

# PLAN AMENDMENT REPORT

▶ <b>FILE #:</b>	<b>1-B-21-SP</b>	<b>AGENDA ITEM #:</b>	<b>6</b>
POSTPONEMENT(S):	1/14/2021	<b>AGENDA DATE:</b>	<b>4/8/2021</b>
▶ <b>APPLICANT:</b>	<b>TIM HOWELL</b>		
OWNER(S):	Mike Soueid		
TAX ID NUMBER:	107 D A 01801 107DJ003-007 & 107DJ013	<a href="#">View map on KGIS</a>	
JURISDICTION:	Council District 6		
STREET ADDRESS:	0 Knott Avenue, 0 Pilkay Road, & 3415 Pilkay Road		
▶ <b>LOCATION:</b>	<b>South of Knott Avenue, west of Pilkay Road</b>		
▶ <b>APPX. SIZE OF TRACT:</b>	<b>2.05 acres</b>		
SECTOR PLAN:	Central City		
GROWTH POLICY PLAN:	N/A		
ACCESSIBILITY:	This property has frontage along Knott Avenue and Pilkay Road, both of which are classified as local roads. Knott Avenue terminates at Third Creek in front of this property. It has a pavement width of 16 feet inside a right-of-way that varies in width from 42 to 64 feet. Pilkay Road has a pavement width of approximately 15.5 ft inside a 33-ft right-of-way.		
UTILITIES:	Water Source: Knoxville Utilities Board		
	Sewer Source: Knoxville Utilities Board		
WATERSHED:	Third Creek		
▶ <b>PRESENT PLAN AND ZONING DESIGNATION:</b>	<b>TDR (Traditional Neighborhood Residential) / SP (Stream Protection) / RN-2 (Single-Family Residential Neighborhood) / F (Floodplain Overlay)</b>		
▶ <b>PROPOSED PLAN DESIGNATION:</b>	<b>HDR (High Density Residential) / SP (Stream Protection)</b>		
▶ <b>EXISTING LAND USE:</b>	<b>Agricultural/forestry/vacant</b>		
EXTENSION OF PLAN DESIGNATION:	No		
HISTORY OF REQUESTS:	None noted for this property		
SURROUNDING LAND USE AND PLAN DESIGNATION:	North: Agricultural/forestry/vacant - TDR (Traditional Neighborhood Residential) and SP (Stream Protection) South: Third Creek and agricultural/forestry/vacant - TDR (Traditional Neighborhood Residential) and SP (Stream Protection) East: Single family residential - TDR (Traditional Neighborhood Residential) and SP (Stream Protection) West: Third Creek and Multifamily Residential - MDR (Medium Density Residential), HP (Hillside and Ridgeway Protection Area), and SP (Stream Protection)		
NEIGHBORHOOD CONTEXT	Third Creek runs adjacent to this property and forms a natural barrier visually		

and physically from the property to the west. The rest of the surrounding neighborhood is single family residential homes with smaller lots averaging approximately 5,000 square feet.

---

**STAFF RECOMMENDATION:**

- ▶ **Deny the HDR (High Density Residential) designation because it does not meet any of the criteria for a plan amendment and is not consistent with surrounding development; retain the SP (Stream Protection) designation.**

**COMMENTS:**

SECTOR PLAN AMENDMENT REQUIREMENTS FROM GENERAL PLAN (May meet any one of these):

CHANGES OF CONDITIONS WARRANTING AMENDMENT OF THE LAND USE PLAN:

1. There have been no changes to conditions to warrant amending the land use plan to the HDR land use classification.

INTRODUCTION OF SIGNIFICANT NEW ROADS OR UTILITIES THAT WERE NOT ANTICIPATED IN THE PLAN AND MAKE DEVELOPMENT MORE FEASIBLE:

1. No new roads, transit stops, or additional utilities have been introduced in this area.

AN OBVIOUS OR SIGNIFICANT ERROR OR OMISSION IN THE PLAN:

1. There are no obvious or significant errors or omissions in the plan regarding this parcel. As stated previously, the HDR land use classification allows density over 24 du/ac within City limits. This is not appropriate in this area.

