To: liz.albertson@knoxplanning.org &lt;liz.albertson@knoxplanning.org&gt;

We received a card from the Planning Commission Public Hearing, on the above, unfortunately will be on vacation but these are our concerns for what they are worth.

1. Our concern for the wildlife that lives in those woods.
2. The traffic on Emory Road is crazy and dangerous and with a subdivision already in progress on Pedigo and Childress, Pedigo Road will start to get crazy as well as Bishop.
3. The Brickey, Halls and Powell school systems are already over crowded.

You are going to do what you want because the Powell community had already gone through this with another subdivision and you all kind of laughed in our faces. This subdivision will be built the contractors will get their money and we will be left with the heavy traffic and over crowed schools.

Hopefully if this happens and it will, you will leave some of the trees so the subdivision will not be in the backyards of my neighbors from 7921 to 7937 Quail Run Road.

Thanks for listening

Thomas and Lois Welch  
7919 Quail Run Road
