

OFFICE OF COUNTY MAYOR GLENN JACOBS

January 29, 2025

Planning Commission,

A survey of Tennesseans last year suggests that challenges finding quality childcare led to 39 percent of working parents faced employment disruptions; 27 percent turned down a job or promotion; 24 percent dropped back to part-time or couldn't increase work hours to full-time; 18 percent quit or were fired; and 16 percent left the workforce.

Parents, employers, and government must work together to solve this crisis.

In Knox County, roughly 26,280 children are too young to start kindergarten, so childcare centers are essential for working parents. However, even if parents meticulously plan and/or place their children on a waitlist, our area does not have enough centers to meet the community's needs.

One low-hanging fruit? Knox County zoning regulations. Currently, the county's ordinances conflict with state regulations and disincentivize employers from subsidizing centers at their sites or nearby sites.

In other words, Knox County's current zoning ordinance's terminology and classification of childcare homes and centers have led to confusion because they do not mirror that of the Tennessee Department of Human Services, which inspects, licenses, regulates, and enforces state quality and safety laws at childcare centers. Additionally, the ordinance contains regulations that conflict with DHS requirements relative to the center's size and play areas.

Such restrictions are outside the purview of zoning - the key reason for confusion, costs, and arbitrary interpretations.

Further, the ordinance only allows childcare centers in employer-related areas as a "use-on-review" versus a "use-by-right." This adds unnecessary costs and delays, as DHS is responsible for approving the proposed site before issuing its license.

The following recommendations are simple changes to the zoning ordinance that should address the childcare crisis, and not only reduce confusion and costs for those seeking to open centers but also time.

Knox County is in the process of creating its first Unified Development Ordinance, which addresses zoning and regulations. I believe it is critical to make these small changes now to assist with the childcare crisis in Knox County.

Sincerely,

A handwritten signature in blue ink that reads "Glenn Jacobs".

Glenn Jacobs
Knox County Mayor

4.91. Requirements for ~~child day care centers and group day care homes~~ Child Care Agencies, when considered as uses permitted on review.

This section prescribes conditions under which child ~~day care~~ agencies ~~facilities and group day care homes~~, when considered as uses permitted on review, may be permitted.

4.91.01. *Minimum requirements.*

- ~~A. The total lot area shall not be less than ten thousand (10,000) square feet.~~
- ~~B. The building must provide thirty (30) square feet per child of usable indoor play space, not including halls, kitchen, or office space.~~
- ~~C. A fenced play area of not less than two thousand five hundred (2,500) square feet for the first twenty (20) children shall be provided. For every additional child, an additional one hundred (100) square feet shall be provided. No portion of the fenced play area shall be closer than thirty five (35) feet to any public right of way. The minimum height of the fence shall be four (4) feet.~~
- AD. Off-street parking, as regulated in section 3.50, "Off-Street parking requirements." In addition, parking and loading areas shall be designed for safe off-street loading and unloading of children, as well as safe and convenient ingress and egress to and from the property. The off-street parking and circulation plan shall be designed to meet the requirements of the department of engineering and public works.
- ~~E. When child day care centers are proposed in commercial or industrial areas, the planning commission shall consider the nature of the surrounding land use and zoning pattern with regard to traffic, noise, pollution, or other hazards that could endanger the health, safety, and welfare of the children.~~
- BF. The planning commission shall consider ~~the above requirements and~~ other information about the site including the functional street classification of the street accessing the site, and the character of surrounding development in determining whether to deny or approve a request. Any approval shall state the maximum number of children to be kept at the facility.

5.11. RA Low Density Residential Zone.

5.11.01. *General description.* This residential zone provides for residential areas with low population densities. These areas are intended to be defined and protected from encroachment of uses not performing a function necessary to the residential environment.

5.11.02. *Uses permitted.*

- A. Houses.
- B. Accessory buildings.
- C. Churches, schools, libraries, and museums.
- D. (Deleted August 17, 1971.)
- E. Gardening and horticulture.
- F. Mobile homes.
- G. Public golf courses, public parks and playgrounds; swimming pools, and other associated recreational facilities, none of which shall be used for commercial purposes.

-
- H. Public utilities, such as transmission lines, substations, railroad lines, bus loading or waiting platforms, dams, water treatment plants, including water filtration and storage facilities, and other similar public service uses and buildings, and also such other buildings and structures, as are used by utility and sanitary districts in the performance of services in which they are authorized to engage.
 - I. Uses customarily incidental to any of the above uses, including home occupation, as regulated by section 4.90, "Home occupations."
 - J. Demolition landfills less than one (1) acre in size subject to article 4, "Supplementary regulations," subsection 4.80.01.A, "Demolition landfills" (on site generated waste).
 - K. Yard sales and rummage sales.
 - L. ~~Day-Family child~~ care homes and group ~~day-child~~ care homes, if the provider lives in the home, subject to the following conditions:
 - ~~1. The total lot area shall not be less than ten thousand (10,000) square feet.~~
 - ~~2. The building must provide thirty (30) square feet per child of usable indoor play space, not including halls, kitchen, or office space.~~
 - ~~3. A fenced play area of not less than two thousand five hundred (2,500) square feet shall be provided. No portion of the fenced play area shall be closer than thirty five (35) feet to any public right of way. The minimum height of the fence shall be four (4) feet.~~
 - 14. Off-street parking, as regulated in section 3.50, "Off-street parking requirements." In addition, parking and loading areas shall be designed for safe off-street loading and unloading of children, as well as safe and convenient ingress and egress to and from the site. The off-street parking and circulation plan shall be designed to meet the requirements of the department of engineering and public works.
 - M. Wireless communications facilities, subject to the provisions of article 4, section 4.92.

5.11.03. *Uses permitted on review.*

- A. Garage apartments.
- B. Duplexes.
- C. Group ~~day-child~~ care homes, if the provider does not live on site, provided they meet the requirements of section 4.91, "Requirements for child ~~day~~ care centers and group ~~day-child~~ care homes, when considered as uses permitted on review," and child ~~day~~ care centers, provided they meet the requirements of section 4.91, "Requirements for child ~~day~~ care centers and group ~~day-child~~ care homes, when considered as uses permitted on review."
- D. Private golf courses, swimming clubs, country clubs, and tennis clubs.
- E. Nonprofit public and private sports playing fields, none of which shall be used for commercial purposes.
- F. Adult day care centers, provided they meet the requirements of section 4.98, "Requirements for adult day care centers, when considered as uses permitted on review."
- G. Rural retreats, subject to standards of section 4.104.
- H. Public Safety Facilities, subject to the standards of section 4.107.

5.11.04. *Area regulations.* All buildings shall be set back from street or road right-of-way lines and lot lines to comply with the following yard requirements.

5.11.05. *Front yard.*

-
- A. For dwellings the minimum depth of the front yard shall be thirty-five (35) feet and in no case shall an accessory building be located to extend into the front yard.
 - B. Churches and other main and accessory buildings, other than dwellings, shall have a front yard set back of thirty-five (35) feet.

5.11.06. *Side yard.*

- A. For single-story dwellings, located on interior lots, side yards shall be not less than eight (8) feet in width.
- B. For dwellings of more than one (1) story there shall be side yards of not less than twelve (12) feet each.
- C. For unattached buildings of accessory use there shall be a side yard of not less than eight (8) feet; provided, however, that unattached one-story buildings of accessory use shall not be required to set back more than five (5) feet from an interior side lot line when all parts of the accessory building are located more than ninety (90) feet behind the front property line.
- D. Churches and other main and accessory buildings, other than dwellings, and buildings accessory to dwellings, shall set back from all side lot lines a distance of not less than twenty-five (25) feet.

5.11.07. *Rear yard.*

- A. For main buildings, other than garage apartments, there shall be a rear yard of not less than twenty-five (25) feet.
- B. A garage apartment may be located in the rear yard of houses, but shall not be closer than ten (10) feet to the rear lot line. Unattached buildings of accessory use shall not be located closer to any rear lot line than five (5) feet.

5.11.08. *Lot width.*

- A. Where dwellings are served by a sanitary sewer system there shall be a minimum lot width of seventy-five (75) feet at the front building line.
- B. Where dwellings are not served by a sanitary sewer system there shall be a minimum lot width of one hundred (100) feet at the front building line.

5.11.09. *Intensity of use.*

- A. Not more than one (1) dwelling unit shall be permitted on any lot except as provided in subsection 5.11.03, "Uses permitted on review," of these regulations and not more than two (2) dwelling units shall be permitted on any lot under the provisions of this subsection.
- B. For each house and building accessory thereto served by a sanitary sewer system, there shall be a lot area of not less than ten thousand (10,000) square feet.
- C. Where two (2) dwelling units and buildings accessory thereto are located on the same lot served by a sanitary sewer system, there shall be a lot area of not less than twelve thousand (12,000) square feet.
- D. There shall be a lot area of not less than twelve thousand (12,000) square feet where a garage apartment is located on the same lot with a house served by a sanitary sewer.
- E. For each house and buildings accessory thereto, not served by a sanitary sewer system, there shall be a minimum lot area of twenty thousand (20,000) square feet; however, a greater area may be required based on recommendations by the health department.
- F. There shall be a lot area of not less than twenty thousand (20,000) square feet where a garage apartment is located on the same lot with a house not served by a sanitary sewer system. However, a greater area may be required based on recommendations of the health department.

-
- G. Where two (2) dwelling units and buildings accessory thereto are located on the same lot not served by a sanitary sewer system, there shall be a minimum lot area of twenty thousand (20,000) square feet; however, a greater area may be required based on recommendation by the health department.
 - H. For those dwellings and buildings accessory thereto not served by a public water supply, there shall be a minimum lot area as prescribed in the Minimum Subdivision Regulations for Knoxville and Knox County, Tennessee.
 - I. For churches and other main and accessory buildings, other than dwellings and buildings accessory to dwellings, the lot area shall be adequate to provide the yard areas required by this section and the off street parking areas required in section 3.50, "Off-street parking requirements," of these regulations; provided, however, that the lot area for a church shall not be less than thirty thousand (30,000) square feet.

5.11.10. *Maximum lot coverage.* Main and accessory buildings shall cover not more than thirty (30) percent of the lot area.

5.11.11. *Height regulations.* No main building shall exceed three (3) stories or thirty-five (35) feet in height. Accessory buildings shall not exceed eighteen (18) feet in height; provided, however, the eighteen (18) feet height limitation may be exceeded to conform the pitch of the accessory building roof to the pitch of the roof of the principal use. In no case shall the bottom chord of the roof truss or the bottom of the ceiling joist of an accessory building exceed eighteen (18) feet in height.

5.11.12. *Off-street parking.* As regulated in section 3.50, "Off-street parking requirements," of these regulations.

5.11.13. *Signs.* As permitted by section 3.90.

5.12. RB General Residential Zone.

5.12.01. *General description.* This residential zone provides for medium population density. The principal uses of land may range from houses to multi-dwelling structures or developments. Certain uses which are more compatible functionally with intensive residential uses than with commercial uses are permitted. Other related uses in keeping with the residential character of the zone may be permitted on review by the planning commission.

5.12.02. *Uses permitted.*

- A. Accessory buildings.
- B. Churches, schools, libraries, and museums.
- C. Garage apartments.
- D. Gardening and horticulture, but not on a commercial basis.
- E. Nonprofit public golf courses, public parks and playgrounds; swimming pools, and other associated recreational facilities, none of which shall be used for commercial purposes.
- F. Mobile homes.

