Good Morning,

The Babelay farm has had a great relationship with L and M landscaping. They have helped us in many ways, including taking some of our property on Mill road and with our permission and thanks, has made it safer and cleaner. He voluntarily took out the old fence that made it hard for drivers to see around the curve and he annually mows to keep it looking nice for the community. We support his growth in the community.

Sincerely,
Weston Babelay
CEO of Babelay Farms

My name is Daniel Anderson. I live at [3319 Mill Road](#) in Knoxville, Tennessee. I'm e-mailing you in regards to the property at 3313 Mill Road owned by Marty Norton. First, Marty has been a great neighbor to me. Since he bought the Landscaping business, he has constantly made improvements to the place. He cleaned the fence rows, cleaned up the property and renovated the buildings. He didn't stop there. Marty got with the property owners across the street and moved the fence row back and cut down all the brush making it easier to see around that dangerous curve on Mill road. Even years before Marty bought the property at 3313 Mill Road, he was cutting the front yard and I cut the back to make it presentable free of charge. Marty should be able to use his property in the best way to help him and his family make living. Lastly, everyone of us in the neighborhood had the opportunity to purchase the property at 3313 Mill road. Marty was the one that bought it. I hope he has the opportunity to do with it what he would like to do.

Respectfully Yours
Daniel Anderson
