Subject: Corrections to Minutes from April MPC meeting  
To: [contact@knoxmpc.org](mailto:contact@knoxmpc.org)

Good morning,

I noticed several items that should probably be corrected in the Minutes from the last MPC meeting.

On page 6, my name should be Carolyn Greenwood and my address is 3224 Boomerang Lane.

On page 8, the minutes indicate that I said "Use on review only makes sense for the zoning but where particulars may vary." I realize that these are just notes that are intended to approximate and summarize what was said but since this is pretty ambiguous, I think it would be helpful to make the summary match a little closer to what I said by changing it to something like "Use on review only makes sense when a business belongs in that zoning, but where there may be particulars for the business that may or may not make it appropriate for that area."

Thank you.

Carolyn Greenwood  
3224 Boomerang Lane  
Knoxville, TN 37931
