SURROUNDING LAND USE AND ZONING:	North: Agriculture/forestry/vacant land, single-family residential - RN-2 (Single-Family Residential Neighborhood) South: Right-of-way East: Agriculture/forestry/vacant land, single-family residential - RN-2 (Single-Family Residential Neighborhood) West: Single-family residential - RN-2 (Single-Family Residential Neighborhood)
NEIGHBORHOOD CONTEXT:	The area is comprised of low-density residential development with multi-family residential development to the northeast and northwest. The neighborhood is bounded by Sevier Avenue to the south and James White Parkway to the east.

STAFF RECOMMENDATION:

- **Approve the request for a two-family dwelling in the RN-2 (Single-Family Residential Neighborhood) district, subject to 3 conditions.**
- 1) Meeting all applicable requirements of the City of Knoxville Zoning Ordinance.

- 2) Meeting all applicable requirements of the City of Knoxville Engineering Department.
- 3) Meeting all applicable requirements of the City of Knoxville Plans Review and Inspections Department.

COMMENTS:

The request is for one two-family dwelling on two lots, which will be combined and measure approximately 10,200 sq. ft. A subdivision plat is currently in process. The elevation drawings depict one unit; the second unit will mirror and adjoin the first to serve as a two-unit residence.

STANDARDS FOR EVALUATING A SPECIAL USE (ARTICLE 16.2.F.2)

1) THE USE IS CONSISTENT WITH ADOPTED PLANS AND POLICIES, INCLUDING THE GENERAL PLAN AND THE ONE-YEAR PLAN.

- A. The proposed two-family dwelling is consistent with the General Plan's development policy 8.1 that encourages growth in the existing urban area through infill housing opportunities.
- B. The proposed use of a two-family dwelling is consistent with the LDR (Low Density Residential) land use designation in the South City Sector Plan.
- C. The One Year Plan states that two-family dwellings may be permitted in low density areas where their development will not significantly affect service demands or aesthetics of the area. Two additional units are not expected to significantly affect the service demand of this urbanized area. The site is in an area having a gross density exceeding 5 dwelling units per acre and is approximately 150' away from a major collector and minor arterial.

2) THE USE IS IN HARMONY WITH THE GENERAL PURPOSE AND INTENT OF THIS ZONING CODE.

- A. The RN-2 zone is intended to accommodate low density single-family residential development on relatively small lots with smaller setbacks within the City of Knoxville. Two-family dwellings may also be allowed with special use approval.
- B. The RN-2 zone requires a minimum lot size of 10,000 sq. ft. for two-family dwellings. The subject property is approximately 10,200 sq. ft. The site plan and architectural elevations conform to the dimensional standards for two-family dwellings in the RN-2 (Single-Family Residential Neighborhood) district, as well as the principal use standards for two-family dwellings (Article 9.3.J). The primary entrances face the street and serve as a dominant feature on the front elevation, situated beneath a roof canopy. The windows occupy 19.62% of the facade, which is over the minimum 15% transparency required. The duplex does not include a front-facing garage. The property does not have an overlay which requires design review.

3) THE USE IS COMPATIBLE WITH THE CHARACTER OF THE NEIGHBORHOOD WHERE IT IS LOCATED, AND WITH THE SIZE AND LOCATION OF BUILDINGS IN THE VICINITY.

- A. There is a two-family dwelling approximately 220-ft west of the subject property. Additional townhouse developments are located in the neighborhood to the northeast and northwest.
- B. The proposed structure will be compatible in size and scale with other houses and townhouses in the area.

4) THE USE WILL NOT SIGNIFICANTLY INJURE THE VALUE OF ADJACENT PROPERTY OR BY NOISE, LIGHTS, FUMES, ODORS, VIBRATION, TRAFFIC, CONGESTION, OR OTHER IMPACTS DETRACT FROM THE IMMEDIATE ENVIRONMENT.

- A. The proposed two-family dwelling is considered a low-density residential use and is compatible with other residential uses in the vicinity.

5) THE USE IS NOT OF A NATURE OR SO LOCATED AS TO DRAW SUBSTANTIAL ADDITIONAL TRAFFIC THROUGH RESIDENTIAL STREETS.

- A. A two-family dwelling is not expected to significantly impact traffic on surrounding streets. Traffic will be directed to Sevier Avenue, a major collector, and Anita Drive, a minor arterial.

6) THE NATURE OF THE DEVELOPMENT IN THE SURROUNDING AREA IS NOT SUCH AS TO POSE A POTENTIAL HAZARD TO THE PROPOSED USE OR TO CREATE AN UNDESIRABLE ENVIRONMENT FOR THE PROPOSED USE.