-
- G. Multi-dwelling structures or developments, provided that the development density shall be less than twelve (12) dwelling units per acre.
 - H. Nurseries and greenhouses for the propagating and cultivating of plants, but not on a commercial basis.
 - I. Public utilities, such as transmission lines, substations, railroad lines, bus loading or waiting platforms, dams, water treatment plants, including water filtration and storage facilities, fire stations, and other similar public service uses and buildings, and also such other buildings and structures, as are used by utility and sanitary districts in the performing of the services in which they are authorized to engage.
 - J. Houses and duplexes.
 - K. Uses customarily incidental to any of the above uses including home occupation subject to section 4.90, "Home occupations."
 - L. Demolition landfills less than one (1) acre in size subject to article 4, "Supplementary regulations," subsection 4.80.01.A, "Demolition landfills" (on site generated waste).
 - M. Yard sales and rummage sales.
 - N. ~~Day~~Family child care homes and group ~~day~~child care homes, if the provider lives on site, subject to the following conditions:
 - ~~1. The total lot area shall not be less than ten thousand (10,000) square feet.~~
 - ~~2. The building must provide thirty (30) square feet per child of usable indoor play space, not including halls, kitchen, or office space.~~
 - ~~3. A fenced play area of not less than two thousand five hundred (2,500) square feet shall be provided. No portion of the fenced play area shall be closer than thirty five (35) feet to any public right of way. The minimum height of the fence shall be four (4) feet.~~
 - 14. Off-street parking, as regulated in section 3.50, "Off-street parking requirements." In addition, parking and loading areas shall be designed for safe off-street loading and unloading of children, as well as safe and convenient ingress and egress to and from the site. The off-street parking and circulation plan shall be designed to meet the requirements of the department of engineering and public works.
 - O. Wireless communications facilities, subject to the provisions of article 4, section 4.92.
- 5.12.03. *Uses permitted on review.*
- A. Multi-dwelling structures and developments at a density of twelve (12) to twenty-four (24) dwelling units per acre, provided they meet the administrative requirements of subsection 5.13.15, "Administrative procedure for a planned residential development," and the requirements of subsections 4.10.14 through 4.10.19, "Development standards for uses permitted on review," and section 6.50, "Procedures for authorizing uses permitted on review."
 - B. Mobile home parks and mobile home subdivisions subject to all requirements set forth in sections 4.20, "Mobile home parks," and 6.50, "Procedures for authorizing uses permitted on review," of these regulations.
 - C. Retail business or service establishments may be permitted within multi-dwelling structures and developments only as a use-on-review in accordance with the provisions of section 6.50, "Procedures for authorizing uses permitted on review," of these regulations, and subject to the following requirements:
 - 1. There shall be no entrance to such place of business except from inside the building.

-
2. There shall be no show window, sign, or other advertising matter visible from outside the building.
 3. Such uses shall be conducted for the convenience of the occupants of the building only and shall not cater to outside trade.
 4. The planning commission shall determine the compatibility of such establishments based on the nature, size and number proposed with respect to the number of dwelling units to be served and the availability of similar services in the vicinity.
 5. Detailed plans shall be submitted with the application for use-on-review giving the nature, exact size and location of each such use within the building, the location of all entrances to such use and the exact location of all building ground floor entrances and exits.
- D. Group day-child care homes, if the provider does not live on site, provided they meet the requirements of section 4.91, "Requirements for child day care centers and group day-child care homes when considered as uses permitted on review," and child day care centers, provided they meet the requirements of section 4.91, "Requirements for child day care centers and group day-child care homes when considered as uses permitted on review."
 - E. Private golf courses, swimming clubs, country clubs, and tennis clubs.
 - F. Assisted living facilities.
 - G. Hospitals and sanitariums.
 - H. Private or nonprofit sports playing fields, none of which shall be used for commercial purposes.
 - I. Adult day care centers, provided they meet the requirements of section 4.98, "Requirements for adult day care centers, when considered as uses permitted on review."
 - J. Rural retreats, subject to standards of section 4.104.
 - K. Public Safety Facilities, subject to the standards of section 4.107.

5.12.04. *Area regulations.* All buildings shall be set back from street or road right-of-way and lot lines to comply with the following yard requirements.

5.12.05. *Front yard.*

- A. For houses, duplexes and multi-dwelling structures and developments the minimum depth of the front yard shall be thirty-five (35) feet and in no case shall an accessory building be located to extend into the front yard. The planning commission may approve a reduction of the front yard if it finds such reduction consistent with section 6.50, "Procedures for authorizing uses permitted on review," and the administrative standards for approval.
- B. Churches and other main and accessory buildings, other than dwellings, shall have a front yard set back of thirty-five (35) feet.

5.12.06. *Side yard.*

- A. For single-story dwellings, located on interior lots, side yards shall be not less than eight (8) feet in width.
- B. For two- and three-story dwellings there shall be side yards of not less than twelve (12) feet each.
- C. For buildings more than three (3) stories in height, one (1) foot additional side yard on each side of the main building shall be added for each additional two (2) feet in excess of thirty-six (36) feet in height.
- D. For unattached buildings of accessory use there shall be a side yard of not less than eight (8) feet; provided, however, that unattached one-story buildings of accessory use shall not be required to set

back more than five (5) feet from an interior side lot line when all parts of the accessory building are located more than ninety (90) feet behind the front property line.

- E. Churches and other main and accessory buildings, other than dwellings, and buildings accessory to dwellings, shall set back from all side lot lines a distance of not less than twenty-five (25) feet.

5.12.07. *Rear yard.*

- A. For main buildings of three (3) stories in height and less, other than garage apartments, there shall be a rear yard of not less than twenty-five (25) feet.
- B. For all main buildings more than three (3) stories in height, there shall be a rear yard of not less than thirty (30) feet.
- C. A garage apartment may be located in the rear yard of another dwelling, but shall not be located closer than ten (10) feet to the rear lot line. Unattached buildings of accessory use shall not be located closer to any rear lot line than five (5) feet.

5.12.08. *Lot width.*

- A. For houses and duplexes served by a sanitary sewer system there shall be a minimum lot width of seventy-five (75) feet at the front building line. For houses and duplexes not served by a sanitary sewer system there shall be a minimum lot width of one hundred (100) feet at the front building line.
- B. For multi-dwelling structures and developments there shall be a minimum lot width of one hundred (100) feet at the front building line.

5.12.09. *Intensity of use.*

- A. The appropriate development density of each multi-dwelling structure or development project having a density of twelve (12) dwelling units or more per acre shall be determined by the planning commission, but shall not exceed twenty-four (24) dwelling units per acre.
- B. For each house, and buildings accessory thereto, served by a sanitary sewer system there shall be a lot area of not less than ten thousand (10,000) square feet.
- C. For each duplex served by a sanitary sewer system there shall be a lot area of not less than twelve thousand (12,000) square feet.
- D. For multi-dwelling structures and developments of one (1) and two (2) stories served by a sanitary sewer system, the lot area requirements shall be not less than nine thousand (9,000) square feet plus an additional one thousand five hundred (1,500) square feet for each dwelling unit.
- E. For those residential structures exceeding two (2) stories served by a sanitary sewer system, the minimum lot area requirements shall be as follows:

Multi-Dwelling Structures	Lot Area Requirement
3—5 story	12,000 square feet plus 1,200 square feet per dwelling unit.
6—8 story	12,000 square feet plus 1,050 square feet per dwelling unit.
9—12 story	12,000 square feet plus 1,000 square feet per dwelling unit.
13 story and over	12,000 square feet plus 900 square feet per dwelling unit.

For those structures which provide off-street parking within the main building, the lot area requirement may be reduced two hundred (200) square feet per such parking space.

- F. Usable open space areas and recreation uses for multi-dwelling developments and structures may include a community center, a golf course, a swimming pool, or parks, playgrounds or other public recreational uses. Any structures involved in such uses, including lighted tennis courts and swimming pools, shall have a 35-foot setback from all periphery boundary lines. For developments with a density of twelve (12) dwelling units per acre or more, the amount of land set aside for usable open space and recreational uses shall not be less than fifteen (15) percent of the gross development area for a multi-dwelling structure or development occupying twenty (20) or more acres, or ten (10) percent for a multi-dwelling structure or development occupying more than eight (8) but less than twenty (20) acres.
- G. There shall be a lot area of not less than twelve thousand (12,000) square feet where a garage apartment is located on the same lot with a house served by a sanitary sewer. Where a garage apartment is located in the rear yard of a duplex or multi-dwelling structure or development served by a sanitary sewer, the lot area shall not be less than one thousand five hundred (1,500) square feet more than is required for the duplex or multi-dwelling structure or development.
- H. There shall be a lot area of not less than twenty thousand (20,000) square feet where a garage apartment is located on the same lot with a house not served by a sanitary sewer system. When a garage apartment is located in the rear yard of a duplex or multi-dwelling structure or development, not served by a sanitary sewer system, the lot area shall not be less than five thousand (5,000) square feet more than is required for the duplex or multi-dwelling structure or development.
- I. For those houses and buildings accessory thereto, not served by a sanitary sewer system, there shall be a minimum lot area of twenty thousand (20,000) square feet; however, a greater area may be required based on recommendations by the health department.
- J. For duplexes and buildings accessory thereto, not served by a sanitary sewer system, there shall be a minimum lot area of twenty thousand (20,000) square feet; however, a greater area may be required based on recommendations by the health department.
- K. For multi-dwelling structures and developments not served by a sanitary sewer system, there shall be a lot area of not less than twenty thousand (20,000) square feet for the first two (2) units, plus two thousand five hundred (2,500) square feet for each additional dwelling unit. Where off-street parking is provided within the main structure the lot area requirement may be reduced one hundred fifty (150) square feet per such parking space. However, in any case a greater lot area than herein specified may be required based on recommendations by the health department.
- L. For those dwellings and buildings accessory thereto not served by a public water supply there shall be a minimum lot area as prescribed in the minimum subdivision regulations for Knoxville and Knox County, Tennessee.
- M. For churches and other main and accessory buildings, other than dwellings and buildings accessory to dwellings, the lot area shall be adequate to provide the yard areas required by this section and the off-street parking areas required in section 3.50, "Off-street parking requirements," of these regulations; provided, however, that the lot area for a church shall not be less than thirty thousand (30,000) square feet.

5.12.10. *Maximum lot coverage.* The maximum lot area which may be covered by main buildings shall be as follows:

Multi-Dwelling Structures	Maximum Net Building Coverage
---------------------------	-------------------------------

2 story or less	30%
3—5 story	30%
6—8 story	25%
9—12 story	20%
13 story and over	17%

5.12.11. *Height regulations.* Houses and duplexes shall not exceed thirty-six (36) feet in height. The height of multi-dwelling structures approved as a use-on-review by the planning commission shall be determined by the planning commission. The height of other main buildings shall be unlimited. Accessory buildings shall not exceed eighteen (18) feet in height; provided, however, the eighteen (18) feet height limitation may be exceeded to conform the pitch of the accessory building roof to the pitch of the roof of the principal use. In no case shall the bottom chord of the roof truss or the bottom of the ceiling joist of an accessory building exceed eighteen (18) feet in height.

