This is a horrible plan this road is in a school zone which stays packed with cars it is almost impossible for us to get out on to tazewell pike now during school hours the school is already crowded I just don't understand why every open piece of land has to have a subdivision on it why can't we keep our rural area rural it is really hard to swallow living on twin oak lane for 40 years and it being rural to having that many houses and now low income apartments next door apartments don't belong in this area please consider other people in this area when making this decision