TRENDS IN DEVELOPMENT, POPULATION OR TRAFFIC THAT WARRANT RECONSIDERATION OF THE ORIGINAL PLAN PROPOSAL:

1. The adjacent apartment complex to the west was developed in the early 2000s, so it does not reflect a new trend in development.
2. The adjacent parcel with that apartment complex is designated as MDR (Medium Density Residential) in the Central City Sector Plan and the One Year Plan. MDR caps density at 24 du/ac in the City. The applicant is requesting 40 du/ac, which is almost twice that of the density allowed in the MDR land use class.
3. The apartment complex is adjacent on the map; however, the physical boundary created by the creek and the ample existing vegetation makes it feel separate from the requested properties.

OTHER CONSIDERATIONS:

1. The property does meet all of the location criteria for the HDR land use class as specified in the Land Use Classification Table, which is utilized by both the One Year Plan and Central City Sector Plan.
2. The HDR land use classification is out of character with the existing subdivision.

State law regarding amendments of the general plan (which includes Sector Plan amendments) was changed with passage of Public Chapter 1150 by the Tennessee Legislature in 2008. The law now provides for two methods to amend the plan at TCA 13-3-304:

- The Planning Commission may initiate an amendment by adopting a resolution and certifying the amendment to the Legislative Body. Once approved by majority vote of the Legislative Body, the amendment is operative.
- The Legislative Body may also initiate an amendment and transmit the amendment to the Planning Commission. Once the Planning Commission has considered the proposed amendment and approved, not approved, or taken no action, the Legislative Body may approve the amendment by majority vote and the amendment is operative.

ESTIMATED TRAFFIC IMPACT: 859 (average daily vehicle trips)

Average Daily Vehicle Trips are computed using national average trip rates reported in the latest edition of "Trip Generation," published by the Institute of Transportation Engineers. Average Daily Vehicle Trips represent the total number of trips that a particular land use can be expected to generate during a 24-hour day (Monday through Friday), with a "trip" counted each time a vehicle enters or exits a proposed development.

ESTIMATED STUDENT YIELD: 8 (public school children, grades K-12)

Schools affected by this proposal: West View Elementary, Bearden Middle, and West High.

- Potential new school population is estimated using locally-derived data on public school student yield generated by new housing.
- Students are assigned to schools based on current attendance zones as determined by Knox County Schools. Students may request transfers to different zones, and zone boundaries are subject to change.
- Estimates presume full build-out of the proposed development. Build-out is subject to market forces, and timing varies widely from proposal to proposal.
- Student yields from new development do not reflect a net addition of children in schools. Additions occur incrementally over the build-out period. New students may replace current population that ages through the system or moves from the attendance zone.

If approved, this item will be forwarded to Knoxville City Council for action on 5/4/2021 and 5/18/2021. If denied, Knoxville-Knox County Planning Commission's action is final, unless the action to deny is appealed to Knoxville City Council. The date of the appeal hearing will depend on when the appeal application is filed. Appellants have 15 days to appeal a Planning Commission decision in the City.

# PLAN AMENDMENT/ REZONING REPORT

<b>HISTORY OF ZONING REQUESTS:</b>	None noted for this property		
<b>SURROUNDING LAND USE, PLAN DESIGNATION, ZONING</b>	North: Agricultural/forestry/vacant - TDR (Traditional Neighborhood Residential) and SP (Stream Protection) - RN-1 (Single Family Residential) and F (Floodplain Overlay) Districts South: Third Creek and agricultural/forestry/vacant - TDR (Traditional Neighborhood Residential) and SP (Stream Protection) - RN-2 (Single Family Residential) and F (Floodplain Overlay) Districts		