5.12.12. *Off-street parking.* As regulated in section 3.50, "Off-street parking requirements," of these regulations, except as provided for in subsection 5.12.09, "Intensity of use," above.

5.12.13. *Signs.* As permitted by section 3.90.

5.13. PR Planned Residential Zone.

5.13.01. *General description.* The regulations established in this zone are intended to provide optional methods of land development which encourage more imaginative solutions to environmental design problems. Residential areas thus established would be characterized by a unified building and site development program, open space for recreation and provision for commercial, religious, educational, and cultural facilities which are integrated with the total project by unified architectural and open space treatment.

Each planned unit development shall be compatible with the surrounding or adjacent zones. Such compatibility shall be determined by the planning commission by review of the development plans.

A planned unit development occupying not less than twenty (20) acres may contain commercial uses as hereinafter provided.

5.13.02. *Permitted uses.*

- A. The following dwelling units are permitted:
 - 1. Houses and attached houses, not including mobile homes.
 - 2. Duplexes.
 - 3. Multi-dwelling structures and developments.
- B. Accessory uses, buildings and structures.
- C. Commercial uses in a planned unit development occupying not less than twenty (20) acres only. Commercial uses shall include marinas and boat liveries, provided they meet the requirements of section 4.30, "Standards for marina and boat livery development," of these regulations. One (1) acre of

commercial uses may be permitted for each one hundred (100) units in the project provided that twenty-five (25) percent of the total units proposed shall be ready for occupancy prior to any commercial building permit being issued. Such commercial uses shall conform with the use and parking requirements of the Shopping Center Zone as regulated in section 5.34, "Shopping Center Zone (SC)," of these regulations.

- D. Recreation uses. Recreation uses may include a community center, a golf course, a swimming pool, or parks, playground or other public recreational uses. Any structures involved in such uses, including lighted tennis courts, and swimming pools, shall have a 35-foot set back from all periphery boundary lines. The amount of land set aside for usable open space and recreational use shall be not less than fifteen (15) percent of the gross development area for a planned unit development occupying twenty (20) or more acres or ten (10) percent for a planned unit development occupying more than eight (8) but less than twenty (20) acres.
 - E. Education uses.
 - F. Community facilities uses such as churches and other religious institutions and nonprofit clubs such as country clubs, swimming and/or tennis clubs.
 - G. Other uses, deemed compatible with the proposed development by the planning commission, including home occupations subject to section 4.90, "Home occupations."
 - H. Demolition landfills less than one (1) acre in size subject to article 4, "Supplementary regulations", subsection 4.80.01.A, "Demolition landfills" (on site generated waste).
 - I. Yard sales and rummage sales.
 - J. Day-Family child care homes and group day-child care homes, if the provider lives on site, subject to the following conditions:
 - ~~1. The total lot area shall not be less than ten thousand (10,000) square feet.~~
 - ~~2. The building must provide thirty (30) square feet per child of usable indoor play space, not including halls, kitchen, or office space.~~
 - ~~3. A fenced play area of not less than two thousand five hundred (2,500) square feet shall be provided. No portion of the fenced play area shall be closer than thirty five (35) feet to any public right of way. The minimum height of the fence shall be four (4) feet.~~
 - 14. Off-street parking, as regulated in section 3.50, "Off-street parking." In addition, parking and loading areas shall be designed for safe off-street loading and unloading of children, as well as safe and convenient ingress and egress to and from the site. The off-street parking and circulation plan shall be designed to meet the requirements of the department of engineering and public works.
 - K. Wireless communications facilities, subject to the provisions of article 4, section 4.92.
- 5.13.03. *Uses permitted on review.*
- A. Group day-child care homes, if the provider does not live on site, provided they meet the requirements of section 4.91, "Requirements for child day care centers and group day-child care homes, when considered as uses permitted on review," and child day care centers, provided they meet the requirements of section 4.91, "Requirements for child day care centers and group day-child care homes, when considered as uses permitted on review."
 - B. Assisted living facilities.
 - C. Adult day care centers, provided they meet the requirements of section 4.98, "Requirements for adult day care centers, when considered as uses permitted on review."

-
- D. Rural retreats, subject to standards of section 4.104.
 - E. Public Safety Facilities, subject to the standards of section 4.107.

5.13.04. *Area regulations.* All buildings and structures shall be set back from street or road right-of-way lines and from the periphery of the project to comply with the following requirements.

5.13.05. *Front yard.*

- A. Houses, twenty (20) feet.
- B. All other as determined by the planning commission with the setback being increased in proportion to structure height, but not less than fifteen (15) feet from a street or road right-of-way.

5.13.06. *Periphery boundary.* All buildings shall be set back from the periphery boundary not less than thirty-five (35) feet unless adjacent to A, Agricultural, RA, Low Density Residential, RB, General Residential, RAE, Exclusive Residential, PR, Planned Residential, OS, Open Space, E, Estates, or TC, Town Center zone districts, where the planning commission may reduce this set back to not less than fifteen (15) feet.

5.13.07. *Side yard.*

- A. As determined by the planning commission but not greater than fifteen (15) feet unless this setback is also the periphery boundary.
- B. Where side yards are reduced to zero (0) the development site plans and restrictive covenants which provide for the privacy of such units and the right of maintenance of exterior walls facing adjacent properties shall be submitted to the planning commission.

5.13.08. *Rear yard.*

- A. As determined by the planning commission but the planning commission may not require a setback greater than thirty-five (35) feet.

5.13.09. *Default minimum setbacks.* For situations when there are no building setbacks specified on approved development plans and when not controlled by a periphery boundary setback, the minimum setbacks for main structures will be as follows:

Front: Not less than twenty (20) feet.

Side: Not less than five (5) feet.

Rear: Not less than fifteen (15) feet.

Accessory structures, when not controlled by the periphery boundary setback, shall be subject to the minimum accessory structure setbacks of the RA, Low Density Residential zoning district.

5.13.10. *Lot area and size.*

- A. Developments which subdivide and transfer property with the sale of individual units but which do not provide common open space controlled and maintained by a public body or a duly established homeowners association shall provide lot areas which are not less than three thousand (3,000) square feet in size and which shall average four thousand (4,000) square feet per lot for the entire development.
- B. Developments which subdivide and transfer property with the sale of individual units and which provide common open space controlled and maintained by a duly established home owners association in accordance with state law shall be permitted to create lots less than three thousand (3,000) square feet in size subject to planning commission approval of a site plan, consistent with the intent as stated in the general description of this section.

5.13.11. *Maximum site coverage.*

-
- A. The maximum area which may be covered by buildings shall be fifty (50) percent of the gross acreage of the site.

5.13.12. *Height regulations.*

- A. Houses and duplexes shall not exceed three (3) stories.
- B. Height of all others shall be as determined by the planning commission.

5.13.13. *Population density.*

- A. The appropriate development density of each project shall be determined by the planning commission but shall not exceed twenty-four (24) dwelling units per acre excluding areas set aside for churches, schools, or commercial uses.

5.13.14. *Off-street parking.* As regulated in section 3.50, "Off-street parking requirements," of these regulations.

5.13.15. *Administrative procedure for a planned residential development.*

- A. The planning commission may recommend establishment of a PR, Planned Residential Zone or an application may be made to the planning commission for rezoning to PR, Planned Residential in accordance with the regulations set forth in section 6.30, "Amendments," of this resolution.
- B. No building permit shall be issued for development of any property within a PR, Planned Residential Zone until a written application for review and approval of the development plan has been filed with the planning commission. This same requirement shall apply to multi-dwelling structures and developments as required under the RB, General Residential Zone, when the density of the development is twelve (12) dwelling units per acre or greater. Said application shall be made in conformity with section 6.50, "Procedure for authorizing uses permitted on review," of these regulations and shall be accompanied by the following information:
 1. The application must be accompanied by an overall development plan showing the use or uses, dimensions and locations of proposed streets, parks, playgrounds, school sites, and other open spaces, with such other pertinent information as may be necessary to determine the contemplated arrangement or use which makes it desirable to apply regulations and requirements different from those ordinarily applicable under these regulations.
 2. The proposed development plan shall be prepared by and have the seal of an architect or engineer duly registered to practice in the state.
 3. The planning commission shall review the conformity of the proposed development and shall recognize principles of good civic design, land use planning and landscape architecture. The planning commission and county board of commissioners may impose conditions regarding layout, circulation, and performance of the proposed development and may require that appropriate deed restrictions be filed.
 4. Applications considered under the planned residential zoning must be filed by the property owner or their designated representative, by an appropriate governmental agency, or the county board of commissioners.

5.22. A Agricultural Zone.

5.22.01. *General description.* This zone provides for a wide range of agricultural and related uses as well as residential uses with low population densities and other compatible uses which generally require large areas or open spaces.

5.22.02. *Uses permitted.*

- A. Houses and duplexes.
- B. Churches, schools, libraries and museums.
- C. Farming, including all types of agriculture and horticulture; commercial dairies; rabbit, goat and other animal or fish and minnow raising farms; egg-producing ranches and farms devoted to the hatching, raising, fattening and butchering of chickens, pigeons, turkeys and other poultry; and hog and other feeding for commercial purposes.
- D. Garage apartments.
- E. Mobile homes, but not mobile home parks.
- F. Portable sawmills.
- G. Roadside stands.
- H. Signs as permitted by section 3.90, "Signs, billboards, and other advertising structures," of this resolution.
- I. Public utilities, such as transmission lines, substations, railroad lines, bus loading or waiting platforms, dams, water treatment plants, including water filtration and storage facilities, and other similar public service uses and buildings, and also such other buildings and structures, as are used by utility and sanitary districts in the performance of services in which they are authorized to engage.
- J. Home occupation subject to section 4.90, "Home occupations."
- K. Uses customarily incidental to any of the above uses, including parking of not more than two (2) commercial vehicles and/or trailers used by the residents in their home occupation.
- L. Demolition landfills less than one (1) acre in size subject to article 4, "Supplementary regulations," subsection 4.80.01.A, "Demolition landfills" (on site generated waste).
- M. Yard sales and rummage sales.
- N. ~~Day~~Family child-care homes and group ~~day~~child care homes, if the provider lives on site, subject to the following conditions:
 - ~~1. The total lot area shall not be less than ten thousand (10,000) square feet.~~
 - ~~2. The building must provide thirty (30) square feet per child of usable indoor play space, not including halls, kitchen, or office space.~~
 - ~~3. A fenced play area of not less than two thousand five hundred (2,500) square feet shall be provided. No portion of the fenced play area shall be closer than thirty five (35) feet to any public right of way. The minimum height of the fence shall be four (4) feet.~~
 - 14. Off-street parking, as regulated in section 3.50, "Off-street parking requirements." In addition, parking and loading areas shall be designed for safe off-street loading and unloading of children, as well as safe and convenient ingress and egress to and from the site. The off-street parking and circulation plan shall be designed to meet the requirements of the department of engineering and public works.

