change in public policy for development in this area. Final approval of the recommended GC plan designation will serve as the change in public policy that is unanticipated by the plan. D. NEW INFORMATION (INCLUDING NEW PLANS AND STUDIES PRODUCED BY MPC) BECOMING AVAILABLE, WHICH REVEALS THE NEED FOR A PLAN AMENDMENT - MPC staff generally supports the development plan proposed by the applicant, as long as a public review of plans is required and stipulations can be made to minimize the impact on surrounding residential uses. Staff is of the opinion that the commercial redevelopment of this site is warranted and desirable because of the growing popularity of the Urban Wilderness in the area and the need to serve those users.

The applicant proposes to reuse the existing buildings on site for a mix of uses, including commercial and residential. Staff is recommending a condition to require use on review approval from MPC prior to issuance of any occupancy permits. A special exception approval will be required in order for residential uses to be included as part of the development plan.

REZONING REQUIREMENTS FROM ZONING ORDINANCES (must meet all of these):

THE PROPOSED AMENDMENT SHALL BE NECESSARY BECAUSE OF SUBSTANTIALLY CHANGED OR CHANGING CONDITIONS IN THE AREA AND DISTRICTS AFFECTED, OR IN THE CITY/COUNTY GENERALLY:

1. Conditioned C-3 zoning for the subject property will allow the existing buildings to be redeveloped and reused, rather than being torn down or being left vacant.

2. C-3 uses, if planned accordingly, can be made compatible with the surrounding land use and zoning pattern.

3. C-3 zoning will allow the property to be redeveloped to provide amenities, consumer goods and services, residential units and entertainment for area residents and visitors using South Knoxville's Urabn Wilderness.

4. The existing building on site has adequate space and parking to accommodate uses allowed under C-3

AGENDA ITEM #: 28	FILE #: 10-B-16-PA	11/2/2016 02:59 PM	MICHAEL BRUSSEAU	PAGE #:	28-2

zoning.

THE PROPOSED AMENDMENT SHALL BE CONSISTENT WITH THE INTENT AND PURPOSE OF THE APPLICABLE ZONING ORDINANCE:

1. The C-3 zone, as described in the zoning ordinance, is for personal and business services and general retail businesses. This zoning category is intended to include areas where commercial development has displaced or is displacing residential development, or is moving in on vacant land. Further, the regulations are designed to guide future change so as to discourage formation of future commercial slums, to preserve the carrying capacity of the streets, and to provide for off-street parking and loading. It is not the intent of this district to encourage the extension of existing strip commercial areas, but rather to provide concentrations of general commercial activities.

2. Based on the above general intent, this site is appropriate for C-3 development, as long as the use on review approval of a development plan by MPC is required.

THE PROPOSED AMENDMENT SHALL NOT ADVERSELY AFFECT ANY OTHER PART OF THE COUNTY, NOR SHALL ANY DIRECT OR INDIRECT ADVERSE EFFECTS RESULT FROM SUCH AMENDMENT: 1. With the recommended condition, C-3 zoning can be made compatible with the surrounding land uses and zoning pattern.

2. Although placing C-3 zoning on the property will certainly have some impact on the surrounding area, staff is of the opinion that any potential negative impacts can be minimized through the use on review process. The potential benefits to the public in the surrounding area and South Knoxville in general would outweigh the possible negative impacts.

3. The existing streets are adequate to handle any additional traffic generated by allowing commercial uses on the site.

THE PROPOSED AMENDMENT SHALL BE CONSISTENT WITH AND NOT IN CONFLICT WITH THE GENERAL PLAN OF KNOXVILLE AND KNOX COUNTY, INCLUDING ANY OF ITS ELEMENTS, MAJOR ROAD PLAN, LAND USE PLAN, COMMUNITY FACILITIES PLAN, AND OTHERS:

1. With the recommended amendment to the City of Knoxville One Year Plan to general commercial on the accompanying application (10-B-16-PA), C-3 zoning would be consistent with the plan.

2. With the recommended amendment to the South City Sector Plan to office on the accompanying application (10-B-16-SP), C-3 zoning would be consistent with the plan.

