### STAFF RECOMMENDATION:

Approve the OB (Office, Medical, and Related Services) zone because it is consistent with the sector

### plan and surrounding development.

### COMMENTS:

The request is to rezone two abutting properties (10105 Dutchtown Rd and 1009 Mabry Hood Rd) compromising 2.203 acres from BP (Business and Technology Park) to OB (Office, Medical, and Related Services).

PURSUANT TO THE CITY OF KNOXVILLE ZONING ORDINANCE, ARTICLE 6.1.3: THE FOLLOWING CONDITIONS MUST BE MET FOR ALL REZONINGS (must meet all of these):

THE PROPOSED AMENDMENT SHALL BE NECESSARY BECAUSE OF SUBSTANTIALLY CHANGED OR CHANGING CONDITIONS IN THE AREA AND DISTRICTS AFFECTED, OR IN THE COUNTY GENERALLY: 1. This area has seen a transition from commercial and industrial uses to office uses over the past 20 years. In 2002, the nearby properties at 10123 and 10119 Dutchtown Rd were rezoned from BP/TO to OB/TO. When the city implemented the new city-wide zoning code on January 1, 2020, the properties across the street on Dutchtown Road were redesignated from C-6/TO-1 (General Commercial Park) / (Technology Park Overlay) to OP/TO-1 (Office Park) / (Technology Park Overlay).

THE PROPOSED AMENDMENT SHALL BE CONSISTENT WITH THE INTENT AND PURPOSE OF THE APPLICABLE ZONING ORDINANCE:

1. The OB (Office, Medical, and Related Services) zone is intended to provide areas for professional and business offices and related activities that require separate buildings and building groups surrounded by landscaped yards and open areas. The intent is to provide centralized, compact locations for business offices, clinics, medical, and dental offices near residential neighborhoods.

2. This zone allows the same residential uses that are permitted in the RB zone, which includes houses, duplexes, multi-dwelling structures or developments and some nonresidential uses.

3. Properties in the TO zone also require TTCDA approval of rezoning requests. This request will be heard at the December 11, 2023 TTCDA meeting (Case 12-B-23-TOR).

4. Rezonings should be based on the entire range of uses allowed within a zone to ensure that any development brought forth at a future time would be compatible with the surrounding land uses.

THE PROPOSED AMENDMENT SHALL NOT ADVERSELY AFFECT ANY OTHER PART OF THE CITY, NOR SHALL ANY DIRECT OR INDIRECT ADVERSE EFFECTS RESULT FROM SUCH AMENDMENT. 1. Dutchtown Road and Mabry Hood Road are classified roads, so no traffic through residential streets is required to access the site. Dutchtown Road was widened from a 2-lane road to a 4-lane road with a turn lane and sidewalks in 2007.

THE PROPOSED AMENDMENT SHALL BE CONSISTENT WITH AND NOT IN CONFLICT WITH THE GENERAL PLAN OF KNOXVILLE AND KNOX COUNTY, INCLUDING ANY OF ITS ELEMENTS, MAJOR ROAD PLAN, LAND USE PLAN, COMMUNITY FACILITIES PLAN, AND OTHERS:

1. The proposed OB zone is consistent with the Mixed-Use Special District NWCO-3, which recommends office and technology park uses in this area.

 This property is in the Technology Overlay. All developments other than single family residences and duplexes require TTCDA (Tennessee Technology Corridor Development Authority) approval of site plans.
 This property has single family residences abutting to the north. Office and medium density residential development are appropriate at this location and are consistent with General Plan policy 11.4, which calls for the creation of gradual zoning transition patterns by placing medium intensity zones and uses such as offices, condominiums, and community buildings in between single-family residential areas and higher intensity uses.

ESTIMATED TRAFFIC IMPACT: 214 (average daily vehicle trips)

Average Daily Vehicle Trips are computed using national average trip rates reported in the latest edition of "Trip Generation," published by the Institute of Transportation Engineers. Average Daily Vehicle Trips represent the total number of trips that a particular land use can be expected to generate during a 24-hour day (Monday through Friday), with a "trip" counted each time a vehicle enters or exits a proposed development.

