Amy,

Please consider this email an official request from Knox County Engineering and Public Works to postpone item 24 (2-A-24-CP) the Consideration of the Knox County Comprehensive Land Use and Transportation Plan for 30 days to the March 7, 2024, Planning Commission meeting. After discussing this issue with the Mayor's Office, we would like to take the next few weeks to review the comments received at the Planning Commission workshop as well as comments received late from the public. Although we realize no plan will ever be perfect or unanimously agreed upon, we'd like to take this opportunity to carefully examine all the comments and make any beneficial adjustments.

We'll provide a detailed response to all interested parties and will be prepared for a Planning Commission vote in March. Thanks, and please let me know if you have any questions.
