▶ **LOCATION:** North side of E Emory Rd, east side of Willow Fork Ln

▶ **APPX. SIZE OF TRACT:** 2.5 acres

GROWTH POLICY PLAN: Planned Growth Area

UTILITIES: Water Source: Hallsdale-Powell Utility District

Sewer Source: Hallsdale-Powell Utility District

▶ **PRESENT ZONING:** A (Agricultural)

▶ **ZONING REQUESTED:** PR (Planned Residential)

▶ **DENSITY PROPOSED:** up to 6 du/ac

EXTENSION OF ZONE: No, it is not an extension of the zone.

HISTORY OF ZONING: A request to rezone this parcel from A to PR up to 5 du/ac was withdrawn prior to County Commission action.

SURROUNDING LAND USE AND ZONING: North: Rural residential - A (Agricultural)

South: Single family residential - A (Agricultural)

East: Rural residential - A (Agricultural)

West: Rural residential - A (Agricultural)

NEIGHBORHOOD CONTEXT: This area of Halls is mostly single family subdivisions and attached houses. This property abuts the last few large agricultural tracts on E Emory Rd in this area.

STAFF RECOMMENDATION:

▶ Postpone this request for 30 days to the August 8, 2024 Planning Commission meeting to allow further review due to sight distance issues. The applicant has agreed to the postponement.

ESTIMATED TRAFFIC IMPACT: 176 (average daily vehicle trips)

Average Daily Vehicle Trips are computed using national average trip rates reported in the latest edition of "Trip Generation," published by the Institute of Transportation Engineers. Average Daily Vehicle Trips represent the total number of trips that a particular land use can be expected to generate during a 24-hour day (Monday through Friday), with a "trip" counted each time a vehicle enters or exits a proposed development.

ESTIMATED STUDENT YIELD: 6 (public school children, grades K-12)

Schools affected by this proposal: Halls Elementary, Halls Middle, and Halls High.

- Potential new school population is estimated using locally-derived data on public school student yield generated by new housing.
- Students are assigned to schools based on current attendance zones as determined by Knox County Schools. Students may request transfers to different zones, and zone boundaries are subject to change.
- Estimates presume full build-out of the proposed development. Build-out is subject to market forces, and timing varies widely from proposal to proposal.
- Student yields from new development do not reflect a net addition of children in schools. Additions occur incrementally over the build-out period. New students may replace current population that ages through the system or moves from the attendance zone.

If approved, this item will be forwarded to Knox County Commission for action on 8/19/2024. If denied, Knoxville-Knox County Planning Commission's action is final, unless the action to deny is appealed to Knox County Commission. The date of the appeal hearing will depend on when the appeal application is filed. Appellants have 30 days to appeal a Planning Commission decision in the County.

Hi Whitney,

I am able to certify sight distance on the frontage of E Emory Rd in both directions but I am afraid not by July 3rd, the surveyor is very busy and will not be able to meet this deadline. My apologies.

Petr,

I would recommend postponing this request until you have verified sight distance. Access appears to be an issue with property. We won't be able to recommend PR up to 6 du/ac. We're looking at only about 2 du/ac. Please let me know what you would like to do.

Whitney

The Administrative Rules and Procedures of the Knoxville-Knox County Planning Commission require a sign to be posted on the property for each application subject to consideration by the Planning Commission, including the following applications: rezoning, plan amendment, concept plan, use on review/special use, planned development, right-of-way closure, and name change.

The required public notice sign(s) will be provided by Planning to the applicant when an application is submitted. If an application is submitted electronically, Planning staff will post the required sign. If a replacement sign(s) is needed, the applicant is responsible for picking up the new sign(s) from Planning and will be charged \$10 for each replacement.

LOCATION AND VISIBILITY

The sign must be posted on the nearest adjacent/frontage street and in a location clearly visible to vehicles traveling in either direction. If the property has more than one street frontage, the sign should be placed along the street that carries more traffic. Planning staff may recommend a preferred location for the sign to be posted at the time of application.

TIMING

The sign(s) must be posted **not less than 12 days prior to the scheduled Planning Commission public hearing** and must remain in place until the day after the meeting. In the case of a postponement, the sign can either remain in place or be removed and reposted not less than 12 days prior to the next Planning Commission meeting. The applicant is responsible for removing the sign after the application has been acted upon by the Planning Commission.

The individual below is responsible for posting and removing the sign(s) provided consistent with the above guidelines and between the dates of:

_____ June 28, 2024 _____ and _____ July 12, 2024 _____