ESTIMATED STUDENT YIELD: 2 (public school children, grades K-12)

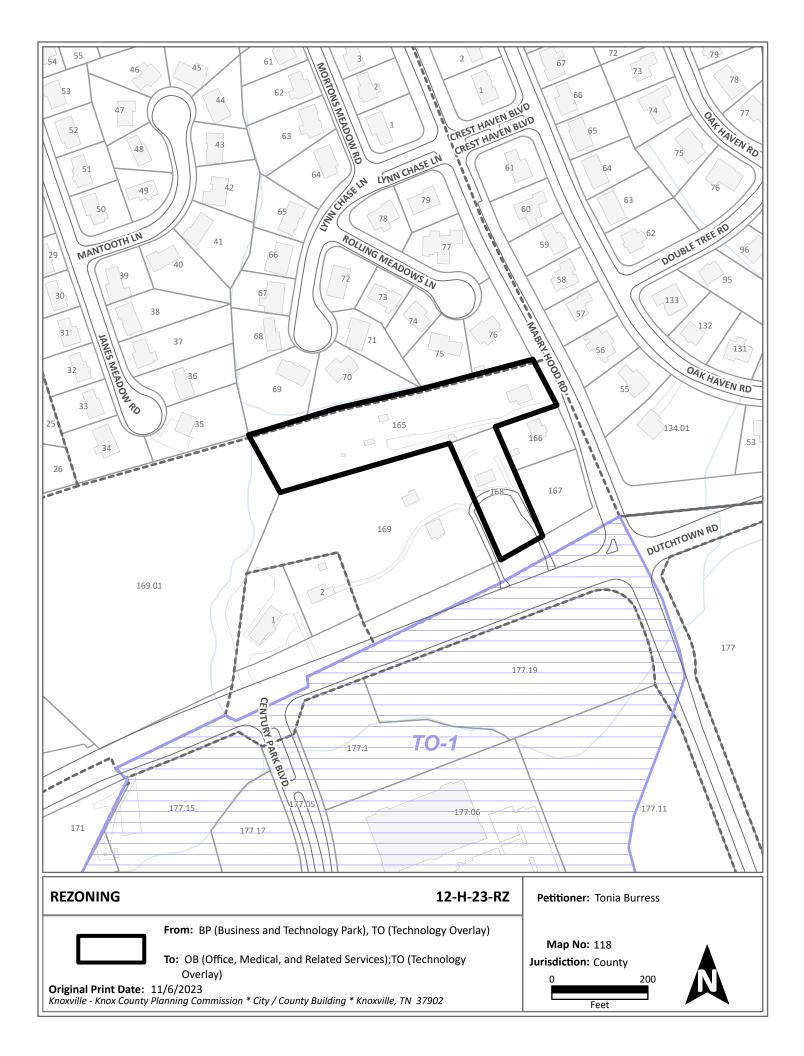

Schools affected by this proposal: Cedar Bluff Elementary, Cedar Bluff Middle, and Hardin Valley Academy.