O. Wireless communications facilities, subject to the provisions of article 4, section 4.92.

5.22.03. *Uses permitted on review.*

A. Aircraft landing fields, hangars and equipment.

1. The general intent of this subsection is to insure the development of aircraft landing fields, hangars, equipment and local traffic patterns in agricultural zones, which will also afford some protection to residences in the area and which will hereby promote the public health, safety, morals and general welfare of the citizens of the county.
 - a. Before a landing field can be located in an agricultural zone, plans for the run-ways, local traffic pattern, hangars and other incidental uses of the airport shall be submitted to the planning commission for approval.
 - b. Where airport landing fields and hangars are already established in the county, plans for the expansion of additional buildings, run-ways, hangars, or where local traffic pattern has been changed because of expansion, or where additional uses are added such as the sale of planes, flight schools, or eating establishments (except vending machines) shall be submitted to the planning commission for approval.
2. The planning commission shall have the power to authorize the issuance of a permit after the plans have been approved and certified by the county board of commissioners, and before a permit can be issued by the director of the code administration and enforcement department for an addition to an existing operation or the location of a new airport, if the planning commission finds that the conditions are such that the location or expansion will not:
 - a. Increase the hazard from planes flying over houses.
 - b. Diminish value of land and buildings throughout the surrounding area within one thousand (1,000) feet of the airport.
 - c. Increase the congestion or traffic hazards in the public streets and highways adjacent to the airport.
 - d. Otherwise impair the public health, safety, comfort, morals and general welfare of the inhabitants of the county.
3. Then the planning commission may impose such conditions as will lessen any injury to the character of the area and shall submit their recommendations to the county board of commissioners.
4. Administration. The planning commission shall approve or disapprove the plans, and if approved, shall submit the plans to the county board of commissioners who shall hold a public hearing thereon, the time and place of which shall be given by one (1) publication in a newspaper of general circulation in the county (T.C.A. §§ 13-404 and 13-405). Such notice shall state the place at which the text and maps as certified by the planning commission may be examined.

B. Sanitary landfill subject to meeting all requirements set forth in section 4.70, "Sanitary landfills," and section 6.50, "Procedure for authorizing uses permitted on review," of these regulations.

C. Boat liveries, subject to the standards of section 4.30, "Standards for marina and boat livery development," of these regulations.

D. Cemeteries.

E. Dog kennels.

F. Golf courses and public, private, and commercial golf driving ranges.

-
- G. Indoor storage.
 - H. Livery stables.
 - I. Lodging and boarding houses.
 - J. Rifle ranges.
 - K. The following uses may be permitted provided that, no such use shall be located nearer than three hundred (300) feet to a public park, school, church, hospital, sanitarium, residential zone or land subdivided and restricted to residential uses, except as otherwise provided in section 4.50, "Standards for mining and mineral extraction," of these regulations.
 - 1. Mining and mineral extraction subject to all requirements set forth in section 4.10, "Supplementary regulations applying to a specific, to several, or to all zones," and section 4.50, "Standards for mining and mineral extraction," of these regulations.
 - L. Demolition landfills, off-site, subject to article 4, "Supplementary regulations," subsection 4.80.01.B, "Demolition landfills," (off-site generated waste).
 - M. Veterinary clinics and animal hospitals meeting the following standards:
 - 1. No animals shall be kept outdoors within one hundred (100) feet of any residence other than that of the owner or user of the property.
 - 2. The applicant shall demonstrate that the use of the property will not create nuisance conditions for adjoining properties due to noise, odor, or lack of adequate sanitation.
 - N. Group day-child care homes, if the provider does not live on site, provided they meet the requirements of section 4.91, "Requirements for child day-care centers and group day-child care homes, when considered as uses permitted on review," and child day-care centers, provided they meet the requirements of section 4.91, "Requirements for child day-care centers and group day-child care homes, when considered as uses permitted on review."
 - O. Public parks and playgrounds and public, private and commercial sports playing fields.
 - P. Commercial mulching operation, consistent with the requirements of subsections 4.10.14 through 4.10.19, "Development standards for uses permitted on review," section 4.96, "Standards for the use-on-review approval of commercial mulching operations," and section 6.50, "Procedure for authorizing uses permitted on review," of these regulations.
 - Q. Composting facility, consistent with the requirements of subsections 4.10.14 through 4.10.19, "Development standards for uses permitted on review," section 4.95, "Standards for the use-on-review approval of solid waste processing facilities," and section 6.50, "Procedure for authorizing uses permitted on review," of these regulations.
 - R. Marinas, subject to the standards of section 4.30, "Standards for marina and boat livery development," of these regulations.
 - S. Indoor and outdoor paintball airsoft ranges, subject to the requirements of article 4, "Supplementary Regulations," section 4.97, "Standards for the approval of indoor and outdoor paintball/airsoft ranges."
 - T. Adult day care centers, provided they meet the requirements of section 4.98, "Requirements for adult day care centers, when considered as uses permitted on review."
 - U. Storage of school buses under contract to a public or private school system. See article 3, "General provisions," section 3.54, "Storage of school buses" for facility development criteria.
 - V. Retail sales of agricultural products grown on site, or acquired elsewhere and then maintained on the site, subject to the following restrictions:

-
1. There shall be a minimum lot area of ten (10) acres.
 2. Sales area and related facilities, including parking area, shall not occupy more than four (4) acres of the property. The sales area shall be subordinate and incidental in scope and size to the principal agricultural use of the property.
 - a. "Sales area" is defined as the area where the purchase of agricultural products takes place and where certain fertilizer, herbicides, fungicides, irrigation equipment and landscape supplies are stored or displayed.
 - b. "Related facilities" is defined as non-connected buildings, sheds, coverings or awnings used for storage of equipment or material that is used in the business. Greenhouses are not considered related facilities.
 3. The majority of retail inventory must be grown on site. Items for sale must be limited to those produced through farming as described under subsection 5.22.02 C. above; nursery products such as trees, shrubs, flowers, bedding plants, and other plant stock; and mulch, compost, fertilizer, irrigation equipment, herbicides, fungicides and other landscape materials, not produced on site.
 4. The retail sales area shall be open to the public only between 7:00 a.m. and 9:00 p.m.
 5. Any proposed signage shall comply with section 3.90.06, "Agricultural Zones", of these regulations and shall be approved with the site plan.
 6. The retail operation shall be screened from adjoining property by a landscaping screen, provided that the planning commission finds that the screening is necessary to protect adjoining properties from visual and noise impacts of the sales area.
 7. The retail sales area, including the building layout, parking area, and signage, shall be designed to minimize its impact on the character of the surrounding area.

W. Rural retreats, subject to standards of section 4.104.

X. Public Safety Facilities, subject to the standards of section 4.107.

5.22.04. *Area regulations.* All buildings shall be set back from street or road right-of-way lines and lot lines to comply with the following yard requirements.

A. *Front yard.*

1. For dwellings the minimum depth of the front yard shall be forty (40) feet and in no case shall an accessory building, other than accessory farm buildings, be located between the principal structure and the street.
2. Churches and other main and accessory buildings, other than dwellings, shall have a front yard setback of fifty (50) feet.

B. *Side yard.*

1. For single-story dwellings, located on interior lots, side yards shall be not less than ten (10) feet in width.
2. For unattached buildings of accessory use there shall be a side yard of not less than ten (10) feet provided, however, that unattached one-story buildings of accessory use shall not be required to set back more than eight (8) feet from an interior side lot line when all parts of the accessory building are located more than ninety (90) feet behind the front property line.
3. Churches and other main and accessory buildings, other than dwellings, and buildings accessory to dwellings, shall set back from all side lot lines a distance of not less than thirty-five (35) feet.

C. *Rear yard.*

1. For main buildings, other than garage apartments, there shall be a rear yard of not less than thirty-five (35) feet.
2. A garage apartment may be located in the rear yard of another dwelling, but shall not be located closer than fifteen (15) feet to the rear lot line. Unattached buildings of accessory use shall not be located closer to any rear lot line than eight (8) feet.

D. *Lot width.* No lot shall be less than one hundred (100) feet wide at the building line.

E. *Intensity of use.*

1. For residential development, there shall be a lot area of not less than one (1) acre per dwelling, as follows:
 - a. For each house or mobile home, and buildings accessory thereto, there shall be a minimum lot area of not less than one (1) acre.
 - b. For each duplex, and buildings accessory thereto, there shall be a minimum lot area of not less than two (2) acres.
 - c. For each multi-dwelling development, and buildings accessory thereto, up to two (2) dwelling units (two (2) houses or a house with a garage apartment) may be located on a recorded lot that is two (2) acres or more.
2. For uses other than residential development, the lot area shall be adequate to provide the yard areas required by this section and the off-street parking areas required in section 3.50, "Off-street parking requirements," of these regulations; provided, however, that the lot area for a church shall not be less than one (1) acre.

F. *Maximum lot coverage.* Main and accessory buildings shall cover not more than thirty (30) percent of the lot area.

5.22.05. *Height regulations.* No main building shall exceed three (3) stories or thirty-five (35) feet in height. Accessory buildings shall not exceed eighteen (18) feet in height; provided, however, the eighteen (18) feet height limitation may be exceeded to conform the pitch of the accessory building roof to the pitch of the roof of the principal use. In no case shall the bottom chord of the roof truss or the bottom of the ceiling joist of an accessory building exceed eighteen (18) feet in height.

5.22.06. *Off-street parking.* As regulated in section 3.50, "Off-street parking requirements," of these regulations.

~~EF.~~ Marinas and boat liveries, subject to the standards of section 4.30, "Standards for marina and boat livery development," of these regulations.

~~FG.~~ Adult day care centers, provided they meet the requirements of section 4.98, "Requirements for adult day care centers, when considered as uses permitted on review."

~~GH.~~ Commercial dairies; commercial kennels, rabbit, goat, and other animal or fish and minnow raising farms; egg producing ranches and farms devoted to the hatching, raising, fattening, and butchering of chickens, pigeons, turkeys and other poultry; and hog and other livestock feeding for commercial purposes, subject to the requirements of article 4, "Supplementary regulations", section 4.99, "Requirements for certain agricultural uses, when considered as uses permitted on review in CA, General Business and CB, Business and Manufacturing Zones."

~~HI.~~ Contractor's storage yard.

~~IJ.~~ Indoor self-service storage facilities.

5.31.04. *Storage.* Outdoor storage of material and equipment is prohibited unless it is fully screened on all sides by an opaque screen and is located in the rear of the principal permitted use or structure. This shall not apply to the display for sale of new or used vehicles in working condition, unless otherwise provided for in these regulations. These requirements also shall not apply to materials and equipment stored on a construction site where such materials or equipment are to be used, or to the storage of commercial vehicles.

5.31.05. *Height.* No building shall exceed forty-five (45) feet or three (3) stories in height.

5.31.06. *Lot area.* The minimum requirements for every building or portion of a building used as a dwelling shall be seven thousand five hundred (7,500) square feet for the first household, and five thousand (5,000) square feet of lot area for each additional household: except that for hotels, motels, and transient mobile home parks, the minimum lot area shall be one (1) acre and in addition to the seven thousand five hundred (7,500) square feet of lot area required for the owner or operator there shall be at least one thousand eight hundred (1,800) square feet of lot area for each sleeping accommodation provided for transient guests of the hotel, motel or transient mobile home park, and the building area of such hotel, motel or transient mobile home park shall be not greater than fifty (50) percent of the lot area.

5.31.07. *Setback.* No building shall be located closer than twenty (20) feet to the road line; no building or portion of a building used as a dwelling shall be located closer than twenty-five (25) feet to the road line; and no hotel or tourist court shall be located closer than fifty (50) feet to the road line.

