Mike and Michael, Attached is a rough layout of the self storage I have planned for 9600 Westland Drive. There will be two bilevel buildings sloped toward the south and an office and apartment in a separate building in front of the first building.

The buildings will have approximately 90,000sq. ft.

I have included elevations for office/apartment and the first storage building. I have also included some photos showing the landscaping along the side of a bilevel building I have in Franklin, Tennessee. If you have any questions, let me know. My number is 865-388-0206. Thanks Craig Allen
