

ATTN: to the Knoxville, Knox Co Planning Commission

As a resident of West Hills Community I am deeply concerned about the proposed Stockton Dr building of 28 Townhouses. A while back we attended a meeting of this same property because of the flooding situation it will have on the residents living on Wellswood Lane. We have lived here for 29 yrs and when it rains even a couple of inches we get water up over 1/2 of our yard. Almost to our house. A large part of it comes from that area. This is the worst problem. It also will increase the traffic in the area.

Please reconsider allowing this to take place.

I would like to be able to attend the meeting. However my husband and I are disabled and it makes it hard for us to go to meetings like this.