5.31.08. *Side yards.* There shall be a side yard on each side of every building or portion of a building used as a dwelling, which side yard shall have a minimum width of five (5) feet, increased by two (2) feet for each story above the first story.

5.31.09. *Rear yard.* There shall be a rear yard on every lot, which rear yard shall have a minimum depth of sixteen (16) feet for a one-story building, twenty (20) feet for a two-story building, and twenty-four (24) feet for a three-story building. If the building is designed for residential purposes only, the provisions of the RA, Low Density Residential Zone shall apply.

5.31.10. *Off-street parking.* As regulated in section 3.50.

No. O-19-5-101, § 1(Exh. A), 6-24-19; Ord. No. O-20-1-101, § 1(Exh. A), 2-24-20)

5.33. PC Planned Commercial Zone.

5.33.01. *General description.* The PC, Planned Commercial Zone, is intended for a unified grouping of commercial buildings which do not require or desire a central business district location. It is the objective of this zone to achieve the highest quality site design, building arrangement, landscaping and traffic circulation patterns possible.

5.33.02. *Uses permitted.* It is not the intent of this zone to restrict potential development by limiting uses. In general, uses permitted shall include office, commercial services and light distribution centers. Child day care centers shall also be permitted, ~~provided they meet the requirements of section 4.91, "Requirements for child day care centers and group day care homes, when considered as uses permitted on review."~~ Marinas and boat liveries shall also be permitted, provided they meet the requirements of section 4.30, "Standards for marina and boat

livery development," of these regulations. As per the requirements of 4.107, "Standards for use-on-review approval of public safety facilities." Since some permitted uses may be incompatible with others the developer of a planned commercial complex shall provide the planning commission with a list of uses permitted in the development which shall be compatible with each other and neighboring uses as authorized under restrictive covenants. Demolition landfills less than one (1) acre in size subject to article 4, "Supplementary regulations," subsection 4.80.01.A, "Demolition landfills" (on site generated waste), shall also be permitted. Wireless communications facilities shall be a permitted use, subject to the provisions of article 4, section 4.92.

5.33.03. *Uses permitted on review.* (None)

5.33.04. *Appropriate size.* The intent of the PC, Planned Commercial Zone is to provide the best design and coordinated arrangement of commercial buildings. It is not likely therefore, that a planned commercial development would contain less than twenty (20) acres. However, if in the opinion of the planning commission the functional design of a building grouping meets the intent of these regulations the commission may approve a planned commercial development of less than twenty (20) acres.

5.33.05. *Periphery boundary.* All buildings shall be set back at least fifty (50) feet from any peripheral boundary of the project, or any public street or road existing prior to the PC, Planned Commercial Zone.

5.33.06. *Lot coverage.* Any project divided into individual lots or building sites shall specify yard and lot coverage requirements in its protective covenants provided however, that no buildings shall cover more than fifty (50) percent of its lot at its ultimate expansion potential.

5.33.07. *Height.* In general, height shall be limited to forty-five (45) feet. However, to permit the greatest flexibility of design the planning commission may approve greater heights provided such height is an integral part of the building grouping and enhances the design of the entire project.

5.33.08. *Parking and loading.*

- A. Parking and loading requirements shall be specified in the restrictive covenants governing the development but in no case may they be less than the requirements specified in section 3.50, "Off-street parking requirements," of these regulations.
- B. No parking shall be permitted in the front yard of any structure constructed on an individual lot unless such parking area is landscaped with trees, shrubs, and grass islands to prevent the appearance of an open parking lot.

5.33.09. *Storage.* Outdoor storage shall be prohibited unless fully screened on all sides by an opaque ornamental screen.

5.33.10. *Landscaping.*

- A. A landscape plan for the entire development shall be prepared and presented to the planning commission for approval. This plan shall show the type and location of plantings, locate and show the purpose of visual screens and establish a means to insure the accomplishment of the landscape plan.
- B. The landscaping plan shall include but not be limited to approaches to building entrances, appropriate visual screens and any parking areas.

5.33.11. *Access.* Access to the planned commercial complex shall be designed to minimize conflicts in traffic. Insofar as possible all lots shall be designed to front on streets within the commercial development. Lots should not have direct access to existing streets, roads, or highways, except as may otherwise be approved by the planning commission.

5.33.12. *Signs.* As permitted by section 3.90, "Signs, billboards and other advertising structures," of this resolution.

5.33.13. *Administration.*

-
- A. A development plan for the planned commercial complex shall be submitted to the planning commission for approval as a use permitted on review.
 - B. Protective covenants. All development plans shall include protective covenants for the planned commercial development. These covenants shall indicate the use and design of structures in the planned complex as well as establishing measures to protect occupants of the development from incompatible uses and structures. These covenants shall include but not be limited to:
 - 1. A statement of the purpose and function of the planned complex.
 - 2. A statement identifying the type of operations permitted listing uses permitted or performance standards required in the development. If performance standards are proposed as the criteria, a firm means of enforcing such standards must be included in the covenants.
 - 3. A list of uses prohibited in the commercial park, or a list of the type of uses or operations which would generally be considered to be incompatible with the purpose and function of the proposed development.
 - 4. Site requirements, including minimum lot size, maximum site coverage and any front, side and rear yard requirements for the development.
 - 5. Parking and loading requirements of the development insuring a standard at least equal to the minimum specified in section 3.50, "Off-street parking requirements," of these regulations.
 - 6. Restrictions on outdoor storage.
 - 7. Landscaping requirements.
 - 8. Building construction and design standards which establish specific building standards, either by construction material or performance standards, and establish criteria as well as a means of enforcing the requirements. An architect or engineer for the development or an architectural review board should approve such designs and construction plans.
 - 9. Any other consideration which may be established to better insure that the development is in accordance with the stated purpose and intent of the development.
 - C. The development plan shall show all streets and suggested lots. The plan shall meet all the requirements of the minimum regulations for the subdivision and development of land in the county. All streets in any planned commercial development shall have as a minimum standard, the standards for minor collectors.
 - D. A revised development plan shall be submitted to the planning commission for approval of any changes, alterations, amendments, or extensions to the development plan. Approval of such changes may be granted if, in the opinion of the planning commission, the requested changes would be in keeping with the intent and provisions of this resolution.
 - E. No building permit shall be issued for construction of any building on the land until the planning commission has approved the development plan and a statement of approval has been affixed.
 - F. The building permit shall be revoked if construction of any part, or phase, of the development is not in compliance with the approved plans.

5.34. SC Shopping Center Zone.

5.34.01. *General description.* The general intent of this section is to encourage and insure the development of unified retail shopping centers which will promote the public health, safety, morals, and general welfare for the citizens of the county. The purposes of these subsections are:

- A. To promote safe and efficient movement of traffic within the site of the shopping center and in connection with adjacent access streets.
- B. To lessen the adverse effects which such shopping centers might have on the uses of adjacent land.
- C. To prohibit the development of uses of a heavy repair, wholesaling, industrial, and residential character in SC, Shopping Center Zones.

5.34.02. *Uses permitted.* The list below specifies the uses which shall be permitted in SC, Shopping Center Zones. In addition to these uses, the planning commission may recommend the inclusion of other uses of a related nature, provided that the intent of this resolution is maintained. Uses permitted:

- A. Appliance, radio and television store.
- B. Art supply store.
- C. Bakery (retail).
- D. Bank.
- E. Barber shop.
- F. Camera store.
- G. Candy store.
- H. [Child care agencies](#)

MMLL. Yard sales and rummage sales.

NNMM. Wireless communications facilities, subject to the provisions of article 4, section 4.92.

OO NN. Public Safety Facilities.

5.34.03. *Uses permitted on review.*

A. Adult-oriented establishments subject to meeting all requirements of section 4.60, "Adult-oriented establishments," of this resolution.

~~B. Child day care centers, provided they meet the requirements of section 4.91, "Requirements for child day care centers and group day care homes, when considered as uses permitted on review."~~

BC. Adult day care centers, provided they meet the requirements of section 4.98, "Requirements for adult day care centers, when considered as uses permitted on review."

5.34.04. *Height.* No building shall exceed three (3) stories or forty (40) feet in height.

5.34.05. *Yards.*

A. Where the SC, Shopping Center Zone abuts a lot which is residential in zoning classification no building shall be constructed less than fifty (50) feet from any lot line.

Where the SC, Shopping Center Zone abuts any street right-of-way buildings shall be constructed not less than sixty (60) feet from such right-of-way.

B. Buildings may be constructed less than fifty (50) feet from any lot line:

1. Where the SC, Shopping Center Zone abuts a lot which is nonresidential in zoning classification.
2. Where the SC, Shopping Center Zone abuts any street right-of-way when parking is not to be provided between the right-of-way of such street and buildings, in which case there shall be a minimum setback requirement of twenty (20) feet.

-
- C. On the sides of a SC, Shopping Center Zone facing streets the development plan shall include planted parkways of not less than ten (10) feet in width. The presence of these parkways will aid in the integration of shopping centers into adjacent areas, and they will aid in keeping vehicular entrance and exit points to a minimum.
 - D. On the sides of SC, Shopping Center Zones facing residential properties adequate screening shall be provided whereby the noise, light, and possible unsightliness of the developed center will be held to a minimum. A plan for screening shall be included as a part of the development plan for the shopping center.

5.34.06. *Divided zones.* For the purpose of calculating the zone width, lot dimensions, floor area ratios, percentage of lot covered by building, yard requirements and parking ratios, a single shopping center cannot lie on two (2) sides of a major public street. Any area designated as being zoned a SC, Shopping Center Zone and lying on both sides of a public street shall be deemed to be two (2) SC, Shopping Center Zones, and all minimum requirements shall be met by buildings on each side of said public street as separate zones. This requirement is included to prevent large movement of shoppers across a major street from parking areas to shopping areas.

5.34.07. *Health department approval.* The development plan shall not be approved until the planning commission has a statement from the health department that the disposal system for sewage abides by standards of the health department.

5.34.08. *Signs.* As permitted by section 3.90, "Signs, billboards, and other advertising structures," of this resolution.

5.34.09. *Off-street parking.* As regulated by section 3.50, "Off-street parking requirements."

5.34.10. *Administration.*

- A. A development plan of the shopping center shall be submitted to the planning commission for approval as a use permitted on review.
- B. A revised development plan shall be submitted to the planning commission for approval of any changes, alterations, amendments, or extensions to the development plan. Approval of such changes may be granted if, in the opinion of the planning commission, the requested changes would be in keeping with the intent and provisions of this resolution.
- C. No building permit shall be issued for construction of any building on the land until the planning commission has approved the development plan and a statement of approval has been affixed.
- D. The building permit shall be revoked if construction of any part, or phase, of the development is not in compliance with the approved plans.
- E. Application for review and approval of WCF shall be subject to the provisions of article 4, section 4.92.

5.36. T Transition Zone.

5.36.01. *Intent.* The general intent of this section is to insure the development of land adjacent to residential areas into a T, Transition Zone, between other types of commercial and residential classifications and which will promote the public health, safety, morals, and general welfare of the citizens of the county. The purpose of this section is:

-
- A. To allow types of commercial use which are not major traffic generators, and would not open the area to objectionable types of commercial uses.
 - B. To have a T, Transition Zone, that will be compatible with adjacent residential areas.