3. The site is located within the City Limits of Knoxville on the Knoxville-Knox County-Farragut Growth Policy Plan map.

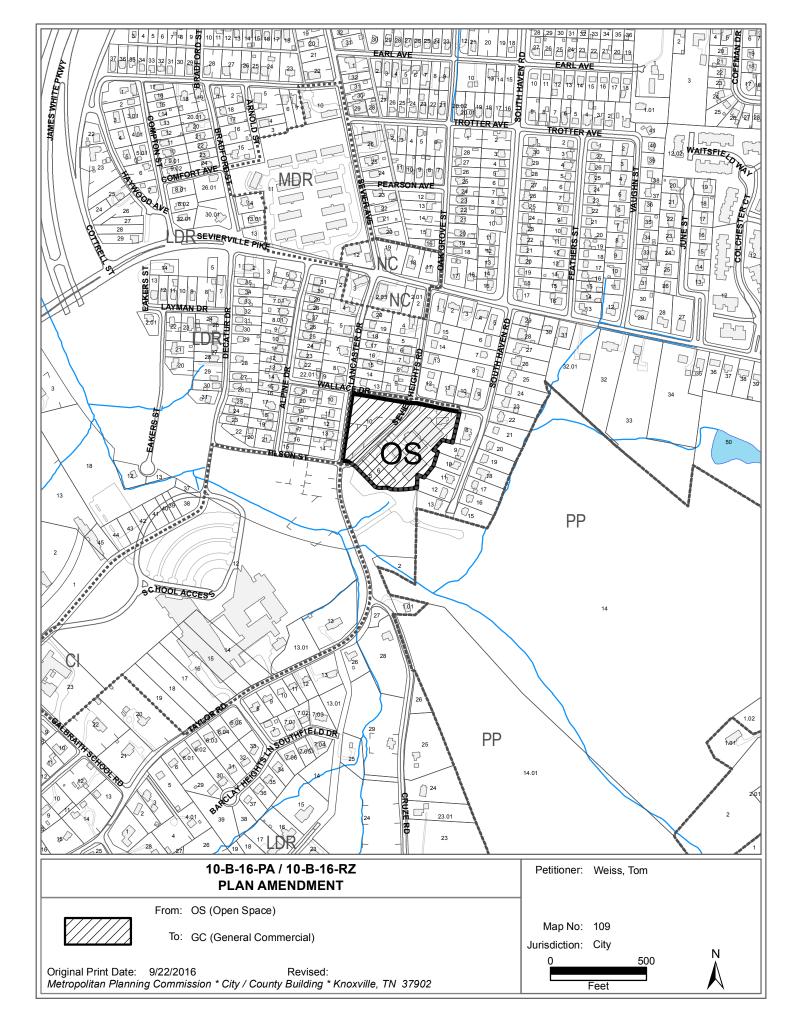

4. This recommended C-3 zoning does not present any apparent conflicts with any other adopted plans.

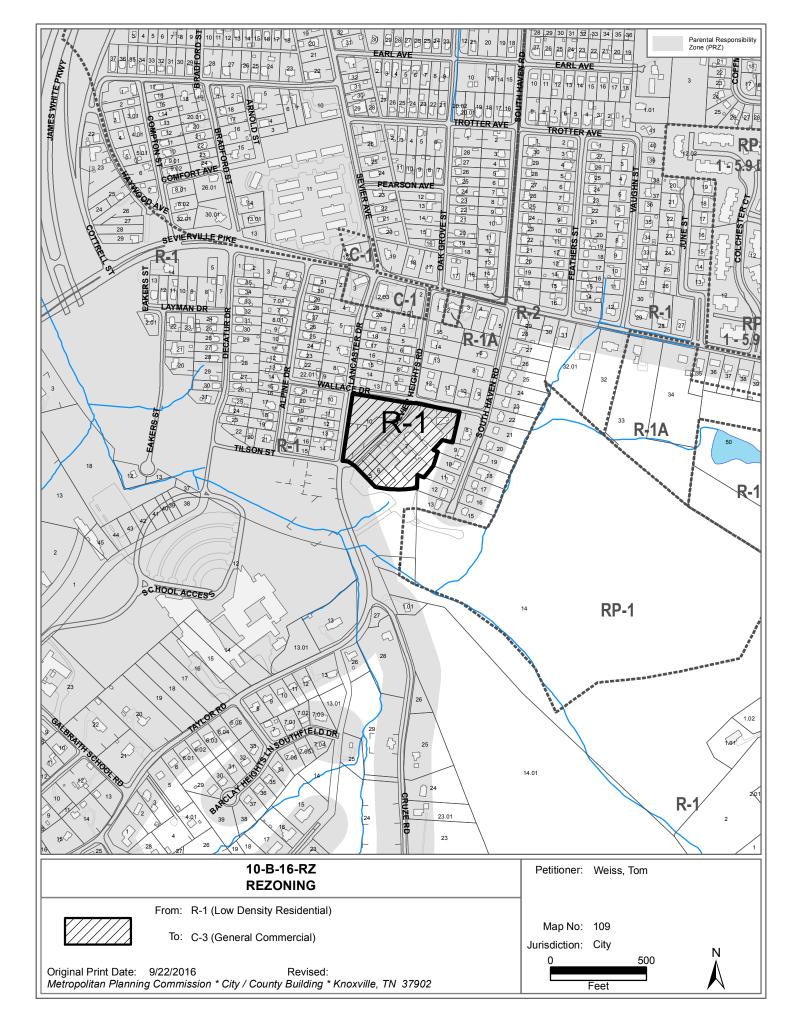

ESTIMATED TRAFFIC IMPACT: Not required.