East: Single family residential - TDR (Traditional Neighborhood Residential) and SP (Stream Protection) - RN-2 (Single Family Residential) District

West: Third Creek and Multifamily Residential - MDR (Medium Density Residential), HP (Hillside and Ridgetop Protection), and SP (Stream Protection) - RN-6 (Multifamily Residential), HP (Hillside Overlay), and F (Floodplain Overlay) Districts

NEIGHBORHOOD CONTEXT: Third Creek runs adjacent to this property and forms a natural barrier visually and physically from the property to the west. The rest of the surrounding neighborhood is single family residential homes with smaller lots averaging approximately 5,000 square feet.

---

#### **STAFF RECOMMENDATION:**

- ▶ **Deny the HDR (High Density Residential) designation because it does not meet any of the criteria for a plan amendment and is not consistent with surrounding development; retain the SP (Stream Protection) designation.**
- ▶ **Deny RN-6 (Multi-Family Residential Neighborhood District) zoning because it does not meet all of the criteria for a rezoning, is not consistent with surrounding development, and the higher density could result in adverse impacts for the surrounding single family neighborhood; retain the F (Floodplain Overlay) District.**

#### **COMMENTS:**

This request is related to cases 1-A-21-RZ/1-A-21-PA/1-A-21-SP. The combined cases comprise roughly 4.5 acres on 2-1/2 blocks along the eastern boundary of Third Creek at the rear of Marble City neighborhood. The applicant is requesting RN-6 (Multi-Family Residential Neighborhood District) zoning with plan amendments to the HDR land use class for the Central City Sector Plan and the City's One Year Plan for all parcels associated with these requests.

The application lists up to 40 dwelling units per acre as the desired density for a development at this location. However, the City's zones do not follow prescribed density but utilize lot size, setbacks, and building height to set the size of development instead. Either calculation method results in a density that would only be supported by the HDR (High Density Residential) land use classification.

#### **ONE YEAR PLAN AMENDMENT REQUIREMENTS:**

CHANGES OF CONDITIONS WARRANTING AMENDMENT OF THE LAND USE PLAN (May meet any one of these.)

##### **AN ERROR IN THE PLAN:**

1. There are no apparent errors in the plan that would warrant a plan amendment to the HDR land use classification.

##### **A SIGNIFICANT CHANGE IN THE DEVELOPMENT PATTERN, OR THE COMPLETION OF A PUBLIC IMPROVEMENT (ROAD, PARK, SEWER), WHICH CHANGES THE BASIS ON WHICH THE PLAN WAS DEVELOPED FOR AN AREA:**

1. There have been no changes to the development pattern or completion of public improvements that would warrant a plan amendment to the HDR land use classification.
2. The apartment complex to the west was developed in the early 2000s. And while the complex is adjacent on the map, it feels separate from the neighborhood housing the requested properties due to the stream and abundant vegetation that provide both a physical and visual barrier.
3. The adjacent parcel with the apartment complex is designated as MDR (Medium Density Residential) in the Central City Sector Plan and the One Year Plan. MDR caps density at 24 du/ac in the City. The applicant is requesting 40 du/ac, which is almost twice that of the density allowed in the MDR land use class.

##### **A CHANGE IN PUBLIC POLICY, UNANTICIPATED BY THE PLAN:**

1. No change in public policy triggers the need for a plan amendment to the HDR land use class.

NEW INFORMATION (INCLUDING NEW PLANS AND STUDIES PRODUCED BY KNOXVILLE-KNOX COUNTY PLANNING) BECOMING AVAILABLE, WHICH REVEALS THE NEED FOR A PLAN AMENDMENT:

1. No new information has become available to reveal the need for a plan amendment to the HDR land use classification.

PURSUANT TO THE CITY OF KNOXVILLE ZONING ORDINANCE, SECTION 16.1.3, SUBSECTIONS 1-3, ALL OF THE FOLLOWING CONDITIONS MUST BE MET FOR ALL REZONINGS:

THE PROPOSED AMENDMENT SHALL BE NECESSARY BECAUSE OF SUBSTANTIALLY CHANGED OR CHANGING CONDITIONS IN THE AREA AND DISTRICTS AFFECTED, OR IN THE CITY GENERALLY:

1. There have been no recent, significant changes in this area that would prompt a rezoning to RN-6.
2. The new zoning ordinance created opportunities elsewhere for large apartment developments, which are more appropriate on main thoroughfares close to transit opportunities.
3. There is an increased need for housing. However, the property is already zoned for residential use and the land could be subdivided into lots consistent in size with the existing neighborhood to meet this demand.

THE PROPOSED AMENDMENT SHALL BE CONSISTENT WITH THE INTENT AND PURPOSE OF THE APPLICABLE ZONING ORDINANCE:

1. The RN-6 (Multi-Family Residential Neighborhood) District is intended to accommodate high density neighborhoods in the City of Knoxville characterized by a mixture of all housing types including single-family, two-family, townhouse, and multi-family. Limited nonresidential uses that are compatible with the character of the district may also be permitted.
2. This parcel does not meet the stated zoning intent as described above.
3. Rezoning should be based on the entire range of uses allowed within a zone to ensure that any development brought forth at a future time would be compatible with the surrounding land uses. There are a few limited uses allowed in RN-6 that are not allowed in the existing and adjacent RN-1 (Single-Family Residential) and RN-2 (Single-Family Residential) zoning in this neighborhood.

THE PROPOSED AMENDMENT SHALL NOT ADVERSELY AFFECT ANY OTHER PART OF THE CITY, NOR SHALL ANY DIRECT OR INDIRECT ADVERSE EFFECTS RESULT FROM SUCH AMENDMENT.

1. RN-6 is one of the most dense and intense residential zones in the City's zoning ordinance, and this is not in character with the existing surrounding RN-2 zoning.
2. This intensity is not appropriate at the rear of a residential neighborhood where traffic would traverse through the neighborhood to reach the site.
3. Number of dwelling units allowed/anticipated by RN-6 zoning on the combined properties of 1-A-21-RZ and 1-B-21-RZ:
  - a. If the rezonings for both related cases were approved, the development could result in up to 198 dwellings. (This property is 89,288 square feet in area. The RN-6 zone requires a minimum of 5,000 square feet for the first dwelling unit, then 950 square feet for each additional dwelling unit, for a total of 89 dwellings allowed on this property. The property for the related case is 107,593 square feet in area, for a total of 109 dwellings units allowed on that property. The total for both properties is 198 units.)
  - b. The application indicates multifamily use with a density of 40 du/ac. That calculation results in a maximum of 180 units [(2.47 ac + 2.05 ac) x 40 du/ac].
4. The type of structures needed to accommodate this many dwellings would likely result in buildings of a larger scale and mass than those of the surrounding area.
5. There is a small apartment complex to the west, but it is across Third Creek, which is heavily vegetated and creates a physical and visual barrier between that development and this neighborhood. The two developments would not feel they were part of the same neighborhood. A multifamily development on this site could have adverse impacts on the property.

THE PROPOSED AMENDMENT SHALL BE CONSISTENT WITH AND NOT IN CONFLICT WITH THE GENERAL PLAN OF KNOXVILLE AND KNOX COUNTY, INCLUDING ANY OF ITS ELEMENTS, MAJOR ROAD PLAN, LAND USE PLAN, COMMUNITY FACILITIES PLAN, AND OTHERS:

1. The existing TDR (Traditional Neighborhood Residential) designation is characterized by small-lots. As such, the scale of the existing structures and character of the neighborhood has more of a traditional neighborhood feel than could be accommodated under the requested land use, zoning, and density, resulting in a development that is out of character with the surrounding area.