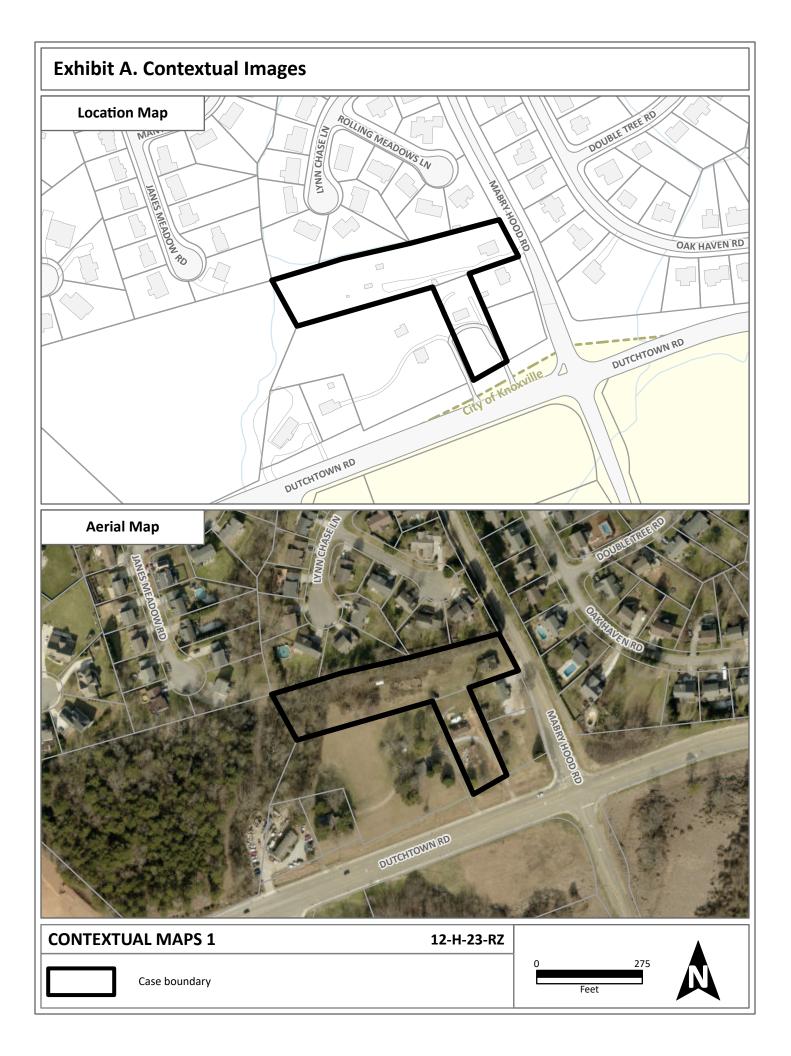

• Potential new school population is estimated using locally-derived data on public school student yield generated by new housing.

