

Dear Ron,

We are writing to you to request your consideration to cancel your current plans for the proposed high-rises in the Gettysvue neighborhood.

For more than 25 years, the residents of Gettysvue have enjoyed the fruits of your labor in developing what we believe is the best place to call home in Knoxville and surrounding areas.

The past six months have not been the partnership between developer and community that we have been accustomed to in the past. And many of us have enjoyed a true friendship along the way.

We are not opposed to the development of the site. We are opposed to the form and fit of the planned four-story high-rises. A development that compliments and is harmonious to the contiguous homes in Gettysvue would be welcomed.

While we have not taken an official vote, we strongly believe the majority of Gettysvue residents are strongly opposed to the development as proposed.

As the unfortunate need to officially oppose the development is our only resource, we would cordially request your consideration to cancel the current development plan for the proposed high-rises.

We would be happy to meet with you to discuss alternatives.