ESTIMATED STUDENT YIELD: Not applicable.

If approved, this item will be forwarded to Knoxville City Council for action on 12/6/2016 and 12/20/2016. If denied, MPC's action is final, unless the action to deny is appealed to Knoxville City Council. The date of the appeal hearing will depend on when the appeal application is filed. Appellants have 15 days to appeal an MPC decision in the City.

AGENDA ITEM #: 28	FILE #: 10-B-16-PA	11/2/2016 02:59 PM	MICHAEL BRUSSEAU	PAGE #:	28-3

10-B-16-RZ - COR_RUST

September 30, 2016

Gerald Green, Executive Director Knoxville-Knox County Metropolitan Planning Commission City-County Building, Suite 403 400 Main Street Knoxville, Tennessee 37902

Dear Mr. Green,

I appreciate you and Mike Brusseau meeting with me a couple of weeks ago regarding the proposed "Baker Creek Bottoms" development on the site of the old Sevier Heights Baptist Church. I've also spoken with Dan Kelly and he gave me a copy of the development/concept plan that Tom Weiss submitted on Monday of this week. I want to update you on some developments since our last conversation.

The South Haven Neighborhood Association held its regularly scheduled meeting on September 17th, with the goal to let more stakeholders, especially those residents living closest to the site, share their thoughts about the proposed development. Several days prior, I walked about a block radius around the site, handed out fliers about the meeting and spoke to several residents. I also notified South Woodlawn neighbors about the meeting. I had invited Tom Weiss to come to the meeting, but unfortunately he was out of state. There was a good turnout at the meeting, with more than forty people participating from the South Haven and South Woodlawn neighborhoods. Many of the nearby residents I'd spoken to came. We met for about two hours – sharing what information we had, then listening to neighbors as they talked about their concerns about the proposed development and their hopes for the property, as well. Please see the attached. There ware many things that are unclear, but without the developers present and lacking even a conceptual plan, we ended up developing a list of questions.

Most of the neighbors' concerns centered around whether the proposed uses of a brewery and restaurants serving alcohol are the best fit for a residential neighborhood and nearby school zone. Increased traffic, noise, and the inherent safety concerns with beer sales and alcohol consumption appear to present an incongruity of uses in that location – beer sales and transient residents at the hostel, etc. and middle school students walking to/from South Doyle Middle School and families with young children living close by. While many neighbors talked about the desire for development and appreciation for the developers' interest in the site – they recognize that vacant, deteriorating buildings cause their own set of problems – they want development that is appropriate for a residential neighborhood. Such a big leap in zoning from R1 to C3 (even with conditions) is not something to take lightly.

Many liked the developers' ideas that would maximize the potential of the park and trails, but concerns were expressed about the developers' level of experience to do the type of development proposed. With the decision to make such a huge zoning change hinging on pretty specific uses and users, questions about their ability and level of experience seem appropriate. If the zoning change is made, what happens if they back out or can't make it happen like they plan? The potential of what might be allowed to happen with the property zoned C3 is a fear. Some expressed concern about future zoning changes that might "fill in" the area around the current (and expanding) commercial node at Sevier and Sevierville Pike to the C3 former church site. Many neighbors were pleased to hear that the developers plan to re-use the existing buildings, as there is still emotional sentiment tied to the many events that took place at the old church. However, there is concern that renovation plans may be more costly than the developers are aware of at this time. Questions about the level of investment and funding required seem appropriate to ask of the developers.

We did not get into much conversation at the meeting about some of the conditions that could potentially be put on the development, such as buffer zones, hours of operation, etc. These are things that might alleviate some of the neighborhood's concerns, but it was just too much to accomplish in one meeting. There was discussion also about who was NOT at the meeting – other stakeholders who may want to weigh-in. It became apparent that the neighborhood

Page 2

wants to meet with the developers and hear more detail from them, have their concerns heard, be able to ask some of these and other questions, and see a more detailed development plan. Which uses go where? What ideas do the developers have to mitigate some of the negative consequences of some of the uses? etc. To that end, the group present at the meeting empowered the SHNA Board to relay their concerns (along with their appreciation) to the developers and ask them to meet with us.

