

TVA Easement adjacent to E Governor John Sevier Hwy.

Dale,

The right of way for TVA's 161 kV transmission line at this location is 150' wide, 75' either side of centerline; easement attached. Below is a screenshot that shows the approximate location of the easement for reference. Buildings and septic fields are strictly prohibited from being built on the easement. I have also included a link to our website that discusses more easement restrictions. Please let me know if you have any questions.
