

I am writing to express strong opposition to the proposed plan. I am writing as a homeowner whose personal property suggested be taken for the future roundabout or slip lane. The thought of having to give up personal property that my wife and I have spent our life's savings to acquire has left me no choice but to fight for what is mine. I agree with all of the major issues that others have already pointed out, including wreaking havoc on current infrastructure, further overcrowding schools, etc. The entire Hardin Valley community will suffer if this plan (and others like it) continue to be approved. Traffic will get worse, schools and quality of education will continue to be overcrowded and decline, and hard working Americans will have their property taken. And for what? The ONLY ones who will benefit from this plan moving forward are the developers who stand to make millions at the expense of the entire community.

The laws of eminent domain are clear. The government can acquire personal property for public use. However, the ONLY reason the public would need to use my and my neighbor's property is if this plan gets approved. I am not one to get in the way of someone's pursuit of prosperity, but it should not be done at the expense of innocent bystanders. Robbing others of their personal property to further line the pockets of the already wealthy is simply wrong.

Hardin Valley doesn't need this. Hardin Valley doesn't want this. Please put an end to the out of control developments before Hardin Valley turns into a landscape of cheap houses with no soul.