2. The Central City Sector Plan's current TDR designation does not support RN-6 zoning. Plan amendments to HDR (High Density Residential) for both the Central City Sector Plan and the City's One Year Plan would be required for the requested RN-6 zone to be in accordance with the plans.
3. The HDR land use classification is out of character with the existing subdivision.
4. The parcel does meet all of the location criteria for the HDR land use class as specified in the Land Use Classification Table, which is utilized by both the One Year Plan and Central City Sector Plan. The table cites the following location criteria for HDR land use:
  - a. On major collector and arterial streets (all streets bordering the proposed developments are local roads; the development is at the rear of an established neighborhood);
  - b. As transitional areas between commercial/office nodes and low density residential areas (the commercial development to the north is along a different roadway, so this development would not function as a transition between the commercial development and the single family residential development);
  - c. Sites with less than 15% slopes (the site meets this criteria; however, a significant portion of the site is in FEMA floodplains);
  - d. Along or near corridors served by transit; densities above 12 du/ac to be served by sidewalks (none of these roadways are served by transit, nor are they served by sidewalks).

ESTIMATED TRAFFIC IMPACT: 859 (average daily vehicle trips)

Average Daily Vehicle Trips are computed using national average trip rates reported in the latest edition of "Trip Generation," published by the Institute of Transportation Engineers. Average Daily Vehicle Trips represent the total number of trips that a particular land use can be expected to generate during a 24-hour day (Monday through Friday), with a "trip" counted each time a vehicle enters or exits a proposed development.

ESTIMATED STUDENT YIELD: 8 (public school children, grades K-12)

Schools affected by this proposal: West View Elementary, Bearden Middle, and West High.

- Potential new school population is estimated using locally-derived data on public school student yield generated by new housing.
- Students are assigned to schools based on current attendance zones as determined by Knox County Schools. Students may request transfers to different zones, and zone boundaries are subject to change.
- Estimates presume full build-out of the proposed development. Build-out is subject to market forces, and timing varies widely from proposal to proposal.
- Student yields from new development do not reflect a net addition of children in schools. Additions occur incrementally over the build-out period. New students may replace current population that ages through the system or moves from the attendance zone.

If approved, this item will be forwarded to Knoxville City Council for action on 5/4/2021 and 5/18/2021. If denied, Knoxville-Knox County Planning Commission's action is final, unless the action to deny is appealed to Knoxville City Council. The date of the appeal hearing will depend on when the appeal application is filed. Appellants have 15 days to appeal a Planning Commission decision in the City.

## PLEASE NOTE

Consistent with the guidelines set forth in Planning's *Administrative Rules and Procedures*:

### POSTPONEMENTS

Any first time (new) Planning application is eligible for one automatic postponement. This request is for 30 days only and does not require Planning approval if received no later than 3:30 p.m. on the Friday prior to the Planning Commission meeting. All other postponement requests must be acted upon by Planning before they can be officially postponed to a future public meeting.

### TABLINGS

Any item requested for tabling must be acted upon by the Planning Commission before it can be officially tabled.

