STAFF RECOMMENDATION:

RECOMMEND that City Council APPROVE the closure of Hero Rd., as requested, subject to any required easements and subject to the following condition:

1. The 3 conditions included in the attached letter from City of Knoxville Engineering (dated December 28, 2017) must be addressed to the satisfaction of that department.

With the above condition included, staff has received no objections from reviewing departments or utilities to this closure.

The applicant either owns all private property fronting on the right-of-way to be closed. It is staff's understanding that the purpose of this closure is to consolidate properties owned by Lance Cunningham Ford to the northeast for future expansion.

If approved, this item will be forwarded to Knoxville City Council for action on 2/13/2018 and 2/27/2018. If denied, MPC's action is final, unless the action to deny is appealed to Knoxville City Council. The date of the appeal hearing will depend on when the appeal application is filed. Appellants have 15 days to appeal an MPC decision in the City.

Mr. Mike Brusseau, AICP, Senior Planner Knoxville-Knox County Metropolitan Planning Commission City-County Building, Suite 403 Knoxville, Tennessee 37902

SUBJECT: Closure of Hero Road MPC File # 1-B-18-SC; Nearby City Block 41540

The City Engineering Department has no objections to close the above described right-of-way areas provided the following conditions, subject to City Engineering approval, are met:

- 1. To prevent a dead-end public right-of-way with no vehicular outlet, the applicant shall provide a means for a public turnaround or other approvable means to eliminate dead-ending traffic flow, subject to City Engineering approval.
- 2. The applicant will have (1) year to complete the above conditions or the closure shall be deemed null and void and of no effect.
- 3. The closing ordinance shall state that this closure shall become effective only after the Engineering Department has provided written verification, to the City Recorder, that conditions have been satisfactorily met.

Should this right-of-way be closed, the City will reserve easements for all drainage facilities and utilities, if any, located in or within five (5) feet of the property described herein. If facilities or utilities are found not feasible to the site development or use, they may be removed and relocated, subject to City Engineering and/or other applicable easement holder review and approval.
