

### **SUBDIVISION REPORT - FINAL PLAT**

► FILE #: 3-SB-24-F AGENDA ITEM #: 35

POSTPONEMENT(S): 3/7/2024, 4/11/2024, 5/9/2024, 6/13/2024 **AGENDA DATE: 7/11/2024** 

► SUBDIVISION: LOT 190 & 191 OF OVERBROOK ADDITION, RESUBDIVISION OF A

PORTION OF LOT 22 OF RICHMOND HEIGHTS

► APPLICANT/DEVELOPER: MICHAEL MESSINA

OWNER(S): Nestbuilt Development LLC

TAX IDENTIFICATION: 94 H C 01001 <u>View map on KGIS</u>

JURISDICTION: City Council District 3
STREET ADDRESS: 0 Richmond Ave.

► LOCATION: East side of Richmond Ave, east of Mcteer St

SECTOR PLAN: Central City

GROWTH POLICY PLAN: N/A (Within City Limits)

WATERSHED: East Fork

► APPROXIMATE ACREAGE: 13557 square feet

► NUMBER OF LOTS: 2

ZONING: RN-2 (Single-Family Residential Neighborhood), HP (Hillside Protection

Overlay)

SURVEYOR/ENGINEER: Michael Messina Trueline Land Surveying

VARIANCES REQUIRED: A variance requesting the subdivision plat be accepted without

surveying the remainder of the original tract.

### STAFF RECOMMENDATION:

► Approve the variance for plat approval without the benefit of a survey of Lot 22 of Richmond Heights (now parcel ID 094HC010 or 2082 Joseph Schofield St), based on the following evidence of hardship.

- 1. The adjacent lot to the east (parcel 094HC010, or 2082 Joseph Schofield St) is under separate ownership from the subject property of this plat. Lot 22 of Richmond Heights was subdivided by deed in 1980, and this plat proposes to create a lot of record for the subject property. To include the adjacent parcel on the plat, the property owner would have to survey property that does not belong to them.
- 2. Since Lot 22 is comprised of 2 parcels (094HC010 and 094HC01001) under separate ownership, the property owner would have to survey property that does not belong to them should the variance not be approved.
- 3. It is not for financial reasons that the variance is being requested. The adjacent owner may not agree to have their property platted.
- 4. Granting of the variance would not be detrimental to the public safety, health, or welfare of the public, nor would it be injurious to other properties in the neighborhood. This lot already exists by deed.

Approve the final plat for two lots in the RN-2 district.

AGENDA ITEM #: 35 FILE #: 3-SB-24-F 7/3/2024 11:21 AM WHITNEY WARNER PAGE #: 35-1

#### **COMMENTS:**

#### BACKGROUND:

Lot 22 Richmond Heights was platted in 1920 (Instrument #192005220000001). This lot is located on City Block #23286, as shown on the KGIS ward map. In 1980, this lot was subdivided into two parcels by deed (deed 198010160015946), but the lots were never recorded on a plat. The two parcels (094HC01001 and 094HC01001) are now under different ownership.

This final plat request intends to further subdivide the vacant subject parcel (094HC01001) into two lots, meeting the dimensional standards of the RN-2 district. This requires approval by the Planning Commission since a variance is requested as part of the application (Exhibit B).

#### VARIANCE:

Section 2.13 of the Subdivision Regulations describes that when a tract of land or parcel is subdivided into two or more lots, all resulting lots shall be surveyed and included on the plat except in the following two cases:

i. When the remaining portion of the property is five acres or greater in area (Section 2.13.A).

li. When the submitted plat includes a portion of a lot from a previously recorded plat and the balance of the lot is under separate ownership, and the lot was transferred by deed prior to adoption of the Knoxville-Knox County Minimum Subdivision Regulations (July 8, 1971).

In this case, the entirety of Lot 22 is much less than 5 acres (approximately 19,154 sf) and the deed of the subject parcel was constructed after the adoption date in 1979 (deed 198010160015946). Therefore, a variance is required to approve the plat without surveying the remaining portion of Lot 22.

Knoxville-Knox County Planning Commission's approval or denial of this request is final, unless the action is appealed to Knoxville-Knox County Planning Commission. The date of the Knoxville-Knox County Planning Commission appeal hearing will depend on when the appeal application is filed.

### **Variances**

The Planning Commission may reduce or otherwise vary the requirements of the Subdivision Regulations when it finds the hardship criteria are met. In granting such variances, the Planning Commission may attach and require whatever conditions it feels are necessary to secure the basic objectives of the varied regulations. Any variance granted by the Planning Commission shall be noted in its official minutes along with the justification for granting the variance (Subdivision Regulations, Section 1.05).

### HARDSHIP CONDITIONS TO BE MET:

- Conditions Required: Where the Planning Commission finds that extraordinary hardships or particular difficulties may result from the strict compliance with these regulations, they may grant, by way of application, variations to the Subdivision Regulations, subject to specified conditions, so that substantial justice may be done and the public interest secured, provided that such variations shall not have the effect of nullifying the intent and purpose of these regulations or the comprehensive plan.
- **2 Evidence of Hardship Required:** The Planning Commission shall not grant variations to the Subdivision Regulations unless they make findings based upon the evidence presented to them in each specific case that:
  - a. Because of the particular surroundings, shape, or topographical conditions of the specific property involved, a particular hardship to the owner would result, as distinguished from a mere inconvenience, if the strict letter of the regulations were adhered to.
  - b. The conditions upon which the request for a variation is based is unique to the property for which the variation is sought and is not applicable, generally, to other property, and has not been created by any person having an interest in the property.
  - c. The purpose of the variation is not based exclusively upon a desire for financial gain.
  - d. The granting of the variation will not be detrimental to the public safety, health, or welfare, or injurious to other property or improvements in the neighborhood in which the property is located.

By signing this form, I certify that the criteria for a variance have been met for each request, and that any and all requests needed to meet the Subdivision Regulations are requested above or are attached. I understand and agree that no additional variances can be acted upon by the legislative body upon appeal and none will be requested.

It is the applicant's responsibility to identify the hardship that would result, as distinguished from a mere inconvenience, if the strict letter of the regulations was adhered to. Each of the variance criteria must be addressed in the comments below with specific facts regarding the unique details of the property and/or project, as applicable.

### 1. VARIANCE REQUESTED:

A variance requesting the subdivision plat be accepted without surveying the former portion gis 094HC010 separated by deed in 1980 for which a variance is not required per subdivision regulation 2.13B.

### Specify the hardship that would result for each of the variance criteria:

- A. Pertaining to the particular surroundings, shape, or topographical conditions of the subject property: The surrounding land (GIS 094HC010) is under separate ownership. They have access elsewhere. Variance is for separating lots under different ownership.
- B. Pertaining to conditions unique to the property that are not applicable to other property and has not been created by any person having an interest in the property.

Parcels are currently under separate ownership as it stands. Lot was separated by deed in 1980 but never recorded on a plat. We look to address this issue with our record plat by separating the portion separated by deed and showing it as separate lot on an official map.

- C. Pertaining to the purpose of the variation is not based exclusively upon a desire for financial gain. This variance request is not intended exclusively for desire of financial gain but more for the public good as affordable housing is to be constructed and permits cannot be issued until the lots are separated. The owner would incur additional costs if required to survey land they do not own.
- D. Pertaining to the granting of a variance will not be detrimental to public safety, health, or welfare, or injurious to other property or improvements in the neighborhood in which the property is located.

We do not view the granting of the variance as detrimental to the public in any, if anything we think this will be a positive action for the community as we can provide affordable housing for a growing community.