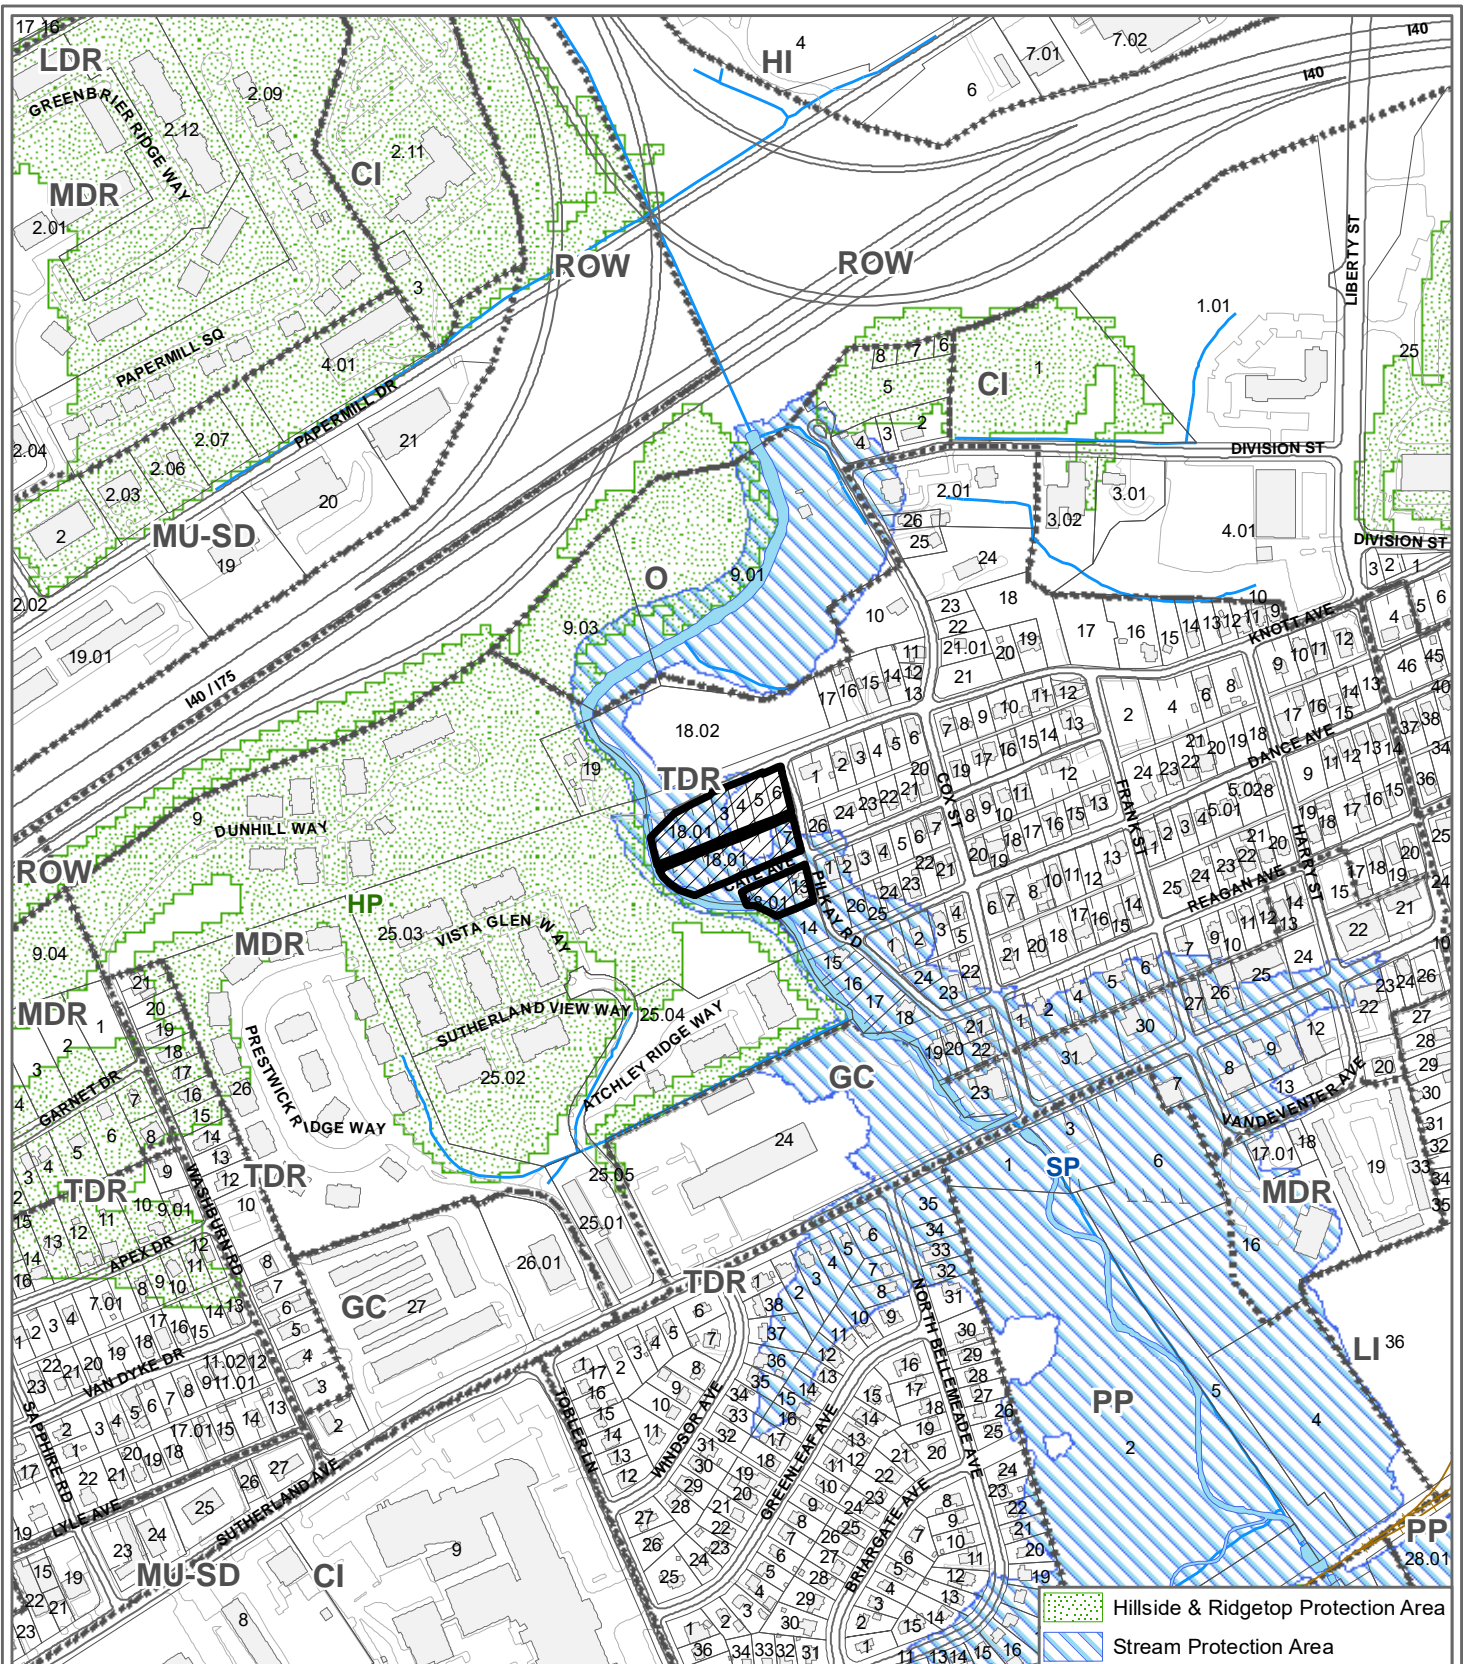

### WITHDRAWALS

Any item is eligible for automatic withdrawal. A request for withdrawal must be received no later than 3:30p.m. on the Friday prior to the Planning Commission meeting. Withdrawal requests that do not meet these guidelines must be acted upon by Planning Commission before they can be officially withdrawn.

Any new item withdrawn may be eligible for a fee refund according to the following:

Application withdrawal with fee refund will be permitted only if a written request is received prior to public notice. This request must be approved by either the Executive Director, or the Planning Services Manager. Applications may be withdrawn after this time, but without fee refund.