5.36.02. *Uses permitted.* The list below specifies the uses which shall be permitted in a T, Transition Zone. In addition to these uses the planning commission may recommend the inclusion of other uses of a related nature, provided the intent of this resolution is maintained. Uses permitted:

- A. Apartments.
- B. Accessory buildings.
- C. Child care agencies
- DC. Churches, schools, libraries, and museums.
- ED. Garage apartments.
- FE. Gardening and horticulture, but not on a commercial basis.
- GF. Public golf courses, public parks and playgrounds; swimming pools, and other associated recreational facilities, none of which shall be used for commercial purposes.
- HG. Hospitals and sanitariums, but not for contagious diseases, nor for the care of epileptics or drug or alcoholic patients, nor for the care of the insane or feeble minded.
- JH. Nurseries and greenhouses for the propagating and cultivating of plants, but not on a commercial basis.
- JL. Public utilities, such as transmission lines, substations, railroad lines, bus loading or waiting platforms, dams, water treatment plants, including water filtration and storage facilities, and other similar public service uses and buildings, and also such other buildings and structures, as are used by utility and sanitary districts in the performing of the services in which they are authorized to engage.
- KJ. Houses and duplexes.
- LK. Tourist homes (as defined in article 2).
- ML. Clinics, professional buildings, general business offices, institutions of an educational or a philanthropic nature. Private clubs, fraternities, sororities, excepting those the chief activity of which is a service customarily carried on as a business. Accessory uses customarily incidental to any of the above uses when located in the same building.
- NM. Demolition landfills less than one (1) acre in size subject to article 4, "Supplementary regulations", subsection 4.80.01.A, "Demolition landfills" (on site generated waste).
- ON. Yard sales and rummage sales.
- PO. Wireless communications facilities, subject to the provisions of article 4, section 4.92.
- QP. Public Safety Facilities.

5.36.03. *Uses permitted on review.*

- ~~A. Child day care centers, provided they meet the requirements of section 4.91, "Requirements for child day care centers and group day care homes, when considered as uses permitted on review."~~
- AB. Private golf courses, swimming clubs, country clubs, and tennis clubs.
- BC. Assisted living facilities.

CD. Marinas and boat livery, subject to the standards of section 4.30, "Standards for marina and boat livery development," of these regulations.

DE. Adult day care centers, provided they meet the requirements of section 4.98, "Requirements for adult day care centers, when considered as uses permitted on review."

EF. Rural retreats, subject to standards of section 4.104.

FG. Recovery housing.

5.36.04. *Height.* No building or structure shall exceed forty-five (45) feet, except that the planning commission may approve a greater height during plan review where the following conditions are met:

- A. The petitioner can show that such increase in height is compatible with surrounding development and is clearly within the intent of this section.
- B. Required depth of all yards is increased one (1) foot for each foot of building height permitted in excess of forty-five (45) feet. No variance to this requirement shall be permitted.

5.36.05. *Lot area.* Main and accessory buildings shall not occupy more than thirty (30) percent of the lot area.

5.36.06. *Front yards.* No building shall be located closer than thirty-five (35) feet to the front property line and no tourist court shall be located closer than fifty (50) feet to the front property line except the office of the tourist court may be located within thirty-five (35) feet, and no accessory buildings shall be located within or so as to project into the front yard. Planted parkways, with curbs, shall be provided between driveways in front of buildings and the street so that they will aid in keeping vehicular entrance and exit points to a minimum.

5.36.07. *Side and rear yards.* The side and rear yards of every main building shall have a minimum width of thirty (30) feet when adjoining a residentially zoned district, and fifteen (15) feet when adjoining a commercial zone. On corner lots the building shall be located in accordance with article 3, "General provisions," subsection 3.30.01.

5.36.08. *Health department approval.* The development shall not be approved until the planning commission has a statement from the health department that the disposal system for sewage abides by standards of the health department.

5.36.09. *Signs.* As permitted by section 3.90, "Signs, billboards, and other advertising structures," of this resolution.

5.36.10. *Parking.* As regulated by section 3.50.

5.36.11. *Administration.*

- A. The developer of any property in a T, Transition Zone shall submit a development plan to the planning commission for approval as a use permitted on review.
- B. A revised development plan shall be submitted to the planning commission for approval of any changes, alterations, amendments or extension of the development plan. Approval of such changes may be granted if, in the opinion of the planning commission, the requested changes would be in keeping with the intent and provisions of this resolution.
- C. No building permit shall be issued for construction of any building on the land until the planning commission has approved the development plan and a statement of approval has been affixed.
- D. The building permit shall be revoked if construction of any part, or phase, of the development is not in compliance with the approved plans.

 - FE. Libraries, museums and art galleries.
 - GF. Local, state and federal government facilities, excluding correctional facilities.
 - HG. Public utilities.
 - IH. Philanthropic, charitable and service organizations.
 - J. Public parks, playgrounds and recreation facilities.
 - KJ. Demolition landfills less than one (1) acre in size subject to article 4, "Supplementary regulations," subsection 4.80.01.A, "Demolition landfills" (on site generated waste).
 - LK. Wireless communications facilities, subject to the provisions of article 4, section 4.92.
 - ML. Public Safety Facilities.

5.42.03. *Uses permitted on review.*

- A. Public and private elementary and secondary schools, with residences.
- B. Junior colleges, colleges, universities, and business and trade schools, including residences.
- C. Hospitals, sanitariums and nursing homes.
- ~~D. Child day care centers, provided they meet the requirements of section 4.91, "Requirements for child day care centers and group day care homes, when considered as uses permitted on review."~~
- DE. Adult day care centers, provided they meet the requirements of section 4.98, "Requirements for adult day care centers, when considered as uses permitted on review."
- EF. Assisted living facilities.
- FG. Developments requiring waivers as allowed under the following site development standards:
 - 1. Landscaping, subsection 5.42.06, "Landscaping requirements."

5.42.04. *Area regulations.*

- A. *Height regulations.*
 - 1. No building shall be built to a height exceeding forty-five (45) feet at the minimum required setback line.

-
2. No building shall exceed a height of thirty-five (35) feet, if located within one hundred (100) feet of a residential zone. However, for each additional foot of setback from the minimum setback line, the building height may be increased by one (1) foot to a maximum of forty-five (45) feet.

B. *Setback requirements.*

1. Front yard setback: A minimum of thirty-five (35) feet.
2. Side yard setback: A minimum of twenty-five (25) feet.
3. Rear yard setback: A minimum of twenty-five (25) feet.
4. Front, side or rear yard setback, when abutting a residential or agricultural zone: A minimum of fifty (50) feet.

5.42.05. *Maximum lot coverage.* Main and accessory buildings shall not cover more than fifty (50) percent of the lot area.

5.42.06. *Landscaping requirements.*

A. A landscaping plan shall be submitted as a part of any application for administrative site plan approval. The following minimum standards shall apply:

1. Any required yard shall be landscaped with live vegetation of a nature normally found in residential areas.

B. *Parking areas.*

1. Parking areas shall contain one thousand (1,000) square feet of landscaping for every twenty thousand (20,000) square feet, or fraction thereof, of paved parking area.
2. For every five thousand (5,000) square feet of parking area, a tree shall be provided that will obtain a minimum height of forty (40) feet at maturity.

C. *Buffer yards.*

1. Within the required building setback, a buffer yard shall be established along any property line that abuts a residential or agricultural zoning district. The planning commission may waive or reduce this requirement when there is no principal residential structure within two hundred (200) feet of said property line.
2. The following standards shall apply in buffer yards:
Minimum width: Fifteen (15) feet.

Landscaping and screening: A screen, opaque to a height of six (6) feet and consisting of any combination of a fence, wall, evergreen plants, or earth berms shall be provided in the buffer yard.

D. The planning commission may approve a landscaping plan that differs from the minimum standards if the commission finds that such plan meets the intent of this section.

E. The department of code administration shall verify the installation of landscaping as shown on the approved landscaping plan prior to the issuance of a certificate of occupancy. Installation of planting materials may be delayed until the next planting season, in the event that literal compliance with the above standard would require plants to be installed at a time when they would not survive. In such cases, a certificate of occupancy can be issued prior to the installation of landscaping with the posting of a bond with the county department of engineering and public works to guarantee such installation.

5.42.07. *Lighting.* Lighting of all types shall be directed away from all residential or agricultural zoning districts, or any public rights-of-way.

5.42.08. *Sign regulations.* Signage shall comply with the requirements of section 3.90, "Signs, billboards, and other advertising structures," including subsection 3.90.08, "Office and Transition Zones."

5.42.09. *Off-street parking regulations.* Off-street parking shall comply with the requirements of section 3.50, "Off-street parking requirements."

5.42.10. *Administration.*

- A. For uses listed as permitted uses in the OC, Civic and Institutional zoning district, no building or structure shall be erected or altered until and unless a plan for such development has been filed with and approved by the county department of code administration. The plan shall be filed in accordance with the requirements of article 6, "Administration, enforcement and interpretation", section 6.70, "Administrative site plan review," of this zoning ordinance.
- B. In administratively reviewing plans for specific sites, the department of code administration shall approve any site plan that complies with the above referenced design standards and the requirements of the county zoning and subdivision regulations. Anyone aggrieved by a decision of the department of code administration may appeal such decision to the board of zoning appeals, pursuant to article 6, "Administration, enforcement and interpretation," section 6.60, "Board of zoning appeals," of these regulations.
- C. The planning commission shall approve, approve with conditions, or deny applications for uses on review, as described in section 4.42.03, "Uses permitted on review," and in compliance with relevant county zoning and subdivision regulations.

5.50. BP Business and Technology Park Zone.

5.50.01. *General description.* This zoning district is intended to provide for a wide range of land uses which are generally categorized in business, industrial and/or office classifications of use, whether in the public or private sectors. The permitted land uses are intended to include those businesses which require building spaces characterized by offices, research and development, manufacturing, and/or combinations of such uses. The permitted uses include, but are not limited to, those which reflect particular emphasis on scientific and engineering applications in product and/or process. The on-site and off-site impacts of such uses are typically similar in kind and degree to such uses located within other zoning districts which allow such uses. Potential impacts are addressed within this district through site-specific planning and design, consistent with the regulations contained herein specific to, but not limited to: area requirements, maximum lot coverage and building height limits, landscaping, utilities, signs, and off-street parking regulations.

The intended and desired effect of the site regulations is to create an attractive park-like setting for the businesses which locate within the park. The planning and design for the park is intended to accomplish an aesthetic environment which is complementary to site features and the surrounding environment. Site features and infrastructure are to be consistent with the park-like design theme.

The BP, Business and Technology Park, zoning district shall be located only within the designated TO, Technology Overlay Zone, subject to the jurisdiction and development review of the Tennessee Technology Corridor Development Authority or its successor, and the planning commission.

5.50.02. *Minimum size of zone.* In order to achieve the above intent an area of sufficient size to permit a spacious design and coordinated arrangement of buildings and facilities is necessary. Therefore, no BP Business and Technology Park Zone may be created which has an area of less than five (5) acres.

