

The board of the Kingston Pike – Sequoyah Hills Association has voted to oppose the closure of right of way referenced in case 9-A-21-SC. The board supports maintaining public access to the city park, which is on the river side of the Cherokee Boulevard properties referenced in the case file above.

For decades, neighborhood residents have used the existing current public access to enter the park. Many have mentioned this on our neighborhood FaceBook page, and in public comments to the commission.

Thank you for your consideration.

Jay Schmid