- A. There are no known uses immediately surrounding the subject property that would pose a potential hazard or undesirable environment for the proposed use.

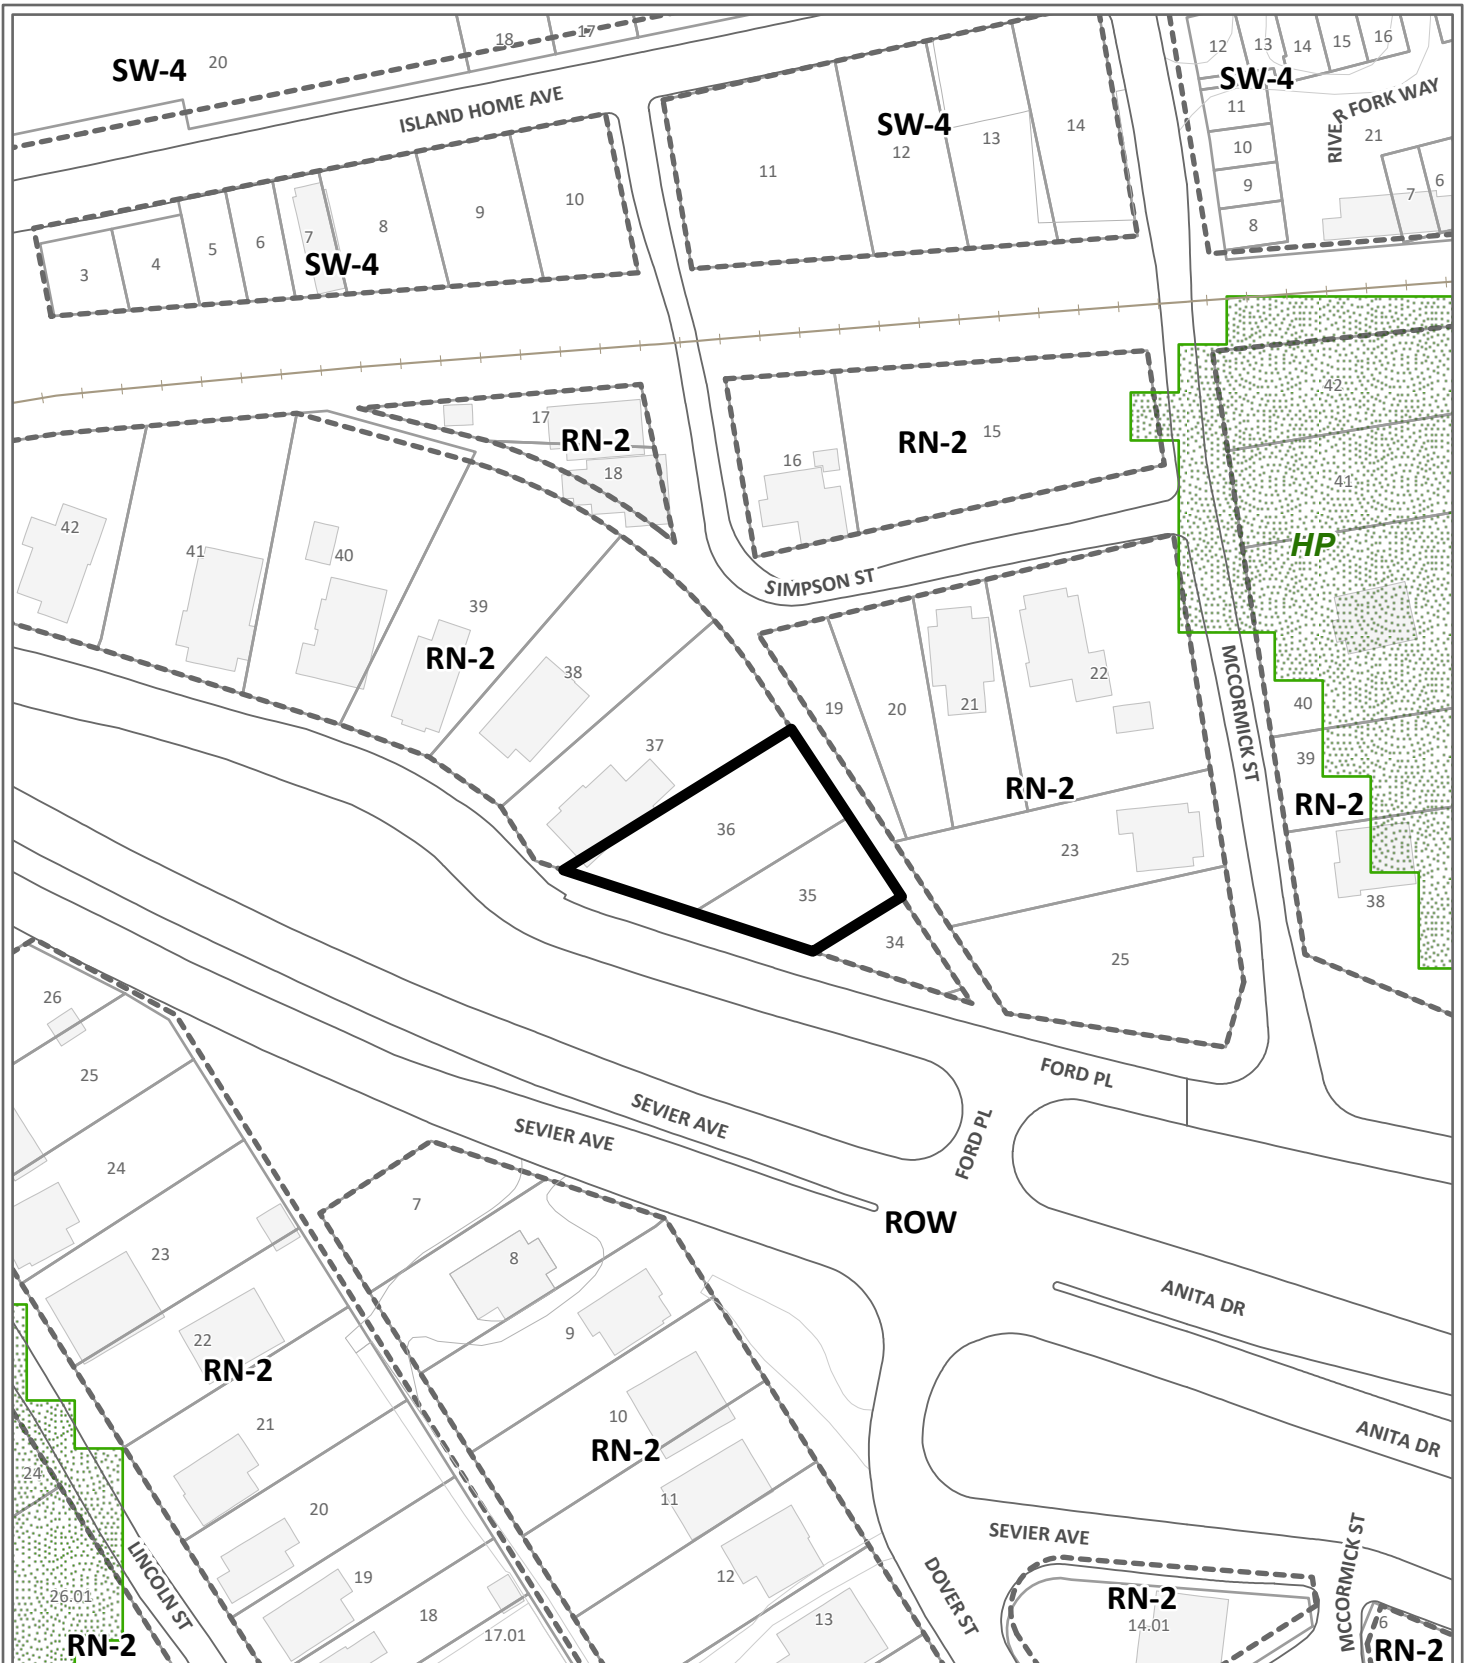

ESTIMATED TRAFFIC IMPACT: Not required.

ESTIMATED STUDENT YIELD: 0 (public school children, grades K-12)

Schools affected by this proposal: South Knoxville Elementary, South Doyle Middle, and South Doyle High.

- Potential new school population is estimated using locally-derived data on public school student yield generated by new housing.
- Students are assigned to schools based on current attendance zones as determined by Knox County Schools. Students may request transfers to different zones, and zone boundaries are subject to change.
- Estimates presume full build-out of the proposed development. Build-out is subject to market forces, and timing varies widely from proposal to proposal.
- Student yields from new development do not reflect a net addition of children in schools. Additions occur incrementally over the build-out period. New students may replace current population that ages through the system or moves from the attendance zone.

The Planning Commission's approval or denial of this request is final, unless the action is appealed to the Knoxville City Council. The date of the Knoxville City Council hearing will depend on when the appeal application is filed.