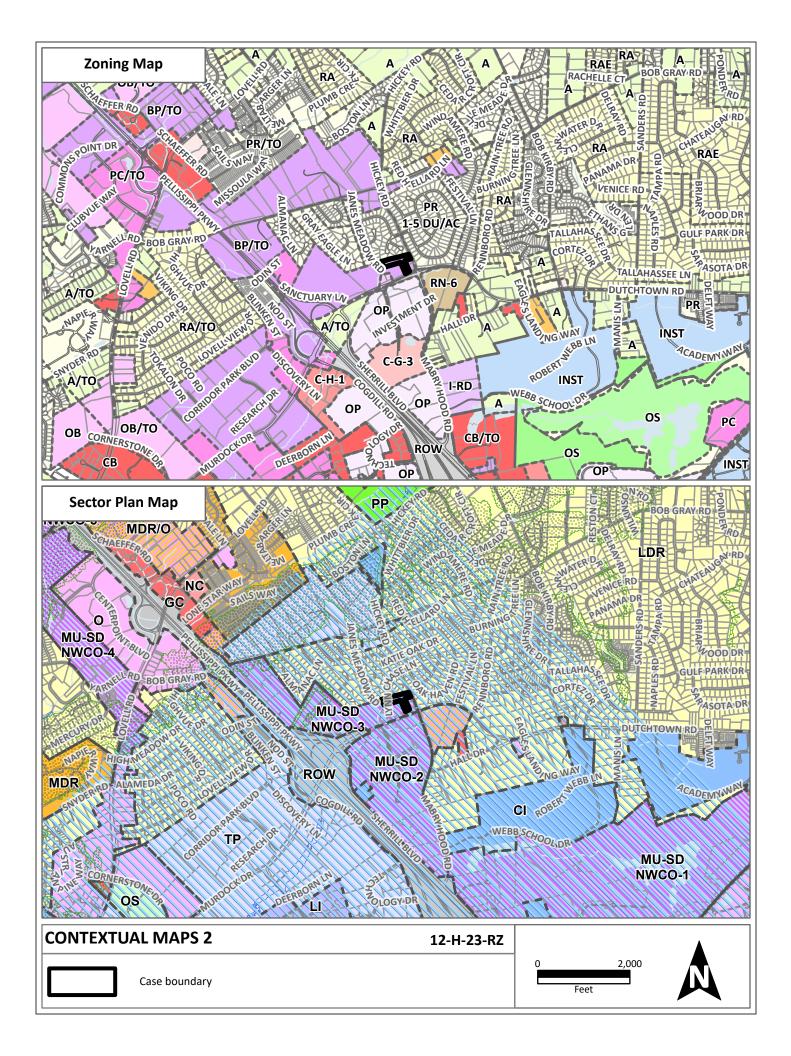

Students are assigned to schools based on current attendance zones as determined by Knox County Schools. Students may request transfers to different zones, and zone boundaries are subject to change.
Estimates presume full build-out of the proposed development. Build-out is subject to market forces, and timing varies widely from proposal to proposal.

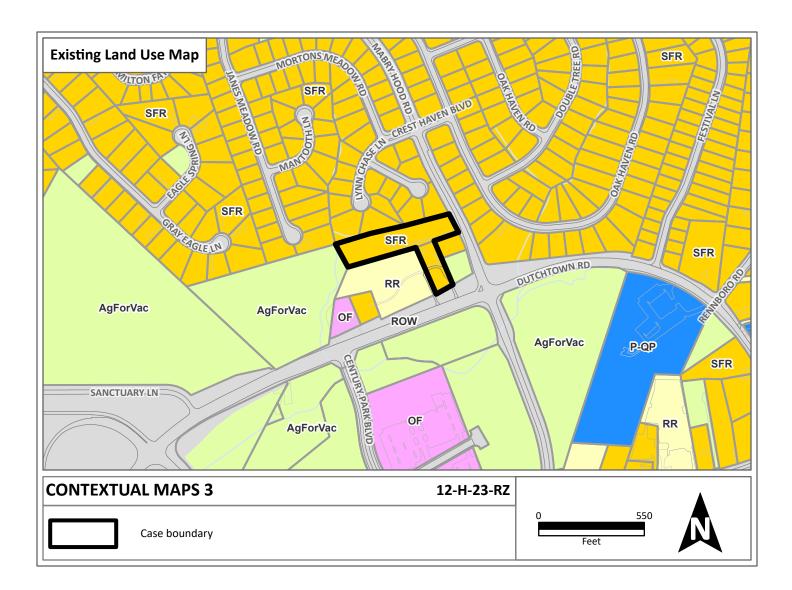

• Student yields from new development do not reflect a net addition of children in schools. Additions occur incrementally over the build-out period. New students may replace current population that ages through the system or moves from the attendance zone.

If approved, this item will be forwarded to Knox County Commission for action on 1/22/2024. If denied, Knoxville-Knox County Planning Commission's action is final, unless the action to deny is appealed to Knox County Commission. The date of the appeal hearing will depend on when the appeal application is filed. Appellants have 30 days to appeal a Planning Commission decision in the County.

# Sign Posting & Removal Requirement

Revised April 2021

The Administrative Rules and Procedures of the Knoxville-Knox County Planning Commission require a sign to be posted on the property for each application subject to consideration by the Planning Commission, including the following applications: rezoning, plan amendment, concept plan, use on review/special use, planned development, right-of-way closure, and name change.

The required public notice sign(s) will be provided by Planning to the applicant when an application is submitted. If an application is submitted electronically, Planning staff will post the required sign. If a replacement sign(s) is needed, the applicant is responsible for picking up the new sign(s) from Planning and will be charged \$10 for each replacement.

## LOCATION AND VISIBILITY

The sign must be posted on the nearest adjacent/frontage street and in a location clearly visible to vehicles traveling in either direction. If the property has more than one street frontage, the sign should be placed along the street that carries more traffic. Planning staff may recommend a preferred location for the sign to be posted at the time of application.

## TIMING

The sign(s) must be posted **not less than 12 days prior to the scheduled Planning Commission public hearing** and must remain in place until the day after the meeting. In the case of a postponement, the sign can either remain in place or be removed and reposted not less than 12 days prior to the next Planning Commission meeting. The applicant is responsible for removing the sign after the application has been acted upon by the Planning Commission.

The individual below is responsible for posting and removing the sign(s) provided consistent with the above guidelines and between the dates of:

December 1, 2023	and	December 15, 2023
