Commissioners,

Amanda Carris (5900 Dogwood Rd, 406-7724) called to voice her opposition to case 10-N-19-RZ / 10-E-19-PA / 10-I-19-SP since she is unable to make the meeting. She said she planned to send an email, but since none has arrived as of this time, I've outlined her comments below:

1. Ms. Carris states she sometimes has to clear trash from this lot after ball games and is concerned the amount of trash will increase if people are allowed to park there.
2. She cites concerns over heat-island effect from the asphalt used for the parking lot on the spare lot, which is adjacent to hers.
3. She is concerned over wildlife losing their homes.
4. She enjoys the view of the vacant parcel, which she can see from her rear windows.
5. She contends that this land has never been used for overflow parking.

Thank you,
Michelle
