The French Broad Preservation Association supports approval of the new East Knox County Community Plan for three reasons:

- (1) As a whole, the proposed plan is a positive balance of the competing interests and values in our community.
- (2) Adoption of the proposed plan provides more opportunity for residents and businesses in the local community to receive notice and provide input regarding land use issues in East Knox County.
- (3) The plan gives MPC and the community additional zoning tools needed for protecting the rural development of the area.

Thank you,