Several days later I met with the developers, Tom Weiss and Thomas Krajewski. We had a very cordial conversation and they expressed that they definitely want to work *with* the neighborhood. They want the development to be an asset to the community. And they *do* have ideas about how to manage some of the issues brought up by the neighborhood and want to clarify some of the uses. They told me they'd have a much more detailed plan from their architect within a few weeks. They said they were happy to meet with the neighborhood. We talked about the timeline and it was obvious that October 13th was much too soon to make all that happen. I asked them to postpone their October 13th meeting with the MPC to give us the time we needed to get more detailed plans and to set up the meeting. Tom had some concerns about what postponing would do to their development timeline, but after speaking with you, I believe, the next day, Tom got his questions answered. We spoke after that and he agreed to ask for a postponement.

Since then, we've been working on a date/time/location and Tom offered to host the next meeting on site, at the old church. We have settled on Tuesday, October 18th at 6:00 PM. This will give us enough time to let more people know about the meeting and for the developers to both be available and have more detailed plans and drawings. I do have a concern though that Monday, when Tom apparently turned in his concept plan to Dan Kelly, he didn't mention anything about asking for a postponement. Dan didn't know anything about it when I spoke to him after City Council meeting Tuesday evening. I called Tom right then to get clarity on what we'd spoken about, but had to leave a voicemail. Tom called me later and said that yes, he did intend to ask for a postponement.

To sum up, on behalf of the neighborhood, I would like to request more time so that we can work with the developer to see if the neighborhood's concerns can be addressed. May I/we ask MPC to postpone the meeting scheduled for October 13th, if the developers do not? If so, will this letter suffice or is there some other action that I/we need to take? Your guidance would be much appreciated.

Sincerely,

Linda Rust, President South Haven Neighborhood Association

1720 Earl Avenue Knoxville, TN 37920

Cell: 865-679-9924 Email: RstyLdy1965@yahoo.com South Haven Neighborhood Association September 17, 2016 Hillcrest United Methodist Church

Notes from meeting on proposed "Baker Creek Bottoms" project

Questions

Could the property be split into different zones? What are the developer's experiences with this type of development? What are the sources of funding for the project? What are the anticipated renovation costs? What is the developer's level of investment? Why such a large change in zoning and use? Why here, in the middle of a residential neighborhood? What are other options? Examples of C3 zoning in a residential neighborhood What governs how beer/alcohol is sold? Beer Regulations What are some examples of joint or community ownership? Examples in the US? Who is responsible for keeping up the walkways by SDMS? We want to see the development plan We want to see a traffic study done

Concerns

This is a residential area, is this the best fit? Development of the property that was the JWP extension Concerned about development - noise, unsightly buffer wall, alcohol, traffic Beer sales Tearing down the church Endangering children in the neighborhood (traffic, DUI) Drugs, alcohol use Weeds on the site, debris -brick, is overgrown now Alcohol, drunk drivers, danger to children at SDMS, the nursery Noise (even the church was noisy at times) Traffic near SDMS (grateful for new trails making it easier for kids to enter SDMS grounds) Empty building can bring crime and vandalism Something needs to be done there \$1M is a lot for another church (not practical to expect another church use) Without alcohol – are there other uses? Responsible alcohol sales are needed Businesses – niche market – Urban Wilderness Urban Wilderness is bringing in quality people that we want to be in our neighborhood Beer Board – City Council – Nick spoke about rules Noise, traffic, vandalism happening now in cars Problems with leaving a building abandoned Hostel has a "seedy" feel - we don't want another Executive Inn (Chapman Highway nuisance property), especially with the proximity to SDMS Don't mind the beer sales Who'll maintain the property? We want to be a part of the conversation about potential development Increased road signage, vehicular traffic Speeding, foot traffic/SDMS kids walking to school

Timeline

The developer getting started and not being able to finish/tearing down the church Likes the hostel idea (experience in Europe); doesn't like the community involved with beer sales Concerned about brewery itself, not beer sales; a brewery is a whole other matter (volume of scale for sales), Alliance brewpub has a lot of activity Safety concerns for children and families Children, vehicular traffic and better signage on Sevierville Pike, South Haven Road, and Sevier Heights Noise from the Urban Wilderness trails Glad someone is interested in investment in the neighborhood Some change is inevitable We welcome developer to our neighborhood Concerns about potential development with C3 proximity

