To Whom It May Concern,

I have used the dog grooming services provided by Dog Grooming by Crystal on three occasions for two of my pets. It has always been a pleasant atmosphere-respectful of the community, clients, and pets. I have struggled to find a professional groomer who treats my pets with the love and respect that Crystal has provided. She has provided a high quality service which I am truly grateful. She is an asset to our community.

We have been taking our dog to Dog Grooming By Crystal for the past none months. At no time have we ever:

1. Seen a car other than ours or Crystal's parked in her driveway.
2. Seen any car whatsoever parked on the street in proximity to her business.
3. Seen or heard a dog other than ours or Crystal's on the premises.
4. Seen any signage or other indication that a business even exists at that location.

In summary, I have never in my 75 years encountered any business that maintains as low a profile as Dog Grooming By

Crystal. I cannot comprehend any reasonable person taking exception to this establishment. Please resolve case number

8-C-17-UR in favor of Dog Grooming By Crystal.

Thank you.

Dear Sir or Madam,

I am writing with regards to the recent concern that was raised regarding Dog Grooming by Crystal. I have been acquainted with Crystal for several years and know her to be a strong and resourceful person who, upon choosing a place to settle, become a homeowner and opened her own small business. Her love for the animals she grooms is abundantly clear in the way she talks about them and the smile on her face when she works. I fail to see how anyone can view her and the small business she has created as anything other than assets to the community in which she resides. I urge you to continue permitting her to run her business in its current location where she can attend to her furry clientele in a low stress and caring environment.

Thank you for your time

Sincerely,
Tarryn Kelem
