STAFF RECOMMENDATION:

- ▶ **Postpone for 30 days to the March 13, 2025 Planning Commission meeting per the applicant's request.**

- ▶ **Postpone for 30 days to the March 13, 2025 Planning Commission meeting per the applicant's request.**

COMMENTS:

ESTIMATED TRAFFIC IMPACT: 1954 (average daily vehicle trips)

Average Daily Vehicle Trips are computed using national average trip rates reported in the latest edition of "Trip Generation," published by the Institute of Transportation Engineers. Average Daily Vehicle Trips represent the total number of trips that a particular land use can be expected to generate during a 24-hour day (Monday through Friday), with a "trip" counted each time a vehicle enters or exits a proposed development.

ESTIMATED STUDENT YIELD: 12 (public school children, grades K-12)

Schools affected by this proposal: Karns Elementary, Karns Middle, and Karns High.

- Potential new school population is estimated using locally-derived data on public school student yield generated by new housing.
- Students are assigned to schools based on current attendance zones as determined by Knox County Schools. Students may request transfers to different zones, and zone boundaries are subject to change.
- Estimates presume full build-out of the proposed development. Build-out is subject to market forces, and timing varies widely from proposal to proposal.
- Student yields from new development do not reflect a net addition of children in schools. Additions occur incrementally over the build-out period. New students may replace current population that ages through the system or moves from the attendance zone.

If approved, this item will be forwarded to Knox County Commission for action on 4/21/2025. If denied, Knoxville-Knox County Planning Commission's action is final, unless the action to deny is appealed to Knox County Commission. The date of the appeal hearing will depend on when the appeal application is filed. Appellants have 30 days to appeal a Planning Commission decision in the County.

Plan Amendment Justification for 0 Gray Hendrix Rd (PID 091 018)

Error in Plan: The small ~.72 acres on the southeast part of PID 091 that is not TN should have been included in the TN place type with the remaining ~9.32 acres. This portion does not have independent access but through the remaining portion of the parcel and would not have any development potential unless included in the remaining property with a consistent place type. While this portion does have some HP overlay, the adjacent western parcel also has HP overlay, but that entire parcel is in the TN placetype. There's no rational basis to treat this sliver of property differently.

Conditions Have Changed: Populations continue to increase magnifying the need for additional housing, diversity of housing stock, and integration of residential neighborhoods near commercial corridors and public amenities such as Karns Elementary, Middle, and High Schools and the Karns Community Park. TR across the entire parcel would better serve the needs of these changing conditions.

Proposed Changes Supports Plan: The following Policies in the Comprehensive Plan are supported by this Plan Amendment:

Policy 1: By making the entire parcel a consistent placetype, it enhances the development potential of the parcel without leaving an orphan section undeveloped and increases the predictability of the development process.

Policy 2: Existing community character is a mix of low density and medium density residential near commercial nodes and community amenities. The TN facilities would be sensitive to the existing community character while allowing development consistent with all the established uses in the community.

Policy 4: TN would encourage a diverse residential development along the balance of the property that's adjacent to commercial node along a major arterial road at the north end of the property assemblage as well as of a potential residential development which could provide mixed-uses and amenities as well as facilitating a walkable community.

Policy 5. A consistent TN placetype would encourage diversity of housing near commercial property along an arterial road.

Policy 6: Diverse housing stock provides additional opportunities and competition which serves more attainable housing options.

Policy 10: Additional opportunities for residential development along commercial corridors near public amenities promote long-term fiscal health and an increased tax base.

Public Notice and Community Engagement

Sign Posting and Removal

The Administrative Rules and Procedures of the Knoxville-Knox County Planning Commission require a sign to be posted on the property for each application subject to consideration by the Planning Commission.

Planning staff will post the required sign. If a replacement sign(s) is needed, the applicant is responsible for picking up the new sign(s) from Planning and will be charged \$10 for each replacement.

Location and Visibility

The sign must be posted on the nearest adjacent/frontage street and in a location clearly visible to vehicles traveling in either direction. If the property has more than one street frontage, the sign should be placed along the street that carries more traffic. Planning staff may recommend a preferred location for the sign to be posted at the time of application.

Timing

The sign(s) must be posted not less than 12 days prior to the scheduled Planning Commission public hearing and must remain in place until the day after the meeting. In the case of a postponement, the sign can either remain in place or be removed and reposted not less than 12 days prior to the next Planning Commission meeting. The applicant is responsible for removing the sign after the application has been acted upon by the Planning Commission.

Community Engagement

Planning strives to provide community members with information about upcoming cases in a variety of ways. In addition to posting public notice signs, our agency encourages applicants to provide information and offer opportunities for dialogue related to their upcoming case(s).

Acknowledgement

By signing below, you acknowledge that public notice signs must be posted and visible on the property consistent with the guidelines above and between the dates listed below.