5.50.03. *Uses permitted.* The following uses may be permitted by approval of a development plan that indicates they are within the intent of this zone as described in subsection 5.50.01, "General description," above, that they comply with the development plan standards of subsection 5.50.13, and that they will meet the performance standards of section 4.10, "Supplementary regulations applying to a specific, to several, or to all zones." These performance standards, like all other provisions of this ordinance are continuing obligations and all uses must continue to operate in compliance with the standards. Where SIC codes are indicated after permitted uses, the businesses listed under that classification in the U.S. Department of Commerce Standard Industrial Classification Manual, 1987 Edition, shall be permitted, providing all other requirements of this ordinance are fulfilled.

All of the uses permitted under this section shall have their primary operations conducted entirely within enclosed buildings, and shall not emit any obnoxious dust or smoke, or noxious odor or fumes outside of the building housing the operation or produce any noise level occurring on the adjacent street. Operations shall cause no radiation or radioactivity at any exterior wall and no electrical radiation that affects any operation or equipment other than those of the creator of the radiation. All storage shall be confined to the interior of buildings.

5.50.05. *Nonconforming uses (exception to section 3.60, "Nonconforming uses," of the county zoning ordinance).* Nonconforming churches, houses, agricultural lots and structures existing immediately preceding a change of zoning to the BP, Business and Technology Park Zone shall be allowed to continue, expand, construct or replace structures and other improvements to the property provided that the proposed improvement complies with the requirements of the A, Agricultural Zone.

5.50.06. *Area requirements.* The following requirements shall apply to all parcels within a BP, Business and Technology Park Zone, and to all uses permitted in this zone:

A. *Peripheral boundary.* All buildings or structures shall be set back from the peripheral boundary of a BP, Business and Technology Park Zone, not less than fifty (50) feet. Where the peripheral boundary abuts a residential zone, all buildings and structures shall be set back from that residential zoning line not less than seventy-five (75) feet.

B. *Front yard.* All buildings shall set back from all street right-of-way lines not less than fifty (50) feet.

C. *Side yard.* No building shall be located closer than forty (40) feet to a side yard lot line.

D. *Rear yard.* No building shall be located closer than thirty (30) feet to the rear lot line.

The depth of any rear yard which abuts a residential district shall be not less than fifty (50) feet, provided, however, that no rear yard is required where the lot abuts on an existing or proposed railroad right-of-way or spur.

E. *Minimum parcel size.* The minimum parcel size shall be one (1) acre and shall conform to the Tennessee Technology Corridor Design Guidelines as adopted by the Tennessee Technology Corridor Development Authority.

5.50.07. *Maximum lot coverage and height of building.* The maximum area of site permitted to be covered by structures shall be governed by a ground area coverage (GAC) ratio, and the height of structures shall be governed by a floor area ratio (FAR). The GAC is defined as the number of square feet of ground area covered by the building, divided by the square feet of lot area. The FAR is defined as the number of square feet of floor area in a building, divided by the square feet of lot area. The GAC and FAR for any area zoned BP, Business and Technology Zone shall be established at the time of zoning or site plan review upon a recommendation of the planning commission that takes into account the topography, size, accessibility and surroundings of the site and planning

policy for the area. In no case shall the GAC exceed twenty-five (25) percent nor shall the FAR exceed thirty (30) percent.

5.50.08. *Landscaping regulations.* The following requirements shall apply in this zone:

A. *Required yard.* Any required yard shall be landscaped with live vegetation of a nature normally found in residential areas. All yard areas required under this section and other yards and open spaces existing around buildings shall be landscaped and maintained in such a manner as to provide a park-like setting for the district.

B. *Parking areas.* Parking areas shall contain five hundred (500) square feet of landscaping for every twenty thousand (20,000) square feet, or fraction thereof, of paved parking area.

Parking areas located closer than fifty (50) feet to public rights-of-way or adjacent property lines shall be screened by evergreen planting that will obtain a minimum height of five (5) feet at maturity.

For each five thousand (5,000) square feet of parking area a tree shall be provided that will obtain a minimum height of forty (40) feet at maturity.

5.50.09. *Utilities.* All utility transmission lines serving individual uses shall be placed underground.

5.50.10. *Signs.* As permitted by section 3.90, "Signs, billboards, and other advertising structures," of this resolution.

5.50.11. *Off-street parking.* As regulated in section 3.50, "Off-street parking requirements," except that parking shall not be permitted in the required front yard, or the required side yards.

5.50.12. *Application procedures for business and technology park developments.* Within the BP, Business and Technology Park Zone, no building or structure shall be erected or altered until and unless there shall have been filed with and approved by the planning commission a written application for approval of a plan for the contemplated development within said zone. The application shall be accompanied with the following information:

- A. A description of all operations proposed in sufficient detail to show that the proposed uses are within the intent of the BP, Business and Technology Park Zone, as described in subsection 5.50.01, "General description," and to indicate the effects of those operations in production of excessive auto and traffic congestion or problems of noise, glare, odor, sewerage, air pollution, water pollution, fire or safety hazards, or other factors detrimental to the health, safety, and welfare of the area. See section 1, "Performance standards for commercial and industrial uses," in section 4.10, "Supplementary regulations applying to a specific, to several, or to all zones."
- B. A development plan indicating the following: location of present and proposed buildings, loading docks, driveways, parking lots, other accessory uses, existing wooded areas, proposed landscaping, and trash disposal areas.
- C. Preliminary architectural plans for the proposed building or buildings.
- D. An estimate of the maximum number of employees contemplated for the proposed development and the number of employees per shift.
- E. A storm drainage plan which includes accurate existing and proposed water courses; the system of open channels, pipes, culverts, drains, inlets, catch basins, and similar facilities designed to handle storm water in times of rainstorms, the calculations used in the design of such systems and the easements required in the construction and maintenance of the drainage system and meeting all requirements of section 6.11, "Grading permit."
- F. Other engineering and architectural plans for the handling of any problems of the type outlined in subsection 5.50.12.A above, including a designation of sewers to be used and necessary plans for controlling smoke or other nuisances.

-
- G. Any other information the planning commission may need to adequately consider the effect that the proposed uses may have upon their environment and on the cost of providing public services to the area. All sewage disposal systems and land requirements for such systems must be approved before a building permit is issued.

5.50.13. The planning commission may approve an overall development plan for a business park comprising an area of twenty (20) acres or more subject to administrative review and approval of plans for development of individual sites or parcels within the park by the planning commission staff.

- A. In lieu of site specific plans as referenced in subsections 5.50.12.B and 5.50.12.C, the overall development plan shall provide design standards for landscaping and architectural features in sufficient detail to allow the planning commission to determine that the development would comply with the intent of the BP Business and Technology Park Zone.
- B. In administratively reviewing plans for specific sites, the staff shall approve any site plan that complies with the above-referenced design standards, the overall development plan approved by the planning commission, and the requirements of the county zoning and subdivision regulations. Planning commission staff decisions may be appealed to the planning commission. Anyone aggrieved by a decision of the planning commission may appeal such decision to the board of zoning appeals, pursuant to article 6, "Administration, enforcement and interpretation," section 6.60, "Board of zoning appeals," of these regulations.

5.50.14. The planning commission shall approve, approve with conditions, or deny the development plan based on the following standards:

- A. Roads, driveways, parking lots and curb cuts are designed so as to promote safe and efficient movement of vehicular traffic.
- B. The development will comply with all applicable requirements of section 1, "Performance standards for commercial and industrial uses," in section 4.10, "Supplementary regulations applying to a specific, to several, or to all zones."
- C. The development will comply with all dimensional and area requirements and requirements for landscaping, parking, signs and utilities contained in this section.

5.50.15. Application for review and approval of WCF shall be subject to the provisions of article 4, section 4.92.

5.51. EC Employment Center Zone.

5.51.01. *General description.* This zoning district is intended to encourage development of business parks and other employment centers that will contribute to the future economic well being of the county; to provide standards and procedures that will minimize any conflicts or adverse impacts of these developments with other properties, public roads or facilities; to provide a zoning district for use in areas meeting the locational standards for industrial parks and technology based development contained in the Knoxville-Knox County General Plan; and

to provide a zoning district for business and technology park development that requires site plan review and complies with the requirements of the Farragut-Knoxville-Knox County Growth Policy Plan.

5.51.02. *Uses permitted.* Only the following uses may be permitted in this zone. Where North American Industry Classification System (NAICS) codes are indicated after permitted uses, the businesses listed under that classification in the United States Office of Management and Budget North American Industry Classification System Manual, 1997 edition, and any subsequent edition, may be permitted providing all other requirements of this ordinance are fulfilled. The permitted uses in any proposal for development shall be identified through the process outlined in subsection 5.51.05, "Administration":

- A. Construction and contracting, including:
 - 1. Building, developing and general contracting (NAICS 233).
 - 2. Heavy construction (NAICS 234).
 - 3. Special trades contractors (NAICS 235).
- B. Manufacturing, including:
 - 1. Food manufacturing (NAICS 311), excluding slaughter of animals and fat rendering.
 - 2. Beverage and tobacco product manufacturing (NAICS 312).
 - 3. Textile mills (NAICS 313).
 - 4. Textile product mills (NAICS 314).
 - 5. Apparel manufacturing (NAICS 315).
 - 6. Leather and allied product manufacturing (NAICS 316).
 - 7. Wood product manufacturing (NAICS 321).
 - 8. Printing and related support activities (NAICS 323).
 - 9. Pharmaceutical and medicine manufacturing (NAICS 3254).
 - 10. Plastics and rubber products manufacturing (NAICS 326).
 - 11. Fabricated metal product manufacturing (NAICS 332).
 - 12. Machinery manufacturing (NAICS 333).
 - 13. Computer and electronic product manufacturing (NAICS 334).
 - 14. Electrical equipment, appliance and component manufacturing (NAICS 335).
 - 15. Transportation equipment manufacturing (NAICS 336).
 - 16. Furniture and related product manufacturing (NAICS 337).
 - 17. Miscellaneous manufacturing (NAICS 339).
- C. Wholesale trade, including:
 - 1. Wholesale trade, durable goods (NAICS 421).
 - 2. Wholesale trade, non-durable goods (NAICS 422).
- D. Transportation and warehousing, including:
 - 1. Air transportation (NAICS 481).
 - 2. Rail transportation (NAICS 482).

-
3. Water transportation (NAICS 483).
 4. Truck transportation (NAICS 484).
 5. Transit and ground passenger transportation (NAICS 485).
 6. Pipeline transportation (NAICS 486).
 7. Scenic and sightseeing transportation (NAICS 487).
 8. Support activities for transportation (NAICS 488).
 9. Postal service (NAICS 491).
 10. Couriers and messengers (NAICS 492).
 11. Warehousing and storage (NAICS 493).
- E. Information, including:
1. Publishing industries (NAICS 511).
 2. Motion picture and sound recording industries (NAICS 512).
 3. Broadcasting and telecommunications (NAICS 513).
 4. Information services and data processing services (NAICS 514).
- F. Finance and insurance, including:
1. Monetary authorities and banks (NAICS 521).
 2. Credit intermediation and related activities (NAICS 522).
 3. Securities, commodity contracts and other financial investments (NAICS 523).
 4. Insurance carriers and related activities (NAICS 524).
 5. Funds, trusts and other financial vehicles (NAICS 525).
- G. Real estate and rental and leasing, including:
1. Real estate (NAICS 531).
 2. Rental and leasing services (NAICS 532).
 3. Lessors of other nonfinancial intangible assets, except copyrighted works (NAICS 533).
- H. Professional, scientific and technical services (NAICS 541).
- I. Management of companies and enterprises, including:
1. Management of companies and enterprises (NAICS 551).
 2. Administrative and support services (NAICS 561).
- J. Educational services, excluding elementary and secondary schools (NAICS 611).
- K. Health care and social assistance, including hospitals (NAICS 622).
- L. Other services, except public administration, including:
1. Support activities for agriculture and forestry (NAICS 115).
 2. Support activities for mining (NAICS 213).
 3. Repair and maintenance (NAICS 811).