<u>Hopes</u>

Assisted living or a nursing home Sidewalks up Lancaster, or an alternate safe way for kids to get to SDMS Improved maintenance on site and park land **Community Center Family Garden** Park Pool Charter School/SDMS Homeschool co-op Lodge/hostel/lodging Dog Park Something good for the neighborhood and Urban Wilderness More food options (but not fast food), Food Business increase in neighborhood Likes the plan, but questions about hostel Preserving the church buildings Support for development - something that brings the community together Green, eco-friendly, non-profits Sustainable Small medical clinic Bike shop Study sidewalk terminus, take sidewalk up to Sevierville Pike Re-use vs demolition of building Family Life Center has potential Potential for out-of-state missionaries ("Whitestone'), something good for families **Health Club** Bookstore – sit, eat, a place to socialize Next Steps Time delay/postponement Meet with Tom Weiss We need to see a plan Look at development schedule Committee vs. a large meeting \rightarrow people liked a large meeting Who's not here/missing stakeholders We want to meet with the developer and influence/shape his ideas Nick will reach out to other groups - Island Home, Old Sevier A memorial to the church

Meet with him before plans are finalized, before next meeting (if it's not possible, ask for a postponement) SHNA will follow through, plan for a larger meeting where developer is here to present and answer questions/concerns

This request must be approved by either the Executive Director, or the Development Services Manager. Applications may be withdrawn after this time, but without fee refund.

Tom,

If Gerald has not already talked to you then I hope this will clarify the situation. You still need to have the plan amendments and rezoning heard at the October 13 MPC meeting. Staff is going to be recommending approval of your plan amendment requests. The rezoning is going to be recommended for approval conditionally. The condition that staff is going to recomend will place a requirement that the development of your project be subject to use on review (UOR) approval by MPC. This will allow MPC to "somewhat" control the uses that are being propsed for the site. This should allaythe fears that we are hearing from the area residents. We are going to blend the "special exception" approval of the residential uses in with the UOR.

If you are in agreement with the staff recommendation, the earliest the UOR could be heard is November 10. The "standard" deadline for getting on that agenda is September 26. That would mean that you would have to have fully developed site, parking, landscape plans. You will need to be able to break down each element of the project either in a written or graphic form. If your project will generate 750+ trips per day a traffic impact study will also be required.

We understand there are commercial and residential elements to your project and we are trying to make the C-3 zone work. Typically a mixed use project would be done in a planned zoned with UOR approval. In your case The City Zoning Ordinance has two zones that will clearly accomodate all of the uses that you have proposed. The C-2 zone and TC-1 zone would permit all of the uses but are not appropriate for your location. That leaves us with trying to massage the C-3 to make it work.

If you have questions or comments give me a call.

Good Afternoon,

MPC staff met yesterday to finalize our recommendation for the rezoning request for Baker Creek Bottoms (former Sevier Heights Baptist Church). We will be recommending approval of the request with a condition that the project receive approval of a Special Exception request to permit the proposed residential use in the C-3 zoning district and the the plans be reviewed as a use on review. Both these reviews can occur simultaneously and a joint application can be submitted for the review. The use on review process will allow MPC (staff and Commission) to address the limits on uses that have been identified and that will reduce concerns from the surrounding residential neighborhoods regarding the requested rezoning. City Council is unwilling to limit uses as a condition of rezoning; staff felt this approach would help reduce potential concerns of the surrounding neighborhoods. As I stated in an earlier email, items you should submit with your application include site plan, landscaping plan, parking plan (can be part of site plan), lighting plan, identification of proposed residential use, and any other supporting information you feel appropriate. With the use on review process added to this, the review of the use on review request would be the appropriate time to identify the uses proposed for the site and/or those uses permitted in the C-3 zoning district that you do not anticipate undertaking on the property. The deadline for application for the November MPC meeting to avoid the double fee is September 26 so submit your application by this date to avoid the double fee.

I will be out of the office September 20 - October 3 but do have a little time Monday to meet if you wish, otherwise Dan and/or Mike could discuss this with you.

Regards. Gerald

Gerald Green AICP Executive Director **Knoxville-Knox County** Metropolitan Planning Commission 400 Main Street, Suite 403 Knoxville, TN 37902 865.215.2500 gerald.green@knoxmpc.org

Gerald, I'm now back in town and hopeful we can talk for a few minutes before you leave town. Since I submitted a rezoning application to meet the Sept deadline, why do I need to reapply and meet the Nov deadline? I have other questions and concerns as well that I'd like to touch on if you have time to talk before you leave. Regards, Tom