-
- M. Public administration, including:
1. Local, state and federal government offices and programs.
 2. Space research and technology (NAICS 927).
 3. National security and international affairs (NAICS 928).
- N. Wireless communications facilities, subject to the provisions of article 4, section 4.92.
- O. In an EC Employment Center Zone development, twenty (20) percent of the land area may be set aside for retail commercial development, subject to the following conditions and requirements:
1. The overall EC Employment Center Zone development must include a minimum of twenty (20) acres.
 2. Only the following retail commercial uses shall be permitted, provided that there shall be no sales, display or storage of merchandise outside of a fully enclosed building.
 - a. Drug stores.
 - b. Convenience stores, without gasoline pumps.
 - c. Restaurants, without drive-through facilities.
 - d. Sales of office supplies, office equipment and computers.
 - e. Employment services.
 - f. Hotels and motels.
 - g. Accessory uses customarily incidental to any of the commercial uses listed in this section.
 3. The locations of commercial uses shall be integrated by means of access within the EC Employment Center Zone development.
- P. Other uses of the same general character as those listed in this section as permitted uses and deemed appropriate by the planning commission.
- Q. ~~Child day care centers, agencies, consistent with the requirements of section 4.91, "Requirements for child day care centers and group day care homes, when considered as uses permitted on review," of these regulations.~~
- R. Adult day care centers, consistent with the requirements of section 4.98, "Requirements for adult day care centers, when considered as uses permitted on review," of these regulations.
- S. Outdoor storage, subject to the following requirements:
1. Outdoor storage shall be fully screened on all sides by an opaque, ornamental or vegetative screen.
 2. Outdoor storage must be an accessory use to a principal use on the same site.
- T. Demolition landfills less than one (1) acre in size subject to article 4, "Supplementary regulations," subsection 4.80.01.A, "Demolition landfills" (on site generated waste).
- U. Public Safety Facilities.
- 5.51.03. *Area regulations.* The following requirements shall apply to all uses permitted in this zone:
- A. *Minimum size requirements.*
1. Minimum size of an EC Employment Center Zone: Five (5) acres, providing that smaller areas may be rezoned when they directly abut EC Employment Center zoning, regardless of ownership.

-
2. Minimum lot size: One (1) acre.
- B. *Height regulations.*
1. No building shall be built to a height exceeding forty-five (45) feet, at the minimum required setback line.
 2. No building shall exceed a height of thirty-five (35) feet, if located within one hundred (100) feet of a residential zone. However, for each additional foot of setback from the minimum setback line, the building height may be increased by one (1) foot to a maximum of forty-five (45) feet.
- C. *Setback requirements.*
1. Front yard setback: A minimum of fifty (50) feet.
 2. Side yard setback: A minimum of fifty (50) feet.
 3. Rear yard setback: A minimum of fifty (50) feet.
- D. *Maximum lot coverage.* Main and accessory building footprints and loading platforms shall not cover more than fifty (50) percent of the lot area.

5.51.04. *Site development standards.* The following standards will guide development in the EC Employment Center Zone:

- A. *Off-street vehicle parking, bicycle parking and sidewalks.*
1. As a supplement to the off-street parking requirements of section 3.50, "Off-street parking requirements," the following shall apply:
 - a. No parking shall be located closer than fifty (50) feet from any public right-of-way, twenty-five (25) feet from any side property line, or twenty-five (25) feet from any rear property line. Parking for commercial uses as described in subsection 5.51.02.O may be located no closer than twenty-five (25) feet from any public right-of-way. The areas between roads and parking lots shall be landscaped with ground cover and one (1) medium or large maturing tree for every fifty (50) feet of the length of the road or lot line. Tree species lists are available through the planning commission.
 - b. The dimensions for required off-street parking spaces may be less than that required under section 3.50, "Off-street parking requirements," provided that those dimensions are approved in the development plan and established through the variance process.
 - c. Where the business is located within a one-quarter ($\frac{1}{4}$) mile walk via sidewalks of a Knoxville Area Transit (KAT) stop, the number of required parking spaces may be reduced by fifteen (15) percent.
 - d. All other provisions of section 3.50, "Off-street parking requirements," shall apply.
 2. Bicycle parking spaces on bicycle racks or in bicycle lockers, as defined by the Knoxville Regional Bicycle Plan, shall be located near the entrances to all buildings within the park or development.
 3. Any EC Employment Center Zone development that is accessed by interior streets or easements shall include at a minimum sidewalks along one (1) side of all streets or easements within the development.
- B. *Loading and unloading areas.*
1. All loading docks shall be located at the rear or side of buildings. Truck and trailer parking shall also be located at the rear or side of buildings. Where the size and/or shape of the building and property, or some physical characteristic of the property (i.e., topography, wetlands, sinkholes,

etc.), make it infeasible to locate a loading dock at the rear of a building, the loading dock may be located at the side of a building providing that landscaping is used to screen the loading dock from neighboring properties and public rights-of-way.

2. All loading docks shall be set back and permanently screened, either by landscaping, berming or architectural screens, from neighboring properties and public view to minimize the effect of their appearance from neighboring building sites.
3. Vehicle maneuvering for loading and unloading shall not be permitted on abutting rights-of-way.

C. *Landscaping.*

1. A landscaping plan shall be submitted as a part of any application for use-on-review/development plan approval. The species lists for recommended trees are available at the planning commission, or on its website (www.knoxplanning.org). The following minimum standards shall apply:
 - a. Any required yard shall be landscaped with various sizes of native trees. One (1) large maturing tree and one (1) medium or small maturing tree shall be provided per acre of required yard spaces.
 - b. Grass or other natural ground cover shall be used in the required yard spaces. The majority of the area around buildings shall be landscaped with shrubs, and yards shall be maintained in such a manner as to provide a park-like setting for the district.
2. Parking areas.
 - a. Parking areas shall contain one thousand (1,000) square feet of landscaping for every twenty thousand (20,000) square feet, or fraction thereof, of paved parking area.
 - b. For each five thousand (5,000) square feet of parking area, or fraction thereof, a tree shall be provided that will obtain a minimum height of forty (40) feet at maturity.
3. Buffer yards and other screening.
 - a. Within the required building setback, a buffer yard shall be established along any property line that abuts a residential or agricultural zoning district. The planning commission may consider buffer yards in relation to other zones as the site plan is considered.
 - b. The following standards shall apply in buffer yards:

Minimum width: One hundred (100) feet adjacent to residential zones and fifty (50) feet adjacent to agricultural and open space zones.

Landscaping and screening: A combination of medium and large evergreen trees and evergreen shrubs, which will provide an eighty (80) percent screen at maturity from adjoining properties to a height of forty-five (45) feet, shall be planted in the buffer yard.
 - c. Other sight obscuring screens shall be provided with the following minimum heights:

Refuse collection: One (1) foot height higher the refuse container.

Loading areas: Eight (8) feet.

Outdoor storage (where permitted): Six (6) feet.

For these operations, adequate screening can be either natural or architectural material which obscures the line of sight from vehicles, pedestrians, and first story windows. Storage, loading and refuse container screening shall be of a material and design compatible with the overall architecture of the associated structure. The trees and shrubs

shall cover a minimum of fifty (50) percent of the fence or architectural material in order to soften the screen.

- d. Berms, which have a minimum height of three (3) feet at any point, are strongly encouraged as a technique to screen on-site activities and to provide a buffer between those activities and adjacent properties. Berms should vary in height to provide interest. The plan materials previously identified should be used in landscaping berms.
 - e. Existing trees that shall be conserved to create the buffer and other screening shall be identified on the landscaping plan.
- 4. The planning commission may approve a landscaping plan that differs from the minimum standards if the commission finds that such plan meets the intent of this section.
 - 5. The department of code administration shall verify the installation of landscaping as shown on the approved landscaping plan prior to the issuance of a certificate of occupancy. Installation of planting materials may be delayed until the next planting season, in the event that literal compliance with the above standard would require plants to be installed at a time when they would not survive. In such cases, a certificate of occupancy can be issued prior to the installation of landscaping with the posting of a bond with the county department of engineering and public works to guarantee such installation.
- D. *Lighting.* Lighting of all types shall be directed away from all residential or agricultural zoning districts, or any public rights-of-way. Locate lights to avoid glare or excessive light spillover on adjacent sites and direct exterior lighting away from adjacent properties. Cut-off luminaries shall be used for all parking, road and security lights to reduce the amount of glare and light spillover.
 - E. *Signage.* Signs shall comply with the requirements of subsection 3.90.12, "Employment center zones."

5.51.05. *Administration.* Within the EC Employment Center Zone, no building or structure shall be erected or altered until and unless a written application and development plan for the contemplated development within said district has been filed with and approved by the planning commission. The plan and application shall include the following:

- A. In consideration of the difference in the scale of potential uses and their impact on the environment and the surrounding area, a list of the permitted uses shall be approved by the planning commission and recorded with the county register of deeds prior to the issuance of any permits for the approved EC Employment Center Zone development.
- B. Architectural, landscaping, lighting and signage plans for the proposed development. These plans may be in the form of a design guideline document that is approved with the development plan and is used, via covenants, in developing individual sites or parcels.
- C. A development plan indicating the following: location of present and proposed buildings, loading docks, driveways, parking lots, other accessory uses, existing wooded areas, proposed landscaping, building and free-standing signs, and trash disposal areas.
- D. An estimate of the maximum number of employees contemplated for the proposed development and the number of employees per shift.
- E. A storm drainage plan which includes accurate existing and proposed water courses; the system of open channels, pipes, culverts, drains, inlets, catch basins, and similar facilities designed to handle storm water in times of rainstorms; the calculations used in the design of such systems; and the easements required in the construction and maintenance of the drainage system, consistent with the requirements of section 6.11, "Grading permit."

-
- F. Any other information the planning commission may need to adequately consider the effect that the proposed uses may have upon the environment and on the cost of providing services to the area.

5.51.06. Following the approval of a development plan by the planning commission, the planning commission staff may approve plans for individual sites or parcels. In administratively reviewing plans for specific sites or parcels, the staff shall approve any site plan that complies with the above referenced design guidelines document, the overall development plan approved by the planning commission, and the requirements of the county zoning and subdivision regulations. Planning commission staff decisions may be appealed to the planning commission. Anyone aggrieved by a decision of the planning commission may appeal such decision to the board of zoning appeals, pursuant to article 6, "Administration, enforcement and interpretation," section 6.60, "Board of zoning appeals," of these regulations.

5.51.07. The planning commission shall approve, approve with conditions, or deny applications for uses on review, as described in this section and in compliance with relevant county zoning and subdivision regulations.

5.51.08. Application for review and approval of WCF shall be subject to the provisions of article 4, section 4.92.
